## A ROARING FARCE.

### FINAL ACT TUESDAY AFTERNOON.

**Evidently the Work of a Little Spite—The Frozen Truth Man Discharged A Preposterous Charge Brought Against Him—Committee on Criminal Prosecution Backed It Up—County Pays the Bills.**

One of the most ridiculous cases that has ever succeeded in finding its way into a court calendar came up in the circuit court last Tuesday. The case is as follows: Last spring the Anti-Saloon League became convinced that the liquor laws in this city were being systematically violated. The authorities claimed that they were unable to secure evidence against those who were violating the law. The League, therefore, decided to investigate the matter on its own account and employed a detective from Toledo, by the name of L. E. Culbert, to come to Ann Arbor and ascertain the facts in the case. Culbert came and spent several days here. He found no difficulty, so he testifies, in obtaining liquor in several saloons after hours and on Sundays. As a result of his investigation several suits were started. These all failed for the simple reason that the prosecuting attorney's office was represented by two attorneys, one of whom appeared as prosecutor and the other as defendant of the accused. The old scriptural saying that a house divided against itself will fall applied in this case and the parties accused were let off. Now comes a more absurd part of the program. The committee on criminal prosecution at present looking after the criminal business in this county all at once is united and a charge is made against Culbert that "he was guilty of inducing Reimold, one of the saloon keepers, to break the law, and that he actually ran the saloon" and therefore was equally guilty with Reimold—who, by the way, had been discharged some months ago. This case was actually started against this man Culbert and came up for trial in the circuit court on Tuesday. It was so ridiculously absurd that everybody smiled when Judge Babbitt stated the case. The matter had not been gone into to any great length before Judge Kinne sustained the motion to quash the whole thing and the prosecution of Culbert fell flat. The case even though it was dropped so soon will cost this county at least \$100 which the taxpayers must stand. Efforts are being made to explain the attitude of the committee on criminal prosecution in this county by saying that the whole proceeding in this comedy of a lack of legal wisdom was done merely to annoy and aggravate the Anti-Saloon people in order to dissuade them from making any further attempts to prosecute saloon keepers who violate the law. It may be that such an excuse will pass with the people, but we doubt it.

### Narrow Escape.

James C. Moore of Ypsilanti township, and a party engaged in sawing wood at his farm, had a narrow escape from death Friday afternoon at about four o'clock. Power was furnished by a portable engine owned in common by the farmers, the boiler of which exploded at the time mentioned.

Louis, a son of Mr. Moore, was firing, and very badly, if not fatally injured. He was swept along the ground full 100 feet, bringing up heavily against a wire fence. His clothing was shredded, his right arm broken, his stomach badly scalded, and his face burned and bruised horribly. Down his face, across the right eye, was a deep gash that destroyed the optic. Although so badly hurt, he is resting comfortably at present writing. The others had very narrow escapes, but none were injured to any extent.

The engine had been running very nicely all day, and but a short time was needed to finish the work they were at, when the fire would have been drawn. There was plenty of water in the boiler, as Charles Holmes claims to have tested the upper try-cock but a moment before and the glass showed a full half-gauge. From the boiler, which was blown over the wood pile upon a shed and is still intact, it would seem as if a stay-bolt had given way inside. The wood burning in the fire box was blown across the road and the frame quite a distance.

Holmes had stepped to the gate to quiet a horse that was frightened at the steam from the safety-valve, which was blowing off, being set for 80 pounds pressure. He saw Mr. Moore, Louis Kelley and Alfred Smith crawling from the wreck as the steam lifted, and heard them ask after young Moore. The latter presented a horrible sight, and Holmes started for the city after surgical aid in full belief that the boy would be dead when he returned.

Dr. Hull was called and expresses some hope of the boy's recovery.—Ypsilanti Sentinel.

## Interesting Topics.

Rev. W. M. Forrest, of the Church of Christ, began last Sunday night the following interesting series of addresses to be given Sunday evenings:

Dec. 4.—"The Worth and Worthlessness of Society."

Dec. 11.—"The Divine Enterprise." Miss Helen E. Moses, Indianapolis.

Dec. 18.—"The University Student and the Bible."

Dec. 25.—"Inside our Homes."

Jan. 1.—"Growing Large." Services begin at half past seven o'clock.

## NO BACKWARD STEP.

### CHORAL UNION SERIES A SPLENDID ONE.

First Concert January 17.—Ten Entertainments in the Course—Only \$2.00 for Entire Series—Should Be a Large Number of Tickets Sold.

The University Musical Society offers the following announcement of the Choral Union Series for the present season—trusting that it will meet with the approbation of the lovers of music in this community. Owing to the fact that University Hall could not be made available until January, an entire readjustment of the Course became necessary. This has not involved any radical departure from the general character of the concerts as planned, but has made the arrangement of convenient dates extremely difficult.

An unusual number of great artists have come to America this season, and several of the best will be heard in this series. It has been thought advisable, in order to avoid the confusion attending the sale of reserved seats for the Festival, to divide the sale, offering seats the first day at \$2.00 and after that at \$1.00. The sale will occur at a later date than usual, to allow out-of-town patrons an opportunity for sending in orders for seats, these orders to be filled at the same time that the boards are opened. The May Festival will still be one of the most important features of the series, and no effort will be spared to make it a worthy successor to those of former years. The Boston Festival Orchestra will take part in all the Festival Concerts, and the finest artists available will be secured. At the first concert BRAHM'S "REQUIEM" will be sung. For the final Concert WAGNER'S "TANNHAUSEN" or Verdi's "AIDA" will be given. Full particulars of the Festival will be announced later.

### LIST OF CONCERTS.

I. January 17, 1899.—Choral Union—Distinguished Soloists and a Complete Orchestra.

In response to the expressed wish of many patrons, a concert of a miscellaneous character will be given by the Choral Union. The programme will include Massenet's "Narcissus" for Chorus, Solf and Orchestra; "Spring Song," from Saint-Saens "Samson and Delilah," and several a capella numbers, besides solos and several orchestral numbers. Mrs. S. O. Ford, of Cleveland, Soprano; Mr. Glenn Hall, Chicago, Tenor, and the CHICAGO FESTIVAL ORCHESTRA (forty men) will assist.

II. January 20, 1899.—Alexander Siloti, Pianist.

Siloti, the celebrated Russian pianist, an artist of the very first rank, will appear in a programme admirably adapted to display his great versatility and power. Mr. Siloti has achieved distinguished success in Europe and is justly considered one of the representative modern artists.

III. February 3, 1899.—Willy Burmester, Violinist.

Burmester comes to America this year for the first time. He has aroused the greatest enthusiasm in Europe, and is looked upon as one of the greatest violinists who has appeared in the last ten years. His wonderful technique has won for him the title of the "modern Paganini," but his reputation for musicianship rests upon what is after all the supreme test of an artist—his convincing interpretations of the classic repertoire.

IV. March 24, 1899.—Ben Davies the Welsh Tenor, in a Song Recital.

Mr. Davies has been a frequent visitor to this country and has appeared at many of the great Festivals as well as in recital. He shares with Edward Lloyd the honor of being the foremost English tenor. His artistic standing is

## WASHTENAW TEACHERS.

### INSPIRATION MEETING TOMORROW.

A Good Program Prepared—Every Teacher in the County Urged to Attend—Meeting to Be Held at Ypsilanti Tomorrow and Next Day.

Prof. W. N. Lister, Commissioner of Schools, has sent out to the teachers of Washtenaw county the following program for the meeting to be held at Ypsilanti tomorrow and Saturday. It certainly will be an interesting meeting and should assure a large attendance.

### PROGRAM FOR FRIDAY.

9:00 A. M. (Not 9:30) to 4:00 P. M. Observation in Training School of the State Normal College.

We all remember the profitable days spent in this building last year. On this occasion the Critic Teachers will exert still greater effort to give the visitors all that can possibly be crowded into the hours designated. The work is so diversified that teachers can choose the particular lines of work they wish. Every teacher who sees this work will return to labor with new ideas, renewed courage and a higher and broader conception of the nobility of the teacher's work.

### FRIDAY EVENING

Lecture—Dangerous Communicable Diseases, Prof. W. H. Sherzer.

Prof. Sherzer holds the Chair of Natural Sciences in the State Normal College, and is heartily in sympathy with every line of school work. The lecture will be illustrated with a large number of stereopticon views.

Further, this evening gives the teachers, besides a pleasurable evening an opportunity to "load up" with munitions of war to enable them fully to comply with Act 146, laws of 1895, which requires, "That there shall be taught every year in every school in Michigan the principle modes by which each of the dangerous communicable diseases is spread and the best methods for the restriction and prevention of each such disease."

### PROGRAM FOR SATURDAY.

Session begins at 9:00 o'clock, Local Time.

1. "The Teacher's Daily Preparation of her Lessons," Dr. R. G. Boore.
2. A Talk on History, Prof. Julia A. King.
3. Talks for Teachers by other Teachers.
4. The Message of Education. Hon. D. E. McClure

## LOVED AND LOST.

That Was the Fate of Herr Herman Hartwig von Danser—Was a Noted Poet and an Able Newspaper Writer—Now in Washtenaw County Poor House.

The following from the Ann Arbor correspondent to the Detroit Tribune will be of interest to Ann Arbor people: The Washtenaw county poor house contains quite a noted character, it being none other than Herr Herman Hartwig von Danser, an old German newspaper man, whose lyric poems—and he wrote hundreds of them—found their way into the columns of the newspapers and periodicals wherever the German language is spoken.

Herr Danser is a graduate of the military school at Kassel, Germany and is a veteran of our civil war. At the beginning of the war he was severely wounded in the abdomen. After his recovery he joined his regiment and at Gettysburg he was nearly shot to pieces. He is not a pensioner because of the fact that he enlisted under an assumed name and was not present when the regiment was mustered out of the service.

His father was a German nobleman and his coming to this country was caused by quite a romance. He was in love with a fair German girl, but the affair was broken up by a priest, who induced her to enter a convent. Herr Danser emigrated to America and sought death on her battlefields under an assumed name. After the war his mother died, leaving him a considerable fortune. He went west and on a journey from Denver to Pueblo the Indians robbed the caravan train of which he was a member and deprived him of his money. Since then he has visited nearly every city and town in the west and northwest, but says he prefers to live in Ann Arbor, whose surrounding hills and valleys remind him of his old German home. For 15 years he has been employed on the German newspapers of this city. His poems have always teemed with tender sympathy and reverence for the love of his youth, whose memory he still keeps green and which seems to cheer him on his rocky journey through life. Fate has been unkind to the old lover, hero and poet.

Some scoundrel, who had an imaginary grudge against a lady living on S. Division street, went to Detroit last week and flooded Ann Arbor with letters making slanderous charges against the lady and her sister. The fellow should be summarily dealt with if he can be caught.

and you will see our shelves and counters the same way, overflowing with

## HOLIDAY GOODS

Cram full of toys and dolls for the little ones, China for young and old, all sorts of everything for all sorts of people, and priced on a basis to suit everybody.

All summer long The Racket has been naming you low prices—much lower than you ever saw before, and many have profited by it, and are now steady customers. We would like to give prices on Christmas goods but it is impossible. The very nature of the stuff compels us to ask you to come and see and bring your friends and stay as long as you wish. We would like you to come in the day time and avoid the evening rush. You will then have more time and be better waited upon. You can select your presents and we will pack them up and lay them away for you, paying at the time of selection 25 cents on the dollar and the balance later. We are obliged to make this rule to cover the risk of carrying over the selected goods.

Drop in and look us over. Bring the children and your pocketbook—we can surely satisfy both.

A Merry Christmas and a Happy New Year to all our friends and patrons, and in the language of Rip Van Winkle, "May you live long and prosper."

## There is a Class of People

Who are injured by the use of coffee. Recently there has been placed in all grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1 cent as much. Children may drink it with great benefit. 15c. and 25c. per package. Try it. Ask for GRAIN-O.

## OVER TWO HUNDRED MEN.

In Exact Figures the U. of M. Furnished Two Hundred and Forty Seven Men to Help Fight the War With Spain.

The December number of the Michigan Alumnus is a war number being, in the main, especially devoted to Michigan men in the war. According to the statistics collected, the university furnished to the army proper, one brigadier general, 13 majors, all but two of whom were in the medical service—six assistant surgeons, 11 captains 13 first lieutenants, five second lieutenants, 22 sergeants, 18 corporals, 80 privates, eight hospital stewards and 24 whose rank is unknown. To the navy were furnished 56 men. There are a number of interesting articles dealing with the war. Prof. Mortimer E. Cooley furnishes one on "The Yosemite in the war with Spain;" Cecil Page '98, who was gunner's mate for a 13-inch gun on the Oregon, one on "A Naval Reserve Aboard the Oregon," and H. B. Gammon, '98 medic, one on "Hospital Stewards." One of the most important articles is that by the well known newspaper correspondent, Sylvester Scovel, who was at one time a student in the university. It is entitled "A War Correspondent," and tells in an interesting manner the writer's connection with the war.

SIMPLE AT FIRST.

It is Foolish to Neglect Any Form of Piles.— Cure Them at the Beginning. Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received:

Mrs. M. C. Hinkly, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of piles for fifteen years. The Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

Major Dean of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure have effectually cured me.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is 50cts. for full sized package and is put up only by the Pyramid Drug Co., Marshall, Mich.

Handsome Women.

Any girl or woman can have a clear, beautiful, velvety skin and soft white hands by using Kellar's Tar soap every night and morning. It is an absolutely pure soap made from the best pine tar, glycerine and vegetable oils. Has no equal for washing babies or the hair or scalp. Unexcelled for the bath. NEWSY BREVITIES.

Mrs. Lucy Alexander, colored, died at Keokuk, Iowa, at the age of 128 years.

Dr. Chas. D. Colby, of Jackson, has been appointed surgeon of the 31st Michigan with rank of major.

Major Gen. Merritt will resume command of the department of the east on his return from Europe. Gen. Shafter will take the department of the Pacific.

U. S. armories have made such progress in the manufacture of the Krag-Jorgensen rifles that the entire army will be armed with them as rapidly as they can be sent forward.

Admiral Dewey has informed the navy department that he has contracted with a Hong Kong firm of wreckers to raise three of the Spanish war vessels sunk in the battle of Manila last May. The cost of raising the ships and putting them in thorough repair will be \$500,000. The vessels to be raised are gunboats of large size—the sister ships Isla de Cuba and Isla de Luzon, and the Don Juan de Austria.

How It Hurts!

Rheumatism, with its sharp twinges, aches and pains. Do you know the cause? Acid in the blood has accumulated in your joints. The cure is found in Hood's Sarsaparilla which neutralizes this acid. Thousands write that they have been completely cured of rheumatism by Hood's Sarsaparilla.

Hood's Pills cure nausea, sick headache, biliousness, indigestion. Price 25 cents.

Prominent Cubans Favor Annexation.

A dispatch from Havana says: Domingo Mendez Capote, late vice-president of the Cuban republic and now president of the executive commission, has expressed his belief that the future of Cuba will inevitably be annexation to the United States. This, he said, is the natural outcome of recent events. He says: "The desire for independence has never been stronger among the Cuban people than at present. Our feeling in this respect is unshaken, and the country, I believe, is with us. At the same time we recognize that annexation to the United States is inevitable. We believe it will come naturally; that it will be by the almost unanimous wish of the people, and that the time will not be long before this wish is expressed."

A Fleishy Consumptive

Did you ever see one? Did you ever hear of one? Most certainly not. Consumption is a disease that invariably causes loss of flesh.

If you are light in weight, even if your cough is only a slight one, you should certainly take

Scott's Emulsion

of cod liver oil with hypophosphites. No remedy is such a perfect preventive to consumption. Just the moment your throat begins to weaken and you find you are losing flesh, you should begin to take it. And no other remedy has cured so many cases of consumption. Unless you are far advanced with this disease, Scott's Emulsion will hold every inducement to you for a perfect cure.

Peace Commissioners Proceeding With Their Labors Without Serious Differences of Opinion—Canada and Uncle Sam Making Mutual Concessions.

Peace Commission Completing the Work.

The peace commissioners at Paris are rapidly completing their work on the treaty. There were 13 articles laid before the commissioners for the drafting of the formal treaty, covering the following subjects:

- 1. The relinquishment of sovereignty over and claim of title to Cuba. 2. The cession of Porto Rico and other Spanish possessions in the West Indies, together with Guam in the Ladronees. 3. Cession of the Philippines. 4. The terms of the evacuation of the Philippines. 5. Pledge of the U. S. to preserve order in the Philippines pending the ratification of the treaty. 6. Release of military prisoners. 7. Cession by Spain of Land of Kussae, or Strong Island, in the Carolines. 8. Mutual relinquishment of indemnity claims. 9. Religious freedom of the Carolines, assuring the rights of American missionaries there. 10. Cable landing rights at points within the Spanish jurisdiction. 11. Release by Spain of political prisoners for offenses in Cuba and the Philippines. 12. The pledge of the U. S. to inaugurate in the Philippines an "open door" policy and to guarantee the same to Spain for at least 12 years. 13. A revival of the treaties broken by the war.

The first three articles were mutually agreed upon in one day's sitting, as was also the article embodying the terms of the evacuation of the Philippines, which will be practically the same as in the evacuation of Cuba and Porto Rico. The mutual release of military prisoners was agreed upon, Spain liberating the rebel prisoners and the United States liberating the Manila garrison and the Spaniards held by Aguinaldo. The political prisoners to be released by Spain are such as are now in exile at Ceuta, in Morocco, or at other Spanish penal settlements.

Spain Alarmed at Carlist Activity.

Madrid: Senor Sagasta, who has hitherto been skeptical on the point, now admits that Carlism is the greatest existing danger to Spain. The authorities are seriously alarmed at the indications of an imminent rising. The Carlist plans have been elaborately devised, even to the extent of appointing a governor of Madrid. Don Carlos, in his forthcoming manifesto, will make a strong appeal to the army. Lieut.-Gen. Correa, minister of war, declares that the government has 140,000 troops in readiness to take the field in the event of a Carlist rising and will soon have 200,000 available. He says, however, he does not believe that the Carlists intend to move yet.

Rome: The pope has been so alarmed by the news that, with the consent of the queen regent, and with a view of avoiding bloodshed, he has opened negotiations with Don Carlos, proposing that Don Jaime, the pretender's son, should marry Princess Mary of Asturias.

An Understanding on Lake Questions.

Reports from Washington say the U. S.-Canadian commissioners have reached an understanding on questions relative to the Great lakes. The main points of dispute as to the lakes related to the fisheries and the maintenance and building of warships on the inland waters. As to the lake fisheries it is understood that the agreement contemplates a joint regulation for a closed season, size of nets, etc. Concerning the building and maintenance of armed vessels, it is understood that each side has been willing to grant concessions, and that the present regulation will be considerably modified. The Canadians recognized the fact that Uncle Sam was correct in his contention that his vessels representing 1,500,000 tonnage required greater protection than that of Canada representing 100,000 tonnage.

Blanco Returns to Spain.

Blanco, the last Spanish captain-general to rule Cuba, has returned to his native Spain. There was no demonstration at his departure from Havana; in fact only those visited him to say adieu whose military duty compelled them to do so and instead of the comforting words of friends only bitter vituperation is now heard from his erstwhile associates who openly denounce him as being responsible for the disasters which came to Spain in the latter days of her attempt to rule the island. He is openly accused of weakness and lack of character. He is made responsible for the reverses of the campaign and the final result of the war, as the corrupt instrument of the corrupt and unprincipled few who rule Spain.

The cruiser New York sailed for Havana, where Admiral Sampson will go aboard and hoist his flag and will resume his duties as commander of the North Atlantic squadron.

It has practically been decided by Secretary Alger to make a large reduction in the army of occupation for Cuba and Porto Rico. The army which will be sent to Cuba will consist of about 30,000 men, which is a reduction of nearly half the force originally provided for. This army will be made up almost entirely of regulars. At present there are about 7,000 troops in Porto Rico, all of whom are regulars except two regiments which have been ordered to return to this country.

The queen regent of Spain has been decorated with the insignia of the grand cross of the Legion of Honor of France.

Something for the New Year.

The world-renowned success of Hostetter's Stomach Bitters, and their continued popularity for near half a century as a stomachic, is scarcely more wonderful than the welcome that greets Hostetter's Almanac. This medical treatise is published by the Hostetter Company, Pittsburgh, Pa., under their own immediate supervision, employing sixty hands in that department. The issue of same for 1899 will be over eleven millions, printed in nine languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters. The Almanac for 1899 can be obtained, free of cost, from druggists and general country dealers in all parts of the country.

Every family should have its household medicine chest—and the first bottle in it should be Dr. Wood's Norway Pine Syrup. Nature's remedy for coughs and colds.

A NECTAR FOR THE GODS, A BLESSING TO MANKIND

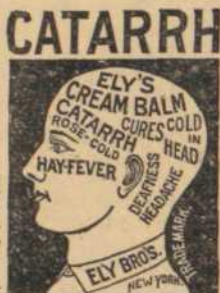

Biliousness, weak stomachs, debility and a vast number of other ills, are directly traceable to the constant use of coffee. Yet coffee is dear to many. To a coffee cursed people there is a gleam of light and encouragement in "Golden Nectar," a perfect substitute for coffee in aroma, taste and color. Science has turned the healthful grains of the fields into a beverage, which when brewed and served, cannot be distinguished from the purest coffee.

Connoisseurs pronounce it the only perfect substitute for coffee. GOLDEN NECTAR, aside from being a rich, royal beverage, is a health giving tonic, adding lustre to the eyes, beauty to the complexion and strength to the general system. Contrast this with the debilitating effect of coffee drinking. GOLDEN NECTAR is superseding coffee in thousands of families. It only needs a trial. Ask your grocer for GOLDEN NECTAR, the great coffee substitute. MICHIGAN PURE FOOD COMPANY Kalamazoo, Mich.

# PAINÉ'S CELERY COMPOUND

## United States Senator Tabor Says That It Should Now be Used.

Formerly U. S. Senator.

Recent events showed that a camp is more dangerous than a battle. Not only in the army, but in ordinary life, more lives are lost by a needless disregard of the beginnings of poor health than by all other causes combined.

Dyspepsia or nervousness is absolutely inexcusable now. There is no more reason for a man or woman eating with poor appetite or sleeping poorly or suffering continually from neuralgia or rheumatism today than there is of his or her going without the necessities of life.

Every candid person who has dragged along, under the depressing effects of nerve and brain exhaustion, needs to take to heart the words of such unbiased persons as Senator Tabor, who cannot afford to attach their guarantee to anything they have not themselves investigated.

Denver, Col., Sept. 20, 1898. Messrs. Wells, Richardson & Co., Burlington, Vt.—I heartily recommend your Paine's celery compound.

It is the one remedy which shall be widely used. I have used it, and I therefore know whereof I speak. Very truly yours,

N. A. W. TABOR,

Do you suffer from insomnia? Are you one of those much-to-be-pitied individuals who wrestle with the pillow through the long hours of the night and rise in the morning with haggard features and hollow eyes? If so, take advantage of the remarkable power of this greatest of all remedies for restoring strength.

Paine's celery compound calms and equalizes all the nervous tissues and induces the body to take on solid flesh.

Nervous debility causes timidity, depression, and lack of confidence in the struggle of life; whereas plenty of nervous force, insures self-reliance, enterprise and prosperity. In untold number of cases of lack of success can easily be traced to a simple lack of nerve force.

There is no better foundation for permanent good health, or a better preparation for coping with the hard work and taxing strain of life than rich, red, pure blood and plenty of it, acquired by use of Paine's celery compound.

Physicians recognize Paine's celery compound as the one scientific remedy for restoring health and strength to the worn-out system.

### ... A WISE MAN ...

is often at a loss to know what is appropriate as a Christmas present to

### CHRISTIAN HOME.

Herein consists the excellency and very essence of religion; in exalting the soul, in drawing it back from mixing with the world and bringing it into subjection under GOD, the first and only good; in uniting it to its proper object in making that which was the breath of GOD breathe nothing but GOD into the soul. The beautiful GENUINE steel engraving,

### THE HOLY FAMILY

breathes GOD into the soul of every true Christian and breathes Religion into every Christian home. In size it is 2 1/2x3 1/2 inches, and represents the HOLY VIRGIN holding our LORD JESUS in her arms, while JOHN, THE BAPTIST, is kneeling by her side, holding the emblem of man's salvation—the CROSS. In the background are the Valley of Hebron, the Temple and the City of Jerusalem; Palms, Cedars and Holy Land Scenery surround the whole.

The picture is engraved after the world-known painting by Raffaele, on heavy white cardboard. To engrave the steelplate for this magnificent picture has cost the sum of \$3100.00, and the time to execute the same exceeded eleven months. No Catholic home should be without this piece of art. It has done more towards advancing the Catholic Church and the Christian Religion than any other publication of its kind. The picture is endorsed and recommended by the Catholic Press in every country, and can be found in a conspicuous place at the home of His Eminence James Cardinal Gibbons, Archbishop of Baltimore, Md., Cardinal Manning of London, England, Johannes Cardinal Simeoni of Rome, and many others.

OVER 300,000 HAVE BEEN SOLD.

GUARANTEED THE ONLY GENUINE STEEL ENGRAVING ON THE SUBJECT.

The receipt of the engraving has been acknowledged by thousands of people with letters of compliments and thanks to the publisher.

10,000 Testimonials upon application.

The price of the engraving is now placed within the reach of everybody, though dealers in engravings have sold them as high as \$16 per copy, and hundreds of thousands have been sold at MANY TIMES THE PRICE NOW Upon receipt of only TWO DOLLARS it will be sent by express, postpaid, to any address. ### A HOME DEPARTMENT

DISCUSSING SUBJECTS OF INTEREST TO THE FAMILY OR THE INDIVIDUAL.

Edited by Mary Wood-Allen, M. D., Ann Arbor, Mich.

#### CHRISTMAS GIVING.

The mysterious Christmas atmosphere begins to be felt. There are wondrous hidings of parcels; sudden starts of bewilderment at the unexpected appearance of various members of the family; delightful conferences from which certain people are shut out; unexplained absences from the home circle and seclusions in private apartments; so we all know that Christmas is coming. A prophecy of its near appearance is seen in the household papers that are beginning to publish directions for the making of a multitude of articles suitable for Christmas gifts. We must fall into line, hence this timely article on Christmas giving.

I know just exactly what to give. I can advise you so that you will give to all the very thing they want more than anything else, and you'll be sure to get in return that which you most desire.

That doesn't always follow you know. I have seen people spend days or even weeks making an elaborate and expensive gift for some one from whom they expected something even finer in return and perhaps received nothing, or at best some little inexpensive article which to them had no value and which perhaps was thrown away in disgust.

If you will follow my directions you'll never meet with this disappointment, for no matter what you receive, the joy of giving will more than over-balance the feelings aroused by the return you meet.

In the first place in order to experience the full Christmas joy we must think only of what we will give, not at all of what we may receive. We must give, first of all, to those who are nearest and not merely to strangers. We must give bountifully, not skimpily; we must give cheerfully, not grudgingly.

Let us think for a moment what God gives us and then we will be ready to comprehend how and what we must give. Enumerate your gifts; home, parents, children, health, shelter, food, intellect, friends, sight, hearing, appetite, books, opportunity and strength to work and somebody to work for—Oh, if I catalogued them all I'd have no room for anything else, but it wouldn't hurt you to write them down and look at them and then think "What can I give in return?"

Christ, whose birth this day celebrates, gave himself in deeds of love, pity, helpfulness, encouragement, and we can do the same. No one is too small or insignificant to give something to the home. The helpless baby cooling and tossing his aimless hands about gives his sweetest and his best, and in return receives love and care.

I once saw a discontented fault-finding atmosphere at the breakfast table wholly changed by the appearance of a happy little child who with bright face and neat dress came running in saying a cheery, "Dood morain," to all. The morning had not been good, but it at once became so.

It is a pity that we do not make each day good by our friendly greetings in the home circle. It seems very hard for some people to be courteous to those whom they love best. I read the other day of a wicked man who was converted, and who asked his pastor what he should do to show his love for his Savior. "Say good morning to your wife and to your children one by one every morning. When you go to work kiss your wife and children goodbye."

The man hung his head sheepishly, and after a silence said, "Well, parson, I guess I kin manage to kiss the children, but it will be work of grace to kiss the old woman. But maybe the Lord will help me."

It was not that the wife was old or repulsive, it was only that it had been so long since he had shown her such attention that he felt awkward in making the attempt. But he manfully did it, and the result completely astonished him. The wife, who had seemed cold, harsh and unloving, broke down and wept at the gift of a kiss from her husband.

Now I do not think that all the neglect of home courtesies is the husband's fault. There are wives who have forgotten how to show affection, who are courteous to others but not lavish of politeness at home.

There are children who do not think it worth while to greet their parents with a fond good morning, though they would never be remiss in their attention to stranger guests.

I was once a guest in what I at first

thought to be a humble home. I afterwards knew it as a palace of delight. I had seen the only son, a young man of twenty, on the first evening and thought him only common place. Just after we sat down to breakfast the next morning he came in saying courteously, "You must pardon my being late, Mother, I overslept myself a little." And he stooped and kissed her. Then he went around the table and—will you believe it, he shook hands with and kissed his father, yes he actually did—and then he offered me his hand with a kindly inquiry after my health. I tell you friends I wondered how I could ever have thought him commonplace, for really he was about the handsomest boy I ever saw. How the courtesy of that home glorified everything in it. Father and mother were polite to each other and, rarest thing of all they were polite to the son and that was how he had learned politeness.

I have only space to suggest but you can fill in the outline. Let us begin at once to prepare for Christmas by giving our best to our own Inglenook and then don't let us cease when Christmas day is past.

The duchess of Marlborough (Consuelo Vanderbilt) will officiate at the launching the new British battleship Irresistible. The American flag will float alongside the Union Jack.

Gen. Lord Kitchener, the Egyptian sirdar, is urging the British people to subscribe \$300,000 to found and maintain the Gordon memorial college at Khartoum, to educate the Soudanese.

Deputy Sheriff John Wasmock of Birmingham, Ala., was shot and killed by Will Goldston, a Negro murderer sent up for life from Autauga county, and recently escaped from a convict camp in that county.

Ex-Queen Liliuokalani, of Hawaii, is in Washington urging President McKinley to recognize her claim to 1,000,000 acres of crown lands in Hawaii. She offers to sell the land to the U. S. government for \$6,000,000.

One of the boilers of the river steamer T. C. Walker, running between San Francisco and Stockton, Cal., blew out near Stockton, killing five persons, dangerously wounding 11 persons, while probably 20 were more or less badly hurt.

The news that a detachment of the 25th U. S. infantry (colored) was to be stationed at Fort Logan H. Root, at Little Rock, Ark., has created a sensation there and trouble is sure to follow the advent of the Negro troops as occupants of that post.

For the first time within the recollection of lumber dealers the government has appeared in the market as a buyer. The quartermaster's department has been at work getting bids for 40,000,000 feet of coarse lumber for use in Cuba, Porto Rico and the Philippines.

The energetic action of Oscar S. Straus, the U. S. minister, has obtained a concession from the sultan of Turkey which the united powers have been for 10 months endeavoring to secure, namely, the granting of traveling permits to foreigners in the interior of Asia Minor.

By carelessness in handling powder and cartridges stored in a private house at Havana a tremendous explosion occurred which killed 12 persons and injured about 25 others, some of whom will die. The dead and injured are mostly boys and girls who were employed in the work.

The big battleship Wisconsin was launched at San Francisco with much ceremony. The effect of the event was somewhat spoiled by the vessel shooting across the channel and sticking hard and fast in the mud flats so that a channel will have to be dredged around her to float her.

The first American soldiers to camp at Havana were four companies of the Second volunteer engineers under Gen. Greene, which sailed from Tampa on the transport Florida and landed at Marianao wharf. With colors flying the companies marched two miles to their camping grounds.

It is reported that Emperor Menelik of Abyssinia is advancing on the rebels of Boru-Media with 100,000 men and a numerous train of artillery. It is believed that the objective of the Negus is the Bahr-El-Gazal basin and he will attempt to force a definite boundary settlement from Great Britain.

There is much talk at Washington of increasing the standing army to 100,000 men. The plan most generally favored is for a regular standing army of 75,000 men and a provisional army of 25,000 men to be made up largely of the natives of the islands where the U. S. troops must do garrison duty. Secretary Alger favors increasing the pay of private soldiers, which is now \$13 a month.

SPEAKING of the motion to have the case of Judson against THE REGISTER for \$10,000 libel put over until next term THE ARGUS says: "It is evident that the defendants do not want to try the case while Judson is Sheriff." While that is not the only reason the case was continued, and in fact was not one of the reasons mentioned in the motion to have the case put over, it is of itself a sufficient reason why the case should not be tried this term. There are probably not five members of the present jury who have not very fixed ideas as to whether or not THE REGISTER has libeled Judson, hence are disqualified to act as jurors. The only method left to secure other jurors to make up the jury is for the sheriff to select talesmen. In other words, one of the parties to the case would have had the job of selecting the jury. THE REGISTER would seriously object to such a state of affairs, especially when it is the other party to the case.

CONGRESS IS IN SESSION.

Lawmakers of the United States Meet at Washington.

IMPORTANT MEETING BEGINS.

With the Prestige of a Successful War, Began and Completed Within Their Term of Office, Congressmen Meet in Complacence.

Washington, Dec. 5.—Congress reassembled today under circumstances of unusual public interest. The same congress, six months ago, declared war against Spain, and now, with the war fought and won, it came together again for the first legislative consideration of the questions developed by the eventful months just past.

The spirit of the occasion was not, however, one of immediate expectancy, for the few months left to the existence of the Fifty-fifth congress gave promise of little more than a beginning on the momentous policies and problem growing out of the war.

As usual, all Washington turned its attention to the capitol for that gala event which marks the opening day of a session. The weather imposed no barriers, for the hurricane of yesterday gave way to clearing skies and balmy air.

Long before the noon hour, when the senate and house began their work, the corridors were filled with surging crowds, centering in the rotunda and statutory hall, and pushing toward the private galleries. No evidences remained of the explosion and fire which recently ravaged the building.

By 11 o'clock the leaders began to make their appearance, and the public galleries filled rapidly.

Exactly at noon Speaker Reed's gavel came down with a sharp crack, the great ebony mace entwined with silver and surmounted by a silver eagle, was lifted into place upon its green marble pedestal, the spreading folds of American flags were broken to the breeze about the brilliant stained-glass ceiling, and the house of representatives entered upon the closing session of the memorable war congress. The scene within the great hall was animated, brilliant, and picturesque.

The sea of desks within the brass rails which cut off the lobbies, spreading in semi-circular lines from the speaker's rostrum like waves from a center were veritable flower-garden, a majority of members were in their place, while about the encircling galleries were banked to the doors with people.

Even the private galleries were crowded an hour before the hour of convening. And they contained many distinguished in social and official life. The dainty creations of the milliner's art and brilliantly superb gowns gave color to the picture. Here and there throughout the throng was an officer in full uniform, an unwonted figure on the floor and a vivid reminder of the war.

The floral tributes which the scurrying pages bore into the hall and desks of those for whom they were destined were much more numerous than usual. Some of them were of gigantic size, completely concealing the recipients.

There were huge baskets of roses, anchors, horseshoes, and floral pieces of many designs.

On the opening hours of the last session of the memorable Fifty-fifth congress the senate chamber presented an animated scene. The galleries were filled early, many of the spectators being visitors to Washington, who had embraced the opportunity to witness a congressional opening.

On the senate floor the scene presented was unusually brilliant. The desks of the members were loaded with magnificent specimens of the florists' art.

Nothing more beautiful or elaborate in floral displays has been seen in the senate for many years.

Mr. Morgan of Alabama was the first senator to enter the chamber, and closely following him came the octogenarian, Mr. Morrill of Vermont. One by one the members dropped into the chamber and the floor very soon presented a scene as animated as that afforded by the galleries.

so assured that this concert will surely prove to be a rare treat.

V. March 50, 1898.—Frederick Archer, Organist.

Mr. Archer is one of the greatest living concert organists. He is at present organist of Carnegie Music Hall, Pittsburgh. The large concert hall in that hall was modeled after the Columbian Organ, and his familiarity with the instrument ensures a magnificent recital. That such a concert will prove enjoyable is shown by the enthusiasm displayed at the Guilman Recital last year.

Endorsed by the Governor

West Virginia's chief magistrate recommends Pe-ru-na, the National Catarrh Remedy and Nerve Tonic.

REPRESENTATIVE MEN

are slow to speak for publication. This is because their influence is so great. The endorsement of Governors, Senators and Congressmen guarantees merit. Public words of praise from such prominent officials must be based on positive knowledge. The recognition which the catarrh remedy Pe-ru-na is constantly receiving by men of national fame is very gratifying. Among recent letters from persons of eminence is the following from Governor Atkinson of West Virginia. The governor says:

Gov. G. W. ATKINSON of West Virginia.

CHARLESTON, West Va., March 9, 1898. The Pe-ru-na Medicine Co., Columbus, O. GENTLEMEN:—I can recommend your prescription Pe-ru-na as a tonic. Its reputation as a cure for catarrh is excellent, it having been used by a number of people known to me with the very best results. Very truly, Gov. G. W. ATKINSON.

Catarrh is the national disease. Not an American family is free from it. The search for relief and cure is constant. Experiments of all kinds are continually made without result for good. Ignorance of the causes and nature of catarrh is universal. Catarrh is elusive, persistent, penetrating. It may exist in any organ of the body. For this national malady there exists the national scientific remedy Pe-ru-na which for forty years has been doing a grand work.

Pe-ru-na is the unflinching foe of catarrh and overcomes it wherever it may exist. It is the prescription of Dr. Hartman, President of the Surgical Hotel, Columbus, O., who gives personal attention, without charge, to a voluminous correspondence on the subject of catarrhal diseases. Dr. Hartman's books on catarrh are mailed on application. All druggists sell Pe-ru-na.

Ask any druggist for a free Pe-ru-na Almanac for the year 1898.

STONY CREEK

Mrs. Kellogg, of Texas, is visiting friends and relatives in this vicinity. Mrs. George Mc Joe and children of Hudson, are spending a few weeks with her parents Mr. and Mrs. W. Barr. The social at Mrs. Crittenden's was well attended and a pleasant evening was passed. Mr. and Mrs. N. E. Crittenden have returned from Jackson. Mr. Andrew Miller is spending the week with his mother in Superior. There will be a shadow social at the Misses Munzay's Friday evening Dec. 16. All are invited. A Lady's Aid has been organized in the Presbyterian society. The meetings will come on the first Wednesday of each month. The next will come at Mrs. James Lowder's Nov. 4. Mrs. Richard Hobson is no better.

MANCHESTER.

Bert Lowry, who attends business college in Adrian, came home to spend Sunday. Miss Stein, of Detroit, accompanied her brother, Dr. M. F. Stein, here last week and was a guest at Postmaster Bailey's. Miss Nettie Logan and Miss Maude Goodell called on Clinton friends Saturday afternoon. Mrs. T. B. Bailey and Miss Ann Ette Kingsley spent Thursday at Chelsea. Rev. Merrifield filled the pulpit of the Concord Universalist church a week ago Sunday and, with his wife, spent last week there visiting friends. About 30 bright stars from this town journeyed to their sister village Brooklyn last Friday evening and were cordially welcomed by the home stars, and served to a beautiful repast after which the officers of Manchester O. E. S. exemplified the work of the lodge in a very satisfactory manner, all went well as the parting hour arrived and the Brooklynites watched the last one of their neighbors disappear down the "milky way"—but when over half the journey had been traversed, one brother's horse became frightened at a falling meteor and in some dreadful way sprained his ankle, hence the occupants of that carriage plodded their weary way homeward in the wee small hours of the morning. While the other more fortunate ones were slumbering and dreaming of those good things they ate at Brooklyn, but nevertheless, despite the accidents that sometimes happen, the stars are all ready to make another pilgrimage. On Tuesday last occurred the death of Jacob Miller an old resident here. He has for some time been troubled with different ailments, but failed rapidly during the past four weeks. The funeral was held on Friday. Fred Dowling, an industrious boy, more generally known as "Doc" and living with his mother in the east part of town, was stricken with symptoms of insanity a week ago, soon became so violent as to require forcible attention. At present writing it is not thought he will live but a few days.

A World's Tribute.

America Leads the Nations in the March of Progress.

Among the wonders of the World's Columbian Fair the grandest was the exhibit of American products. The Exhibition was, in this respect, an object lesson of the grandeur and glory of the Republic. Among the exhibits from the United States no article of its class stood so high as

Dr. Price's Cream Baking Powder.

The Chief Chemist of the Agricultural department at Washington, backed by an intelligent jury at the Exposition, found it strongest in leavening power, peerless in its purity and beyond comparison in uniform excellence.

Received Highest Award At the World's Fair.

The award is a matter of official record. Nothing could settle so decisively the immeasurable superiority of Dr. Price's over all other powders as the great honor bestowed at Chicago.

Pros. F. W. Kelsey will speak at the meeting of the city Y. M. C. A. Sunday, Dec. 11, 2:45 p. m. All men are invited to come and hear him. Special music will be provided for.

At the annual business meeting of the Young Men's Christian Association Tuesday evening, the following directors were elected: Eugene S. Gilmore, Geo. G. Stimson, F. M. Hamilton, W. B. Phillips and Fred. C. Weinberg. The new board will meet Thursday evening Dec. 11, 9 p. m. for the purpose of organizing and the election of officers for the ensuing year.

The editor of the Petersburg Sun has been down and up with rheumatism for two or three weeks, and he don't have any fun at all. He ought to take time now and read the various medicine ads in the Sun, warranted to cure rheumatism and make the proprietors prove that their claims are true. An editor can't write newspaper matter while rheumatism is having a cake walk in all sections of his anatomy, and a nominating convention in every joint. Not much.—Adrian Press.

The storm last Sunday night was one of the worst that Michigan has experienced in ten years. Following a heavy snow there was a considerable rain fall which so weighted telegraph and telephone poles with ice that they went down all over the state. Railroads were also badly blocked for a short time.

Judge Harriman will lead the discussion at the Congregational church immediately after the morning service next Sunday upon the question, "Are we justified in sending millions of money to the heathen in foreign countries for the purpose of converting them to christianity when millions of people in our own country are spiritually dying for want of the same care and teaching?"

When a tradesman adheres to the cash system so strictly that he will not trust his bondsman, who went his bonds to the extent of \$15,000, for a small amount of meat, and when the bondsman approves of his action, it begins to be in evidence that the world is moving forward toward strict integrity in business. Such a case has happened in this city during the past week.—Times.

Dr. F. G. Novy will give a talk upon his trip to Russia, dwelling particularly upon his visit to the fair at Nijni Novgorod, at the Ladies Library on E. Huron st., Monday afternoon, Dec. 12, at 4 o'clock. Admission 25c. Dr. Novy's reputation as a lecturer together with his peculiarly interesting subject insures an exceptionally pleasant occasion. A cordial invitation is extended to all.

Catherine C. Reichert, of Scio, has filed a bill for divorce against her husband, John George Reichert. They were married in 1881 and she alleges that they lived happily together until four years ago, when the defendant's sister, Mrs. Mary Frey, moved near them.—Then, she says, trouble commenced. She says her husband called her unchaste and in September last started proceedings in the probate court to have her sent to an insane asylum, but these proceedings were defeated.

Hood's Sarsaparilla Cures nervousness, Dyspepsia, rheumatism, Catarrh, scrofula, And all forms of Impure blood.

The report of the county treasurer upon the liquor licenses issued during the past year, which report appears in another part of this paper, shows that there are 69 saloons and five breweries in Washtenaw county. They are located as follows: Ann Arbor, 33; Ypsilanti, 11; Chelsea, 5; Saline, 3; Dexter, 4; Manchester, 8; Whitmore Lake, 1; Milan, 2; Lodi, 1; Bridgewater, 1; The total tax paid is \$34,325. The county and state each gets one-half.

A man's health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia—kidney disease—rheumatism—consumption—skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood. Send 21 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Advisor. Address, World's Dispensary Medical Association, Buffalo, N. Y.

**PARSNIP COMPLEXION.**  
It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it. A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor. When these symptoms are present, no time should be lost in removing the cause. Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments or may run into Bright's Disease, the most dangerous stage of kidney trouble. Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it. However, if you prefer to first test its wonderful merits, mention The Register and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

AMONG OUR NEIGHBORS.

CHelsea HERALD. Died, at Detroit, Nov. 29th, 1895, Mr. Stephen Chase, aged about 24 years. The remains were brought to Chelsea, and the funeral was held from the Baptist Church this forenoon. Mr. Thomas Kelly, an old and respected resident of Chelsea, died suddenly, Friday, Nov. 25th, 1895. Mr. Kelly had been in poor health for some time, but his condition was not alarming. His funeral was held from St. Mary's church, Chelsea, last Monday morning at ten o'clock.

MANCHESTER ENTERPRISE. Supervisor Burtless circulated a petition among our business men and residents of the village, asking the Lake Shore railway company to build a new depot building in this village. If the company will comply to the request with reasonable promptness, they might send the old station to the Paris exposition in 1900. We are positive they would get a medal, as it is a wretched, dirty, dingy and uncomfortable place.

MILAN LEADER. Our produce dealer, F. Hill, bought last week for the Thanksgiving trade and shipped to Detroit 124 crates and two barrels of poultry, in all 17,850 pounds. Our council at its meeting Wednesday night tabled the proposition to light the streets of this village with electricity. So the citizens will have to carry lanterns on dark nights as in the past.

SALINE OBSERVER. The old Presbyterian church has become a thing of the past. The society bid it farewell Sunday night. Mr. and Mrs. S. R. Crittenden returned Monday from a weeks visit with Prof. and Mrs. E. D. Walker at Bluffton, Ind. Bert Derendinger is a happy boy. Wednesday noon he received the documents that make him once more a free citizen. He unhesitatingly bid farewell to the 31st Michigan Volunteers and again dons the clothing of a citizen.

YPSILANTI SENTINEL. Detroit papers state that the trial of Ascher for the murder of V. C. Nichols will begin about December 12.

O. Westfall & son of this city and J. White of Saline have purchased the livery business of C. Y. Yost, who will retire. A dancing party will be given by the Modern Woodmen, at Follett Hall, Thursday evening, December 15. R. H. Brabb, of Marlette, Mich., has leased C. S. Wortley's new store on the south side of Congress street, and will open a jewelry establishment.

Tuesday morning, Mrs. A. C. Fingerle fell on an icy walk and broke her left leg just above the ankle, badly injuring the ankle itself. Mrs. Fingerle will be practically helpless for the winter. The item regarding the purchase of an interest in the Commercial by Mr. Gregg, on our last page, is premature. Mr. Monroe informs us that no change in ownership has been made.

Early Saturday morning smoke was discovered issuing from J. H. Lepper's barn in rear of the Hawkins House. The smoldering fire which caused it was located at the bottom of the hay mow and extinguished before any serious damage was done. Its cause was not ascertained. The fire was fortunately confined and without draft or the consequences might have been serious.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer. "I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S., which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off. Ten years have elapsed, and not a sign of the disease has returned." R. F. WILLIAMS, Gillsburg, Miss.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer. A substance resembling yellow ochre accumulates under the salt tanks in the salt works over the state and has always been considered worthless, but is now being used for painting houses, barns, etc. It is fire-proof, and also preserves the wood. There are thousands of tons of it in the state which have been regarded as a waste heretofore.

DEXTER LEADER.

Geo. Weston, a former Dexter boy, now a resident of La Moure, North Dakota, was elected Register of Deeds of La Moure county at the recent election. His majority was 134. George has many friends here who are pleased to hear of his success.

Four carloads of telephone poles for the New State Telephone Company have been received at this station. It is expected that the line will be completed to Jackson via Dexter, shortly. The office will be in Dr. Honey's drug-store.

Rev. Mr. Hicks recently found growing in his back yard a large, coarse, strange looking plant which proved, on examination to be a specimen of milk thistle, or as known to botanists, Silybum Marianum. This is an interesting discovery since the plant is new to the Michigan flora. It is abundant in some parts of California but has been only sparingly introduced into the eastern states. In Spain and some other parts of Europe it is very common. Perhaps the "Dagoes" are trying to get even with Uncle Sam by sending their worst weeds over to our shores.

DR. WURTH'S OPINION.

OF THE NEW DISCOVERY IN MEDICINE.

A Remarkably Successful Remedy for Dyspepsia, Indigestion and Stomach Troubles.

Dr. Wurth in commenting on recent discoveries in medicine said: There is none which is certain to be so valuable and far reaching in benefit as Stuart's Dyspepsia Tablets, the new stomach remedy; I say far reaching, because people little realize how important a sound stomach and vigorous digestion is to every man, woman and child.

Indigestion is the starting point of consumption, heart disease, Bright's disease, diabetes, nervous prostration, liver troubles; why is this so? Simply because every nerve, muscle and tissue in our bodies is created and nourished from the food we eat. If that food is, by reason of a weak stomach, compelled to lie for hours, a sour, fermenting mass of half digested food, it poisons the blood and nervous system, creates gas which distends the stomach and bowels, causing pressure on the heart, lungs and other organs, and seriously impeding their action.

He says further, the point to direct attention is not the nerves, nor heart, nor lungs, nor kidneys, but the stomach the first cause of all the mischief.

The remedy to use for indigestion and weak stomachs is not some cathartic, but a remedy which will digest the food, increase the flow of gastric juice, absorb the gases, and Stuart's Dyspepsia Tablets will accomplish exactly this result in any case of stomach trouble, because these tablets are composed of the digestive acids, aseptic pepsin, Golden Seal and bismuth, pleasant to taste, and not being a patent medicine, can be used by anyone with perfect safety. I believe Stuart's Dyspepsia Tablets will cure any form of indigestion and stomach trouble except cancer of stomach.

Full size package of Stuart's Dyspepsia Tablets are sold by druggists at 50 cents or by mail from F. A. Stuart Co., Marshall, Mich. A book on stomach diseases together with thousands of testimonials will be sent by addressing above or call on your druggist for them.

SPEAK OUT.

The Search Light of Publicity is Pleasing Ann Arbor People.

Publicity is what the people want. Let the public speak on the subject. There has been too much claim—too little proof, claims endorsed by Strangers are not proof, there is only one kind of proof for an Ann Arbor citizen; the experience of People we know; when friends and Neighbors endorse; make public Statement of their case; there can be no question about such evidence. This is the proof we have which backs every box of Doan's Kidney Pills, no other kidney pills, no other Kidney remedy can produce such Proof, here is one case of the many we have.

Mr. Edwin Woolley, of 618 Fountain st., carpenter and contractor, says: "I have been subject for years to attacks of backache or pains through my loins and kidneys, generally of a constant, heavy aching nature. If I did any work which required stooping it was very painful. A cold or any exposure always affected me. I could not rest well nights and in the mornings felt as tired as when I went to bed. I tried different remedies but they did not do me much good. Seeing Doan's Kidney Pills advertised and having heard them highly spoken of I went to Eberbach & Son's drug store and got a box. My back was troubling me a good deal at the time and I began using them. The first few doses made me feel better and in a short time I was thoroughly relieved and have had no trouble since. I recommend Doan's Kidney Pills very highly."

For sale by all dealers, price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

HAVE YOU GOT TROUBLE OF YOUR OWN?

If Not, Listen to Others' Troubles—If You Have, See if Your Trouble is Like Other People's Troubles.

There are some kinds of trouble that are unavoidable. Then again there is trouble that is easily avoided if you know how to do it. Here is a true statement of Mrs. M. Langton of 2021 Hanna St., Logansport, Ind., telling of her trouble and how she got entirely over it. She says: "I am well aware everyone has trouble without listening to mine, but I hope by telling mine I shall instruct others how to avoid theirs."

For ten years at least I have had more trouble with my back than can well be expressed on paper. It began with 'Kidney Backache.' I paid little attention to it at first, but I see now where I made the mistake. The trouble increased and urinary disturbances followed. The urine was excessive in quantity, highly colored and of a strong odor and contained so much acid as to cause a burning sensation in its passage. Then I had sharp, shooting pains and swelling of the limbs which became very painful. For the past five or six years several doctors have treated me for my trouble without arresting the progress of the disease. They knew what the trouble was and pronounced it kidney complaint. One doctor said he could do nothing for me and advised me to make my will. When I arrived at this stage I became anxious to try any and everything I could hear about. Some time ago I read about and tried Morrow's Kid-ne-oids. The recommendations were so high that I procured and used them strictly according to directions. After the first box was used I grew less nervous, and I rested well at night which is something I had not experienced for months. I am now on the third box and the help has been so great that I am glad to continue using them, believing that I have found a genuine cure. With all indications I shall soon be well. I desire all my friends to write to me and learn more about the wonderful remedy, Morrow's Kid-ne-oids.

This statement is convincing enough for the worst skeptic in Ann Arbor. Write to Mrs. Langton and see for yourself. Kid-ne-oids are yellow tablets (not pills) and are sold by all first class druggists and at A. E. Mummary's drug store at 50 cts. a box. Accept no remedy "just as good" for there is none. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

MICHIGAN NEWS SUMMARY.

Doings of the Week Recorded in a Brief Style.

CONCISE AND INTERESTING.

Sugar Beet Contracts Being Made With Farmers Which are Not According to the Bounty Law—A Severe Snow Storm Causes Much Loss.

About Sugar Beet Contracts. Land Commissioner French, who is charged with the enforcement of the beet sugar law passed by the legislature of 1897, finds that contracts which parties are making with the farmers of Monroe and Oakland and adjoining counties, for the growing of sugar beets, are not according to that law, which offers a bounty of one cent a pound upon all sugar manufactured in Michigan from beets grown in the state. That law provides that "the manufacturer shall produce good and sufficient receipts and vouchers to show that at least \$4 per ton of 2,000 pounds has actually been paid for all beets purchased, containing 12 per cent of sugar," and "a sum proportionate to that amount for all beets containing a greater or less per cent of sugar." The law makes no discrimination as to the co-efficient purity of beets. The same price is paid for beets with a co-efficient of purity of 75 as for those of a purity of 85, should the per cent of sugar be the same but prices set forth in the contract spoken of are on a basis of coefficient purity and are much less than the price required by law, and the state will not pay any bounty upon sugar manufactured from beets secured under such a contract and paid for accordingly. This contract also provides that farmers must accept the tests of the factory expert as final, but the law says that the state land commissioner shall appoint suitable weighmen and inspectors and assistants.

E. P. Pine Forests Disappearing. Lumbering will be an exceedingly active industry this winter in the upper peninsula of Michigan and in Marquette county; the cut of the jobbers who are already in the woods in this county will aggregate 16,700,000 feet. There are 500 men employed in the camps now established. Wages this year are the highest they have been since the panic. Lumbering operations which will be carried on in Aiger, Luce and Schoolcraft counties will be the largest in the history of the region. It is estimated by old time lumbermen that the output in those counties will exceed any previous cut by 50,000,000 feet. At this rate the already thinned forests, of which was once considered an almost inexhaustible supply of pine, will soon disappear.

Startling Finding in Election Recount. In recounting the vote for county treasurer in Saginaw some glaring errors have been turned upon which greatly affect other candidates, including those for the legislature. When the 13th ward was reached, a peculiar condition of affairs was disclosed. While the ward was entitled to 738 votes, 753 were cast. The recount according to this tally losses 39 for H. M. Schmidt, Democrat, nominee for representative from the First Saginaw district, who on the face of the returns has a majority of six over Gardner the Republican nominee. Gardner will therefore contest Schmidt's election.

In the Grip of King Storm. What was undoubtedly the worst snow storm Michigan has experienced in several years swept over the southeastern portion of the state on its way west from New York, Ohio and through Canada. Probably the greatest damage was caused by the destruction of telegraph and telephone connections and the delay of trains, many of the latter becoming stalled. At Detroit street railway business was paralyzed and over 5,000 telephones rendered useless. Telegraphic communication was cut off from the entire outside world.

Want to go to Cuba. Now that the 31st Michigan is bound for Cuba applications for enlistment are numerous. Col. Gardner has been offered two full companies of Spanish-American war veterans, one coming from Maj. Kalmbach, of Grand Rapids, of the 32d, and the other from a town in southwestern Michigan. But he can accept neither, as he is only authorized to fill the 200 vacancies in his regiment. Many boys of Michigan and Georgia regiments have already been transferred and others from mustered out troops are enlisting.

Michigan carriage makers held their first annual convention at Pontiac. The State Game association will prepare a bill to present to the state legislature for a revision of the state game laws.

Levi T. Hull, aged 69 years, for 50 years editor of the St. Joseph County Advertiser, died from nervous prostration.

L. S. Aldrich, a music dealer of Benton Harbor, has fallen heir to \$1,000,000 through the death of an aunt in Chicago.

The 31st Michigan at Knoxville is in winter quarters and as stoves have been provided the cold weather affects them but little.

Portland Went Down With 99 Souls.

The steamer Portland, of the Boston & Portland Steamship Co., which had 99 souls, including officers and crew, on board, was totally wrecked off Highland light, Cape Cod. The passengers numbered 51 and the crew 48. The entire crew and all passengers perished within a short distance of land. Within 24 hours 34 bodies had been recovered from the surf by the life-saving crew at Highland station. One body was that of a woman.

The Portland was built in Bath in 1890 and was a side-wheel steamer of 1,317 tons net burden. Her length is 230 feet, beam 42, and depth 15 feet. She was valued at \$250,000 and is fully insured.

Later.—Reports from various points on Cape Cod and thereabouts, which were delayed on account of the destruction of telegraph communication add considerable to the loss caused by the storm. Fully 30 wrecked vessels have been added to the long list and at least 12 souls perished on them. It is now certain that over 200 lives were lost in the terrible storm. The exact number of persons who were carried away from Boston by the Portland will probably never be known, as no list of passengers was retained when the vessel left, but it is the most general estimate that 120 persons—passengers and crew—were on board, and not one soul was saved.

Central American Union Tumbles.

The attempt to effect a coalition between the states of Nicaragua, Honduras and Salvador, to be conducted under a common administration and known as the United States of Central America, has failed completely. The federal organizers have formally declared the union dissolved, the three states resuming respectively absolute sovereignty. The collapse is due to the failure of the troops at Honduras, acting in behalf of the federal organizers, to suppress the outbreak in Salvador against the proposed federation and to force Salvador into the union. Gen. Tomas Regalado, the head of the revolutionary movement in Salvador has usurped the presidency and proclaimed himself chief executive of the republic of Salvador. President Gutierrez has fled.

\$1,250,000 Fire in New York.

In a blinding rainstorm the massive block of buildings on Broadway, Nos. 253 to 259, between Murray and Warren streets, New York City, was almost destroyed by fire, which began in the five-story brick building occupied by the men's furnishing firm of Rogers, Peet & Co., on the southwest corner of Broadway and Warren street. Adjoining the Rogers-Peet building and south of it was the magnificent 16-story building of the Home Life Insurance Co., and next to this was the 14-story brownstone building of the Postal Telegraph Co. The three buildings were practically destroyed. The loss will foot up \$1,250,000.

Germany After the Carolines.

High German officials confirm the report that Germany is negotiating with Spain for the purchase of the Caroline Islands, "the acquisition of which is important less from the standpoint of commerce, which is insignificant there, than from a naval viewpoint." It is understood that Spain expects to get 10,000,000 francs for them, which Germany considers excessive. Germany makes the proviso that the negotiations shall be contingent upon no international complications arising, and especially with the United States.

MRS. PINKHAM'S ADVICE.

What Mrs. Nell Hurst has to Say About It.

DEAR MRS. PINKHAM:—When I wrote to you I had not been well for five years; had doctored all the time but got no better. I had womb trouble very bad. My womb pressed backward, causing piles. I was in such misery I could scarcely walk across the floor. Menstruation was irregular and too profuse, was also troubled with leucorrhoea. I had given up all hopes of getting well; everybody thought I had consumption. After taking five bottles of Lydia E. Pinkham's Vegetable Compound, I felt very much better and was able to do nearly all my own work. I continued the use of your medicine, and feel that I owe my recovery to you. I cannot thank you enough for your advice and your wonderful medicine. Any one doubting my statement may write to me and I will gladly answer all inquiries.—MRS. NELL HURST, Deepwater, Mo.

Letters like the foregoing, constantly being received, contribute but a little to the satisfaction felt by Mrs. Pinkham that her medicine and counsel are assisting women to bear their heavy burdens. Mrs. Pinkham's address is Lynn, Mass. All suffering women are invited to write to her for advice, which will be given without charge. It is an experienced woman's advice to women.

800 Houses Uprooted in Baltimore.

Baltimore, Md., was struck by a storm of wind and rain which was the most severe in many years. Fully 800 houses in the city and vicinity were unroofed, chimneys innumerable were blown down, trees uprooted and poles leveled. Telegraph, telephone, electric light and trolley poles were blown down like so many tin cans.

A Battle Creek dispatch says: George W. Bullis, a prominent lawyer of Ann Arbor, is in the city and makes the announcement that an electric railroad is to be built from this city to Hastings, and says that it is a sure go: Mr. Bullis represents Boston capitalists.

Geo. Wahr, an Ann Arbor shoe seller, lately purchased a copy of Coke's Littleton for 75 cents. Some one who loves the dead past, offers him \$75 for it, and if Wahr didn't let it go, it is a practical example of a case where two idiots met. Nicht Wahr?—Adrian Press.

Deputy Railroad Commissioner Wedemeyer is in close conference with the "Pingree push" at Lansing yesterday. The opinion of those present was that the Atkinson bill will have an easy time of it and, while it will be a harder job to defeat Barrows it will be done. Times.

There is a rumor that Representative Wheeler will vote for Burrows for United States senator. If this is so, the Pingreeites of this district were sold a gold brick, as it was confidently supposed that whatever his excellency said would go with the sage of Salem. —Times.

Golden Rule lodge, F. and A. M. last week elected the following new officers for the ensuing year. H. P. Miller, W. M.; W. A. Butler, S. W.; S. W. Millard, J. W.; Chas. Kyer, S. D.; Theodore Reyer, J. D.; L. C. Goodrich, treasurer, N. Gates, secretary; H. B. Dodsley, tyler.

President Angell has declined the invitation of President Harper of Chicago university to deliver the January convocation or graduating address but will appear on a similar occasion in April. President Harper's invitation was accompanied by congratulations over the victory won by U. of M.

Chas. H. Duncan has sued Henry M. Wallace for \$3000. Wallace represented a Yukon transportation company to which Duncan paid \$1500 for transportation and support in the Klondike for 18 months. He also paid \$500 for an outfit. When Duncan got as far as Seattle he was dropped. Now he wants \$3000 damages.

The six-inch jog in the sidewalk on Packard st., where the new crossing has been put in on Vaughan st., has thrown more than one unsuspecting person.—Register. A six-glass jag has thrown many more to the sidewalk.—Times. We presume the Times is right. It probably knows what it is talking about.

In spite of the chance that it may cost us a libel suit, THE SENTINEL asserts that Sheriff Judson could not have won \$1,250 in election bets without violating the law he is sworn to maintain.—Ypsilanti Sentinel.

We wonder if the Sentinel suspects that a little matter like violating the law would have any weight with our present sheriff.

SOROSIS

THE NEW SHOE FOR WOMEN . . .

Many women have no idea how cruel shoes can be made.

They cover the feet to be sure, but what else do they do? Are all the pedal discomforts and distortions natural to the feet? In every instance they are caused by poorly constructed and ill fitting shoes.

Why do women wear 3s and 4s at twenty, and 5s or 6s at thirty?

Because the feet have been improperly trained. The shoes have pinched and bruised the joints causing permanent enlargement and in many instances allowed the instep to drop and the foot to lose that arch, which is so attractive.

SOROSIS shoes are as so constructed, that the arch of the instep is always supported and the weight properly distributed. Those who wear SOROSIS are no iceed for their ease, graceful carriage in walking.

This trade-mark branded into the sole of every shoe.

Everywhere \$3.50 in Europe or America.

Sold exclusively by WM. C. REINHARDT, 212 S. Main St.
