VOL. XXIV. NO. 44.

ANN ARBOR, MICHIGAN, THURSDAY, NOVEMBER 3, 1898.

WHOLE NO. 1245.

### WANTS \$5000 DAMAGES

MENDINGER FOR THAT AMOUNT.

Was not Pleased With a Letter Allmendinger Had Published-Canfield Thinks His Reputation Was Hurt \$5000 Worth-Began Suit Monday. Priends Suggest that Frank at Once Put all his Property in His Wife's Name!-Did not go to Jail.

The readers of THE REGISTER will remember that this paper contained on Thursday Oct. 20, a letter over the signature of Mr. G. Frank Allmendinger. It was a communication in which Mr. Allmendinger g ave The Times and the sheriff's force, particularly Canfield, a of the Thirty-second, Thirty-third and posed to remunerate said Brown for such severe roast in connection with the bill of Canfield's for his Chicago trip looking for a girl who had disappeared from Kalamazoo. In this letter Mr. Allmendinger said, in part, as follows:

In the present case, ample knowledge is in the possesion of both of these men and they have had some 13 months for action. It is to be feared that their interest lies in the collection of the fees involved rather than in securing the punishment of the guilty and the pro-

tection of womanhood.

Mr. Judson had no business to send Canfield to Chicago. The latter's forte lies in illegally pulling poultry off from a poor man's non roost in the dead of night rather than in detective work. He spent \$5 in Chicago for street car fares, which is the only item in the bill I will take space to mention. Five cents in Chicago will carry a man five miles and more. Canfield then for the outlay could have ridden some 500 miles. It is a fair inference that Canfield sought the young woman (who was in confine-ment at the time) on board the Chicago street cars. He must have had a real nice time riding on the street cars.

Is it this that Canfield thinks has injured his reputation \$5000 worth. He has therefore begun suit by his attorneys Lehman Bros. and Stivers for that

Canfield says in his declaration that the Allmendinger article charges him with larcency of chickens in the dead of night and imputes to him the crime of attempting to obtain money from Washtenaw county by false representations and pretenses and that therefore he is greatly injured in character and reputation.

In as much as Mr. Allmendinger is not a man to make charges except upon what he has reason to believe is reliable authority the chances that Canfield will win in the case are rather slim, so much so in fact that not a few believe the suit is nothing more nor lees than a mere bluff, Mr. Allmendinger's friends are jockingly advising him, under the circumstances to at once put all his property in his wife's name.

THE REGISTER is pleased to note that this suit for libel Mr. Canfield has learned a lesson and did not attempt candibate, if elected, further action the foolhardy trick of breaking the was unnecessary. The judge advocatelaw by thrusting Mr. Allmendinger into jail, as he did another person on a former occasion when he served the papers in a libel suit.

### Ann Arbor Water Supply.

The parents of students who are attending the University of Michigan are from time to time given reason for anxiety by reports regarding the contamination of the Ann Arbor water supply. Such a report, purporting to if it were possible for Major Kirk to come from the bacteriological labore. tory of the University, was widely circulated during the past ssmmer. The following statement from Professor Novy shows that there is no occasion for alarm at the present time:

ANN ARBOR, October 18, 1898. During the past two weeks several examinations of the Ann Arbor water supply have been made. The chemical and bacteriological analyses fail to reveal the presence of any contamination or of any injurious organism. The water, therefore, is to be considered pure and wholesome.

F. G. NOVY, Junior Professor of Hygiene and Phy-

siological Chemistry.

The above statment has been sent out by the University authorities to all the newspapers of the state.

ROYAL BAKING POWDER CO., NEW YOR

#### HARD ON MAJOR KIRK.

Every Republican's Duty.

In addition to important county officers to be elected there are the more important officials, representatives, senator and

congressman to be chosen this fall. These are officials whose

positions are of national importance. It will be the votes, direct or indirect, of these men that will control the policy of the govern-

ment for the next two years. It is therefore quite as important that Republicans get out next Tuesday and vote as it would be if

a president were to be elected. Therefore THE REGISTER urges

that every Republican in this county go to the polls early next

Tuesday morning and cast a Republican ballot. There are enough Republican voters in Washtenaw county to hold the county in

line if they will only be cast. We expect to be able to announce

a great Republican victory next week. We can do so if Republi-

Our Efficient Superintendent of Public The Next Attorney General of the State

Instruction. The renomination by acclamation of

JASON E. HAMMOND,

our State Superintendent of Public Instruction, has given well merited approval to the work of his first term, which has been such as not only to call forth the commendation of all classes throughout Michigan, but has also given him an enviable reputation in other States, as is evidenced by the words of President Draper, of the University of Illinois, who wrote to Supt. Hammond: "I know something of the work of state superintendents and feel bound to say, what you are doing, as indicated by your publica-tions, is among the very best which has been perfermed in the country."

This success is no surprise to those familiar with his history throughout the few years which have intervened since he, a motherless country lad, began to show signs of the persevering pluck which has placed him in his present position of trust and responsibility. First as a hard working and ambitious youth, he, in summer, earned on the farm the wherewithal to carry him through the winter term of school, during which he worked for his board. Next, as a struggling student at Hillsdale and Michigan Agri-cultural Colleges, he eked out his slen-der means by all sorts of odd jobs. with an occasional term of teaching. After graduating with honors from the Agricultural College, he became such an earnest and efficient teacher that he was in a few years given the responsible position of county commissioner of schools in his native county. In this enlarged field his executive ability was manifested by the successful method whereby he se-cured the grading of the Hillsdale county schools, and the use of an almost uniform series of text-books.

Then followed what was perhaps the greatest surprise of his life in his unsoligited selection by Supt. Pattengill as Deputy Superintendent of Publie Instruction. Here again his energy systematic habits, and comprehensive grasp of details made themselves felt in such a successful conduct of the routine work and large office correspondence as left Supt. Pattengill at liberty to devote much of his time to personal work among teachers and school officers. Meanwhile the hardworking deputy found time to compile and publish a handy little volume on Michigan School Law which has proven a boon to school officers and

He has turned a large measure of is attention toward the betterment of the rural schools and has issued sev eral publications specially for their benefit. The rc. ised State Manual and Course of Study, and booklet of Sug-gestive Special Day Programs, are eagerly sought and used, scores of letters commending them as "the most helpful publications sent out from the Department of Public Instruction," So good an authority as State Superintendent Skinner, of New York, writes of them as follows: "These publications show careful preparation and do great credit to your department. Your Suggestive Special Day Exercises is the best publication of the kind ever brought out."

His tour of inspection through different parts of the state last winter was another expedient for placing himself in touch with the needs of teach ers in country districts; and a full re-port of existing conditions appears in his recently issued annual report, in a finely illustrated write-up of these ru-ral schools. This report also contains some helpful suggestions on school architecture, given for the remodeling of old buildings or the building of new

It is into such practical channels as this that Supt. Hammond has directed and all his tours about state bear fruit, soon or late, in help-ful suggestions for existing evils.

His most recent publication, "Text-book Legislation—Facts and Figures," is especially timely, furnishing to the numerous districts which are this year compelled to vote on this important question, the means to do so intelli-

He has the courage of his convictions and has recently registered a timely protest against the reprehensible methods of some text-book publishers, expressing his belief that schoolbook agents sometimes exercise undue influence in this matter of text-books. He does not hesitate to assert his conviction that "the time has come when school officers, teachers, and others, should face the questions which confront them, and not rely upon publishers and book lobbyists for their information.

Only a practical and progressive wan who is keenly alive to all the educational interests of the State, and who devotes his entire time to official duties could have accomplished so much during a first term; and when to this record is added the fact that Supt. Hammond is a man of unsullied reputation and a patriotic, staneh Republican, it goes without saying that the people will in November pile up a big majority to show their approval of the State Convention's choice, and their appreciation of his efficient ad-

"Cyclone Davis," the great Populist leader of Texas, predicts that the Democrats in 1000 will nominate Dewey and Fitzhugh Lee for president and vice-president. This prediction will if for no other reason than for lack of Dewey's consent. He won't run on that kind of a ticket. He is too much of a Republican for that.

Some of the Madrid papers say that "Spain will defend her rights in the Philippines with the greatest energy." They neglect to say, however, whether the people whom Spain will select to do the defending intend to swim over or try to make the trip on a raft.-Gleveland Lender.

The guns taken from Cervera's sunken ships are said to be worth half a million dollars. They might be worth ten times that in a scrimmage if they had Yankee gunners behind them.

HORACE M. OREN,

of Michigan.

Horace Mann Oren, of Sault Ste.

Marie, Prosecuting Attorney of Chip-

pewa County, was born February 3. 1859, near Oakland, Clinton County Ohio. His parents were natives of that county. His father, Charles Oren, enlisted in the Union army, was ap-pointed captain in the Fifth U. S. Colored Infantry, and was killed before Petersburg, Virginia, in July, 1864, His mother was left with two young children, supported berself and them by teaching in Antioch College, Ohio, and in the high school at Indianapolis. She had attended Antioch College as a stu-dent under the great educator. Horace Mann, who was its first president. In 1873 she was elected State Librarian of Indiana and was the first woman elected to that office. Afterwards she was an instructor and a member of the faculty of Purdue University, at La Fayette, Indiana. While thus engaged, she was married a second time and removed to Miami County, Indi-ana, which is her home at this time. Horace Mann Oren attended the public schools of Indianapolis and was graduated from its high school. He assisted his mother in the State Library and later was an assistant in the Indianapolis Public Library. He entired the University of Michigan in 1877 and was graduated from the classical course in 1881. He entered the Law Department of the University, from which he was graduated in 1883. The summer of 1882 he spent at Sault ste. Marie as editor of the "News. After his graduation and admission to the bar he settled at the "Soo" and engaged in practice, continuing alone until 1892. He entered into a partner-ship with hte late Hon. J. W. McMa-hon and William M. Snell. In 1894 Mr. Snell retired from the firm and the same year Mr. McMahon died. In 1895 he formed a partnership with William Webster, which is still in existence. Mr. Orch has been city attor-ney of Sault Ste. Marie, justice of the peace, circuit court commissioner and prosecuting attorney. He was elected to the last named office in 1894 and reelected in November, 1896, by a majority of 1,100. His firm has the leading business in the county. He was married in 1890, to Margaret J. Wallace, of Grindstone City, Michigan. They have two children. Mr. Oren's scholastic and professional acquirenents preparatory to engaging in the practice of law were far above those of the average young lawyer. During His taste for literature, perhaps born in the libraries, has been cultivated through all the years that followed. He began the practice of law a scholarly, thoughtful young man, with aspirations which always tend to lift one higher. His training has been excel-fent—by a mother of fine mind, thor-ough education and beautiful characconfidence in his own ability to suc-He had learned the lesson of manly self-dependence and was ready to join the company of older lawyers. He asked no special favors, but desired only an even chance. With a realization of the essential conditions he settled among strangers and went to work. He has gained the popular confidence and won professional es-teem. He has established himself and secured his position on merit. In the scharge of his official duties as public prosecutor he seeks only to apply and enforce the law, without malice or indictiveness. The motive to protect society is quite as strong as that to punish the criminal. His character is well and firmly compacted of the elements and principles that fortify a man against assaults, qualify him for professional distinction and the actualities encountered in social or busi-ness life. He will be a most excellent attorney for the interests of the State and the people.

### FREDERICK A. PLATT,

For Member of the State Board of Education.

Frederick A. Platt, of Flint, is a native of this State, born at Utica. Macomb county. After a thorough course in the public schools, he graduated at the University in the literary department, class of 1875, with a record which any man might be proud of. He has been a student all his life. His collegiate education has been supplemented and rounded out by continuous and systematic reading of the best literature of our language.

He has never lost his interest in educational matters. He was for several years a teacher in the school for the deaf in Flint, and was later principal of the same. He has been for several years one of the most useful members of the Flint Board of Education where his influence for correct scholarship has been pronounced and universally recognized. He is peculiarly well fitted to perform the duties of a member of the State Board of Education, and confers credit on the State by accepting the office, which should always be filled by a man of recognized schol arship. The only position politically he has ever filled was that of City Treasurer of Flint, to which he was elected twice without opposition.

Soldiers in service who will lose heir votes this year should bear in mind who is responsible for their disfranchisement. Democrats in Congress killed a bill permitting troops in the field to cast their ballots.

#### DEPARTMENT OF STATE.

Justus S. Stearns, Our Coming Secretary and Chairman of Board of Auditors.

Justus S. Stearns, of Ludington, the cominee of the Republicans for Secretary of State, is a broad-gauged business man. He will, therefore, be a valuable acquisition to the Board of State Auditors. Fourten years ago he was a clerk in a feed store at Ludington. In 1884 he engaged in the manufacture of lumber in a small way and he has developed his business until day he is the largest manufacturer of lumber residing in the State of Michigan. His lumber output for the year has reached the enormous aggre gate of one hundred and twenty mil-lion feet. His lumber interests are located at Ludington and Stearns, Michigan, and at Lac-du-Flambeau anl Od-anah, Wisconsin.

He has associated with him in the conduct of the extensive business which he directs in person, men who so thoroughly understand his plans and purposes that his private interests would not suffer should be be called upon to serve the people, whose interests are very dear to him, in the im-

portant office of Secretary of State.

Aside from being chairman of the Board of State Auditors, which has absolute control of all State expenditures not specifically provided for by the constitution and statutes, the Secretary of State is, by virtue of his office, a member of the State Board of Canvassers, State Board of Equalization, the Board which assesses tele phone and telegraph companies, and several other boards of equal importance. The advisability of having on these important boards and for Secretary of State a thorough-going. broad-gauged business man who is en tirely familiar with the needs of the State and of its citizens, is apparent,

Mr. Stearns is a courteous gentle-man whom it is a pleasure to meet on any occasion. He is positive in his convictions and never seeks to compromise or dodge an issue. He is tactful, good-natured, and the people of Michigan are to be congratulated in that he is willing to serve the State in the capacity above mentioned.

Hives are a terrible torment to the little folks and to some older ones Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

### THE STATE'S FINANCES.

G. A. Steele, Michigan's Treasurer, Will be Re-elected.

George A. Steele, State Treasurer. was born in St. Johns, this state, in tion in the public schools of that place. In 1878 he went to Minnesota, where he took a position as bookkeeper and sulted free, personally or by letter. manager of an extensive firm of bridge constructors, and later, discharged similar duties for a firm at St. Paul. In 1879 he was engaged in Nevada as paymaster of the Central Railway of that state during its con-struction. The following year he was paymaster and purchasing agent of he Oregon Construction Company the construction of four hundred miles of railway in that state, and had full charge of the finances of the company disbursing ten millions of dollars dur-ing a period of five years. In 1885 he returned to his native state and be tile, manufacturing industries and tile, manufacturing industries and real estate. He has been vice-presi-dent of the St. Johns National Bank since its organization. He also organized and became president of the Ithaca Savings Bank. In 1895 he entered a partnership in Detroit under the firm name of Steele, Smith & Company for the purpose of carrying on the business of buying and selling municipal bonds. He has been a member of the Republican State Central Committee for several terms, a member of the State Senate, and has now served two years as State Treasurer to the state. His business qualifications and experience qualify and entitle him to another term in his latter position, to which he will be elected by a largely increased majority.

### FEMALE WEAKNESS.

Female Complaints Drag Women Down.

There is Not the Slightest Need For Women to Suffer.

There Is a Wonderful Cure if Women Will Only Use It.

Female complaints are the bane of women's lives. Female weakness-the pain, the ache, the discomfort of it! The sleepless nights, with tired wakings, the aching head and back, the nervous, weary and dragged out feeling; the depression

of mind and discouragement of heart, the utter misery of it! And then the disagreeable local symptoms which become more aggravating day by day. But there is a cure, and that cure is Dr. Greene's Ner-

vura blood and

nerve remedy.

It is the great-

suffering woence. It replaces happiness, prostration and discourage-ment with renewed energy, ambition, zest and enjoyment of life. How happy the woman who thus, by the use of Dr. Greene's Nervura, is able to again take

her place in society or resume her interests in home and family. Mrs. Amos V. Dell, 235 Hancock Ave., Jersey City Heights, N. J., says: "I suffered from complete prostration

and exhaustion of the nerves and physical system. I had womb disease terribly, and leucorrhœa so bad that I could hardly walk. I was tired and weak all the time, and hardly cared whether I lived or died. I took Dr. Greene's Nervura blood and nerve remedy, and now feel as if I had a new lease of life. I no longer have that tired feeling, the leucorrhea has stopped, and I do my work without getting tired.

This wonderful medicine has done me more good than anything else I have ever taken. Why, I had only taken one dose on going to bed and in the morning I woke up feeling like another woman; it seemed strange for me to know what it was to get up without feeling tired. I feel that I cannot praise Dr. Greene's Nervura blood and nerve remedy enough!

and strength to women, Dr. Greene's Nervura blood and nerve remedy, and take it now, for now you need it most. Dr. Greene, 148 State Street, Chicago, Ill., the successful physician in curing nervous and chronic diseases, can be con-

### GREAT IMPROVEMENT.

INDUSTRIAL CONDITION OF THE STATE IS EXCELLENT.

Report of the Labor Commissioner Shows Careful Investigation in All Portions of State and Reveals a Very Encouraging Condition of Affairs.

The employes of the Labor Commissioner's office have, in the performance of their duties around the State, taken pains to look into industrial conditions, as the present conditions may indicate. They find very encouraging reports from every section of the Commonwealth. There is a growing improvement in the condition of our wage workers, average wages, per cent. employed, increased membership, etc., very marked in nearly every section of the State. There are now no com-plaints of willing help unemployed. while in many quarters the supply of help desired is very insufficient for the demand. As a natural result, wages are increasing all the time. In fact, The Labor Canvass

shows a decided improvement in every feature of the statistics gathered, including number employed, wages, homes and social conditions. This canvass is about two-thirds completed.

Mortgages and Interest.
The special canvass of the eighty counties in the State is about completed. The tabulations of this work shows that the number of mortgages and the total amount of mortgages upon farm property has been reduced thousands in number and millions in dollars as compared with 1896, while the rate of interest in a great majority of cases has been materially re-

State Factories Increasing, Reports of the State factory inspectors show a large increase in amounts invested in manufacturing and in every way represent a most flattering condition of affairs in our factories. A canvass of wages shows a very note-

worthy improvement in wages and various conditions of employment, and that the child labor problem is being rapidly solved in this State. Many new manufacturing enterprises are placed upon our State list for the first ime this year, while but very few have suspended operations. Some have closed through consolidations, but not so many as in former years.

City and Village Improvements. The blanks from incorporated cities and villages tell us that millions have been invested in new and permanent improvements of every charactermuch having been spent in sewerage and paving. From these official sources we have received no complaint of unemployed, which is indeed different from the facts of one and two years ago.

Money Easier. Money has been very easy in all quarters as compared with recent times, and small dealers and speculators have been able to operate and seasking for a loan two years ago.

The Farmer's Interest.
The crops of Michigan for 1898 were xcellent in many counties and above the average in a majority. Prices have been fair for all products of the farm, garden and orchard, and there has been a great activity in all kinds of stock, poultry and dairy raising. The crops were all harvested early and a very large acreage of winter grain has been sown, according to reports from

the agricultural department.
One of the most noteworthy increases has been in the flocks of sheep and pounds of wool, which have mar-

keted good prices. Natural Products.

There has been production of coal in Michigan coal miners.

A very favorable report has just

been received from the upper peninsula mining country, giving account of new discoveries of iron and copper and bright promises for the coming season.

In closing it says that they are experiencing great difficulty in securing the needed help in several communitles, and that the lumbering interests complain that they cannot find men to go into the woods at from \$25 to \$35 per month and board.

Good and Bad Effects of War. While the war scare in March and April brought matters to a temporary standstill for a few days in many quarters, the declaration of war and the activities that soon followed, with the hurried movement of troops, started everything at a lively pace and greatly improved many lines of trade. The sudden shifting of men, both of trades and professions, had a most desirable effect upon the labor market, and gave it an unexpected impetus that worked out to the best interests of all

In collecting army statistics, we noticed that one particular feature of the Michigan volunteer regiments was that they were made up of both rich and poor. The professional man of high standing and good practice, the expert mechanic of splendid wages. the trades union man, the farmer and the day laborer all stood, marched and fought, suffered, died and bled together, for the cause of humanity and the honor of the nation. It is a fact that we can all feel proud of, and should never be forgotten.
Some interesting details will be de-

eloped in these military statistics of Michigan.

No Serious Labor Difficulties have occurred in the State, and most of the minor strikes and disputes that have taken place have resulted in happy mutual settlements between employer and employe.

New Avenues of Employment. From the clipping department we find that hundreds of new business enterprises have been undertaken since our last report, which we shall fully investigate and report, and in this connection we will state that a great ma-jority of the new enterprises reported from the same source last year, have survived and are developing into suc-cessful business institutions of our State. Some proved but air castles, and others were short lived, but they were the exception and the majority have thrived.

All druggists sell Dr. Miles' Pain Pills.

pend on women, they get ill too often." That was

the explanation of a business man, who, contrary to the prevailing custom, employed male stenographers and type-writers. If every young woman would take the right care of her distinctly maidenly self, this complaint would never be heard. The woman who suffers from weakness and disease of the delicate feminine organs is qualited for her

would never be heard. The woman who suffers from weakness and disease of the delicate feminine organs is unfitted for her duties, either in the house or in the office. Young unmarried women, especially, do not like to confide their troubles of this nature to their home doctor. They shudder at the thought of the examinations and local applications to which they may have to submit. These are entirely unnecessary, and all letters addressed to Dr. R. V. Pierce, Buffalo, N. Y., are held in the most sacred confidence. Dr. Pierce has been for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., one of the greatest medical institutions in the world. His neighbors made him congressman and he was a personal friend of the martyr-president. Dr. Pierce's Favorite Prescription cures all weakness and disease of the delicate and important organs of femininity, upon which depend a young woman's health. Honest druggists don't substitute.

"I have recommended your Favorite Prescription,' to a great many of my friend's and thereton."

"I have recommended your 'Favorite Prescrip-tion' to a great many of my friends, and there has not been a single lady who used it, but was cured by it. It is the best medicine for females I have ever taken. I tried four doctors and they did me no good. They said I was bound to die; ' thus writes Mrs. C. C. Clark, of New Rome, Floyd County Georgia.

A had business head and a had working A bad business head and a bad working body are the results of biliousness and constipation. Dr. Pierce's Pleasant Pellets are a sure cure for these ailments. They regulate and invigorate the stomach, liver and bowels. One a laxative, two a mild cathartic. They never gripe. At medicine stores.

Russian Wheat Crop Failure.

Once more the American farmer is on the lucky side of the fence. The wheat crop of Russia, which was predicted a record one, has failed. reported that there will probably be a famine during the coming winter in that country. In Northern and Comtral Russia the crops are reported a complete failure, while in Southern Russia the yield is far beneath the

This fact, taken with the probability of war between Chile and the Argentine is bound to have its effect on American grains. The South American war dogs may possibly be called off, but from present appearances both sides are willing to fight, and Chile is especially anxious to have it over soon. Famine and war are the two potent factors that make for high prices in grain, and it begins to look as though the American farmer would have the benefit of both.

Get the Veters Out.

The danger to our tiere this fall is overconfidence. Let no Republican policies into the idea of neglecting to cast his vote. See that every pessible Republican vote is cast on November 8th early in the forenoon, as far as it is possible to do so. Every school district should have a number of faithful workers to attend to this very necessary duty. If this is properly done the sweep will be clean and final, and the State majorities away up in the hundred thousands, with solid Congres sional and Legislative delegations. Get the Republican voters. After all the meetings and plannings, this is the important part of it all; get the indiffer ent voters, and those who are not handy to the voting places, to the spet. Then the majorities will take care of

Another Roorback Brated.

The shinnycrot papers have been howling loud and strong about the "robbery" which Lieut.-Col. White was said to have perpetrated upon the not one which commends itself to said to have perpetrated upon the State, in drawing two salaries at "one and the same time," as the other fakir say. The fact is, and it is the easiest matter in the world to verify it, his salary as quartermaster cessed the day he was mustered into the United States service. In the same manner Lieut.-Col. Smith's salary as assistant quartermaster, stopped when he made the same change. These lies are so stupid, and so easily turned down, it is surprising anyone claiming a modicum of sense should undertake to work them on the State. But rats desert a sinking ship, and drowning men eatch

Handbook of the Tariff.

The understanding of the compli-cated provisions of the new tariff has been greatly simplified by the issuance of this manual, which contains de-cisions of the Federal Courts, General Appraisers and the Secretary of the Treasury on mooted points. To digest the tariff law is no easy task, but to digest the food taken into the gastric receptacle is rendered facile and agreeable by the systematic use, of that thorough stomachic, Hostetter's Stomach Bitters. This is a family medicine of comprehensive uses. It prevents and cures malarial, kidney and rheumatic trouble, remedies nervousness and insomia and removes constipation and billiousness. Appetite, as well as the ability to satisfy twithout subsequent abdominal disturbance, is restored by this fine stom achic, which also accelerates con-valescence. Persons in the decline of life and the infirm of every age and sex find it of material assistance

treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heab the whole surface over which it diffuses itself. To test it, a trial size for 10 cents or the large for 50 cents, is mailed by Ely Brothers, 56 Warren Street, New York. Drugg sis keep it A remody for Nasal Cataern which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific.

A Pyramid of Canceled Mortgages, One of the sights at the Trans-Mis sissippi Exposition at Omaha, seen by every visitor, is a pyramid of large di measions, composed of canceled mortgages lifted from the homes and farms of the people of Kansas and Nebraska during the past fifteen months, so that happiness and contentment abide to-day, where before were calamity and despair.

We are now satisfied that in the mat-ter of the Philippines Mr. McKinley will do exactly what Jefferson would stances, and we congratulate the country on the possession of a President who, at least in this, is in line with the greatest of all Democrats, living or

The Republican Legislature of Ore-States Senator, Joseph Simon, This will break the deadlock in the Senate on the finance question, and insures a Republican Congress, if the people stand by President McKinley and elect a Republican House. They will do nothing else.

Catarrh Can be Cured.

By eradicating from the blood the cerofulous taints which cause it. Hood's Sarsaparilla cures catarrh promptly and permanertly, because it strikes at the root of the trouble.

The rich, pure blood which it makes circulating through the delicate pass-ages of the mucous membrane, soothes and rebuilds the tissues, giving them a tendency to health instead of disease and ultimately curing the affection.

At the same time Hood's Sarsaparil-lastrengthens, invigorates and ener-gizes the whole system and makes the debilitated victim of catarrh feel that

new life has been imparted.

Do not dally with snuffs, inbalants or other local applications, but take Hood's Sarshparilla and cure catarrh absolutely and surely by removing the causes which produce it.

Spain was a great bluffer six months since, and was preparing to show the "Yankee pigs" any number of things. To day she is besecching us to please pay for the money stolen by Weyler

The Republican Administration was first denounced by Democrats for alover former years, and it is claimed that the best wages paid to miners in the United States are paid to our own deal and Hood's Sarsaparilla does it. other.-Sault Ste. Marie News.

A Benefactor of Weak Men.

To be able to do good in this world is a grandthing. To have the power of les sening pain and creating comfort and happiness is a noble possession, and to be constant and unselfish in its exercise is nobler still. Dr. Greene, 148 State-st., Chicago, Ill, the gifted and successful specialist whose wonderful cures of the weak and debilitated have made his name a household word is one of the fortunate men. Weak men and women should know that they can consult Dr. Greene by letter, free. This is a great boon. If you are in trouble, it you are sick and ailing, write to Dr. Greene and get his advise. He can cure you.

President McKinley asks that a Republican sound money Congress be elected to sustain his administration and to perfect the work of putting the business interests of the country upon a permanently substantial basis. Every Republican who neglects to vote for the Republican candidate for Congress strikes a deliberate blow at the

markable nourishing power.

It gives color to the blood. It brings strength to the muscles. It adds power to the nerves. It means robust health and vigor. Even delicate infants rapidly gain in flesh if given a small amount three or four times each day.

I gave Steketee's Hog Cholera Cure in a drench—cured her as never before, that the navy must be as never before, that the navy must be our main arm, of defense in any cam-

paigu against a foreign foe. The war was the first in which modorn steam vessels had a thorough trial. All the world wacthed our naval engagements, intent on taking advantage of the lessons that they taught Chief Engineer Melville of the United States navy was the principal naval observer for this country, and he has just submitted his report on the needs of the navy, as made apparent by the battles at Manila and Santiago and the incidental engagements of the blockading

The war has demonstrated the advisability of f equent tests and trials of reserve machinery, the importance of having naval actions of points of strategic value, the necessity of fresh water for the boilers, the need of more repairships, the expediency of giving our fighting ships the highest practicable speed, and the demand for more trained officers and more trained engineers in our naval service.

At the beginning of the war every officer on the active list was sent to sea, so that nearly every vessel had a complement of trained men, but there was no reserve. Many of the auxillary vessels could not be given trained crews, and men were taken who had never been to sea. The chief engineer recommends that in numbers the personnel of the navy be increased with the increase in number of vessels.

Among the greatest needs of the navy are adequate stations and dry docks at strategic points. Key West was neglected until war was upon us. In the last few months improvements have been inaugurated which should have been completed twenty years ago. Much remains to be done, but meantime, a new naval station is to be established at San Juan, Porto Rico, probably with Admiral Schley in command. This will be second to no naval station in the United States territory. The Island has always been regarded as of the greatest strategic importance, as it commands the entrance to the Caribbean sea, and San Juan harbor is one of the finest in American waters, Permanent improvements here may be undertaken at once. The same is true of the new naval station at Hono'ulu. In Cuban waters and in Asiatic waters new stations will be established.

The American people have always been well disposed toward the navy, They know now, better than ever before, that the Nation must rely upon it. They are informed, as they never were in previous years, as to the efficiency desire to see the navy's efficiency increased, and they expect the next Contheir wishes.-Inter Ocean.

VOTE the Republican ticket next Tuesday.

A VOTE for Hon. Henry C. Smith is

place.

You will vote right when you vote for Geo. Cook for Register of Deeds jext Tuesday.

CAPT. SCHUH has made a good clerk but John Heinzman will be elected and make a better one.

JACOB BRAUN will be elected treasirer next Tuesday. Help swell his majority by giving him your vote.

C. Smith for congress will be a vote for WEST & TRUAX, Wholesale Druggists,

A VOTE for Kingsley will be a vote for the cleanest man who has ever been a candidate for sheriff of Washtenaw

As to ability and fitness for the position there can be no comparison between Smith and Pierce, the respective candidates for congress. Smith is head and shoulders above Pierce.

FROM all indications Frank Jones will hove a handsome majority next Tuesday. He will make an able prosecutor and will ever be on the alert for the people's interests. Vote for him.

THE REGISTER does not claim to reach every home in Washtenaw DISAGREEABLE weather and nume- county, nor does it claim to have more

### BEST OF THE CAMPAIGN.

WAS REPUBLICAN MEETING TUES-DAY NIGHT.

tained man, guns, and machinery in Some Splendid Addresses-Candida e Sharp Makes a Good Impression-Sets People Right on His Record-Smith Captures the Audience and is Greeted With Frequent and Itearty Applause.

> The largest and most enthusiastic political meeting held so far this fall was the one by the Republicans in the Armory Tuesday night. Aim st every seat was taken, and although the room was cold and all the speeches long, the meeting lasting until half past ten o'clock, very few left until the end of the last address. Mr. Helber woo presided made a few brief and pointed remarks and then introduced Mr. W. W. Wedemeyer who made a telling address in favor of Republican principles and Rapublican success. He was fo lowed by Hon. John C. Sharpe, candidate for state senator. Since a determined effort is being made to defeat Mr. Sharpe by injustly misrepresenting him, we desire to state his position by a few brief quotations from his address Tuesday night. Mr. Sharpe first took up a statement that appeared in The Argus Democrat that he was under the control of "Sky" Olds, and that Olds always occupied Eharpe's bed com when he was in Jackson. Mr. Sharpe declared this was false. He admitted that some 20 years ago be had seen Mr. Olds, who was then a member of the state central cammittee and was attending a Republican state convention in Jackson, leaving for a neighboring town to find a place to sleep as every hotel in Jackson was crowded and he, Sharpe, had asked him to stay with him over night and Olds had

> Mr. Sharpe then took up the claim that he was owned by corporations. He showed the utter absurdity of such statements by reading from the records of the state legislature when he was a member in 1887. This proved that Mr. Sharpe was constantly on the alert to prevent railroads and other corporations from having laws passed that favored railroads and were unjust to the people. He also proved by the same record that he made a strong effort and came near succeeding in having a law passed which would have given the people of this state a two cent rate.

Upon the question of equal taxation Mr. Sharpe declared that he stood quarely upon the principles laid down in the platform adopted at the last state convention and his record is such that no one can justly question his sincerety in this matter.

When Mr. Sharpe was in the senate he was made chairman of the committee on University affairs. Every friend of the U. of M. knows how true a friend Mr. Sharpe proved himself to be to the University at this time. With Gov. Luce opposed giving us a dollar Mr. Sharpe secured the passage and the needs of our warships. They of a bill appropriating \$165,000 for that year to the U. of M. and then when the governor vetoed it, he did not give up gress to adopt a policy in harmony with but kept at it until he secured enough support to pass the bill over the governor's veto. With such a record Mr. Sharpe should receive practically the united vote of Ann Arbor. The people of this city cannot afford to turn down so true and tried a friend of the instia vote for the right man in the right tution upon which so much depends in

The meeting was closed by a brilliant address by Hon. Henry C. Smith, of Adrian, candidate for congress. Thus closed the most successful meeting of the campaign this fall.

We offer One Hundred Dollars Reward for any case of Catarrh that can-not be cured by Hail's Catarrh Cure F. J. CHENEY & CO., Prop., Toledo, O. We, the undersigned, have known F. J. ### JUST BEFORE ELECTION.

JUDSON MAKES A BLUFF AT A \$10.000 LISEL SUIF.

Bis Attorneys File Declaration Yes terday-Took Them Ever Since Last May to Prepare the Material-A Pre-Election I lourish.

Our readers will remember that last spring a suit for libel was began by capias by sheriff Judson against the editor of THE REGISTER. The defendant gave a good and sufficient bond both for his appearance at the trial and as a guarantee that any damages which might be awarded the plaintiff would be paid. That was all we could do until further steps were taken by the man who, doubtless for a consider . tion, had been persuaded by his attorneys that his character had been so queez dont of shape that he should have \$10,000 for the injuries. The editor waited while the days ran into weeks and the weeks grew into months and the months had reached and passed the semi-annual mark, when life was shown by the plaintiff's attorneys. A careful perusal of the declaration in the case filed yesterday shows the reason for all this delay. The profound effort to so interpret THE REGISTER article upon which the claim for libel is based to make it appear libelous is such as to fully explain all this long delay-and have this document filed just a few days before election. The nature of the claim is simply this; THE REGISTER declared a prominent sitizen had said that Judson boasted he could and had so manipulated ballots that when the election was over he could positively tell whether the goods bargained for were delivered, so that he would not have to pay except for votes that he knew were cast as agreed apon. The declaration filed yesterday contains some 4000 words in the effort to prove that THE REGISTER article was libelous. THE REGISTER is unable to inform its readers whether this is the continuation of a bold bluff or whether the case will ever be brought to trial. It can do nothing but wait and see what there may be to see.

#### REPURLICIN CAMPAIGN MEET INGS.

The following is a list of Republican meetings to be held on the dates specified. Republicans should attend and urge Democratic friends to do so.

November 3, Dorr School House, Sharon, F. E. Jones and H. Wirt New-

November 4, Ypsilanti Opera House, W. W. Wedemeyer.

November 5, Whitmore Lake; Geo. S. Wheeler and W. W. Wedemeyer, November 7, Saline Opera House,

### Chancery Sale,

Henry M. Cheever, of Detroit.

In pursuance and by virtue of a decree of the Circuit Court for the County of Washtenaw, State of Michigan, in chancery, made and entered the thirtieth day of March, 1898, in a certain cause therein pending wherein The Farmers and Mechanics Bank is complainant and Folix Courtney and Margaret Courtney are defendants.

Notice is hereby given that I will sell at public auction, at the east front door of the Court House, in the City of Ann Arbor, in said county (that being the building in which the Circuit Court for the said county is held) on Wednesday, the first day of December, at ten o'clock in the forenoon of said day, the following described real estate: The northeast quarter of fractional section number five [5]; also a strip of iand ten rods in width off from the north side of the southeast quarter of said section five [6]; also the south half of the southwest quarter of section number eight [8], all in town one south, range five [6] east, state of Michigan, and containing two hundred and fifty [250] acres of land more or less. containing two hundred and hity (250)
of land more or less.
Dated, Ann Arbor, Mich., Nov. 2, 1898.
O. ELMER BUTTERFIELD,
Circuit Court Commissi

### Woman's Mission.

Successful competition in any field depends on physical health.

questions about woman's future are constantly asked. Shall women vote? Shall they practice law? Shall they compete with men in every field? Whatever woman's mission may finally be de-

must be done for her physical health. Ignorance, superstition and mystery surround woman's delicate organism. Heroic efforts to endure pain is part of woman's creed. Many women's lives are a constant struggle with lassitude; many are violently ill without apparent cause, and few indeed are in normal health.

This is all wrong and might be different if women would follow Dr. Hartman's advice. Perhaps the most practical printed talk to women to be found anywhere is in Dr. Hartman's book called "Health and Beauty," which the Pe-ru-na Medicine Co., Columbus, O., will mail free to women only. It is certain that Dr. Hartman's Pe-ru-na has proved a perfect boon for women's diseases of the pelvic organs. It treats them scientifically and cures them permanently. All druggists sell it. "I received your book and commenced

the use of your medicine at once," writes
Mrs. H. D. Amoss of Greensboro, Ga., to
Dr. Hartman. "I took five bottles of
I feel like a new woman. When I commenced taking Pe-ru-na I could hardly walk across my room; now I am doing my own work and can walk to church. I shall never cease to thank you for prescribing for me. I had been under the treatment of two doctors but never received

any benefit until I commenced taking your medicine. I wish every woman who was suffering as I was would send for one of your books. May God bless you and spare you many years to relieve women who are suffering as I was." Fifty thousand women will be counselled and prescribed for this year free of charge by Dr. Hartman, president of the Surgical Hotel, Columbus, O. All women suffering from any disease of the mucous membrane, or any of the peculiar ills of women, may write to him and the letters will receive his personal attention. Write for special question blank for women.

Ask any druggist for a free Pe-ru-na Almanac for the year 1893.

#### ELKS BEVEFIT. The Play-Two Vagabonds.

Pe-ru-na and two of Man-a-lin.

The members of the local body of Elks are preparing to put upon the boards at the Athens Theatre in the near future the well known and popular play, The Two Vagabonds. Already meetings are being held daily for drill by those who will take part in the play Warren D. Lombard, who became well known here last year in his work in connection with the rendition of the Tyrolean Queen, will have charge of the undertaking and will, no doubt, make a success of it. The musical part of the entertainment will be under the direction of Prof. Renwick. The play will probably be brought out about the middle of next month.

#### The Death Rate of the University Hospital.

In some recently published statistics of the University Hospital of the University of Michigan, the death rate, through a printer's error, was given as 26 percent. This, if it were true, would mean that only three out of every four patients who enter the hospital come out alive. As a matter of fact the death rate is about 2.6 percent, which is much lower than in the majority of hospitals having a large num ber of operation cases. In such institutions the death rate is usually from 4 to ten percent. If in addition the customary reduction is made for moribund cases (those dying within 24 hours after arrival), the actual death rate among the in-patients is but 1.33 perceut, and among all the patients 15

Miss Bower and Mrs. Voorhies, the committee appointed by the society to wait upon the board of supervisors while in annual sessson, and to call their attention to the inadequate provisions made for the care of women and children, when under confinement in the county jail., report having com. plied with instructions. They also reminded the board of the Police Matron Bill enacted by the last legislature, which provides that a woman shall be on duty, where women and children are confined in the jails of cities of a certain population, Ann Arbor falling in this class.

Delegates to the County Convention to be held Nov. 2nd and 3rd at Saline, were appointed.

The union will furnish the Union Signal and Dr. Wood-Allen the New Crusade to the Y. W. C. A. for the coming year.

The appeal of Jessie Ackerman round-the-world missionary of the W. C. T. U. was read. She said: "A great district in Chicago lies sadly ne glected by Christian people.

It is sunk in poverty, ignorance and crime. After twelve years of travel in almost every country and island on earth, my heart has been strangely stirred to find such a black, sin cursed spot in the western metropolis of our own Christian land. I want to start a gospel work among the 25,000 people of this neighborhood. I want to carry the glad and glorious Christ-spirit into the lives and homes of these poor people. I want to do what I can to cleanse the spot of its crime, purge it of its poverty, and make the dirty tenements sweet and wholesome with love and sympathy. With the help ol God and christian people, I long to begin this

#### Thesis-Writing in the Law Bepartement.

The matter of thesis - writing in the law departement has been put upon a new basis. With a view to secure not only a better selection of subjects, and more careful work on the part of the students, but also more systematic and He said that considerale snow had falthe faculty, the whole matter has been week. put underthe general control of a standing committee, to be known as the committee on theses. This committee is to publish annually a list of appropriate subjects from which the student will make a solection. These subjects week. are to be the narrow points concerning which the law is unsettled, disputed, or in a formative coudition, and are to be such as will make possible and require original and independent investigation by the student. Condensations of existing text-books, or the repetition of work previously done by others, are to be rejected, and the student is expected to go directly to the cases and to exhaust the authorities upon his subject.

When completed, the theses are to be filed with the committee, and by the latter distributed among the several members of the faculty for examination. Being advised to what member of the faculty his thesis has been so assigned, the student must wait upon that members and secure his written approval of the thesis both as to form and substance. He is then to present the thesis as appreved to the secretary of the faculty for credit. Uniformity in style of preparation is provided for, and careful regulations and directions have been made respecting the collection and working up of the material. The theses when appreved are to be collected into volumes, bound, and pre-

### FIBROID TUMOR

Expelled by Lydia E. Pinkham's Vegetable Compound.

MRS. B. A. LOMBARD, Box 71, Westdale, Mass., writes: "I have reason to think that I would not be here now if it had not been for Lydia E. Pinkham's Vegetable Compound. It cured me of a fibroid tumor in my womb. "Doctors could do nothing for me, and

they could not cure me at the hospital. I will tell you about it:

"I had been in my usual health, but had worked quite hard. When my monthly period came on, I flowed very The doctor gave me medicine, but it did me no good. He said the flow must be stopped if possible, and he must find the cause of my trouble.

"Upon examination, he found there was a fibroid tumor in my womb, and gave me treatment without any benefit whatever. About that time a lady called on me, and recommended Lydia E. Pinkham's Vegetable Compound; said she owed her life to it. I said I would try it, and did. Soon after the flow became more natural and regular. I still continued taking the Compound for some time. Then the doctor made an examination again, and found everything all right. The tumor had passed away, and that dull ache was gone.

It can be truthfully stated that such a result can be accomplished by no other remedy upon the market, and forcibly proves the peculiar virtue of the Vegetable Compound

Annual Convention,

The Annual Convention of the Washtenaw County Sunday School Association opened in the First Baptist Church of Ann Arbor, on Tuesday, Oct. 25th, at 2:30. In the absence of the President, Perry F. Trowbridge, the meetings were presided over by vice president Mr. S. A. Mapes of Chelsea.

The attendance was large and much interest manifested. After devotional exercises led by Rev. B. L McElroy, of Ann Arbor. State Secretary M. H. Reynolds, of Owosso, gave an instructive talk upon "The Home Department' of the Sunday School. This is for any who for any reason cannot attend the S. S. proper. It is for young orold, high or low, rich or poor, There are hinderneces from infirmaties from long distaness to the school and other reasons. There is a field for a Home Departement in every School". A detailed account of the work and needed applices was given. From 3:00 to :00 were given several papers. The Superintendant and the Teacher by E. Goodrich, Ypsilanti;

Push, Patience and Prayer,

Mrs. O. M. Thrasher, Salem; Needs of our Schools,

John Smith, Salem; Proper attitude of pupils toward the

Mrs. J. R. McLaren, Chelsea. Through the papers and the discussion following them, often repeated and urged as needs in all Sunday Schools are personal interest in the pupils, visitation to the homes, grading in schools is strongly recommended, and teachers meetings, invaluable. Mr. Reynolds says to maintain a teachers meeting in the country may require 'grit grace and gumption." "We can do what we want to do".

Mr. Canfield in stirring words gave an account of "Pittsfield Union" S. S. 'If we get a crop of wheat we work for it. We must work for the S. S.'

At 4;00 came a Primary conference consisting of a talk by Mrs. W. W. Wetmore; a class of little ones taught by Mrs. Stimson, and a talk by Miss Bennett, all of Ann Arbor. Much that wes entertaining and helpful was given in this hour. The conference was closed by a short account of the Primary Dept. of the Cong. S. S. of Ypsilanti, by Mrs. B. L. D'Ooge.

Tuesday evening the meeting opened with a smaller attendance owing to a

After Devotional Services, led by Rev. Mr. Batchelner, a beautiful arthem was sung by a chorus of ladies. A telegram was read announcing the

unavoidable absence of Rev. Jas. A. Brown, of Ypsilanti, whose paper entitled "Teaching Them" was omitted. f Secretary M. R. Reynolds spoke upon S. S. Leakages, causes and cure. Mr. Reynolds also gave an account of State

Another fine arthem was sing, 'Lift thine eyes to the Mountain". The Convention is indebted to the chorus for much enjoyment. Benediction by

work which was suggestive and in-

Rev J. J. Nickerson of Chelsea. Wednesday forenonn there was a good attendance and the full program

The following officers were then elected: President, John K. Campbell, Augusta; Vice Pres. W. E. Scott, Ypsilanti; Field Sec'y, E. E. Calkin, Ann Arbor; Rec. Sec'y. Miss P. A. Noble, Ann Arbor; Treasurer, Clayton J. Deake, Salem; Executive Com. S. A. Mapes, Chelsea, Howard Bartlett, Saline. Delegates to State Convention, J. K. Campbell and E. E. Calkins; Alternates, Clayton Deake and E. C. Goddard.

The Report of International Conven-John K. Campbell was elaborate and entertaining.

The program for the last session was, Coler. Common Sense treatment of boys, E. S. Gilmore, Ann Arbor; What ought to be the attitude of Parents and teachers toward the S. S. J. G. Webster, Chelsea.

After this came a normal lesson by M. H. Reynolds with black board and charts. Those who missed this suffered a loss indeed. Those who listened to this able exposition of the Normal word, should aim for a share in this very important branch of the work.

From the report of Sec'y. E. E. Calkins we learned that thirteen Township conventions have been held the past year. There are seventy-seven Sunday Schools of English speaking people in Washtenaw Co. Fifteen townships were reported by officers. Report of Treas. Mr. C. F. Dake Salem. Total Receipts \$110.95.

We shall be able to meet our pleage of \$100 to the State Association this year besides carrying on the work in our own county.

Pamela A. Noble, Rec. Secv.

ACTIVE SOLICITORS WANTED EVERY-WHERE for "The Story of the Philippines" by Murat Halstead, commissioned by the Government as Official Historian to the War Department. ### Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to got were all the

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of joints, causing the hair to fall out, and completely wrecking the system.

#### MARK TWAIN'S OBSERVATIONS.

#### His Humorous but True Description of Complexions as He Saw Them.

In his famous book, "More Tramps Abroad," Mark Twain thus characteristically describes the complexions of the people who passed a window at which he sat looking out upon a street of a great city:
"A lady: Complexion new parch-

ment. "Another lady: Complexion, old

parchment.
"Another: Pink and white; very fine. "Man: Grayish skin, with purple

"Man: Unwholesome fish-belly skin "Girl: Sallow face, sprinkled with

freckles. "Old woman; Face whitey-gray.
"Young butcher: Face a general red flush.

"Jaundical man: Mustard yellow. "Elderly lady: Colorless skin, with two conspicuous moles.

"Elderly man - a drinker: Boiled cauliflower nose in a flabby face veined with purple crinklings.
"Healthy young gentleman: Fine

fresh complexion. 'Sick young man: His face a ghastly

Doan's Ointment never fails to cure

CHAS E. HISCOCK,

To the Common Council: The Board of Public works would recommend the Contract and bonds of lacken and Clancy for building the storm sewer on E. Washington St. for the approval of your honorable body.

Respectfully submitted GLEN V. MILLS, Clerk of the Board of Public Works. To the Honorable Common Council of the city of Ann Arbor.

attention was called to Doan's Oint ment and I got a box of it at Eberbach & Son's drug store. The first application gave me relief from the irritation of the Washington Street Storm Sewer which is herewith submitted duly executed. I have to say however that the routine provided for in Section 137 of the Charter has not been followed in the ordering of this improvement and that the contract does not provide for any gross sam which shall be the total cost of the improvement. Dated Ann Arbor, Oct. 24, 1893.

O. E. BUTTERFIELD. City Atty

Ald. Hamilton moved to amend the third line of the third paragraph of onge two of the contract by substituting the words "Common Council" in place of the words "City Engineer."

Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Vandawarker, Brown, Spathelf, Cady, Stevens, Pres.

Navs-None. Ald. Cady moved to accept the Con-

Adopted as follows: Yeas—Ald. Hamilton. Richards, Koch, Dieterle, Sweet, Vandawarker, Brown, Spathelf, Cady, Stevens, Pres. Luick—11

To the Common Conneil: Your Committee on Bonds would recommend the approval of the bond for \$1000.00 of Clarken and Clancy as principals, to the City of Ann Arbor for the faithful performance of the

contract for building Storm Sewer on Washington Street, with J. A. Polhe-mus and Fred Besimer as Sureties; also the bond for \$1000.90 of Clarken and Clancy as principals to the People of the State of Michigan for the payment of labor and material with J. A. Polhemus and Fred Besimer as sureties.

Respectfully submitted, FRANK VANDAWARKER, JOHN KOCH. Committee en Bonds.

Adopted as follows: Yeas—Ald. Hamilton. Richards, Koch, Dieterle, Sweet, Vandawarker, Brown, Spathelf, Cady, Stevens, Pres.

Navs-None. On motion the Council Adjourned. GLEN V. MILLS, City Clerk.

### DANGEROUS SURGERY.

ENIFE-NOT THE SURGEON'S FAULT, OF COURSE HE CAN'T HELP IT-YOU

CAN.

The reason they do not succed is that Pyramid Pile Cure Cures Piles Quickly. Painlessly, Without Danger.

People go along for years suffering with piles. Then try this, and that In nearly every case all it needs and the other thing; from carrying a tive. In nearly every case all it needs is a chance to help itself. If you use buckeye to getting treatment from a Kellar's Tar Soap you give it that physician. They obtain temporary rechance. And the skin will quickly relief, maybe, but they are never quite cured. A little strain in lifting, exit is, what it does, and what it DOES cessive fatigue, a little constipation or a little diorrhea and the piles come back.

They don't seem to amount to much, invigorating tar of Southern pine.

It cleanses thoroughly, opens the pores, stimulates their natural action, tence local pain and that dreadful feetence local pain and that dreadful fee-

### Try Grain-O! Try Grain-O!

Ask your grocer today to show you a puckage of GRAIN-O, the new food is that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pire grains, and the most delicate stomach receives it without distress. I the price of coffee. 15c. distress. the price of coffee. 15c. and 25cts, per package. Sold by all

### HEART DISEASE.

SOME FACTS REGARDING THE RAPID INCREASE OF BEART TROUBLES.

Do Not be Alarmed, But Look For the

Heart troubles, at least among Americans, are sertainly increasing and while this may be largely due to the exitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Cause.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic and Pneumogastric.

in another way, also the heart is affected by that form of poor digestion, which causes gas and fermentation from baif digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood. makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heat trouble is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular use after meals, of some safe. pleasant and effective digestive preparation, like Stuart's Dyspepsia l'ablets, which may be found at most drug stores and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is sale to say that the regular. persistent use of Stuart's Dyspespia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of the tablets sold by druggists at 50 cents.

Little book on stomach troubles mailed free. Address Stuart Co., Marshall Mich.

#### MOTHER STRENGTH.

Care only comes from proper food and carefulness in diet. Baby strength depends on mother strength.

"GOLDEN NECTRA" The best natural food beverage. The deal food beverage for the woman who

expects to become or who is a mother. It is the most nourishing of all food beverages, and takes the place of coffee, which is so injurious at this period.

It helps to digest other food, and is a gentle, soothing tonic Calms nervousness. Cures stomach trouble and enriches the blood, and increases the flow of milk.

Mr. Keech moved that the Board seemed at times almost unbearable. She recommend to the Council that the scales located in the street in Pavement District No. 3 be ordered re-

A gifted Michigan poetess, whose literary | we tried them, with the happy result of a

of its disappearance. The author is Mrs.

Annie H. Magee, of Port Austin, Mich., and her remarkable statement is given in her own words as follows:

"My daughter, Jean Magee, was fourteen years of age last August. She was always a delicate child, had stomach trouble, nervous debility and general weakness. From the age of eight years she had been subject to distress after eating and frequent sick headaches. She had to be taken out of school and kept from al! study for nearly five years.

"She was so extremely nervous that life see.ned at times almost outgut by the half-dozen backen. The pills and been in all had been taken. "Friends began to say she would have to take Dr. Williams' Pink Pills for Pale People all her life, but I am happy to say they have helped her to become a healthy, happy girl who no longer needs medicine of say kind. With all her other troubles she had rheumatism as well as the other troubles. She is now nearly fifteen years of age, a diligent student making up for lost time, a bright-eyed, rosy-cheeked girl. It scarcely seems possible she can be the same one who a few years ago was a delicate, almost a hopeless, sufferer."

She was so extremely nervous that life see.ned at times almost out two dozen in all had been taken.

"She was 'so extremely nervous that life seemed at times almost unbearable. She would say: 'Oht mamma, if I could only ileep,' but as soon as she fell into a doze some frightful dream would awaken her so that sleep was almost more dreaded than the want of it. At the age of ten years she was taken to Dr. R. C. Flower, of Boston, who said she had spinal trouble and gave her seven innorths' treatment. The spinal trouble was cured, but the nervousness and stomach trouble returned with such effect as to render the child very miserable. The bad dreams came again.

"Having seen Dr. Williams' Pink Pills for Pale People advertised in the Huron Tribuns' Williams' Medicine Co., Scheneciady, N. Y.

# SOROSIS

THE NEW SHOE FOR WOMEN ....

(0-

Many women have no idea how cruel shoes can be made.

They cover the feet to be sure, but what else do they do? Are all the pedal discomforts and dis-tortions natural to the feet? In every instance they are caused by poorly constructed and ill fitting shoes.

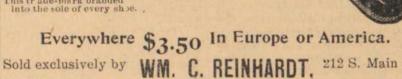

Why do women wear 3s and 4s at twenty, and 5s or 6s at thirty?

Because the feet have been improperly trained. The shees have pinched and bruised the joints causing permanent enlargement and in many allowed the instep to drop and the foot to lose that arch, which is so attractive.

SOROSIS sloes are are so constructed, that the arch of the instep is always supported and the weight properly distributed. Those who wear SOROSIS are noticed for their easy, graceful carriage in walk-

# BACKACHE.

Mrs. Pinkham speaks earnestly to women suffering from this discouraging complaint.

Backache is one of the most common of woman's troubles and one of the most wearing.

It is not an acute pain, but a most distressing, wearying sensation, making work almost impossible and indicating disease of the feminine organs.

A common mistake is to treat backache in women with local external applications, calling it "a little spinal irritation" or a "touch of rheumatism."

Do not be deceived; your backache means serious trouble for you unless the cause of it is removed.

All uterine and ovarian difficulties are relieved by Lydia E. Pinkham's Vegetable Compound. Such relief progresses in almost every case to a complete cure-With relief of these troubles backache disappears.

Mrs. M. E. MULLER, 16 Franklin St., Providence, R. I., writes:

DEAR MRS. PINKHAM:—I have been using Lydia E. Pinkham's Vegetable Compound for backache. The pain was something dreadful; at times I could not walk straight. Now I am all right and enjoy good health. I feel like a new woman. You do not know how thankful I am that I have got my health back, and I have you to thank for it. Your medicine is the best that I have ever used. I advise all ladies to try it, and I am sure it will give unbounded satisfaction. I will recommend it to every friend I have.

#### Miss LIZZIE KOELLA, 529 Tecumseh St., Toledo, Ohio, writes:

DEAR MRS. PINKHAM:—I cannot praise your Vegetable Compound enough. For about a year I was sick with the backache. I could not work, could not sleep at night, and did not care to live. About two months ago I saw your advertisement in a paper, and thought I would try your Compound. To-day I feel like a new person. I am just enjoying health; never felt so good in my life. I have re of my friends, who are now using it, and think it is in

ing health; never felt so good in my life. I have recommended your Vegetable Compound to many of my friends, who are now using it, and think it is just splendid.

A woman of experience in these matters understands women, and Mrs. Pinkham of Lynn, Mass., has a wider experience than any physician, male or female. She offers you her counsel free of charge, and it is a friendly, sympathetic counsel. No man sees your letter or its answer at any time, and to secure the best advice it is necessary that you should be perfectly frank, this you can be to one of your own sex.

### Lydia E. Pinkham's Vegetable Compound A Woman's Remedy for Woman's Ills.

The orange-colored papers are now tearing the language into shreds scolding because the investigation of the facts regarding the war is proving the greater fiction of their terrible tales have been whole lies from whole cloth.

HOME DEPARTMENT

DISCUSSING SUBJECTS OF INTER THE INDIVIDUAL.

Edited by Mary Wood-Allen, M. D.

[Questions concerning the topics treated in its department may be addressed to the ed-or, who, at her discretion, will answer eith-r directly in the department column, or ill embody the answers in an article.] Copyright by Inglenook Press.

WEAR AND RUST.

The two great destructive agencies of the metals are friction and rust, the one the result of constant use, the other attandant upon idleness. Machinery in constant motion is worn away by attrition, and machinery lying idle is eaten up by rust. Recognizing these facts, and comparing the human body to a machine, people often say of themselves that it is better to wear out than to rust out. This is undoubtedly true of the machine, but not so un- mail. questionably true of the body. In one sense the body is a machine which is worn by use and affected by idleness, but here the parallel ceases. The physical organism, unlike machinery of man's invention, repairs itself, furnits own propelling force. Many people consider the terms rest and rust as synonymous. If urged to stop work and take rest or recreation, they will States, and yellow-fever scourges will perhaps admit that they are overwork- have become a thing of the past. Thus ing, they realize that they are breakking down; but they justify their course by saying, "Better wear out than rust out." They may even feel forts of the United States. that they are praiseworthy in thus ignoring bodily needs and weaknesses, and feel guilty if they for one moment allow the tired head to droop or the weary hands to lie folded. Yet these same people know the value of rest to same people know the value of rest to 1893, our entire circulation was \$1,506, animals, and even to inanimate nature, 434,966. On July 1, 1898, our circulaand to machinery. The farmer understands that his beasts of burden will do more and better work if allowed proper rest. He knows that even the fields made for the supply of the money that are more productive if they sometimes lie fallow. The machinist knows that his engine must have rest in order that QUEER MEANS OF DEFENSE. its strength may be preserved.

If we consider the human body simply as a machine, liable to friction and rust, we place too low an estimate upon it, we omit certain very important facters, which cause it to be unlike any machine of human construction. It is made up of organized material, each atom of which is endowed with a vital self. Exercise, activity, the working body is composed; but at the same human system is the opponent and at work, and also that we may again be ferent methods, neither should be ignored; but each should have full opportunity to bless the body in its own

Fatigue is caused by an accumulation of effete matter in the system, and it is the replacing of this worn out material by new, that gives us the feeling of refreshment after rest or sleep. Idleness tends to deterioration by permitting the primary cells to live too sufferer a free trial bottle. long, and thus creating no demand for the new material which infuses vtgor and elasticity into the system. In truth we ought neither to wear out by overwork, nor rust out by constant large cities, New York, Boston, Chica-

There is a divine power in restful solitude In separating one's self from the world, its cares, its anxieties, its unrest, and in the quiet seclusion of peaceful thoughts permitting the great creative power to build up anew the physical and spiritual forces.

Rust! Why people rust faster in the whirl of business and of fashion than in restful quiet. They rust spiritually and wear outbodily. Under-use of heart Little Liver Pills. Don't and soul is the rust which co-operates with over-work of body in the destruction of the whole being: and rest is the oil which overcomes the bodily friction and prevents the spiritual rust which all silently and secretly is destroying both soul and body. Recreation should be re-creation, and restmay be the surest road to grand achievements.

All together now. Once more for

your country and her best interests.

Let no side issue lead you away from

our good War Governor.

the great point at stake. We have a magnificent statesman for our President, who is proving on every occasion to be careful, conservative and most auxious to move only for the right. He was not anxious for war, no matter tion. But when the country demanded Spain should be punished for her iniquities, he gathered and hurled the massive strength of America against

how much war might do toward achieving glory for the Administrathe churlish Dons, and the result has been the wonder of the world. Shall his President be refused the support of a Congress which would uphold him in carrying out the results of this war?

### It is amusing to note the different

n the tone of the anti-administration papers toward Gen. Joe Wheeler since the latter gave his sworn testimony be fore the war investigating commission the praise they have heretofore be-stowed toon Gen. Wheeler, in contrast-ing him with those in higher directing authority or of different political alle giance, received undue stimulus from the partisan desire to make political capital, for both present and future ise, and was not prompted by just ap preciation of Gen. Wheeler's character and work. They are now disposed to ake back what they formerly had to ay about him, not only the exagger ated praise, but the credit they know was well justified. And why shouldn't which his testimony places them? The testimony of some other witnesses they can seek to discredit on the ground that they are Republicans, administration sympathizers, incompetent appointees of the administration and all that sort of thing; but to have Gen. Wheeler-a veteran of two wars, a southerner, a Democrat and an ex-confederate leader—give testimony which is substantially just the reverse of what they desire is a blow between the eyes for them. There will be, no loubt, the same disposition on their part to take back the good things they have said about Gen. Lee when his testimony has been received by the com nission. Like Gen. Wheeler, he veteran of two wars, a southern Democrat and ex-confederate, but there is little reason to doubt that his testimony will be practically as distaste ful to the anti-administration workers as was that of Gen. Wheeler. In short, it will not embody enough abuse for the administration nor enough centralizing of blame for whatever conditions have constituted just causes or blame, to suit the anti-administra-ionists. Neither will any other impartial testimony.

There has been a good deal of talk ately about not hauling down the American flag from over any spot where it once waved. There are many staffs from which the American flag once floated but now no more. We refer to the mastheads of merchant vessels. We are uncompromisingly in fa vor now and always of restoring the American flag to those mastheads, and we hope that all those who want to see the American flag in every spot where clude our vanished merchant marine in their list. This is something in regard o which both imperialists and antiimperialists ought to agree. The time was when the American flag was seen in every port. We want the time to come again when the American flag will float on every sea and in eve corner of every sea; when every p twill be bright with the Stars and Stripes. The greatest manufacturing nation on earth should have a merchant marine to carry its products to every corner of the globe. The greatgiain exporting country in world should send its own ships. The people who use more of the world's roducts than any other equal number people on the globe should bring those products home under their own flag. A system of discriminating dues for the protection of American hipping would bring all this to pass.

The country at this time simply cannot afford to have the control of the ower house of the next Congress pass nto the hands of the opposition. The resent Congress has been hampered by a free silver majority in the Sen-ate and has not been able to pass the financial legislation needed to complete the reform of our financial sys-tem and make the future absolutely Senate would be certainly Republian. Enough gains have been made r are indicated to assure at least a sound money majority. With the House Republican the needed financial gislation can be and will be enacted. With the House in the hands of the opposition financial chaos and uncerninty will reign for another two

Dr. Bull's Cough Syrup cures whoopng cough and measies' cough. This wonderful remedy will save the children from many a distressing coughing spell and soon effect a cure.

As a witness Fitzhugh Lee seems to have been as successful in pleasing the vellow journalists and the Bryanite horror-mongers as Joseph Wheeler and H. V. Boynton were. Those gray-haired old soldiers don't seem to understand that campaign capital is needed—by a very hard-up party, which views with alarm confidence of the people in President McKinley. They just tell the truth in their straightforward, soldierly way. and let the political consequences take care of themselves.

Our Democratic opponents mistook the temper and purpose of the American people in arraigning the Republican party for neglect or blundering during the war. When criticism was made it was to remedy ills, and Republican newspapers were just as insistent as others that the best care should be extended, in the best way, to our troops in camp and field, and at a time when it should be most effective. That is the demand to-day.

### Some Women

Many women think Doubt the bearing of children is a necessary period of great pain and distress. They doubt whether any medicine can relieve their sufferings. Well may they hesitate about taking those injurious internal mixtures so widely sold. But they may place implicit faith in se se se se se

Accept no substitute.

An Object Lesson.

The Porto Rican currency question furnishes an object lesson to American voters of one of the results which would follow should the Democrats and Populists gain control of the national government by electing a "free silver" President and Cougress. Were the country on a tree silver basis, Spanish pesos, whose commercial value in Porto Rico is slightly greater than a half dollar, would be poured into the American mints and coined into silver dollars, thus doubling their worth. These 5,500,000 pesos, coined in 1895 by Spain, and worth even in Porto Rico, where they have been legal tender, but \$2,750,000, would increased in value to more than \$5,060,000, making allowance for the difference of 28.78 grains in the amount of bullion of the dollar and peso. And our treasury might be called upon to pay certificates for this silver, which could eventually be worked into gold, at the bolder's option.

Shall the Country Return to Poy-

erty and Loss. It was only two years ago that the country emerged from business paraly-sis, stagnation of enterprise, unpar-alleled loss, and shut up the soup ouses and other extraordinary institutions for the relief of men and wo-men out of employment.

Relief came with the election of a Republican President and a Republi-can House of Representatives. Have the people of this State enjoyed pros-perity long enough to warrant them in entering upon a course that is certain to bring a reaction?

The Democracy still stands for free trade, free silver and hauling down the flag. Only men of short memories will hours a week in gym nasium work. The invite the Democracy back to power in the State and in Congress,

> The Rooster From Kentucky. The southern portion of the State is orce more ravaged by "Kunnel" Bradshaw, who is doing the tragedy act for the Hon, Mr. Todd, of Kalamazoo. The "Kunnel" used to strip his outer garments, throw his wavy locks to the breeze, shift his cud of tobac, then send out a few political bombshells for "free" silver which made the sensation levers how! with delight. Since those lays the career of the "Kunnel" has been looked up, and is alleged to be decidedly shady. At any rate, most of his arguments, when run down, roved to be the most ridiculous of les. It was hardly supposed he would now he is "doing" our Governor. Well, Hazen S. has had many drawacks, but this will be the easiest of all the obstacles he has swept out of

> > Best Figures on Record.

The apportionment of school moneys this fall in Michigan is \$1.50 per capita, by far the highest figure ever known in the State. This is brought about by the good money turned into the State Treasury under the new railbarium; James R. Bivins, dispensing road taxation law, and lessens the taxes to be paid by the every day peo-ple of the State to that amount. Every person of school age in the State draws \$1.50 this year for the district which he or she resides, lessening local taxation from 60 to 80 cents capita. Good enough for one year, Let us have more of it.

### The farmer who found a friend.

Serious results often follow a strain, especially when it affects the back, and few people are so liable to strain as those who are lifting heavy loads of various kinds, from day to day. The teamster rarely ever overtaxes his strength. Familiarity with the class of wares he handles, enables him to entirely gage the load he lifts so as not to put an excessive burdeu on himself. But with the farmer it is different. He is lifting loads of such varying weights and under such varying conditions that he is very liable to lift a little too much some day, with hijurious results. Many serious affections of the great organs of the body originate in a strain. It was so in the case of H. R. W. Bentley, of Towner, North Dakota, A strain resulted in serious trouble with the liver. How he recovered and was enabled to feed seventy head of stock during the winter, let him tell himself:

"About a year ago, I sustained an injury"

liver. How he recovered and was enabled to feed seventy head of stock during the winter, let him tell himself:

"About a year ago, I sustained an injury in my back and shoulders by lifting a heavy weight. After a time, a liver trouble came on, which so weakened me that I could scarcely Hit my hand to my head. While in this condition, I began the use of Dr. J. C. Ayer's Fills, and finding aimost IT. Ayer's Curebook. Sent free. Address the immediate benefit, continued until I was

HON. ROSCOE D. DIX,

Republican Candidate for Re-election to the Office of Auditor General.

Few men in Michigan are better or more favorably known in the State than Hon. Roscoe D. Dix, of Berrien County, the present head of the most important departments of the State government-that of the Auditor-Gen-

His life, from the time the echoes from Fort Sumter rolled across the Peninsular State in 1861 to the time of his unopposed renomination at the recent Republican convention, is one full of encouragement for every boy struggling to get on in the world. It is an object lesson that tells the growing young manhood and womanhood that "honesty is the best policy;" that a man controlled by the firm conviction that right must forever prevail against wrong, will do his fellow men no injury: that justice to one's self is doing justice to all mankind. Such is the character of Roscoe D. Dix-the soul of honor, fearless in every act he believes to be right and just, and upright in all his private and official con-

Enlisting at Kalamazoo on April 26, 1861, in Co. K. 2nd Michigan Infantry, he followed the fortunes of his com pany through every engagement until November 24, 1863, when he was so severely wounded at Knoxville as to become permanently disabled and was honorably discharged May 25, 1864. Returning to Berrien county, he was honored again and again by those who knew him best in being elected four times to the office of Register of Deeds of the county; twelve years a member of the school board of Berrien Springs; eight years a trustee of the village and village president two

General Dix is very popular in Grand Army circles and was one of the charter members of Kilpatrick Post No. 39, G. A. R., and for twelve years its commander. He has been Department Inspector and delegate to the National encampment; Judge Advocate of the Department of Michigan; a member of the Council of Adminis tration for Michigan and a member of the Executive Committee of the National Council of Administration. He was elected Auditor General in

1896 and has proven himself capable, in all matters pertaining to his de-partment, and those who have had official relations with him during the past two years are loud in their praise of the ability and business methods adopted in this department. That Auditor-General Dix is a shrewd and businesslike financier is best illustrated in the fact that at the time he assumed the duties of Auditor General the state treasury was short \$21,993. His predecessor advised him to make a loan of \$200,000 to meet the immediate demands on the Treasurer for vouchers in support of state institu-tions and other purposes. Instead of creating an expense against the State, stating the financial condition, and asked each to forward to the State Treasurer all moneys held by them belonging to the State. This request was promptly complied with and asked each to forward to the State Treasurer all moneys held by them belonging to the State. This request was promptly complied with and March 31st, 1897, there was on hand, after paying the above deficiency, \$538,225. About May 15th, there was said to the Primary School fund \$276. paid to the Primary School fund \$376,000 and on June 30th, the end of the fiscal year, six months after General Dix took charge of the Auditor's of-fice, there was in the State treasury \$783.888, with every voucher due up to that date paid without borrowing a

Auditor General Dix has, from the date of his first instalment into the office of Auditor General, persisted in the most vigilant scrutiny of all disbursements for which he has drawn his warrant upon the State Treasurer, and has insisted upon the most rigid practicable economy; and applying the same careful rules and principles to the management of State affairs which he would give to his own private business, has saved to the State many times the amount of his salary over that which would result from a careless and extravagant direction of

It is needless to say that the name of such a man will be an element of great strength to the ticket.

Has a cura of fortune come to Spain? There has been a pause in the peace negotiations in Paris because it is said that in addition to Spain's refusal to remove her disturbing rule from the Philippines, she insists that in vacating Cuba, she shall take with her such things as her cannon and the floating dock at Havana, and that the United States shall

pay the Cuban debt, says the New

York Sun. Spain is not sparring for time without hope. Every keen foreign observer of American politics will perceive the reason why. The party that has di-rected the war in which Spain has been conquered, and whose President at St. Louis said that this country must not fail to "gather the fruits of its victory," is engaged in a political campaign with a party which has identified itself with the policy of restoring to Spain all that we have gained, even to the hauling down of the stars and stripes wherever they have been raised

Victory has made the American elections of Representatives in Congress, of Legislatures and of Governors in the more important States matters of international concern. Every European enemy or rival of this country, with Spain, of course, at the front. is praying that the next Congress of the American Union shall be Democratic, and particularly that the Democrats shall defeat the Republicans in the imperial State of New York.

If the Republicans, of whatever polapathy and come to the defense of their party with the vigor of earnestness, the fruits of victory over Spain will be thrown away and the defenses of the nation against Bryanism will

Mrs. Bertha Allen leaves in a few days for her home in Williamsport, Mrs. E. Gauutlett is in Delta, Ohio,

on business this week. Mrs. Newcomb is entertaining guests rom out of town.

No matter how long you have had the cough, if it hasn't already developed into consun prion, Dr. Wood's Norway Pine Syrup will cure it.

Considering the difference in the conditions prevailing to-day throughout the country and those that existed under Cleveland's last administration, it would seem hardly necessary for a single word to be said in favor of the Re-

publican party.
That this favorable change brought about by sustituting Republican policies for those of Democracy, we have not yet heard even a Demo-crat deny. The managers of that party claim that their policies were correct then, and insist that had their time of existence only been extended, it would have shown them to have been so.

The people put the party in power upon its promise to do certain things, and at the end of four years found not only the promises unfulfilled, but on the contrary realized that the country was not only practically bankrupt, but that fully 75 per cent of the people themselves were reduced to absolute

The old party now bobs up once more with the same promises on its lips—the same old theories—the same old arraignment of the Republican party. Having deceived the people once, it is hardly possible that it can induce them to take the bait a second

Republicans, however, must not take itical antecedents, don't shake off all matters for granted. Let them work up to and including election day. every vote into the box-the majority

other bronchiel affections.

ANN ARBOR, MICH. 

"A FAIR FACE MAY PROVE A FOUL BAR-GAIN." MARRY A PLAIN GIRL IF SHE USES

The coming Congress has a task upon its hands, determining how our new possessions shall be governed or controlled. Spain is losing all hope of holding the Philippines. Our Government must at least preserve order there until a new government is established. This should be done by an American Congress which will be impelled to American interests, and the sanctity of our flag.

Truly, our recent war with Spain was a wonder. The navy has made its report. Not a ship of our navy was disabled. Seventeen sallors were killed and sixty-seven wounded. Most of the latter have returned to duty. Can you think of any possible reason why the Administration which put through such a contest should be turned back into the hands of the Altgeld style of

Spain has received notice from Uncle Sam of the date when they must give up all authority in Cuba-December 1st. Everything in the line of reason has been done to make allowances for the Spanish pride, but really, the Americans were victors in the late scrimmage, and can not be expected to entirely forget that fact, pride or no

Unless you are so independently fixed that it matters not to you what happens, this campaign is your fight. Your money, your wages, your business, your work, your products, are involved. A sound administration will help you; any embarrassment of a good administration will injure you.— Cedar Springs Clipper.
