## SHERIFF, JUDGE, JURY.

### THE ROLE JUDSON WOULD PLAY WITH BORTLES BROTHERS.

#### MAKE DAMAGING CLAIMS AGAINST SHERIFF.

**Randall & Jones File Their Declaration—Declares the Sheriff Violated the Law by Throwing the Bortles into Prison and then Tried to Bleed Them for Money to Settle—Much Like the Stockwell Case.**

Last Friday afternoon Messrs Randall & Jones the attorneys for the Bortles Brothers, of York, filed the declarations in the cases in which each of these two men are bringing suit against Judson for \$5000 damages. If the men can prove what they claim to be true, they certainly will make it decidedly interesting for Sheriff Judson. The arrest was made on the fifteenth of last January by deputies Wackerhut and Gauntlett in the village of Milan, on a warrant sworn out by James Fitzgibbon who claimed that the Bortle brothers had robbed him of \$54. The warrant was issued by Justice Doyle of Milan. The arrest was made at 3 p. m. on Jan. 15. Instead of taking the accused men at once before Justice Doyle the plaintiffs set up that they were dragged off to Ann Arbor and kept in the county jail for 68 hours without being given a chance to have a hearing or give bail; and then it is further declared that Judson made strenuous efforts to have the two prisoners raise him fifty dollars in consideration of which he would play the part of Judge and jury and discharge the men, just as it is claimed he did in the Stockwell case. Here is the exact wording of part of the declaration filed by Messrs Randall and Jones:

"The said defendants although being at the time of said arrest in the village of Milan in said county and near the office of the said James Doyle, justice of the peace, and although the said defendants were by the said warrant commanded, and it was their duty under the law to have taken the said plaintiffs forthwith before the said justice of the peace or some other justice of the peace of said county to be arraigned upon the charge as contained in the said warrant of arrest, where the plaintiffs should have an opportunity as entitled under the laws of the said state of Michigan, to have given a recognizance for their appearance to answer such charge. Yet the said defendants willfully and wantonly against the command of said warrant and against the laws of the said state of Michigan and against the will of said plaintiffs then and there forced and compelled the said plaintiffs to go in and along divers public streets and past and beyond the office of the said James Doyle, justice of the peace, who had issued said warrant, and out of the county of Washtenaw and into the county of Monroe to a certain railroad depot and there kept and detained the said plaintiffs in prison.

#### BLYTHEMAN THE IRREPRESSIBLE.

Jimmie Blytheman, the notorious Ann Arbor boy thief, has been getting in his work again. Last Saturday night he pried open a window in the ticket office at the Athens Theatre before it opened for the evening's entertainment and secured a good sized bunch of gallery tickets. The management as soon as the theft was discovered, changed the style of pasteboards to be used for the gallery that night and when the small boys beganto offer the tickets that had been stolen and were asked where they got them the answer in each case was that they had bought them of Jimmie Blytheman. Complaint was at once made and the youthful offender is again behind the bars. He is probably one of the most hardened criminals for his age in the state of Michigan.

#### \$20,000 DAMAGE SUIT.

##### John G. Reichert, of Scio, Wants That Amount From John G. Feldkamp et al—Claims They Alienated His Wife's Affections.

John George Reichert, of Scio, against whom his wife has recently instituted divorce proceedings charging him with cruelty and endeavoring to secure her confinement in an insane asylum, has started quite a sensational suit against John G. Feldkamp, Gottfried Zahn, Jacob F. Keck and Barbara Keck.

He charges them with alienation of his wife's affections and asks for \$20,000 damages from them. All the defendants except Feldkamp are relatives of Mrs. Reichert. Mr. Stivers, one of the attorneys for Mr. Reichert, says that the declaration will set forth that they conspired together to get Mrs. Reichert to leave her husband.

Mr. Reichert is a man of about 45 years and has the most handsome country home in Washtenaw county.

#### MICHIGAN FED ON ALUM.

##### The Harmful Drug Concealed in Baking Powder.

Recent investigation shows that the stores are largely stocked with baking powders which contain alum, the injurious ingredient which the Iowa and Minnesota State Boards of Health have so strongly condemned. England, Germany and France have laws prohibiting the use of alum in bread, and the States of Minnesota and Wisconsin forbid baking powder containing alum to be put upon the market unless the words "this baking powder contains alum" are printed upon the label of every package offered for sale. This is the danger signal which the law throws out for the protection of the people. Yet many of the makers of alum baking powders such as the "Calumet," while keeping away from Minnesota and Wisconsin have the effrontery to offer their condemned powders to consumers here. These alum powders are frequently labeled "pure," "best in the world," "none so good," or with some other equally misleading catch phrase.

Below will be found a partial list of the baking powders sold in this market that have been examined and found to contain alum:

- CALUMET. - Contains Alum. (Calumet Baking Powder Co., Chicago.)
- CHAPMANS. - Contains Alum. (Chapman & Smith Co., Chicago.)
- CHICAGO YEAST. - Contains Alum. (J. P. Dieter Co., Chicago.)
- CROWN. - Contains Alum. (J. P. Dieter Co., Chicago.)
- DELICATESSE. - Contains Alum. (Delicatessse Baking Powder Co., New York.)
- GRANT'S BON BON. Contains Alum. (Grant Chemical Co., Chicago.)
- I. C. - Contains Alum. (Jaques Mfg. Co., Chicago.)
- JAXON. - Contains Alum. (Peninsular Mills, Jackson, Mich.)
- KENTON. - Contains Alum. (Potter, Parlin & Co., Cincinnati.)
- ROCKET. - Contains Alum. (Sherman Bros. & Co., Chicago.)
- UNRIVALED. - Contains Alum. (Sprague, Warner & Co., Chicago.)
- IMMENSE VALTE. Contains Alum.
- SNOW BALL. - Contains Alum.
- LOYAL. - - - Contains Alum.
- PERFECTION. - Contains Alum.

In addition to this list, all brands sold with a prize or for 25 cents or less a pound are sure to be made of alum.

At the World's Fair the same authorities that condemned alum powders as unfit for human food, declared Dr. Price's Cream Baking Powder the purest, strongest and best and awarded it the highest medal.

#### A NEW UNIVERSITY CATALOGUE.

##### Regents Decided Last Wednesday to Issue a New One—Will Cost \$5000.

At the meeting of the Regents last week it was decided to issue a new catalogue of all the students who had ever attended the University. The work is to be completed in 1900. It has been ten years since the last catalogue was published. \$5000 was appropriated to cover the cost of the work.

#### U. of M. in The Legislature.

There are 16 former students of the University who are members of the state legislature, five of whom are in the senate and 11 in the house. The senators are: Addison M. Brown, lit '83, Schoolcraft; Theron W. Atwood, law '75, Caro; Alva G. Smith, law '90, Stanton; Ira T. Sayer, law, Flushing, and Edwin A. Blakeslee, lit and law, Galien. The two latter senators did not graduate. In the house there are: Henry M. Cheever, lit, '53, Detroit; David E. Heineman, lit '87, Detroit; Edgar J. Adams, lit '82, Grand Rapids; Dr. George Howell, medic '63, Tecumseh; Dr. William J. Duff, medic '85, Port Huron; Wm. H. Foster, law '90, Traverse City; Lester A. Goo'rich, phar '82, Hillsdale; H. S. Gary, lit '93, Ludington; George L. McCallum, law '98, Thompson; Hary K. Gustin, Alpena; Geo. S. Wheeler, law '67-8, Salem.

#### A NARROW ESCAPE.

##### President Angell's Team Runs Away—A Student Ran Down—Neither the Driver nor the One Occupant of the Carriage Hurt.

A somewhat serious runaway occurred last Thursday afternoon about 5 o'clock. As President Angell's rig driven by Lane and having in the carriage Prof. A. C. McLaughlin's little son, was passing along Liberty st., the horses were startled by the breaking of a line and began to run. They ran down a student named Robbins, from Ishpeming, and badly bruised him. They then ran onto State st. where the driver succeeded in turning them against a telegraph pole. Here they freed themselves from the carriage and becoming separated, one ran home and the other down to the county house. Prof. McLaughlin's little boy was considerably frightened but not hurt. The carriage was slightly damaged by coming in contact with the telegraph pole. The horses were not injured.

#### DON'T NEED IT.

##### The Rumor That the Electric Road to Detroit Will Soon Have a Double Track Not True—The Road Don't Need It.

It is rumored in business and railroad circles that the Detroit, Ypsilanti & Ann Arbor railroad will float a second mortgage bond issue of \$400,000 to double track the road and wipe out the floating debt. One of the leading stockholders said this morning that such a plan had been discussed, but that Mr. Hawks and his associates have decided to wait awhile. The original issue of \$600,000 in first mortgage bonds proved inadequate on account of property in Ypsilanti and Ann Arbor costing a good deal more than estimated. The road is prosperous, however, and it is considered advisable to use the surplus earning to pay off the floating debt and borrow what more is needed from the banks at 5 percent instead of burdening the property with a second bond issue. There is no immediate necessity for a double track.—Times.

#### FAVORS U. OF M.

In the Southern Trade Record for December 19, 1898, an editorial writer points out in an interesting way the change which has recently come about in the south in matters of education. In former years, he says, it was the custom of southern planters and business men to send their sons to northern universities and to Europe for higher education. The war, by impoverishing the fathers, put an end to that custom for a time. Now, however, when the south has recovered its former prosperity, "the sons just entering manhood, having been graduated from high schools and local colleges, are desirous of attaining that wider culture which was denied their fathers, but which their earlier antecedents possessed, and which made them for nearly a century the controllers of the destinies of the nation." The writer goes on to say that he has received many communications from Southerners inquiring as to the university which gives the best and broadest education, and closes with this significant paragraph:

"It is our desire to state to those with whom we have been in correspondence and to others who may be interested, that there is, in our opinion, based on a large acquaintance with university bred men from various institutions, no university which combines general excellence and social requirements as does the University of Michigan—especially for Southern students. The scholastic standard is of the highest, as well as in technical and scientific studies as in those of a purely intellectual and abstruse order. The high positions reached by its graduates have placed it among the first of the institutions of learning in the world."

#### CLEANING BRICK PAVEMENT.

The following from the last issue of the Scientific American will interest business men along the paving district on Main street:

The organ of the New York Reform Club Committee, Municipal Affairs, published quarterly, has, in its last issue, a very interesting and complete report upon the reforms effected in cleaning the streets of the city. By this it is shown that the ease with which certain types of pavement can be kept clean, as indicated by careful observations of the cost of doing the work, is as follows: Asphalt, 100; brick, 100; wood (smooth karri), 100; granite, 150; Belgian blocks, 160; cobble stones, 400.

All the pavements were in good condition and the accuracy of the table was checked by comparison with the number of sweepers actually employed in each subdivision in the city. For the entire city 1,653 sweepers were employed, each sweeper keeping clean an average of 5,746 square yards, at an average cost of \$2.40 per 1,000 square yards a week; indicating, according to the estimate, that asphalt, brick and smooth karri wood paving could be kept clean at 69 cents per 1,000 yards per week.

A brick pavement when properly laid is not a noisy pavement, it is a good and smooth road for traction purposes or for bicycling, while it affords a better foothold for horses than asphalt does, it is more than ten times as durable, it is lower in first cost, incomparably lower in cost of maintenance, and the New York report proves incontrovertibly that, in the important matter of cleaning, the brick pavement is in no way inferior to asphalt; therefore, we cannot understand why the vitally adopted brick pavement is not universally adopted in all our cities.

#### After Thirteen Years.

Thirteen years ago Ald. C. H. Cady sold a house and barn in Ypsilanti to Henry V. Deitrich, who at once took possession. When Mr. Cady moved away he left in the barn a set of sleigh runners suitable to attach to the axles of his buggy, so that it could be used as a sleigh. Not having any use for the runners Mr. Cady forgot all about them. Last week, however, it occurred to Mr. Cady that he would like a sleigh ride. With the thought came a recollection of the runners he had left with Mr. Deitrich thirteen years ago. Hitching up, he drove to Ypsilanti, and found them stowed away in the barn awaiting his pleasure. Mr. Deitrich stated that some ten years ago two men had called and said that Mr. Cady had sent them for the two pairs of runners, but that he had refused to let them go unless the fellows brought a written order from Mr. Cady. They never came back with the order. Mr. Cady says that the men who called must have been frauds for he never sent anybody for the runners, and he is thankful that Mr. Deitrich insisted on their presenting a written order.

## HOLIDAY GOODS

Cram full of toys and dolls for the little ones, China for young and old, all sorts of everything for all sorts of people, and priced on a basis to suit everybody.

All summer long The Racket has been naming you low prices—much lower than you ever saw before, and many have profited by it, and are now steady customers. We would like to give prices on Christmas goods but it is impossible. The very nature of the stuff compels us to ask you to come and see and bring your friends and stay as long as you wish. We would like you to come in the day time and avoid the evening rush. You will then have more time and be better valued upon. You can select your presents and we will pack them up and lay them away for you, paying at the time of selection 25 cents on the dollar and the balance later. We are obliged to make this rule to cover the risk of carrying over the selected goods.

Drop in and look us over. Bring the children and your pocketbook—we can surely satisfy both.

A Merry Christmas and a Happy New Year to all our friends and patrons, and in the language of Rip Van Winkle, "May you live long and prosper."

# Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

### LOWER CUBAN TARIFF.

New Schedule Goes Into Effect Jan. 1—Will Encourage Commerce.

President McKinley has signed an executive order establishing a customs tariff for the island of Cuba, to go into effect Jan. 1 next. It is a revision of the temporary military tariff adopted by the war department for the port of Santiago, which was a general reduction of 62 per cent on the tariff imposed by Spain on all imports into Cuba from the United States and all other countries except Spain. The rates in the tariff about to go into force, with some few exceptions, are greatly below the rates now in force at Santiago. The new tariff has been framed with a view to the rehabilitation of the island. The duty on paving stones, which are likely to cut an important figure in the sanitary rehabilitation of Havana, has been abolished, and the duties on chemicals, tar and pitch and crude oil heavily cut. The iron ore and steel rail duties have been reduced 50 per cent. Coal and agricultural implements are put on the face list.

### THE NEWS CONDENSED.

The Brooklyn, Texas, Castine, and Resolute have sailed to Havana. The President will submit the peace treaty to the senate during the present session. Edward G. Mason, a Chicago attorney who was proposed as a successor to President Dwight, of Yale, is dying of Bright's disease. The Mexican government has submitted a colonization scheme to the Spanish authorities in Havana, for Spanish soldiers evacuating Cuba. William Black, the novelist and associate editor of the London Daily News, is dead in London. He was born in 1841 at Glasgow. The transports Mobile and Mohawk are under orders to sail as soon as possible for Manila, via the Suez canal, each carrying 1,800 troops. The U. S. cruiser Cincinnati ran full speed upon a rock in Santiago harbor, clearly defined in the charts, but not buoyed. She is probably badly damaged.

### WHAT SHALL WE DO.

A serious and dangerous disease prevails in this country, dangerous because so deceptive. It comes on so slowly yet surely that it is often firmly seated before we are aware of it. The name of this disease which may be divided into three distinct stages is, First, Kidney trouble, indicated by pain in the back, rheumatism, lumbago, frequent desire to urinate, often with a burning sensation, the flow of urine being copious or scant with strong odor. If allowed to advance, this reaches the Second stage, or Bladder trouble, with heavy pain in the abdomen low down between the navel and the water passage, increasing desire to urinate, with scalding sensation in passing, small quantities being passed with difficulty, sometimes necessary to draw it with instruments. If uric acid or gravel has formed, it will prove dangerous if neglected. The Third stage is Bright's Disease. There is comfort in knowing that Dr. Kilmer, the great kidney and bladder specialist, has discovered a remedy famous for its marvelous cures of the most distressing cases and known as Dr. Kilmer's Swamp-Root. It is sold by all druggists. As a proof of the wonderful virtues of this great discovery, Swamp-Root, a simple bottle and book of valuable information will be sent absolutely free by mail on application to Dr. Kilmer & Co., Binghamton, N. Y. When writing kindly mention that you read this liberal offer in The Register.

## THE MILLIONAIRE TERROR.

Extraordinary Caprices of Josiah J. White, Imprisoned on Civil Action.

### IN A BROOKLYN, N. Y. JAIL.

Devotes His Life to Making Things Unpleasant for Fellow-Prisoners and the Guards.

First He Failed to Tell the Truth and Then He Wouldn't Turn Over Certain Money to the Public Administrator—Sent to Jail on Contempt Proceedings—He Escapes and Is Recaptured—Now He Acts Like a Mauler.

"Hetty Green in trousers." This is one of the epithets flung at the millionaire and former broker, Josiah J. White. He is the terror of Raymond street jail, Brooklyn.

Fifty-nine years ago he was born in Connecticut, at Portland, they say. Although a Yankee by birth, he has lived in a brown stone palace on Brooklyn Heights for twenty-five years. The wealthiest and most distinguished have been his neighbors—Henry Ward Beecher, Dr. Lyman Abbot, Congressman Simeon B. Chittenden and others.

A man well housed in a well constructed, well cemented jail is supposed to be "caged" and harmless. This case breaks all rules and precedents. It is because White is there at all that the warden and keepers want to get out of the business and flee the country.

Lawyers are likewise at their wits' end—the most eminent devising means to make the rich law evader disgorge, while the more quiet practitioners hope and pray they may escape him altogether.

What has the man done? Imitated another wealthy man of history—one Ananias. He kept back—so it is alleged—the amount of wealth at his command and thus deceived the tax gatherers.

It was told in the papers how that, as guardian for his son Frederick and administrator of his wife's estate, he evaded the law and the payment of the full tax by declaring the amount of the personal property to be only \$150,000, the amount it is claimed the stocks and securities alone are worth.

It is a curious story from the beginning. Years ago, when White wanted to marry Miss Trowbridge, a rich girl in the state of Connecticut, she fancied he had at least one eye fixed on her money. To convince her, he signed a paper, renouncing forever all claims to her wealth. Later they moved into the brown stone house at No. 136 Columbia Heights, Brooklyn. His friends claim that he was a gifted, brilliant man, and made a fortune. Others say it was his wife's money alone that figured in business and society.

Three children were born to them. Frederick, the surviving son, is about fourteen years old, a loyal lad, of genial disposition, who is said to be fond of his father and a household pet. He is a very fat boy, weighing nearly two hundred pounds. When the mother died, a few years ago, her property went to this son. His father was both guardian and administrator by law. Legal investigation showed that the \$300,000 personal property, as scheduled by the father, was worth \$150,000. Then the Long Island Loan and Trust Company was made guardian of the boy, and at once began proceedings to compel the father to render a full accounting to the court. After a series of long and repeated delays, trivial and extraordinary, the Court removed him as administrator of the estate, and Public Administrator W. B. Davenport became his successor.

Thus the wealthy father was deprived of all legal control of his son and his estate. Still, neither lawyers nor detectives could discover the whereabouts of the missing \$120,000 worth of securities. He refused to turn over a book or a dollar to the administrator. Then the rich man was committed to jail and then his devilry began. Since that hour life behind the bars has not been worth living. Not only prisoners, but jailers and detectives, judges and lawyers have broken the day they tackled former Broker White.

Said the head keeper at the jail yesterday: "In all my twenty-five years' experience I have never seen his like. He is a terror. The prisoners can't sleep because of his wild antics. The moment the men begin falling off to rest he sets up a howl that would demoralize Bedlam. It's pure fiendishness. He is as sane as I am. He is the meanest white man in America. The other day he made a slung shot of a towel with a big wet scrubbing brush twisted up in one end of it. With it he tried to brain the prisoners

as they came along the passageway. At any moment during the night he is liable to yell 'Murder! Help! Help! They are killing me!' at the top of his voice. The whole prison and neighbors for a block around are awake before he can be made to shut up. He spends hours inventing new schemes for annoying us and disturbing the prisoners, until they want him thrown out or killed."

When he lowered himself from a gable window down sixty feet to the pavement recently and escaped to Connecticut, he put his new address on his will, which was left behind. No secret was made of his destination, because he would be out of the jurisdiction of the Brooklyn authorities. And if an attempt were made to extradite him he would be able to defend himself successfully in the Connecticut courts. But the Brooklyn sheriff and posse found him, snapped on the irons and carried him off bodily, and before he could say, "Help me, Grover Cleveland!" he found himself in the night express, booked for Brooklyn.

When again in Raymond street jail he was the maddest man in forty states. For once all his plans had failed. His palace home, overlooking proud New York and the bay from the Heights, did him no good. The very thought of his wealth, his friends and his Connecticut resources but aggravated his fury. He shouted, screamed and howled until the prison was like a Roman menagerie on fast day.

Between his paroxysms he wrote letters and summoned lawyers. Sooner or later they were denounced and dismissed.

Maggie Bradenburg, aged 4, was burned to death at her parents' home near Alpena.

Nathan Fine, a merchant tailor at Kalamazoo, was fatally injured by falling on the sidewalk.

John McAllen, farmer near North Branch, was killed by being thrown from his wagon by a runaway team.

The 35th Michigan was reviewed by President McKinley, together with the other troops stationed at Augusta, Ga.

Henry Campeau, a miner, died at Sebewing from the effects of a blow by a falling stone in the Michigan Standard coal mine.

Leroy W. Midlam, a former postmaster and prominent citizen of Marquette, committed suicide at Utica, N. Y., by shooting himself.

Michigan department, G. A. R., will push a law in the state legislature to prohibit persons wearing the G. A. R. badge or button who are not members of the order.

The total number of deaths registered in Michigan for the month of November was 2,185, or 229 fewer than the number for the previous month. It was the smallest number registered since June.

The contract for building a factory for the Bay City Sugar Co. has been awarded to the Kilby Manufacturing Co., of Cleveland. The capacity will be between 500 and 600 tons of beets per day.

Henry A. Goodyear, aged 81, of Hastings, was a member of the 1847 legislature, which held its sessions at Detroit, and voted to locate the capital at Lansing. He has a clear recollection of early legislation.

Leedy Hung, proprietor of the Chinese laundry at Munising, and Mary Smith, colored, were married at Bessemer. The woman refused to live with Lee until he cut off his queue and declared his intention to become a citizen.

Hon. A. F. Temple, L. B. Smith and C. C. Billingsworth, of Muskegon, had a hearing before the rivers and harbors committee of the house at Washington to urge an appropriation for the general improvement of their harbor.

Hon. H. A. Chapin, the large upper peninsula mine owner and one of the wealthiest citizens in the state, died at his home at Niles, aged 85. His one son, C. H. Chapin, becomes heir to an estate valued at about \$20,000,000.

New Michigan postmasters: Leonard, Oakland county, Oliver S. Hilder; Silver, Houghton county, Samuel J. Dahlberg; Stephenson, Menominee county, Miss Louise Woessner; Stockbridge, Ingham county, Clarence S. Mills.

### CONGRESS AT WORK AGAIN.

During the second day's session Senator Vest, of Missouri, opened the battle in opposition to expansion by introducing the following joint resolution: "That under the constitution of the United States, no power is given to the federal government to acquire territory to be held and governed permanently as colonies. The colonial system of European nations cannot be established under our present constitution, but all territory acquired by the government, except such small amounts as may be necessary for coaling stations, correction of boundaries, and similar governmental purposes, must be acquired and governed with the purpose of ultimately organizing such territory into states suitable for admission into the Union." Navigation laws were briefly discussed and then the Senate adjourned. HOUSE.—A session of half an hour was held, at which the deficiency bill carrying the extraordinary expenses of the army and navy from Jan. 1 to July 1, 1899 was reported. The report of the Hawaiian commission was laid before the house and referred, together with bills offered by Mr. Hitt to carry out the recommendations of the commission.

Senator Vest (Dem., Mo.) called up his resolution declaring it to be unconstitutional for this government to acquire foreign territory except for coaling stations or some like purpose, unless its intention was to confer statehood upon the territory and citizenship upon its inhabitants. In a lengthy speech Mr. Vest said that it was a basic principle of this government that "the powers of the government were derived from the consent of the governed," and maintained that the federal government had no authority either in morals or in the constitution to go beyond that principle. Senator Platt (Rep., Conn.) opposed Mr. Vest and said that at a later date he would go into the subject at length to show wherein the Missouri senator was wrong.

During the consideration of pension bills Senator Vest (Mo.) protested against the rushing of such bills through the senate when there was not a quorum present and with only the title being read. He was willing to pay munificently and liberally in pensions, but insisted that these bills should receive proper consideration. Mr. Gallinger (N. H.), chairman of the senate pension committee, agreed with Mr. Vest.

Senator Hoar precipitated a lengthy debate when he opposed the appointment by the President of senators as members of commissions whose acts would have to be passed upon by the senate. The confirmation of the appointment of the Hawaiian commissioners was under discussion at the time, and the matter was finally referred to the judiciary committee, with instructions to investigate and report.

Rep. Hepburn, of Iowa, introduced a bill authorizing the President to acquire by purchase from the states of Costa Rica and Nicaragua full ownership, jurisdiction and sovereignty of such land as may be desirable and necessary to construct and defend a ship canal from ocean to ocean. The bill also appropriates \$140,000,000 to construct the canal.

The house passed the anti-ticket scalping bill by a vote of 119 to 101.

Rep. Hull, chairman of the house committee on military affairs, introduced a bill increasing the regular army to approximately 100,000 men. The bill was framed at the war department and is not the bill framed by Gen. Miles. It gives a total of 14 regiments of artillery, 12 of cavalry and 30 of infantry.

Sensors Hale (Vt.) and Hoar (Mass.) presented resolutions of citizens in their states, remonstrating against the extension of American sovereignty over the Philippine islands and against the acquisition of foreign territory without the consent of the people of such territory.

Senator Morrill presented a petition for the revival of the grade of admiral, and recognition of Rear Admiral Dewey. Mr. Hale presented a bill to revive the grades of admiral and vice-admiral.

Senator McCaffrey (La.) introduced a resolution requesting the President to enter into negotiations with Great Britain for the purpose of modifying the Clay-Bulwer treaty in so far as it relates to the United States acquiring, owning or controlling an interoceanic canal across the isthmus of Panama.

Senator Vest introduced a resolution for the appointment of a commission composed of three members of the house, to investigate the charges of corruption and the conduct of the war with Spain.

A deficiency bill to provide for the support of the military and naval establishments was passed by a narrow vote without opposition. There was not a word of criticism of the war during the debate.

In response to the President's message Senator Hoar introduced a resolution for a committee to prepare and carry out plans for the celebration of the centennial of the city of Washington as capital of the United States.

The anti-scalping bill passed by the house was laid on the table in the senate, a similar bill having already been reported by the interstate commerce committee.

Senator Elkins introduced bills extending the laws relating to customs, commerce and navigation to the Hawaiian islands and Porto Rico.

Senator Hawley offered a bill on the lines suggested by Gen. Miles for the reorganization of the army with 100,000 men.

A bill has been introduced in the senate authorizing the raising of the battleship Maine.

PEOPLE WE KNOW.

They Are Ann Arbor People and What They Say is of Local Interest.

When an accident like the following occurs right here at home it is bound to carry weight with our readers. When so many strange occurrences go the rounds of the press; are published as facts; when the intelligent reader knows they cannot be true, there is no wonder that people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experiences of our citizens, and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see every day leaves no ground for the skeptic to stand on.

Mr. Lawrence O'Toole, of 1825 Hill street says: "During the last two years I suffered terribly with my kidneys. The pains across my back were almost constant and were so severe at times that I was often obliged to get my back up against the wall before I could straighten up. I could hardly rest in any position and was as tired in the morning as the night before. I could not stoop to pick anything off the ground and was, generally speaking, used up. The kidney secretions were in a terrible shape, deposited a heavy sediment and were too frequent, greatly disturbing my rest at night. I was also bothered much with headaches and spells of dizziness. I wore plasters until I was tired of them and took a lot of medicine but it did me no good. When I saw Doan's Kidney Pills advertised I felt confident they would help me and I got a box at Eberbach & Son's drug store. I now feel as well as I ever did in my life."

Doan's Kidney Pills are for sale by all dealers—price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

IN THE HANDS OF THE ENEMY.

"You are if you drink coffee," and you will find it hard to get away from this enemy, such a subtle hold does it get upon you.

Strange that the human race for a few short moments of bliss will as a rule, forfeit years of healthful pleasure. It takes steam to drive this human engine—steam.

Coffee never made a pound of steam for this human engine, but you can drink "Golden Nectar," which tastes like the best coffee, looks like coffee, but every cup you drink of it makes steam for the system—turns into blood, makes the human engine respond to every touch of the throttle.

You know coffee wrecks the system. Change to "Golden Nectar" now, and instead of being the victim of a narcotic, grow fat and healthy on "Golden Nectar."

Try Grain-O! Try Grain-O!

Ask your grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. The price of coffee, 15c. and 25c. per package. Sold by all grocers.

A business man is not the most patient creature in the world. He cannot wait to hear any long drawn-out story of the cause of his ailment. He doesn't care two straws about a fine spun theory of how he should treat himself. He may be predisposed to scrofula or consumption. "That," he will tell you "has nothing to do with the case." He wants to be well. If he can be cured, write out a prescription and send in your bill. So, here's the first part of the proposition.

Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood encourage the breaking out of unsightly sores, to prevent the disease going to the lungs. There is no need of this dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 93 percent of all consumptive cases, also of all other lingering bronchial, throat and lung diseases.

A HOME DEPARTMENT

DISCUSSING SUBJECTS OF INTEREST TO THE FAMILY OR THE INDIVIDUAL.

Edited by Mary Wood-Allen, M. D., Ann Arbor, Mich.

[Questions concerning the topics treated in this department may be addressed to the editor, who, at her discretion, will answer either directly in the department column, or will embody the answers in an article.]

TO ALL THE READERS OF THE INGLEBROOK, GREETING:

I wish you a happy New Year. I have often wondered why we wish each other a Merry Christmas and a Happy New Year. The answer comes to me in the thought that merriment is fleeting, for the day only, but happiness is enduring, should be perennial.

There are those who maintain that the object of existence is to secure happiness and then each one proceeds to act upon his own definition of what happiness is. I go to the dictionary to see what light it will throw upon this question. I find happiness defined as "a state of being happy," and I suppose we might say that "happy" is to be in the possession of "happiness," so we have got round to our starting point again.

I have known women who considered that happiness consisted in attending parties, theaters, balls and dinners. For a few years they were on the go continually, and then with impaired digestion and over-wrought nerves found themselves in a state of semi-invalidism which was certainly not attaining to happiness.

I have known men who thought to be happy after a while, but meant they must spend the principle years of their life in amassing wealth, which in their later years would buy them happiness. Then they thought and planned and worked, giving themselves no leisure for recreation nor time for reading, and scarcely even an opportunity to become acquainted with their families, all the time looking forward to the day when they should stop working and begin to be happy. But it was difficult to decide just when that day arrived. There was always a little more that they desired to do and possibly they never saw the time to be happy until they were laid in the grave. Or if they did stop working and looked about themselves for ways of securing happiness they found that which furnished enjoyment to others gave them no pleasure. They did not know how to be happy. They knew nothing except to gather up the tangible representatives of wealth by which they had expected to buy happiness and learned only too late that happiness cannot be bought.

I have known parents who said, "By and by, when our children are grown up we shall have some enjoyment in their society. Now, we must work for them and train them and be anxious over them; but the day is coming when we will be happy with them." The years went on, and they did not get acquainted with their children, did not gain their affection, and by and by the children left home, and the parents, at the time when they expected to be happy in the love of these children, found themselves alone. They had postponed happiness until it had escaped their grasp.

I have heard people say if it were not for the hereafter they would go in for a good time and get all of the happiness they could. Their idea of happiness seemed to be wickedness and sin.

Some not being withheld by the fear of the hereafter have sought happiness in these paths to find it entirely elude their grasp. I knew one young girl who tried to be happy by disobedience to her parents, in associating with companions of whom they disapproved, who went on and on in this blind search for happiness, and entered a gilded palace of sin which seemed in its wealth of luxurious adornment, to offer happiness. The next year her habitation was not so elegant, her clothes not nearly so fine, and year by year she sunk downward, until before five years had elapsed she died in one of the vilest haunts of the city. She had not found happiness.

I have heard men talk of being "gloriously drunk" as if that afforded happiness. And again I turn to the dictionary and find "gloriously" defined as "resplendent with honor and dignity." "Drunk" being "under the influence of intoxicating liquors so as to have lost normal control of the body and mind." Of all the will-o-the-wisps deceitfully labeled "happiness," none is so deceptive as the idea that alcohol in any form brings real satisfaction. Under the influence of alcoholic beverages the man thinks he is warmer, and does not know that this feeling is the result of a paralysis of the nerves governing the blood vessels which allows the blood to rush in greater quantity to the surface of the body, and heat is radiated and lost while the man thinks he is warmer. The alcohol-laden blood rushes to the brain and he imagines his mental power is increased, but in his sober senses, dis-

covers that what he imagined brilliant is really senseless. He thinks himself witty, and his friends very amusing, and laughs over that which in sober moments, he would call silly. He fancies himself rich when he has not a cent in his pocket. He thinks he is strong, and blusters and threatens, when a child could throw him down. He stumbles over nothing, and falling, is unable to rise, and there he lies, "gloriously drunk," "resplendently," "under the influence of intoxicating liquors, having lost normal control of body and mind," "with honor and dignity." Can you imagine a more utterly unreasonable combination of words than "gloriously drunk?" "Intoxicated" is a synonym for "being drunk," and that comes from the Greek word "poisoned." The man who is "gloriously drunk" is, in other words, "gloriously poisoned."

I read the other day of a young man who in the search for happiness had spent a gay three weeks in visiting the saloons of the city, at the end of which time, he died of delirium tremens. Note that the adjective used was not a "happy" three weeks. There may be gaiety, merriment, jollity, hilarity in the saloon, but not happiness.

Happiness is a persistent, serene trust in an over-ruling Providence, an assurance that clouds and storms are but temporary, and sunshine is eternal. Happiness cannot exist apart from self-respect, from the consciousness of pure motives, of right conduct. Happiness does not depend upon external surroundings. Aristocratic birth does not confer it and wealth cannot purchase it. Humble birth does not preclude its possession and poverty does not bar out its entrance.

If we give to happiness the consistent definition we may say that the purpose of existence is happiness. If we understand that man is the expression of a thought of the Infinite, that his possibilities are God-like, that his inheritance is divine, that his life on earth is for development, his destiny is eternal life, then we shall understand what happiness is.

Happiness does not show bright on one side and dark on the other. It is beautiful in anticipation, in realization, in retrospection, in transmission. Therefore when I wish you a Happy New Year, I wish for you all that life can offer of real enjoyment, for yourself, and for the world through you.

A NOTE OF WARNING.

Never Mistake It—It Means "Beware of Danger" and "Act Now."

If the brave men of the Maine could have heard some warning sound of their danger in time to avoid it, how quickly they would have acted to prevent the fearful calamity! The wise always heed a warning. What is a cough? It is Nature's danger signal. It shows there is trouble either in the lungs, or the stomach, or the air passages which prevent the true and best work of the part where it is. Nature has provided the cough, like an alarm bell, to prevent people from going to sleep on the brink of danger. The wise heed this danger signal and use Dr. King's New Discovery to drive out the irritation or the inflammation and this stops the cough. The foolish do nothing to stop until the delicate membranes of the lungs are attacked and the dreaded consumption has another victim. Of the 100,000 consumptives who die yearly in this country a large majority come from the ranks of the careless, who will not heed Nature's note of warning—the cough. On the first appearance of a cough or cold use Dr. King's New Discovery, the world's greatest remedy for all throat, chest and lung troubles. It stops the most severe colds or obstinate coughs, especially the "grip" cough, most difficult of all to control, which so often leads to consumption. It cures consumption in its early stages, and has cured given up by doctors to die. Lewis C. Merrill is a physician of Middlebourne, W. Va., who neglected himself until a hard cold ran into consumption, and other doctors told him he could not live. For a long time he suffered greatly. Then he was induced to try Dr. King's New Discovery, and after taking four bottles he was absolutely cured. All dealers will give free trial bottles to sufferers and refund purchase money if no benefit be received. Regular prices 50c and \$1.00.

CAVALRY IN WARFARE.

Firearms of To-Day Have Made Its Utility a Question.

A good man on a good horse is the superior as an attacking force of three good men on the ground. This is a matter of common knowledge in the European capitals, wherein mobs are dispersed by cavalry using the flat of the sabre only more quickly than they are scattered by the bullets of militia in America. There is something in the speed, weight, and size of a charging man and horse that shakes the nerve of the most stout-hearted pedestrian. The uncontrollable instinct of the footman is to get out of the way. A cavalryman learns to love his horse with a love surpassing that of woman. He learns to depend upon him. He absorbs confidence from every swell of the giant muscles between his knees. The man and the beast conjoined furnish a mutual support that is admirable, and in battle of incalculable value. Dismounted cavalry are the most difficult of troops to dislodge, for the reason that the riders, deprived of their horses, do not know when or how to run.

Military experts believe that the invasion of Cuba by the American army will furnish exceptional opportunities for the use of cavalry. It is, for the most part, a good horse country, of wide fields and level spaces. It is believed, too, that this picturesque arm of the service will demonstrate that its usefulness is not ended by modern arms and projectiles, though many theorists incline to the opinion that the days of cavalry as cavalry were ended in the times of Gravelotte and Sedan. The celebrated and fruitless charge of the French cuirassiers, where men and steeds went down in heaps and the watching Wilhelm said, "It is magnificent, but it is not war," sticks in their memories. That charge was Balaklava over again. Somebody blundered. The general efficiency of cavalry under proper conditions is not discredited by it, nor is the centuries-old record of a remarkably valuable arm to be stained by an individual failure. Men who remember what the cavalry was and what the cavalry did in the war between the states demand something more than the crumpling of one column before they surrender the beliefs of years.

The Napoleonic maxim that cavalry cannot charge unshaken infantry was due to Napoleon's experience with run-down troops. His mounted men were badly drilled and his horseflesh was poor. The great Frederick understood the high value of this branch, and his campaigns gave many instances of the value of mounted troops in almost all kinds of warfare. The records of all great wars bristle with the achievements of the troopers. Even in the Franco-Prussian struggle the actual damage wrought by the Uhlans was far out of proportion with their numbers, and the value of the fear they produced was immeasurable. At Salamanca Le Marchand's British "heavies" were sent over bad ground against the steadiest of French infantry. Men and horses fell in swaths twenty yards from the line. The rear line did steeply chase jumping over piled corpses to get to the front. Le Marchand was instantly killed and many of his officers, but the infantry was broken and the position carried. The Peninsula campaigns furnish repeated proofs of the fact that infantry will not stand against well handled cavalry. Prince Frederick Charles, one of the greatest of modern warriors, was a steady believer in the efficiency of cavalry, and so, too, was Von Wrangel.

The opponents of the trooper arm and prophets of its utter effacement are used to instancing the failure of the brilliant Austrian cavalry at Sadowa when sent against breech-loaders. These were troopers seasoned by long service and so drilled that thirty squadrons of them were manoeuvred in mass with the ease and certainty of one. They were, however, led over ground that sloped up three degrees. It was sodden with rain. The horses were so wearied that many of them fell from exhaustion when the charge began. The infantrymen who received them had been selected by five hours of savage and continuous fighting. All faint hearts had gone to the rear. It is safe to say that there was not a Prussian on the west ridge of Chlum that day who did not wish to be there. Even under these conditions the charge came very near to success, though all Europe was shouting that cavalry was useless against breech-loading fire.

In the old days troops were safe when held in reserve 500 yards back of the fighting line. Now for 2,500 yards behind this line the ground is torn with bullets. Consequently troops are held 3,000 yards back, and even at this distance there will be occasional casualties. To take part in an engagement the reserve force must be moved entirely through this wide and dangerous zone. Infantry cannot do it in less than twenty-five minutes, and another ten minutes will be used in getting them into line. Cavalry can cover the distance in six minutes. The rapidity with which their range alters makes them a difficult target, and the moral effect of their thundering and swift advance is great. It is estimated that the cavalry loss in a charge should not exceed one-third of the infantry loss.

MORE REGULARS NEEDED AT ONCE.

MOST of the volunteers now in the Philippines would like to come home. Many of the volunteers ordered to Cuba would rather not go.

Meantime no progress is being made on the bill for the reorganization of the regular army. Two bills are before the military committee of the House.

The citizens of Ann Arbor and vicinity should appreciate the efforts of Manager Lisemer in securing this big production.

Under Mr. Hull's bill the army would be officered by one Lieutenant General, six Major Generals, twelve Brigadier Generals and would consist of twelve regiments of cavalry, a corps of artillery, and thirty regiments of infantry.

As a rule the provisions of the Miles bill find more favor with military men than the provisions of the Hull bill, but the important point is that some bill increasing the strength of the regular army be passed at once.

Best of the Year. Manager Lisemer Secured the Opera of "The Highway Man" at a Big Expense.

The greatest opera attraction of the year, not even excepting "El Capitain," has been booked by Manager Lisemer for Jan. 10.

"New York, Dec. 21st, 1898. L. J. Lisemer, Manager Opera House: If January 10th is open, can offer Broadway Theatre Opera Company, with Camille D'Arville in "The Highwayman."

"Ann Arbor, Mich., Dec. 21, 1898. S. E. Rorke, care of Klaw & Erlinger, New York: Will give you first five hundred dollars, we to take next one hundred, then share of eighty-two percent."

"Ann Arbor, Mich., Dec. 22, 1898. S. E. Rorke, care of Klaw & Erlinger, New York: Terms accepted. January 10 open for "The Highwayman."

The citizens of Ann Arbor and vicinity should appreciate the efforts of Manager Lisemer in securing this big production. By affording a liberal patronage he will be encouraged in giving guarantees to secure the greatest theatrical attractions on the road.

FATAL ACCIDENT.

Henry Moore Run Down and Killed by an Electric Car—Accident Occurred in Pittsfield—Believed the Man Was Intoxicated.

About six o'clock last Saturday evening as one of the electric cars was coming through the town of Pittsfield, the motorman noticed a man stagger onto the track a short distance ahead of the car. The man seemed dazed but too late realized his danger and attempted to get off the track when the car struck him.

DEFENDING THE NATION.

where the membranes are clean and healthy. Mrs. Lou Davis, Fayetteville, Tenn., tells in her letter how Dr. Hartman's great catarrh remedy, Pe-ru-na, cured her of la grippe and serious lung complication. She says:

"I was afflicted with a disease commonly known as la grippe two years ago; the doctors said I had consumption. I got one bottle of Pe-ru-na and the second night my cough stopped. I took several bottles, and I will say that I believe I would be a dead woman now if it had not been for Pe-ru-na."

Mary M. Pruitt, Palpa, Mo., says: "Pe-ru-na Medicine Co., Columbus, O."

"I had la grippe for three successive years; it seemed to get a tighter hold on me each year. It seemed I was in the jaws of death. What had helped me before would not do me any good. I saw an advertisement of Pe-ru-na. I procured two bottles and it cured me. I have not felt any symptom since. You may use this in any way you please."

SHERIFF, JUDGE, JURY.

(Continued from first page.)

The bill further sets up that they were kept at the station in the midst of a crowd of people for over two hours and then brought to Ann Arbor where they were kept in jail for 68 hours. Following this is the most surprising part of the bill. Continuing, they say: "That the said defendants during the time of said imprisonment and confinement of the said plaintiffs then in said county of Washtenaw and at the said county jail kept by the said defendant William Judson as the sheriff of said county, labored with, importuned and advised them, the said plaintiffs, to try and procure their discharge from such imprisonment by the payment of money to-wit, by the payment of \$50. And although the said plaintiffs, at all times during such confinement, imprisonment and arrest, maintained their innocence, yet the said defendants taking advantage of said plaintiff's arrest and imprisonment and their official positions made use of the same for the purpose of inducing the said plaintiff's then being prisoners in charge and custody of said defendants to pay the said amount of money and counselled, solicited and advised the wife of the said plaintiff to mortgage her house for the purpose of raising the said sum of \$50 to procure the release and discharge of the said plaintiffs from such confinement and imprisonment."

For this each of the men are asking for \$5,000 damages. It was discovered soon after that the man who claimed that the Bortle brothers had stolen \$54 from him did not have \$5.00 at the time. Later the men were discharged without the least thing having been proven against them. Just what business Sheriff Judson had to offer to settle for a money consideration with these men, charged with having committed a serious crime, is what the people of this county would like to know. Whether innocent or guilty the men should have been given an immediate hearing and an opportunity to give bail had the justice seen fit to bind them over to the circuit court. The very fact that they should have been hustled off to Ann Arbor and placed in jail and held over Sunday without being given a hearing and with no chance to secure bail has a decidedly suspicious look. That this is a fact there seems to be no question. If, in addition to this, the claim that Judson attempted to extort money from them, is proven, it will probably go hard with the sheriff before a fair minded jury.

Sunday, Mar. 19. What is the moral and intellectual result of our modern habit of newspaper reading? Dr. Eliza M. Mosher.

Sunday, Mar. 26. Has Christian life and belief degenerated in our time from that of our fathers?

#### Delhi Mills.

Delhi School closed last Friday with Christmas exercises and a tree in the evening. The Sunday school and day school assisting. The exercises were well rendered by the children, giving great credit to their teacher, Miss Lucas, who had trained them. The recitations were interspersed with songs, Miss Lily Abele, the Sunday school organist having charge of the musical part of the program. And last of all Santa Claus came in and helped distribute the fruit of the tree, which was a very nice one, donated by the Kyer Milling Co. The decorations of the house were beautiful and appropriate. Sunday, the service consisted of songs, recitations and readings, with a short address by the Pastor.

#### The Lima Farmers' Club.

The Farmers' Club met at Irving Storms' Dec. 14, and a very enjoyable time was had. The subject for discussion, "What are our most noxious weeds, and the best means to adopt to rid the farmer of these continual pests." A lively discussion followed in which nearly every gentleman took part and brought out many thoughts on the subject worthy of remembrance and adoption. Rev. A. Bush was present and took quite an active part in the proceedings. He said his work had been to rid society of some of its most troublesome weeds and therefore could not be expected to say much on the subject of destroying the weeds so troublesome to the agriculturist. However, he gave us some new ideas in regard to the native weeds of his former home in the west, which was well received by all present. Several new members were taken in and the society seems to be in a prosperous condition. The next meeting will be held at the home of Mr. and Mrs. Jay Easton, Wednesday, Jan. 11. The subject for discussion: Resolved that territorial expansion is not a detriment to the U. S.—Chelsea Standard.

#### CONCERNS OUR DAILY BREAD.

Prof. Prescott Believes there is Serious Danger in the Alum Baking Powder.

The high cost of cream of tartar, the chief ingredient of a pure baking powder, has induced some manufacturers to substitute burnt alum (which costs but three cents a pound) largely or wholly in lieu of cream of tartar, making a very low cost but unwholesome baking powder.

Our most eminent physicians are continuously warning the public against the use of alum baking powders because of the unwholesome qualities which such powders impart to the food.

When such eminent authority as Prof. Prescott, of the Michigan University, declares that alum lessens the digestibility of the food, that its use in food has always been deemed contrary to law, and that it would be proper to suppress the alum baking powder by law, it is time for consumers to give the matter serious attention. They should examine their store-rooms and their supplies as they come from the grocery.

Generally, alum baking powders are sold at a lower price than pure powders, but the difficulty of recognizing them from their appearance caused the Government Chemist to recommend, as a matter of safety, the use of a well-known brand of baking powder, such as the Royal, which his tests showed, he says, to be made from the most healthful materials, entirely free from alum and every adulteration.

We will sell for the next two weeks, just before invoicing, furniture, carpets and draperies at a sacrifice to reduce stock as much as possible. If you have to fill in with a table, sideboard, hall rack or couch, come and take advantage of this sale.

#### Kept it Quiet Two Years.

Miss Anna M. Purdy, the head clerk in the great hive office, Ladies of the Maccabees, left Ann Arbor Nov. 28 and sailed Tuesday, the 29th, on the steamer Kaiser Frederick der Grosse for Vienna, Austria, to join her husband, Dr. Charles W. Hartloff, to whom she was married in July, 1896. The marriage had been kept a profound secret from their friends by these young persons for various reasons. Miss Bower has received a letter from Mrs. Hartloff announcing her safe arrival after a tempestuous voyage.

Dr. Hartloff was graduated in 1897 from the medical department of the University of Michigan, and is in Europe to pursue a course of study in the medical universities. Dr. and Mrs. Hartloff will return to America in the summer of '99 and will probably make their home in Evansville, Ind.

Miss Allie Curtis takes Miss Purdy's place in Miss Bower's office.

# HE BROUGHT IT FROM THE WORLD'S FAIR.

## And kept it two years.

The great World's Fair, at Chicago, in 1893, while it gave pleasure to many, gave pain to not a few as an indirect result of their visit to the White City. People were lured along the miles of wonderful exhibits by the new marvels that met the gaze at every step, and did not realize their exhaustion until they dropped into a chair in some breezy corner by the lake, and "cooled off." That's what began the trouble, in many cases. Of one such case, Mrs. L. W. Stevens, Fort Fairfield, Me., writes: "My husband took a severe cold and cough two years ago last October—time of the World's Fair, which we attended. This cough lasted over two years, was accompanied by spitting of blood, and nothing could be found to help him, although various remedies were tried. Several doctors were consulted, but their prescriptions afforded no relief. Finally, I saw an advertisement of Dr. Ayer's Cherry Pectoral in my paper and prevailed upon my husband to get a bottle and try it. The very first dose helped him and he was completely cured in a short time. We feel very grateful for what Dr. Ayer's Cherry Pectoral has done for us, and shall keep it constantly on hand in the house."—Mrs. L. W. STEVENS, Fort Fairfield, Me.

Two years of doctoring for a cough, two years of "remedies" that gave no help, of prescriptions that profited only the men who wrote them, and then a trial of Dr. Ayer's Cherry Pectoral, which helped from the very first dose and effected a complete cure in a short time. The difference between Dr. Ayer's Cherry Pectoral and all other cough medicines could not be better stated than in this comparison of results. It has cured the most stubborn and obstinate cases of chronic bronchitis and asthma. It is a specific for croup and whooping cough. It cures all coughs and colds and all affections of the throat and lungs promptly and effectively. In response to numerous demands Dr. Ayer's Cherry Pectoral is put up in half size bottles—sold at half price—50 cents. More about cures effected by Pectoral in Dr. Ayer's Cough Book. Sent free, on request, by the J. C. Ayer Co., Lowell, Mass.

#### Something for the New Year.

The world-renowned success of Hostetter's Stomach Bitters, and their continued popularity for near half a century as a stomachic, is scarcely more wonderful than the welcome that greets Hostetter's Almanac. This medical treatise is published by the Hostetter Company, Pittsburg, Pa., under their own immediate supervision, employing sixty hands in that department. The issue of same for 1899 will be over eleven millions, printed in nine languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters. The Almanac for 1899 can be obtained, free of cost, from druggists and general country dealers in all parts of the country.

## Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nerve."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

At the home of Norval W. Ayer's 203 Maple street, was last night assembled a merry party to witness the marriage of Miss Maude L. Ayers to Richard Hurdley of Detroit. The young couple will make their future home in Detroit.

### YPSILANTI.

Mrs. Julia Aldrich, who has been spending some weeks with her son, B. F. Aldrich, returned to Wauseon, O., Monday.

Mrs. Elizabeth C. Mallory, of Wayne, formerly a prominent citizen of Ypsilanti, died Thursday last, and was brought to Highland cemetery for burial Monday.

A whist party was given at the Hawkins House Saturday evening in honor of H. T. Coe. Seventy-six were present, guests coming from Jackson, Ann Arbor and Detroit.

Mr. and Mrs. Charles Hebblewhite, of Des Moines, Iowa, are in the city to attend the Steffy-Marshall wedding. Mrs. Hebblewhite will remain in Ypsilanti for a month.

### CHELSEA HERALD.

The Glazier stove works have run a full force of workmen during the year 1898, with the exception of holiday week, and Mr. Glazier informs us that the prospects for 1899 are brighter than ever.

Mrs. Eva Nichols, of Chicago, formerly of Chelsea, who was a sister of Mrs. Peter Barthel, of this village died on Dec. 8th, 1898. Mrs. Nichols was an excellent woman and leaves a large family to mourn her departure.

E. L. Negus' mill, together with the contents, was consumed by fire last Tuesday evening. Mr. Negus estimates his loss at \$5,000 with no insurance. Jack Parker and C. M. Stephens each lose a single buggy, which was stored in the mill. Origin of the fire unknown.

### MILAN LEADER.

While repairing his wind mill Monday, H. C. Reeves, who lives southwest of this place, was struck in the head by a falling pulley and quite badly injured.

Mrs. C. T. Sill returned to her home in this place Tuesday of last week, from the hospital at Ann Arbor, where she has been receiving treatment. She is much improved in health.

Mrs. J. H. Smith, who lives on First street with her husband and two daughters, and who has been out of health for some years, attempted to end her life by cutting her throat with a razor Saturday morning. It appears one of the girls had not got up and Mr. Smith and Jessie, the other daughter, were at the express office, and she took this opportunity for the deed. A physician was called who sewed up the

gash, and at present writing she is some easier and if nothing sets in she will recover.

### MANCHESTER ENTERPRISE.

James Anthony fell from a high walk at the home of his daughter, Mrs. Gardiner, yesterday afternoon, and it is feared he was injured internally.

Mrs. E. M. Conklin and son Frank, expect to leave tomorrow for Chicago, to spend the holidays with friends. The doctor will go out later unless business detains him, and will remain away only a few days.

We learn that Mesdames Ampoker and Rundell started for Tecumseh last Friday in a cutter, and when driving through Clinton the horse ran away, throwing the ladies out and breaking the cutter. The ladies escaped unhurt. They afterwards found that the cross-bar dropped down, which frightened the horse.

### SALINE OBSERVER.

While coming from Ann Arbor a few nights since, Albert Blaess' cutter tipped over spilling out its contents, after which the horse turned and ran back to Ann Arbor.

The will of the late Jacob Lutz, deceased, was opened for probate Monday, and his two sons, Louis F. and Jake were appointed executors agreeable to the language of the will.

Albert Wolf, a brother of William Wolf of this place, is very sick with pneumonia at his home near Bridge-water. He was one of the jurors drawn for this term of the circuit court but was taken sick and came home.

Elmer Bassett, 34 Mich. Vols., went to Ionia Friday when he received his papers and was mustered out of service. Being one who was at the front at the battle of Santiago, Elmer can tell much which would be of interest to many of us. His sickness while at Boston was a hard pull for him.

### A Conductor On the Illinois Central Railroad Had to Give up His Position. It is a sad Story That we Publish that Ann Arbor People May Profit by Dr. Beebe's Experience.

This is the story of an ex-conductor, Mr. W. R. Beebe age 68 years who now has a prosperous grocery business in Centralia, Ill. Here is what he says: "I was for 20 years conductor on the Illinois Central Railroad. The movement and jolting of the cars injured my back and kidneys. Five years ago I was compelled to give up a good position as conductor on account of my condition. My kidneys were so bad that I would often have to get up a dozen times in a night to urinate, and it was attended with pain. The discharge was always excessive. I had a severe pain in my head and at times it would ache so bad I could not rest, but would walk the floor and hold sometimes hot and sometimes cold applications to it. My back was so lame that in rising from a chair I would have to have help and then could only get up a part of the way at a time. It would often take from three to ten minutes to straighten up and then always very painful. My feet and hands were always cold winter and summer; they would sometimes feel warm to others but to me they were always very cold. My feet, and ankles would often swell, sometimes so bad I could not wear my shoes. My eye-sight was very poor and I had to have three pairs of glasses for different distances and purposes. During all these years I was doctoring with this doctor and then another, but was getting worse instead of better. I also took several kinds of patent medicines but nothing did me any good. I read about Morrow's Kid-ne-oids and got a box of them and took one after each meal for a few days and then took two after each meal. I began gradually to get better. I do not have to get up now; the pain in my back is all gone and my feet have quit swelling and my eyesight is better. They are curing me as fast as I could expect them to and I am satisfied that I will be well again in a week or so. I have only been taking them about three weeks. Morrow's Kid-ne-oids are yellow tablets, not pills, and cure kidney ailments nervousness, etc. They are for sale by all first class druggists and at A. E. Mummery's drug store at 50 cents a box. John Morrow & Co., Chemists, Springfield, O.

### Your Danger Now

Is from the overworked condition of the liver and kidneys which are unable to expel impurities from the blood. This causes rheumatism. Hood's Sarsaparilla has been wonderfully successful in curing this disease. It neutralizes the acid in the blood and permanently cures the aches and pains which other medicines fail to relieve. Hood's Sarsaparilla is the best winter medicine because it purifies, enriches and vitalizes the blood. It gives help just where help is needed. It tones the stomach, stimulates the liver, and arouses and sustains the kidneys. It wards off pneumonia, fevers, bronchitis, colds, coughs and the grip.

## THE HOLY FAMILY

breathes GOD into the soul of every true Christian and breathes Religion into every Christian home. In size it is 29x23 inches, and represents the HOLY VIRGIN holding our LORD JESUS in her arms, while JOHN, THE BAPTIST, is kneeling by her side, holding the emblem of man's salvation—the CROSS. In the background are the Valley of Hebron, the Temple and the City of Jerusalem; Palms, Cedars and Holy Land Scenery surround the whole. The picture is engraved after the world-known painting by Raffaele, on heavy white cardboard. To engrave the steelplate for this magnificent picture has cost the sum of \$3100.00, and the time to execute the same exceeded eleven months. No Catholic home should be without this piece of art. It has done more towards advancing the Catholic Church and the Christian Religion than any other publication of its kind. The picture is endorsed and recommended by the Catholic Press in every country, and can be found in a conspicuous place at the home of His Eminence James Cardinal Gibbons, Archbishop of Baltimore, Md., Cardinal Manning of London, England, Johannes Cardinal Simonini of Rome, and many others.

## "HE THAT WORKS EASILY, WORKS SUCCESSFULLY." CLEAN HOUSE WITH SAPOLIO

TO MRS. PINKHAM

From Mrs. Walter E. Budd, of Pat- chogue, New York.

Mrs. Budd, in the following letter, tells a familiar story of weakness and suffering, and thanks Mrs. Pinkham for complete relief.

"DEAR MRS. PINKHAM—I think it is my duty to write to you and tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I feel like another woman. I had such dreadful headaches through my temples and on top of my head, that I nearly went crazy; was also troubled with chills, was very weak; my left side from my shoulders to my waist pain-

ed me terribly. I could not sleep for the pain. Plasters would help for a while, but as soon as taken off, the pain would be just as bad as ever. Doctors prescribed medicine, but it gave me no relief. "Now I feel so well and strong, have no more headaches, and no pain in side, and it is all owing to your Compound. I cannot praise it enough. It is a wonderful medicine. I recommend it to every woman I know."

RAISE BIRDS. If They Do Eat Fruit They Also Devour Coddling Worms.

Raising birds, well! Don't they in- fure your fruit? Honestly, yes they do. They will pick the finest, juiciest peach or apple in your orchard or mine. Why raise them, then? We prefer that a bird that works for us through a good part of the year should spoil a few choice peaches and apples rather than have them disfigured by coddling- worms. But you say, won't they ruin your grapes? Well, yes, they are very fond of grapes, particularly the mock- ing-bird; but they won't touch them till they are ripe. And they are work- ing for you something like nine months of the year. A small boy with a squib of a gun and some blank cartridges can keep them out of the vineyard. But suppose I haven't the boy? you say; well, if you expect to make a suc- cess of farming, gardening and or- charding you'll have to raise a crop of boys, too. But if you should have no boys, I suppose you might, at small expense, borrow a boy from some neighborhood who has obeyed the scrip- tural injunction to "multiply and replenish the earth." A borrowed boy will make a noise and will help the birds eat your grapes, too. But he won't spoil the bunches by picking off a berry here and there. Seriously, we allow the birds the freedom of our or- chard. We loose some fruit, but we honestly believe they eat less than the insects would take if they were not present to scavenge and destroy small enemies. We take our chances in part- nership with the birds, and the man who likes it can have the wormy fruit.

Profit of a Hen. It is admitted that while small flocks permit of a profit of from two to three dollars a hen for one year, one dollar is considered an average for large flocks. If one has two hundred hens a profit of \$200 is about what should be expected for a year, as allowance should be made for disease, inferior birds, and other causes. But if the matter is viewed in comparison with the profits from other stock, the sum of one dollar a hen is quite large. The actual value of a hen is not over fifty cents if she weighs five pounds, yet she may lay as many as twelve dozen eggs in one year and also raise a brood of chicks. Of course, the profit de- pends upon the cost of the food and the prices obtained for poultry and eggs, and in some sections not over fifty cents profit a hen may be se- cured; but even at that low estimate an acre of land will enable the farmer to keep one hundred hens. In sec- tions contiguous to good markets the farmer should make a profit of one dollar a hen, and if he does not do so he has not given up scrubs and mis- managing in some direction, which will leave him ample room for improve- ment.

CROUP Mothers, when your children are at- tacked by the dreadful croup, you need not despair; Dr. Bull's Cough Syrup will relieve and cure them at once. You can always depend on this marvelous remedy; it always cures. Dr. Bull's COUGH SYRUP Will cure Croup without fail. Doses are small and pleasant to take. Doctors recommend it. Price 25 cts. At all druggists.

It is the easiest thing in the world to have LUMBAGO OR LAME BACK, And it is just as easy to get rid of it. No remedy has made SO ST. JACOBS OIL. IT RELIEVES THE STIFFENED MUSCLES.

COUNCIL PROCEEDINGS.

OFFICIAL. COUNCIL CHAMBER Ann Arbor December 19th, 1898 Regular session. Called to order by Glen V. Mills City Clerk. Roll Called Quorum Present. Absent Ald. Sweet, Weeks, Howell, Pres. Luick. Ald. Coon moved that Ald. Brown be elected president Protem. Adopted. Communications from the Mayor. To the Honorable the Common Council of the city of Ann Arbor: Gentlemen, I beg to call your attention again to the question of the assessment of paving district No. 1. As you are aware an effort was made to have the supervisors assume the expense of paving in front of the court house, but they declined to pay all or any part of the cost, and the city attorney informs me that it cannot be enforced against them. A few months use of this paved walk has demonstrated that it is of value, not alone to the property owners, but to all the people of the city and in view of the fact that the position now being circulated for the paving and improvement of Huron st. expressly reserves that that property shall assume the cost of that part properly due from the county, I would recommend that a proper adjustment be made with the property owners on Main st. by the city assuming the amount or waiving the proportionate amount due from each property holder, or in any way that the city attorney may direct, as proper and legal to accomplish this result. Very respectfully, Chas. E. Hiscock, Mayor.

Ald. Hamilton moved that 634 cents be remitted per front foot in Pavement District No. 1. Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Exinger, Vandawarker, Brown, Spathelf, Coon, Cady, Stevens, 12. Nays—None.

COMMUNICATIONS AND PETITIONS. A petition signed by Wetberg and Stephens protesting against billiard tables being included in the proposed amendment to the License Ordinance was read and referred to the Ordinance Committee.

Ald. Sweet entered. Reports of Standing Committees. ORDINANCE. Chairman Cady presented an ordinance entitled "An Ordinance to amend section 2 of an ordinance entitled 'An Ordinance relative to nuisances'" passed Feb. 3rd, 1896, approved Feb. 6th, 1896 which was given its first reading by title.

Ald. Coon moved that the ordinance be given its second reading. Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Exinger, Vandawarker, Brown, Spathelf, Coon, Cady, Stevens—12. Nays—None.

Whereupon the ordinance was given its second reading by sections. Chairman Cady presented an ordinance entitled "An Ordinance to amend an Ordinance entitled 'An Ordinance Relative to sewers; Providing for the Construction of a System of Lateral and Connecting sewers in the city of Ann Arbor; passed May 21st, 1894, approved May 23rd, 1894," by adding one section thereto, to be known as section 17, which was given its first reading by title.

Ald. Coon moved that ordinance be given its second reading. Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Exinger, Vandawarker, Brown, Spathelf, Coon, Cady, Stevens—13. Nays—None.

Whereupon the ordinance was given its second reading by sections. Chairman Cady presented an ordinance entitled "An Ordinance to Regulate the use of Firearms" which was given its first reading by title.

Ald. Stevens moved that the ordinance be given its second reading. Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Exinger, Vandawarker, Brown, Spathelf, Coon, Cady, Stevens—12. Nays—None.

Whereupon the ordinance was given its second reading by sections. REPORTS OF SPECIAL COMMITTEES. To the Common Council: Your committee appointed on the 24th day of November last, charged with the duty of negotiating with the owners of the land required for the extension of East Catherine street from Division to State street, beg leave to report that we have had the subject matter of procuring the right of way for such street under consideration with Mr. Gruener, who is the owner of all the land required for such street purpose, and have concluded an agreement relating thereto, subject to the approval of the Council, as follows:

The City to pay Mr. Gruener for the lands required for such street purpose the sum of three thousand dollars, the money to be raised by special assessment according to benefits on and against the lands and real estate contained in a special assessed district, exclusive of the street bounded as follows: On the west by North Division street; on the south by the south line of Mrs. Maynard's and E. Gruener's lands; on the east by North State street; and on the north by line drawn parallel with the line of East Catherine street commencing at the southeast corner of lot number nine of Bowers' Addition to the City of Ann Arbor; thence west along the south line of said lot nine and along such line projected and extended westerly parallel with the north line of East Catherine street to North Division street.

Your committee have prepared a deed to the right of way for such street, and the same has been executed by Mr. Gruener and wife, and the same is ready for delivery and record conditioned upon the acceptance of this agreement.

Your committee further report that they have looked over the ground and investigated the matter, and are of the opinion that no person other than Mr. Gruener is damaged in any way or in any sum by the establishment of the proposed street, and that there is no occasion for obtaining any release from any person other than Mr. Gruener.

All of which is respectfully submitted, and your committee beg to be discharged from the further consideration of the subject. Arthur Brown, John Koch, Special Committee.

Ald. Hamilton moved that the subject be referred to the City Attorney. Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Exinger, Vandawarker, Brown, Spathelf, Coon, Cady, Stevens—12. Nays—None.

RESOLUTIONS. By Ald. Koch: Resolved, That the sum of three hundred and ninety-five dollars be appropriated from the sewer fund of Sewer District No. Five on account of construction; that the City Clerk be instructed to draw an order for such sum of money payable to Eugene Osterlin, assignee, and to deliver the same to Mr. Osterlin, or his attorney, on filing in his office a stipulation con- senting to the discontinuance of the case of Eugene Osterlin vs. The City of Ann Arbor, without costs as against the City.

Ald. Richards moved to suspend Rule 21 of the Rules of the Common Council for this session. Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Exinger, Vandawarker, Brown, Spathelf, Coon, Cady, Stevens—12. Nays—None.

Whereupon the resolution was Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Exinger, Vandawarker, Brown, Spathelf, Coon, Cady, Stevens—12. Nays—None.

REPORTS OF CITY OFFICERS. Ann Arbor, Mich., Dec. 1, 1898. To Hon. Mayor and Members of the Common Council: Gentlemen—Your Board of Health wishes to report for the month of November.

There have been three meetings of the Board, at which all members were present. The number of inspections this month have been ten, and all of such nuisances ispected abated. The deaths in the city for the month were five, which is a very small death rate.

At the present time there are no contagious diseases in the city, except one which came in from another city. Yours respectfully, Ed W. Moore, President. Henry B. Dodsley, Inspector. Ernest A. Clark, Health Officer. On motion, the Council adjourned. GLEN V. MILLS, City Clerk.

It is said that the soldiers who had taken Hood's Sarsaparilla stood the long marches in Cuba much better than the others.

It is now reported, on apparently reliable authority, that Congressman Wm. Alden Smith, of Grand Rapids, will enter the race for the U. S. senatorship. He left Washington before the holiday adjournment to look over the ground.

The state canvassers report the total vote on the constitutional revision was 289,270, of which 163,133 were in favor and 127,147 against. The board will not certify that the proposition carried, leaving that to the judicial authorities.

Rep. Wm. Alden Smith secured the appointment of Jose A. Gonzalez, of Grand Rapids, to assist the postoffice authorities in establishing a postal service in Cuba. Gonzalez was born in Cuba, but is a naturalized citizen of this country.

Harry Rudd, aged 14, jumped into the Shiawassee river at Ososso and rescued Sadie Cooper from drowning. He was so paralyzed by the cold water that he could not pull himself out and sank a second time before rescuers could reach him.

The famous Spanish cat taken from the Spanish battleship Cristobal Colon on July 3 by the crew of the Oregon, died at the United States government station at St. Joseph. The cat was in the cat show in Chicago and was awarded a special medal.

Emma Thompson, aged 21, committed suicide on a farm near the village of Fruitport, by cutting her throat with a razor. She nearly severed her head from her body. The act is the result of a quarrel with her mother and was witnessed by her husband, mother and a neighbor.

Three young men of Benton Harbor, Guy Hollis, Frank English and Wm. Crosby, started a factory for the manufacture of pearl buttons from clam shells, taken from the St. Joseph river. Hollis has invented a button machine that will revolutionize the pearl button industry.

Michigan was largely interested in the proceedings of the Northwestern Game Wardens' association at Chicago. Uniform laws for game season, the interstate shipment of game and other needed protection were advocated and will be presented to the various state legislatures this fall.

Warden Otis Haines, of the Ionia house of correction, says that institution is almost self-sustaining. The average number of inmates is 530. An appropriation of \$14,200 is asked for, for special improvements. Of this \$5,500 is wanted for the purchase of a farm of 35 acres adjoining the prison, and \$4,000 for general repairs.

Ask your DRUGGIST for a generous TRIAL SIZE. Ely's Cream Balm contains no cocaine, mercury or any other injurious drug. It is quickly absorbed. Gives relief at once.

A Terrible Accident. A FRIGHTENED TEAM OF HORSES RUNS AWAY.

Dashes into a Preceding Conveyance in the Road and a Young Lady is Seriously Injured.

From the Advocate, Creelville, O.

Probably there is not a single incident remaining more vivid in the minds of the people in this locality, than the accident which befell Miss Fannie Thoman, a young lady nearly twenty years old, residing about three miles west of this city, while out riding one day in May, 1894. In conversation with a friend recently, Miss Thoman told the story concerning this horrible affair and the results from it. She said: "I was working in a dressmaking establishment in Gallon, Ohio, and one day while out riding with my friends, we were overtaken by a team of runaway horses, and the carriage in which I was riding was badly wrecked and I was thrown out, receiving a hard fall. "I was taken to my home, and a physician was called and upon examination told me that my right kidney had been affected. He gave me medicines which relieved me some, but which never helped me as they should. "I had often read of these pills but gave no attention to them until the day I procured my first box. Since then I have taken twelve boxes and have been greatly relieved. My blood is in a better condition, I have gained in flesh and my entire system has been built up. I most certainly recommend Dr. Williams' Pink Pills for Pale People to any one troubled with kidney complaint. "All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of a grippé, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Dr. Williams' Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50—they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.
