ELECTRIC LINE TO LANSING REASONABLY SURE.

The Lansing Journal Tells What is Being Projected—Road From Here to Dexter May be Built This Fall—Eastern Capitalists Have Become Interested.

(From the Lansing Journal.)

The party of capitalists and railroad contractors who were this week accompanied on a tour over the route of the Lansing, Dexter & Ann Arbor railroad by President C. A. Mapez, Directors L. C. Chase, of Dansville, and Thomas Birkett, of Plainfield, and Surveyor McCreary, returned to the city last night. All the gentlemen were well pleased with the result of the inspection.

Wallace Franklin, of Detroit, and W. W. Churchhill, of New York City, who were members of the party, are representatives of the Westinghouse electric company. M. J. Griffin is a railroad contractor who built the electric line from Ann Arbor to Detroit. "John F. Wilmot," said Mr. Mapez, "is the man who has the contract for building our railroad. The whole deal would have been closed last night had it not been deemed best by the engineers to make surveys in two or three places. Mr. Griffin thought it best to run the road over a few hills where we had planned to go around them. By doing so in a few places the line can be shortened about five miles. Mr. Griffin tells me that some of the highest hills are easily climbed by electric cars and that the slow, steady ascent is the worst problem in construction."

The directors had decided upon a rather circuitous route from Plainfield to Anderson in order to avoid hills, but by taking a direct line about two miles can be saved as well as the construction of several curves. A survey of the direct line has been ordered made and the surveyors are now at work. The contractors also think that it would be wise to run the line from Holt to Mason, leaving out Alaledon, which would also save a mile or two. A survey of this proposed route around the "hogback" is now being made. There are two routes from Dexter to

PRES. ANGELL AT GRAND RAPIDS

President Angell attended the meeting of the American Board of Missions at Grand Rapids last week. The following report was sent to the Detroit Free Press soon after Dr. Angell's arrival in the city:

Pres. James B. Angell, of Ann Arbor, arrived this afternoon and he was lionized when he appeared in the church. He is the most interesting of all the many noted men present, because he comes direct from Turkey, the field in which the missionaries have had so much trouble and with which he is probably more familiar than any other man in the world today. He was given an ovation as he entered the church, and during the afternoon the delegates greeted him enthusiastically. He is suffering from a bad throat and did not make any address today, although promising to do so tomorrow evening, when he will talk upon the situation in Turkey. In the meantime he asks to be excused from discussing the subject."

IT IS THE ARGUS-DEMOCRAT NOW

Negotiations which have been pending for some time, resulted last week in a union of the Argus and Democrat. A new stock company has been formed to carry on the business. It will be known as the Democrat Publishing Co. D. A. Hammond is President, C. A. Ward is Vice-President and S. W. Beakes is Secretary and Treasurer. The two papers will be combined under the hyphenated name The Argus-Democrat. This new combination should and no doubt will make the Democratic newspaper business hum in this county. With the combined talent of the two papers we may expect that they will produce the best Democratic sheet in Washtenaw. From a purely business standpoint the new arrangement is certainly a wise one.

ANNUAL FESTIVAL.

The Ladies' Benevolent Society of Hamburg and Webster will hold its seventh annual "Festival" at the residence of Mr. Alfred Valentine, in Webster, Thursday evening, October 27, 1898. The culinary skill of the members will be displayed this year as in former years. There will be some speaking and much music. H. W. Newkirk, Hon. William Ball, Father L. P. Goldrick, Rev. and Mrs. J. J. Staley and Rev. G. Moorehouse will entertain you and others there who will lend a helping voice in the same direction. Come one, come all and assist in the cause of "Sweet Charity." Supper ten cents. Ice cream and cake ten cents.

A Fatal Accident.

A sad and shocking accident occurred south of this village last Saturday afternoon by which Eddie Haschle, son of Geo. Haschle of this village, was shot and killed.

He was one of a party of boys including his older brothers David and Christ, and Charles Sloat, who were spending the day in a hunting expedition. Soon after noon they were near Isaac Hall's residence and sat on the fence for a rest. As they started to go on, Eddie jumped down and took hold of the muzzle of the gun Charles Sloat was carrying, intending to pull him off the fence in that way or to urge Charles to let him take the gun. At that instant the gun was discharged into

CORRECTS THE REPORTER.

PRES. ANGELL FINDS IT NECESSARY.

Writes the Following Letter to the Free Press—Evidently a New Man With the Quill Attempted to Report Pres. Angell's Remarks.

Pres. Angell was at Grand Rapids last week in attendance at the meeting of the National Board of Missions. While at the meeting he delivered an address in which he referred to affairs in Turkey. Whoever reported Dr. Angell's remarks evidently made such a botch of it that a number of erroneous

Keeping up the Record Fully 3,000 Students.

The sensational rumors which have been circulated since the University opened this fall about a great falling off in students this year was effectually disposed of Monday evening when Secretary Wade gave out the official figures. The total enrollment at that time was 2885. This insures a total enrollment this year of more than three thousand students. While the number this year is 72 less than at a corresponding date last year, this is accounted for by the fact that a considerable number of students entered the army and will return to college as soon as they receive their discharge. There are also many young men who will enter for the first time yet this year who are also detained in the army. It is confidently believed that, as a result of this, the attendance which is almost up to the high water mark of last year will before the present year closes exceed that of last year which had the largest attendance in the history of the University. The following are the figures given out by Secretary Wade compared with those of a corresponding date last year.

	1897.	1898.	
Literary	1242	1211	Loss 31
Engineering	265	236	" 29
Medical	416	399	" 17
Law	687	682	" 5
Pharmacy	73	71	" 2
Homeopathic	57	59	Gain 2
Dental	217	227	" 10

This shows a total decrease of only 72.

Since it is certain that the number of students who will enroll yet this year will exceed the number who usually enter after the opening of the college year we are sure of the largest attendance in the history of the U. of M.

Eddie's right side and he was knocked down. He said: "O, I am shot; I am shot and am going to die." He was carried by his brother David to the home of Mr. and Mrs. Isaac Hall and Mr. Hall drove rapidly to this village after Dr. Kapp, but during his absence and about 15 or 20 minutes after the accident the unfortunate boy passed away saying: "Good by, Dave, and tell father the same."

When the doctor arrived all was over. Upon examination a clean-cut but gash wound perhaps two inches in diameter was found just below the ribs from which he had lost much blood. His comrades were frightened and saddened to their wits end, and could give no explanation as to whether the hammer of the gun was already raised or caught on something. It was however purely accidental and no inquest was held.—Manchester Enterprise.

ous statements came into circulation, the Free Press being in the list. This led Dr. Angell to write the following letter to that paper:

May I beg you to correct one or two errors in your article on "Our Relations With Turkey," published in your issue of the 9th instant? You have been led into them by someone's incorrect report of what I said at Grand Rapids.

I did not say, as you have been led to believe, that "we Americans have no cause of complaint against the Turkish monarch."

Nor did I use the following language, which you borrow from some report, I know not whose: "I want to say to you all right here that you have no complaint against the Turkish sultan, and if there is a single complaint to be made by an American, I challenge him to substantiate it with his proof."

In my address I chose to speak of the relations of the Ottoman government, rather than of the relations of the sultan personally, to our missionary interests. I did not say that I knew of no foundation for the report that the government was about to eject our missionaries.

But Americans have two grave complaints against the Ottoman government, and these are so well known in Turkey that there is no impropriety in my referring to them. Most of my time for twelve months has been spent

To the Honorable Common Council of the City of Ann Arbor.

Gentlemen: It becomes my duty herewith to submit to your honorable body the opinion of the Supreme Court of the State of Michigan, adverse to the City's claim, in the case of Bryant Walker, administrator of the estate of Corydon L. Ford, deceased, against the City of Ann Arbor involving the validity of the assessment for the cost of the lateral sewer in district number 3.

SUPREME COURT.

Bryant Walker, administrator of the estate of Corydon L. Ford Deceased.

SUPREME COURT.

This bill was filed to restrain the collection of a special assessment upon property of the estate represented by complainant, to meet the cost of a lateral sewer. The court below dismissed the bill and complainant appeals. It is contended by the defendant that the decree should be affirmed without reference to the irregularities in the proceedings, if any, for the reason that there is no showing of fraud and the complainant waited before taking any proceedings until the work of the construction of the sewer was completed.

Very respectfully yours,

O. E. BUTTERFIELD, City Attorney.

To the Hon. Common Council of the City of Ann Arbor.

Gentlemen: I have the honor herewith to submit a draft of a proposed contract between the city and the Michigan Central Railroad Co. relative to the overhead bridge on Detroit st., in accordance with your resolution passed at a former meeting, and also a letter communicated to the council at the second meeting in May and a letter from the company which was enclosed with the contract. You have been advised by my predecessor not to enter into any formal contract relative to the subject matter herein contained and I there-

Why cannot the dirt and sand be cleaned from the paving on Main-st? This is a question that is being asked by hundreds of people every day and should be answered, or the street cleaned.

LAST week's issue of The Santinel, after nearly two columns of the most virulent personal abuse of Republican candidates, winds up with the following:

The Ann Arbor Republican papers will gain but little by their abuse of democratic county candidates.

The fact that the enrollment at the U. of M. this year is, except less the one-hundred soldier boys who went to the front and have not yet secured their discharge, fully up to the high water mark of last year is gratifying to every friend of the University.

WARD must really have gotten the idea that he is going to be elected to the senate and has combined his paper with The Argus so that he could get away this winter. Unfortunately the average newspaper man is doomed to defeat when he aspires to a place at the public crib.

FREE Silver and the Gold Standard ideas mix about as well as oil and water. Yet to mix two such elements was attempted when Beakes' sound money sheet was yoked up with Ward's rampant Free Silver paper. It will be interesting to watch just how well they really do mix.

MATT Blosser, of the Manchester Enterprise, pays the following compliment to "Haak" Smith, the Republican nominee for congress:

When Henry Smith, the congressional candidate arose to speak you would not have believed that he had spent half a day in Freedom. His eyes were bright, his form erect and carriage easy, his tongue showed no trace of thickness, indeed it was as glib as a woman's. His voice was clear and what he said was clearly expressed.

THE supervisors go to the county house today on their annual junket—and the county foots the bill.

It is remarkable that the thirteenth of October should roll around without a particle of frost in Washtenaw County. Yet that is just what has happened this year.

WITH Mr. Beakes as a balance wheel we may expect that Ward's so-called "Snap Sho's" which not a few peop'e have well denominated "Snap Insults" will be permanently discontinued or materially modified.

SAID a well known citizen yesterday, speaking of the recent combination of our two weekly Democratic contemporaries "We now have two German papers, one Democratic daily and one Democratic weekly, one Republican paper and Pearson's weekly."

FROM the appearance and length of the list of Republican meetings which appears in another column, a lively campaign is being planned and carried on in this county. THE REGISTER would advise that all our readers take note of this list and attend as many of these meetings as possible.

IF he had been discovered, the Democrat who bolted the Democratic caucus nominee for school examiner in the board of supervisors Monday and voted for Ira Savory, of Salem, he would have found a hot time for him in the town that night. It is such a rare thing for a Democrat to bolt his ticket that when such a thing does happen, it is worthy of note.

THE Republicans of this county have every reason to believe that the entire ticket will be elected this fall. Reports from all parts of the county indicate the most perfect harmony and good feeling in Republican ranks. The greatest danger lies in the Republicans not getting out on election day. That too frequently accounts for Democratic success.

OUR Democratic friends are wonderfully afraid that a word of criticism will be uttered against their candidate for Prosecuting Attorney. If even the least intimation is made, a howl goes up that we are striking at a soldier and patriot. THE REGISTER would suggest that our Democratic friends look back two years and compare their treatment of a candidate for Pros. Atty. who had served four years at the front and then say who has the greatest consideration for the soldier. A little effort spent in comparison instead of in howls at Republican treatment of soldiers would be wholesome. People who live in such thin glass houses would do well to refrain from hurling such large stones.

A glance at the list of committees which it is reported certain Democratic Members of the board of supervisors fixed up for "By" Whittaker, the chairman shows that they produced a curiosity. Of the seventeen chairmanships of committees not a single Republican is recognized although there are some of the best business men in the county among the Republican members on the board this year. The last Republican chairman of the board of supervisors gave the Democrats over half of the chairmanships. This shows the difference between broadminded, liberal men and Democrats. In the make up of these seventeen committees the Democrats, who have only three more members on the board than the Republicans, are given a working majority of every one of the committees. To do this a number of Democrats are given places on two or more committees. Verily this is Democracy, pure and simple—whether it is palatable or not.

STATE GOSSIP.

Wallace Drudge, aged 18, suicided at Mt. Morris because of ill health.

Daniel Dolson, was killed by a train in the Lake Shore yards at Jackson. The alumni of the University of Michigan now number about 15,500.

Antonio Dora, a miner, was accidentally killed in the Cundy mine at Quinnesec.

George Evans of Lansing, went after quail and shot all the fingers from his right hand.

Nicholas Sherman, aged 70, of Fargo, took Paris green, apparently with suicidal intent, and died.

The electric railroad being built from Goshen to South Bend, Ind., is to be extended through Niles to Chicago.

The furloughs of the boys of the 33rd and 34th Michigan regiments have been extended from Oct. 8 to Nov. 4.

Bertha Thomas, aged 23 daughter of Rev. C. G. Thomas, of Kalamazoo, was fatally burned with gasoline from a stove.

A. P. Conner & Co., one of the largest mercantile firms of Muskegon, filed chattel mortgages aggregating over \$50,000.

James Brogan, aged 20, was killed by the accidental discharge of a companion's gun while hunting, near Cheboygan.

Residents of the vicinity of Indian lake, near Dowagiac, have been terrorized of late by a huge sea serpent in the lake.

CAMPUS.

The Univ. Whist Club will be organized again this year.

The U. of M. Golf Club now has nearly seventy-five members.

The athletic association has provided a coach for the freshman football team. The Choral Union held its first meeting last week. It was largely attended.

The first regular meeting of the Engineering Society was held last Saturday night.

The U. of M. Rifles will hold a meeting tomorrow night and form a permanent organization.

There are two Mexicans and one man direct from Ireland who have entered the University this fall.

Both the Alpha Nu and Adelphi literary societies started out last Saturday night with good programs.

The Oracle Board held its first meeting last Thursday p. m. It is planned to get this year's Oracle out by Thanksgiving.

O. M. Leland who was a member of the '99 engineering class has a government position in Florida with a salary of \$1500.

Dr. Dock has been doing expert work in blood examination during the past summer on the hospital corps at various army camps.

For the first time in the history of the Athletic Association a considerable number of ladies have become members. This is a good thing.

Ex-Secretary of State, Day and Senator Cushman K. Davis, two of the five members of the Spanish Peace Commission, are U. of M. alumni.

The Trophy room in the Gyanasium will soon be furnished by a complete new set of furniture from the Heald Furniture Co., of Grand Rapids.

The usual "fresh-soph" rush took place on the campus last Friday night. The only results were a few bruises and scratches and ruined garments.

There are eight lady students in the Dental School this year. Three of these are from Germany where co-education in dentistry is not favored.

Last Wednesday the scrub team gave the regular football men such a hard contest that the latter thought they were running up against professionals.

There are three Japanese students here this year. One of them, Shigera Matsuyama, is a son of one of the Imperial secretaries of the Japanese government.

A new fraternity has been organized in the Med. Dept. It is the Phi Beta Phi. The society has rented the late Prof. Perry's house on E. Washington-st for a chapter house.

At the mass meeting last Friday night \$1600 were subscribed for athletics. This will wipe out the debt of \$1425 and leave a small balance on which to begin the new year.

The U. of M. Daily enters a protest against the establishment of an art gallery in Detroit for the Lewis and Rogers' collections. It sees in this the beginning of dismemberment of the University.

COULD NOT SLEEP.

Mrs. Pinkham Relieved Her of All Her Troubles.

Mrs. MADGE BARCOCK, 176 Second St., Grand Rapids, Mich., had ovarian trouble with its attendant aches and pains, now she is well. Here are her own words:

"Your Vegetable Compound has made me feel like a new person. Before I began taking it I was all run down, felt tired and sleepy most of the time, had pains in my back and side, and such terrible headaches all the time, and could not sleep well nights. I also had ovarian trouble. Through the advice of a friend I began the use of Lydia E. Pinkham's Vegetable Compound, and since taking it all troubles have gone. My monthly sickness used to be so painful, but have not had the slightest pain since taking your medicine. I cannot praise your Vegetable Compound too much. My husband and friends see such a change in me. I look so much better and have some color in my face."

Mrs. Pinkham invites women who are ill to write to her at Lynn, Mass., for advice, which is freely offered.

Ann Arbor, The railroad company has surveyed one but the contractors the other day thought the other line quite practicable and a survey will be made. There are now three parties of surveyors working and they will probably finish the survey by tomorrow night.

"Messrs Wilmot and Griffin will decide the most practical route and then," said Mr. Mapes, "after the deal is closed it will only take 30 days to finish the road from Lansing to Mason and Dexter to Ann Arbor. This will allow the two ends of the road to be in operation before winter. It is a fine road from here to Mason, and the fact is that the whole road will be an easy one to build. The worst part of it is from Dexter to Ann Arbor."

The directors will now be kept busy looking after the equipment of the road. Unless unforeseen obstacles arise work on the contract for the construction of the road will be begun in a very short time. The directors are satisfied that the road is a sure go. They have invested considerable money in the line already and it is with gratification that they view the prospects for its early completion.

AN OPPORTUNITY FOR YOUNG MEN.

Prof. Coler is just starting a course of study in Old Testament History for the class of young men that he teaches at the Church of Christ each Sunday from 12 to 1. These studies are very interesting and profitable and it is well worth while for young men to take time to attend them. A cordial welcome will be extended to all who come to the class either as regular members or as visitors.

The importance of Old Testament study is indicated by the following from Dr. Geikie who is one of the greatest Bible scholars of this century.

"While all the world besides was sunk in political slavery, the noblest ideas of liberty found a home in the pages of Scripture. In antiquity these fostered a magnificent spirit of national independence which made the Jew invincible; for though he might be overpowered, he never submitted. And in every age since, they have kindled the virtues of manhood in land after land; for the noblest inspirations of freedom have ever been found among the populations which have drunk in most of the spirit of the Bible. It has been the charter of human rights from the remotest ages, and it still silently protests against every social injustice and oppression. Even in Genesis the lesson is emphatically taught that all men are equal before God, and that true dignity consists not in mere outward rank or illustrious birth, but in the higher qualities of the intellect and of the heart."

FIRST FACULTY CONCERT.

The first faculty concert of the University School of Music was given last night to an audience which completely filled Frieze Memorial Hall. That the directors have used great care and excellent judgment in the selection of instructors was clearly demonstrated by the program as presented by the different artists.

Mr. Jonas was heard for the first time this season by an Ann Arbor audience and his numerous admirers accorded him an enthusiastic reception as he appeared for his numbers.

The concert opened with a Beethoven sonata for violin and piano. Mr. Zietz and Mr. Jonas equally dividing the honors. The piano numbers of Mr. Jonas were well chosen and well served to display his magnificent resource of technique. In the concert Etude of Mac Dowell and in the Waltz caprice of Straus-Tausig, he showed a mastery of the keyboard which was wizard like; his fineness and delicacy of feeling were evinced in the slumber song of Aus der Ohe.

Mr. Lamson was heard in a group of songs by modern composers, and he was received with hearty applause.

Miss Alles Bailey, the first assistant in the vocal department also rendered a charming group of songs. A lovely personality combined with her qualities as an artist combine to make her singing most pleasing. Her singing of Zorlner's song from Mozart's opera "Figaro" was particularly effective.

The different Fantase-Caprice of Vieuxtemps for violin was played in an admirable manner by Mr. Zietz, this number closing the concert.—U. of M. Daily.

COUNTY SUNDAY SCHOOL CONVENTION.

The annual convention of the Washtenaw County Sunday School Association will be held at the Baptist Church at Ann Arbor, Oct. 25 and 26, 1898. Hon. J. K. Campbell will report what he saw at the World's Sunday School convention in London. State Secretary Reynolds will give several addresses on live subjects which concern Sunday school workers. Papers have also been promised by prominent workers throughout the county. Every school is entitled to two delegates and every township association to two. These will be entertained. It will pay any school to pay the expenses of their delegates for the good they can bring back to their Sunday schools.

SELF-RESPECT.

I have been on a six days' trip on the lakes and I have relearned many things I knew before. I have learned that diamonds and fine clothes do not make the lady or gentleman. I saw women with fingers so loaded with diamonds that they would hardly bend, and whose satin skirts were heavy and long, but the women chewed gum all day and cleaned their nails with the scissors in public, and their language was anything but elegant and refined.

I saw men dressed in swell attire who blew the smoke of their cigars and pipes in the faces of women without even an apology. I saw girls, garbed in the height of fashion, with rose-garden and ostrich farms on their hats, who, to judge by appearances, were ladies, and yet allowed themselves to be publicly kissed for the amusement of the crowd on the dock and who were familiar with the waiters on the boat.

Then I began to wonder why it is that so many of our young people seem to lack in self respect, and I began to watch the children of whom there were many. Among the whole number observed during the six days, very few were well-behaved. Most of them were allowed to run wild without restraint, and were consequently nuisances. A few were so constantly restricted by "don'ts" and "must's" that they were rebellious and disagreeable. Self-respect or respect for others seemed to be an unknown quantity.

I heard one mother ask "Where's Trudie?" "O she's on the lower deck" was the reply.

"Well, so she's on the boat, that's all I care about," said the mother indifferently. And where was the little ten year old girl? Among the deck hands, amusing them with her part replies to their rude course teasings. Surely when grown to maidenhood the child will have no idea of self-respect. She clambered everywhere, talked impertinently to everybody and her mother did not care only that she was on the boat. Other mothers were equally indifferent and the children, boys and girls, were everywhere very noisy, rude and uncontrolled.

ALMOST A BATTLE.

Spanish and American Troops Come Together at Manzanillo.

A fight between the Spanish and U. S. troops was narrowly averted at Manzanillo, Cuba, when Col. Ray arrived with a force of American soldiers from Santiago to take possession of the city. Col. Parron refused to surrender, stating that the evacuation had been postponed for three days.

He also demanded that Col. Ray withdraw or conceal his flags. There was a stormy interview during which it seemed that hostilities were about to occur, but it was finally agreed to cable for further instructions before taking action. This was done and Col. Ray received word that the Spaniard was in the right, the postponement having been granted while the Americans were on the way to Manzanillo.

It insures perfect nutrition; it makes the blood pure and red and full of vitality; it creates healthy flesh and muscular energy. It is far better than sickening indigestible "emulsions" or merely stimulating malt "extracts." Its good effects are lasting.

Mrs. Rebecca F. Gardner, of Grafton, York Co., Va., writes: "I was so sick with dyspepsia that I could not eat anything for over four months. I had to starve myself, as nothing would stay on my stomach. I tried almost everything that people would tell me about, and nothing did me any good. I weighed only 80 pounds. I took two bottles of the 'Golden Medical Discovery,' and thank God, and your medicine, I am as well as I ever was, and now weigh 125 pounds. I have a bottle of your 'Favorite Prescription' now, and that is a wonderful medicine for female weakness. Praise God that he created such a man as you."

SUMMER CATARRH

Catarrh of the bowels, because it is most prevalent in the summer months, is called summer catarrh.

It surprises many that bowel trouble is catarrh. Dr. Hartman's books make this plain. Write to the Pe-ru-na Medicine Co., Columbus, O., for them. They tell all about catarrh and how Pe-ru-na cures it wherever located.

"I had chronic diarrhoea for fifteen years," writes Mr. T. E. Miller, Grand Prairie, Tex. "I tried many medicines and doctors in vain. At last Pe-ru-na was recommended, and it relieved and cured me at once."

Mr. John Harting, 633 Main St., Cincinnati, O., writes: "My wife and myself took your Pe-ru-na for chronic diarrhoea and it cured us. No doctor or medicine we tried before helped us."

Mr. Edward Wormack, Ledbetter, Tex., writes: "Pe-ru-na for bowel troubles is unequalled by anything in my experience. I owe my life to Pe-ru-na, and shall always recommend it to those suffering as I was."

Mr. John Edgarton, 1020 Third Ave., Altoona, Pa., says: "I suffered from dysentery for three years. I took Pe-ru-na and am now well."

Ask any druggist for a free Pe-ru-na Almanac for the year 1899.

and say the same thing."

I wonder if this is true? Emerson says, "A knowledge of being well dressed gives a sense of satisfaction that religion fails to impart." It is certainly true that better behavior comes naturally with better clothes. Hence there is a moral question involved in requiring people to change their dress in the afternoon. The mother who insists on clean hands and face and well combed hair has instilled the habits which lie at the foundation of national greatness, which it, individual self-respect. The mother who allows the children to come to the table in their night clothes, with unkempt hair and grimy faces is falling at the primary work of creating self-respect.

CLOTHES WEARERS

Your wardrobe has probably been thinned out by "extended and honorable active service." If it must be recruited it should be done from the "best stuff" available. This is to be found in clothes bearing our name and made especially for us by

THE STEINBLOCH CO. AND HAMMERSBURG & BROS.

The best cloth, the best linings, the best sewing, the best tailoring and the absolutely correct styles distinguish these "fit-to-wear" clothes from "ready-made," equaling, and in many instances being superior to made-to-order garments, which cost fully twice as much. **A NEW DRESS FOR TEN
CENTS.**

It is Easy to Make an Old Dress Look New With a Ten Cent Package of Diamond Dyes.

Almost every woman has one or more dresses that are of good material but faded or of unfashionable color. With a ten cent package of Diamond Dyes you can color any one of these dresses to look like new, thus getting practically a new dress for a trifling expense. Diamond Dyes are prepared specially for home use, and the simple directions on every package make it impossible for any one to fail with these dyes. It is but little more trouble to use them than it would be to wash the fabric.

You can color anything any color with Diamond Dyes. Dresses, cloaks, wraps, feathers, stockings, ribbons, can all be made to look like new with these great money saving dyes. They make absolutely fast colors that are true to name, and give results superior to much of the dyeing done by job dye houses.

To get the best results it is always necessary to have different dyes for cotton and wool, and on this account there are some fifteen Diamond Dyes specially prepared for cotton and mixed goods. Be sure to get a cotton dye if you wish to color cotton or mixed goods.

Never allow a dealer to sell you something else when you want Diamond Dyes, even though he can make a larger profit on the imitation. Diamond Dyes have stood the test of years of use, and are the origin of package dyes for home dyeing.

**WHEN TO BEG THE
STUDY OF
MUSIC**

The only good piano players are those who began the study of music young. It is a mistake to wait till the child accomplishes a certain amount of school work. A musical education must extend over a period of years and is necessarily a growth—must not be hurried. At what age should a child begin? Some of the great composers were writing music at the age of six years. All experience is in favor of starting early. Come and talk it over and see how easy it is to own a piano. \$75.00 gets a good one to learn on. \$3.00 a first-class one.

ADDITIONAL LOCALS.

During the summer Miss Ette Godfrey taught Mr. Knapp's Sunday school class in the North Side chapel while Mr. Knapp was away. The class showed its appreciation of her kindness by giving her a pleasant surprise party last Thursday night.

The board of public works called for a conference of the street and finance committees of the common council yesterday, but the conference did not materialize much. Alds. Hamilton, Sweet and Vandawalker were present. The gentlemen went out and inspected the pavement and accepted it. The board recommended the final estimate to the council for approval. The total cost of the paving has been \$26,902.40, of which \$15,267.54 has been paid. Five per cent, amounting to \$1,345.12 is to be retained for a year, leaving the amount to be paid now as \$10,289.74. On the storm sewers the total cost was \$4,508.75, of which \$2,695.29 has been paid. There is \$225.45 retained for a year, leaving the amount due \$188.03. This makes a total of \$10,877.77 as coming to Mr. Clancy at this time. Now the council has got to wrestle with the problem of how this money can be raised.—Times.

Who shall say this is not an age of progress and woman coming to the front? One lady at least has demonstrated this fact and puts to blush many a man who would not have exercised half the resolution she has. We refer to Mrs. L. Francis Ellis, of Salem. In the spring she bought a forty acre farm on contract and has worked on it herself, letting out on shares what she could not take care of, has improved it in many ways with her own hands and has now with one horse put in four acres of wheat, all alone, except that a man sowed the wheat for her. She would have preferred to have done that also if he would only have instructed her how. She meets her payments promptly, lives entirely alone, and one would never suppose when she drives into the city, well dressed, and with decidedly a ladylike appearance that she is a farm toiler. All honor to her.—Argus.

A foul breath is one of the greatest afflictions that a man or woman can have. An affliction not only to themselves, but to those with whom they come in contact. A foul breath is a great discourager of affection. It would probably be more so if people only realized just what bad breath means. Bad breath is one of the symptoms of constipation. Some of the other symptoms are sour stomach, loss of appetite, sick and bilious headache, dizziness, heartburn and distress after eating. These things mean indigestion. They lead to dyspepsia and worse things. They all start with constipation. Constipation is incurable because it can be cured—cured easily, quickly and permanently, by the use of Dr. Pierce's Pleasant Pellets. They give to nature just the little help that she needs. There is no case of biliousness, constipation, indigestion, heartburn, or any of the rest of the nightmare breeding brood, than these little "Pellets" will not cure.
Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

Sealed Bids for Storm Sewers.

Sealed bids will be received by Glen V. Mills, City Clerk, until Wednesday, October 13th, at 5:30 p. m., for building approximately 800 feet of vitrified creek storm sewer.

Plans and specifications on file in the City Engineer's office. The contractor will be required to furnish a certified check or bond as required by the Board of Public Works equal to the amount of his bid for the faithful performance of the contract and payment of labor and material used in the construction of the improvements.

No bid will be received unless upon blanks furnished by the City Clerk. The City of Ann Arbor reserves the right to reject any and all bids.

If the Baby is Cutting Teeth.

Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, always all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Hair Hints

Is your hair dry, harsh, and brittle? Is it fading or turning gray? Is it falling out? Does dandruff trouble you? For any or all of these conditions there is an infallible remedy in Dr. Ayer's Hair Vigor.

"For years, I was troubled with dandruff, large flakes scaling and falling off, causing great annoyance. Sometimes the itching of the scalp was almost unendurable. Prescriptions from eminent physicians, put up in my own drug store were tried, but failed to afford relief. At length I used Dr. Ayer's Hair Vigor, and in one week I found it helped me. At the end of only two weeks, my head was entirely free from dandruff, and as clean as a child's. I heartily recommend Dr. Ayer's Hair Vigor to all who are suffering from diseases of the scalp."—EDWIN NORDSTROM, Druggist, Sacred Heart, Minn.

A Soldier's Escape.

From the Democrat-Message, Mt. Sterling, Ill.

When Richmond had fallen and the great commanders had met beneath the historic apple tree at Appomattox, the 83d Pennsylvania Volunteers, prematurely aged, clad in tatters and rags, broken in body but of dauntless spirit, swung into line for the last "grand review" and then quietly marched away to begin life's fray anew. Rebel shot and shell, the dread miasma of the southern swamp, sleepless nights and wearisome days had depleted their ranks until only a handful remained. Among the number Asa Robinson came back to the old home in Mt. Sterling, Ill.; that he led left at the call to arms four years previous. He went away in the first flush of vigorous manhood; he came back a ghost of the self that answered to President Lincoln's call for "300,000 more."

With his return to the old homestead there came to him the knowledge that war with him was only begun; that he must fight the battle with disease to the end of his days; that the glare of a southern sun and the galling fire of a southern soldier were as nothing compared to the onslaught of an enemy that fought under cover and disguise, that followed him through the years of his life, that followed him to the end of his days. He had been a soldier, but he was now a man of peace. He was a man of peace, but he was now a man of war.

He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war.

He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war.

He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war. He was a man of peace, but he was now a man of war.

Indians About Leech Lake, Minnesota

Attack U. S. Troops, Slaughtering Uprising and Wounding Others—Serious

The attempt of the authorities to remove the Pillager Indians—a remnant of the old Chippewas—from their homes on the north side of Leech lake, Minnesota, to the White Earth reservation has resulted in serious bloodshed. These Indians have had many grievances against the government and finally refused to obey the Indian agents and committed various offenses against the laws. The offenders were shielded when officers went to arrest them. They seized two U. S. officials and when a threat was made to send troops against them the Indians promptly donned war paint and feathers and went on the war path.

Gen. Bacon and 100 soldiers were sent on a special train from Brainerd to Walker and after a 30 mile trip on tugs across the lake in a gale a landing was effected with considerable difficulty, at Bog-Ah-Me-Ge-Shirk's Point, close to Bear island. Several hours beating the brush failed to uncover any Indians, and the soldiers assembled for dinner when a heavy volley poured in upon them from all sides. Three troopers dropped dead. The others sprang for cover to fight the savages in Indian style. A moment later there was another volley from the Indians and that was what the troops had been waiting for. The Krag-Jorgensen opened up with a frightful rattle, just as the Pillagers made a terrific rush. Half a dozen of them dropped and the rest fell back, yelling like fiends incarnate. The fire from the Pillagers then became more scattering and the soldiers made a fine charge and drove them back, though the firing continued. The steamers on which the soldiers had come, as well as those used by the newspaper correspondents, were fired on by the Indians and several persons on board were wounded. Several of the fight and it is reported that they were killed.

KNIGHTS TEMPLAR.

The Triennial Conclave at Pittsburg a Very Brilliant Affair.

The first formal event in the program of the 27th triennial conclave of Knights Templar was the official divine service in Trinity Protestant Episcopal church. Most Eminent Sir Knight Warren La Rue Thomas, grand master, was escorted to Trinity church from the Monongahela hotel by 500 Pittsburg Templars. The old church was filled to its utmost capacity. Rev. Dr. Alfred W. Arundel, rector of Trinity, read the service and the sermon was delivered by Rev. Dr. Cornelius L. Twigg, rector of Calvary church, Brooklyn, N. Y., and grand prelate of the grand encampment.

The Michigan grand commandery was escorted to Pittsburg by the crack Detroit commandery No. 1, which went prepared to sustain its enviable reputation.

Mrs. McKinley's Brother Shot Dead.

Geo. D. Saxton, a brother of Mrs. William McKinley, was shot dead at 6 p. m., in front of the residence of Mrs. Eva Althouse, a widow, at Canton, O., where he is presumed to have gone to make a call. Five shots were fired, three of which entered his body. Mrs. Anna C. George has been placed under arrest on suspicion of being the murderer.

Mrs. George obtained a divorce from her husband two years ago and the latter charged Saxton with being at the bottom of it and sued him for alleged alienation of his wife's affections. The case was compromised last week. It is alleged that Mrs. George had threatened to kill both Saxton and Mrs. Althouse.

Mrs. George pleaded not guilty to the charge of murdering Saxton, and the defense will attempt to prove an alibi.

A CERTAIN CURE FOR PILES.

Safe and Effective in Every Form of This Common and Annoying Disease.

Many people suffer from piles, because after trying the many lotions, salves and ointments without relief or cure, have come to the conclusion that a surgical operation is the only thing left to try and rather than submit to the shock and risk to life of an operation, prefer to suffer on. Fortunately this is no longer necessary, the Pyramid Pile Cure, a new preparation, cures every form of piles, without pain, inconvenience or detention from business.

It is in the form of suppositories, easily applied, absolutely free from opium, cocaine or any injurious substance whatever, and no matter how severe the pain, gives instant relief, not by deadening the nerves of the parts, but rather by its healing, soothing effect upon its congested membranes.

The Pyramid Pile Cure is the most effective, the safest and most extensively sold of any Pile Cure that has ever been placed before the public, and this reputation has been secured by reason of its extraordinary merit and the reasonable price at which it is sold, all druggists selling it at 50 cents and \$1 per package, and in many cases a single package has been sufficient.

A person takes serious chances in neglecting a simple case of piles as the trouble soon becomes deep seated and chronic, and very frequently develops into fatal incurable rectal diseases, like fistula and rectal ulcers.

Any druggist will tell you the Pyramid is the safest, most satisfactory pile cure made. The Pyramid Co., Marshall, Mich., will send you any address a treatise on cause and cure of piles, also book of testimonials.

JUDGE FOR YOURSELF.

Which is Better, Try an Experiment, or Profit by an An Arbor Citizen's Experiment?

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. The statement of a manufacturer is not convincing. Proof of merit. But the endorsement of friends is now, supposing you had a bad back, a lame, weak or aching one, would you experiment on it? You will read of many so called cures. But they come from far away places. Comes from home. Easy to prove that it is so. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case: Mrs. Wm. O. Warner, of Geddes ave. says: "My kidneys troubled me for years. In the summer of 1897, I was very bad and all the medicine I took did not do me the least good. I had severe pains through my loins and my friends often remarked about my going around in a stooped position. I could not rest comfortably and felt tired and worn out all the time. My head ached a great deal and I had frequent attacks of dizziness. The kidney deposits became badly affected and deposited large quantities of brickbat sediment, were highly colored and unnatural in appearance. Friends advised me to try Doan's Kidney Pills and gave me a few. These did me so much good that I got more at Eberbach & Son's drug store. I continued the treatment until the trouble was the doubly removed and I now feel as bright and well as ever."

Doan's Kidney Pills for sale by all dealers, price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's, and take no substitute.

Everybody's liable to itching piles. Rich and poor old and young—terrible. It tortures they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

Admiral Fehlgar Dead.

Admiral John Carson Fehlgar, U. S. navy, retired, died at Londonderry, his residence near Easton, Md., in his 78th year. He entered the navy as a midshipman from Ohio in 1838. He took part in the fight between the little fleet of wooden vessels and the Confederate ram Albatross in which the ram was defeated. Fehlgar was commended for his gallantry and skill.

Spanish Must Leave Porto Rico Oct. 18.

The American evacuation commissioners in Porto Rico have informed the Spaniards it would be necessary to complete the evacuation of the island by October 18, undertaking to supply transportation for the remainder of the Spanish troops at that date if it should be necessary.

France is in Danger.

The government has issued special orders to the garrisons of towns near the capital to send immediately to Paris 500 infantry each. The reinforcements will amount to 10,000 men. All the troops will be supplied with two days' ration and 60 rounds of ball cartridge.

Yellow Fever Situation Serious.

The fever situation at Jackson, Miss., is more serious with the appearance of the disease in North Jackson. There is now no section of the city free of infection and new cases are multiplying rapidly. The situation throughout the state is also growing worse.

BRIEF NEWS PARAGRAPHS.

Gen. Merriam has chosen the forces to constitute the next and presumably the final expedition to the Philippines. They number 191 officers and 5,579 men.

Maj.-Gen. Lawton, military governor of the department of Santiago, will sail for the United States, having been granted three months' leave of absence because of ill health. His duties will be discharged by Gen. Leonard Wood, governor of the city of Santiago.

A Madrid dispatch says: The evacuation of Porto Rico will be completed next week, and that the evacuation of Cuba will be accomplished by the end of November. The soldiers have received their pay for June, and on landing in Spain they will receive two months' pay, be given civilian clothing, and be mustered out of the service.

The general impression now is that the work of the Spanish-American peace commission will be finished within a month. It is understood that the Americans brought the work to its most important phase by opening up the Philippine question. The Spaniards at that point found it necessary to ask for an adjournment in order to enable them to consult with the government at Madrid. Paris papers say Spain will never give up the Philippines without a struggle.

Caroline Miskel-Hoyt, famous stage beauty and wife of playwright Charles Hoyt, died suddenly in New York City.

Opinion of an Eminent Jurist.

Ballot reform in New York was necessary, says an eminent jurist, because mere politicians in trade who had no interest in government or politics except to enrich and aggrandize themselves sought perpetual control. There are other excellent reforms besides that of the ballot. Compulsion among them is the reform promptly and thoroughly effected, in a disorderly physical system by Hostetter's Stomach Bitters, which counteracts tendencies to serious disease bred by a deficiency of vital stamina, irregularity of the bowels, stomach, liver or kidneys, and inquietude of the nerves. This sterling medicine, which has for near half a century won because it deserves popular favor, is commended by physicians of eminence who accord it their approval, not only for its excellent qualities in a remedial capacity but also for its serviceable properties as a medicinal stimulant. It soothes and strengthens the nerves, and is far preferable to the heavy, unmoderated stimuli of commerce.

Rev. A. C. McMillan, secretary of the Michigan Christian Missionary Society, was married Sept. 25, to Miss Mabel Brown, daughter of Ex-Mayor Brown, of Fostoria, Ohio. The happy couple went to Toronto, Canada, the groom's former home, on their wedding trip. Mr. and Mrs. McMillan are domiciled at 518 S. State-st. where they would be pleased to welcome their many friends.

Col. H. S. Dean made application to the Supreme Court last Friday for a mandamus to compel the Republican state central committee to strike the name of Eli R. Sutton for regent from the Republican state ticket. The court did not think it was time to act in the matter and denied the application. It is said the court intimated that when Mr. Sutton, if elected, tried to act in that capacity, would be the proper time for Mr. Dean to act.

Our esteemed contemporary, the Evening Times, is patting itself on the back just now because Editor Ward, of the Democrat, calls the Times a Republican paper. Editor Lisemer, Associate Editor Ward and City Editor Cramer—comprising the Times force, were working delegates to the recent Democratic conventions in this city, and can hardly be expected to produce a Republican paper, or even an independent one.—Pearson's Weekly.

The redistribution of the school children, owing to the enlargement of the Second ward school, is causing a considerable amount of indignation among some of the Second ward German families, who have always been in the habit of sending their children to the Second ward school. The school authorities are doing their best to equalize matters, but this does not prevent some people from getting highly incensed.—Times.

Dr. Hull, of Ypsilanti, who is the attending physician for Millie Young, the young lady shot by Thomas Ninde last Sunday, was in the city last evening. He reports Miss Young as being much better. In fact she was able to sit up yesterday. Dr. Hull thinks that her condition will be safe enough the fore part of next week to bring her to this city in order to have an X ray photograph of her. If the bullet is found not to be lodged near any vital part it will be allowed to remain where it is as long as it does not give any pain.—Times.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75 cents per bottle. Hall's Family Pills are the best.
