

## THRIFTY ARMENIANS.

### THAT IS WHAT CAUSED MASSACRES.

That is Pres. Angell's View of the Case—Turks Became Jealous at Armenian Prosperity—President Angell Talks on the Subject in Brooklyn, New York.

NEW YORK, Jan. 5.—Dr. J. B. Angell, president of the University of Michigan and ex-minister to Turkey, delivered an address last night to the Central Congregational church, Brooklyn, on the work of the missionaries in Turkey and of the attitude of the Turkish government toward them.

He spoke in high terms of the character and work of the earlier missionaries. Despite great opposition their churches became prosperous. Then the relations between the Turks and Armenians became strained and the massacres of 1793-5 began. The Armenians had been a subject people for 600 years and had acquired some of the characteristics of a servile people. Not having been allowed to serve in the Turkish armies they had become unwarlike and so bore with extraordinary patience the robbery of their goods by the Kurds and many outrages upon their families.

On the other hand, while the Turks are soldiers and unskilled in commerce, the Armenians developed a surprising skill in finance and in the industrial trades. Consequently after they obtained the right to hold real estate, they grew rapidly rich at the expense of the Turks, lending them money, taking mortgages and in many cases seizing their lands. This gave rise to a feeling of hatred on the part of the Turks similar to that evinced in many parts of Europe toward the Jews. It was not a religious hatred so much as an economic rivalry and it was out of this rivalry and the cruelty of the Kurds that the massacres grew.

The Turkish government, Dr. Angell added, often made improper decrees, but if the minister met them with a determined front and refused to abate a jot of his country's treaty rights, they would abandon their position, for the Turks on the whole are easy, good-natured people.

### Y. W. C. A.

Thursday evening, January 10th, a membership social will be held at the Rooms. It is requested that so far as possible each member be present, as a proposition will be made which will be of interest to all. Some have asked if they might bring a friend with them as it would not be practicable to come alone. This is always allowable, even for business meetings.

Have you renewed your subscription for the "Evangel?" If not, please do so at once as the list and the money should be forwarded immediately.

Miss Wild, the editor of the "Evangel" is to be in the city January 20-24. Further notice next week.

A well attended finance committee meeting was held Saturday p. m.

## A GOOD SHOWING.

### Y. M. C. A. Has Done Good Work—Report for 1898 Just Published—It Pays As It Goes.

The Y. M. C. A. of Ann Arbor, has just published its annual statement for 1898. It makes an excellent showing. During the year it received from various sources \$1,451.36. It also holds pledges which it considers perfectly good, amounting to \$90.22. The expenditures exceed this amount by only \$5.22, showing that the association has been practically self-sustaining. Considering the amount that is necessary to meet all the expenses. It is estimated that for the coming year the expense will amount to \$2,024. The business men of this city will be asked to subscribe this amount as sustaining members. The total membership during the past year has been 159. The actual attendance in the reading and game room in 1898 was 18,021. Total attendance at Sunday meetings for the year, 2,519. At prayer meetings there were during the year 741. At the Bible classes there were 336. The number of sustaining membership was 214. The total net proceeds of the fair held by the association was \$921.17.

### AVOID ALUM BAKING POWDERS.

#### Their Use is Dangerous to Health.

The condemnation of alum as an unwholesome ingredient in baking powders by the Government authorities as well as by the Iowa and Minnesota State Boards of Health and physicians generally, has not deterred manufacturers of such powders from foisting them on the public. Following is a partial list of the condemned alum powders found in the stores in this section:

Calumet.	Jaxon.
Chapman's.	Kenton.
Chicago Reast.	Loyal.
Crown.	Perfection.
Delicatess.	Rocket.
Grant's Bon Bon.	Snow Ball.
Immense Value.	Unrivaled.
I. C.	

It is safe to reject all brands sold with a prize. All powders sold at twenty-five cents or less a pound are sure to be made of alum. Dr. Wiley, the Government Chemist, in his official examination of baking powders at the World's Fair, threw out all "alum powders," classing them as unfit for human food.

But the World's Fair could approve as well as condemn. After the most elaborate tests, it bestowed the highest award for purity, leavening power, keeping qualities and general excellence on Dr. Price's Cream Baking Powder.

### The Deputies.

The following are the men whom Sheriff Gillen has appointed as his deputies thus far:

Saline—J. A. Alber.
Salem—P. H. Murray.
Milan—C. Luxton, Louis Wilcox.
Chelsea—W. H. Lehman.
Whitmore Lake—Frank Mungler.
Manchester—W. J. Holmes.
Dexter—Charles Stebbins.

## ANN ARBOR GROWING.

### IT IS A STEADY, HEALTHY GROWTH.

Mills' New Directory Shows 2970 Families—At Usual Ratio of Five to a Family—This Would Mean 15000 Population—Postmaster Pond's Census Shows the Same Result.

From two independent and reliable sources it is shown that Ann Arbor is now a city of 15,000 population besides having a floating student population of 3,500 students, making it really a city of 18,500.

Ann Arbor has been enjoying a steady and healthy growth during the past ten years. There has been no particular boom but its population has gradually increased. New, substantial and handsome residences have been built and it is one of the most beautiful "home" cities in Michigan.

Postmaster Pond, who has recently had a census taken of the city, has just forwarded to the postoffice department an answer to an inquiry and given the above figures as his estimate.

Through the courtesy of Glen V. Mills, the directory publisher, the Times was permitted to examine the advance sheets of his new directory for the city of Ann Arbor, and finds the following figures will be shown in the forthcoming work as compared with the one issued a year ago.

There are 963 heads of families who have either moved into the city or have changed their residences in Ann Arbor during the past year.

There are 2,116 heads of families whose residence remains unchanged.

Adding these together it will be ascertained that there are 2,979 heads of families in Ann Arbor at the present time. Through long experience, the statisticians give us the correct proportion of heads of families to the total population as being 1 to 5. If this is correct, in the case of Ann Arbor it will give the city a population of 14,895, which tallies with Postmaster Pond's estimate to a remarkable degree. The estimate of a floating student population of 3,500 is acknowledged by all when the University, high school and school of music is taken into consideration.

Mr. Mills' advance sheets also show the following:

There are 110 vacant houses or partially vacant houses in Ann Arbor, (Continued on fourth page.)

### WIPED OUT THE DEBT.

Annual Meeting of the Presbyterian Church Last Thursday Night—A Debt of \$2300 on church and Parsonage is Raised.

The regular annual meeting of the Presbyterian church society was to have been held a week ago last Monday night, but a delegation of ladies appeared upon the scene and prevailed upon those present to postpone it until Wednesday night, when the first annual banquet was to be held. The ladies furnished an elegant turkey supper, and after the refreshments the society proceeded to elect the new trustees. It resulted in the selection of S. W. Clark and J. L. Babcock. The society then decided to add four additional members to the board, and E. L. Seyler, F. C. Parker, G. G. Stimson and O. L. Robinson were elected.

It was reported that the existing debt on the church and parsonage is \$2,300, while the lot on Division st. is estimated to be worth \$1,600. Under the enthusiastic direction of J. H. Wade, chairman of the board of trustees, the society proceeded to wipe out the debt. The subscription was headed by J. L. Babcock with \$300. Other amounts followed in rapid succession until the sum of \$1,300 was raised. The society will sell the lot on Division st., and with the addition of a few hundred dollars from those who were unavoidably detained at home, it will not only be entirely out of debt but will have a fund for needed repairs on the church building.

Nearly 175 persons were present, and a degree of enthusiasm was manifested which is rarely seen in any gathering.

### LETTER FROM ANN ARBOR.

An Ann Arbor Mail Carrier Writes a Letter—Tells of the Trials of the Carriers and the Improvement in the Ann Arbor Office.

The January number of the Postal Record, the organ of the Letter Carriers contains the following letter from an Ann Arbor carrier. It is signed T. E. N. (which might mean carrier number 120):

"While the first class offices are regaling us in the Record with receptions and banquets, making the poor little second class fellow tremble in his humble cot with a vacuum in his stomach and utopian dreams in his upper story, permit us to remark that Ann Arbor had its only banquet several

years ago, when the older carriers received their bag pay and that the ghost still walks, but the menu never materialized.

"Wolverines are at present indulging in the annual season of snow and ice when old Sol gets lazy in the morning and the sprightly carrier makes his early collection in the dark, and, when in addition to being capable of bringing everybody the letter they expect before it is written, he is obliged to be an accomplished acrobat to prevent soul and body from colliding on the slippery steps and pavements and make his schedule time while his thoughts wander away to fellow carriers in sunny climes where Jack Frost ceases troubling and snow banks take a rest.

"Ann Arbor stands at the head of Michigan's second class list and is taking seven league strides to get into the first-class ranks. Improvements are coming accordingly, and a night clerk, Landfear canceling machine, Bundy time recording clock, last, but not least, carrier No. 12, who began his duties Dec. 1, have all come within the last year, and more facilities are still needed to keep up with the steady increase in mail."

## Housekeepers must be watchful

For great efforts are being made in this vicinity to sell the alum baking powders, which every physician will inform you are poisonous to the human system.

The official Government tests show Royal Baking Powder to be an absolutely pure and healthful grape cream of tartar baking powder, and care should be taken to prevent the substitution of any other brand in its place.

The Royal powder costs only a fair price per pound, and is cheaper and better at its price than any similar article in the world.

#### THE FIRE-SIDE SCHOOL.

The child of to-day is the citizen of the future; the methods by which he shall be trained are of national importance. This is so far recognized that schools are established for him after he has attained a certain age; but he is well advanced in education before he enters school.

The most important and effective part of his training takes place in the home, and as yet the nation has no power over the home, unless in its conduct it becomes a threat to physical life, or a nuisance to the community. Parents may be teaching their children to be dishonest, untruthful, disobedient, indolent, or immoral, and the community or even the nation is powerless to interfere.

And the parents who are proving such unwise instructors may be entirely ignorant of the evil they are doing. They may be well-meaning, even religious people. They may love their children very tenderly, and most earnestly desire that they grow up to be honest, useful men. The evil training they are giving is all unintentional and even unrecognized. They may realize that the children are willful, perverse and generally unlovely, and have no comprehension that it is their home-education that has developed these qualities. Instead of blaming themselves they are more likely to blame poor old Adam and his transmission of original sin.

It would seem that the first requisite of proper child-culture then is the training of parents; not of mothers alone, but of fathers and mothers.

A being is brought into the world not to entertain and amuse his elders, but put into the family as a trust to be developed according to his own needs and capabilities. He is not to keep still simply because the parents demand it. They must have an adequate reason for infringing on his physical liberty. He is not to be dressed simply to display the adornments that gratify their vanity. His interests in "life, liberty and the pursuit of happiness," which to him mean perhaps making mud-pies, are to be taken into account in the fashion of his attire. He is not to be made to show off his little accomplishments to please the parents' pride, but the consciousness and vanity is to be a controlling force in the minds of the parents. In fact the moral question which is of necessity involved in everything that pertains to his care and training must be taken into account if he is to become the valuable trust-worthy citizen. This can only be accomplished by a harmonious concert of action on the part of the parents, and harmony can be secured only by united study of the subject, that is, the child.

How little do we realize that we invade the rights of a child when we thrust our endearments upon it, and how sadly sometimes the child suffers for our ignorance. The injustice done to children under the name of love is a pitiable exposure of our ignorance. What study is of greater value and dignity than that of true Christian Citizenship? And nowhere can it be studied so effectively as in the philosophic training of the embryo citizens that cluster around the hearthstone as pupils in the great school of the fire-side.

If in every community the Child-Culture Circle could hold a place in public esteem equal to the C. L. S. C. or the Shakespeare club, the value to the country can scarcely be estimated. It is a good thing to study history, science, poetry, or art, but all combined have not the value to the world that has the careful, systematic study of that little bit of humanity you today call a child, but who in years to come may be the poet, the historian, the scientist or the artist, and whose whole nature today lies under your moulding touch like clay in the hands of the potter.

THE CITY.

A son was born last Friday to Mr. and Mrs. L. Baes.

Private Charles Eaton has secured his discharge because of disability.

A baby girl has come to make happy the home of Mr. and Mrs. Geo. Craig.

Joseph Donnelly is expecting soon to leave for Chicago to reside permanently.

Martin Schaller recently received a shipment of German song books from Stuttgart, Germany.

A number of Dr. C. G. Darling's friends helped him celebrate his birthday last Friday night.

Millie Christman who is charged with attempting to shoot her husband will be tried on the 20th.

A large force of men are at work at Whitmore Lake putting up ice. A big harvest of ice will be gathered.

The case against Henry Robbins, whose wife had him arrested for assault and battery, will be tried on the 16th.

The ordinance relative to sewers has been approved by Mayor Hiscock and appears in another column of this paper.

The Michigan Furniture Co. will hold its annual meeting on Wednesday, Jan. 18, in the office of W. D. Harriman.

Jake Braun presented a bill to the supervisors for \$10.00 for making out sparrow orders. The board refused to pay the bill.

Rev. H. D. Williams, of this city, has been called to the pastorate of the Disciples Church at Kalamazoo. He begins his work there on the 15th.

Wm. W. Wedemeyer has sent out an announcement of his having formed a partnership with Mr. J. C. Cavanaugh for the practice of law. They will have offices in the Savings Bank Block.

M. M. Seabolt, of the city laundry, has sold out his machinery and fixtures to Miss Lizzie McNally who will open a laundry about the 1st of February.

D. M. Willis who was recently arrested for having in his possession some squirrels five days after the law permitting hunters to kill them, had expired, claims that he can prove that he came by them legally.

Spain's Sunk Ships Floated. Perhaps the greatest mechanical feat of the century has been the raising of some of the Spanish warships which were apparently shot to pieces at Santiago. It seemed utterly impossible to float them because of the terrible damage inflicted by our guns, but the task has been accomplished. Diseases of the blood, stomach and liver frequently wreck the health so that there appears to be no chance of recovery. But when Hostetter's Stomach Bitters is taken the disordered system is speedily restored to its old-time vigor and tone. The Bitters will regulate the liver, bowels and digestive functions and purify the blood. You can buy this remedy in any drug store and under no circumstances should you accept anything said to be "just as good."

Ralph Austin, son of Mr. and Mrs. Judson Austin, of Salem, died last Tuesday night from the effects of brain fever. He had been sick about a month. It is thought that his illness was caused by a window falling and striking his head. Funeral was held Thursday afternoon at the Congregational church at Salem.

Rev. Geo. P. Coler, of the University Bible chairs, will teach a class for the study of the bible at the city Y. M. C. A. The first meeting will be held Monday evening Jan. 16 at 8 o'clock. A cordial invitation is extended to all men in the city to attend the opening meeting Monday evening.

A. next Sunday afternoon at 2:45 o'clock. Miss Babbetta Fisher will sing. All men in the city are invited to come to this meeting.

The Ladies' Library Association have been peculiarly fortunate in inducing Dr. Vaughan to give them a lecture on "The Campaign in Santiago". Friday Evening January 13, 8 p. m. at Harris Hall. Admission 25 cents. One cannot well afford to miss the opportunity of hearing so interesting a speaker on a theme upon which he is so abundantly qualified to speak.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

President Angell will deliver a lecture as a part of the star course of the Y. M. C. A. of Detroit this evening. He will speak on the "Eastern Question."

The subject at the Adventist church Sunday, Jan. 15, is "The Political Future of the United States as the Bible Tells It." Services begin at 7:30 P. M.

Mr. R. C. Reeves, Administrator in the estate of Benj. Culy in Scioto, will sell the farm belonging to that estate at auction on Saturday Jan 21. The sale will be made on the farm 1 1/2 miles from Daxter.

John T. Frick, a well known Ypsilanti boy, 22 years of age, committed suicide last Thursday in Detroit. It is thought that Lottie Elwood, an actress, failed to reciprocate his love and caused him to grow despondent, hence the deed.

Three tramps called at the house of a certain prominent lawyer in this city at about 10:30 o'clock last night and asked for the loan of a corkscrew. It is said that they received it and that it was 2 o'clock before they left—Argus.

Ald. Spatheff had the misfortune to lose his fine grey delivery horse on Sunday. When his man went to the barn Sunday morning he found that the animal had in some unaccountable manner broken one of its legs in two places.

Past High Chief J. F. Hoelzle has been presented with a \$75 charm by Washtenaw Chapter, No. 6, R. A. M., and Past Master Warren W. Wadhams has been given a handsome diamond ring by Golden Rule Lodge, No. 159, F. and A. M.

Pres. J. B. Angell will discuss the question, "International Arbitration," at the Congregational church, before the business men's class the coming Sunday, immediately after the morning's service. These discussions are free and every one is cordially invited.

The report that Burke Cockran would not fill his appointment with the S. L. A. this season is not correct. Mr. Cockran has been unexpectedly detained in Europe so that the date of his lecture here must be changed. He will, however, be here later in the season.

Elizabeth Kirby, of Kingsley st., was last Saturday granted a decree of divorce from her husband, Joseph E. Kirby. The suit was originally started by Kirby who charged his wife with all sorts of things. These she not only denied but filed a cross bill charging him with extreme cruelty, drunkenness and non-support. The husband did not contest the case and the wife was given the decree.

Burton Barnes, a tailor, was arrested last Friday evening by Sheriff Gillen upon advices from Jackson that he was wanted for the larceny of a watch. Barnes had a tip that the officers were after him and was found hiding under his bed. After being arrested he told Mr. Gillen that he had simply borrowed the watch from a girl who had been working in the same shop with him in Jackson, and he passed it with her full knowledge and consent.

Jimmie Blytheman, Ann Arbor's incorrigible youngster, was found guilty by Justice Duffy Saturday of stealing tickets from the Athens Theater. A young colored lad named Wilson swore that Blytheman gave him 17 gallery tickets on the evening of Dec. 24. Blytheman secured the tickets by inserting a long wire into the box-office and pulling out a package during the absence of the treasurer of the house. Justice Duffy sentenced him to 90 days in the Detroit house of correction.

The annual meeting of the Huron Valley Building and Savings Association occurred Monday evening, January 9th. The following Directors were elected for the ensuing three years: Wm. Biggs, Gottlob Luick and James E. Harkins. Three per cent dividends for the past six months was ordered, the surplus to go to the contingent fund. The Secretary read the semi-annual statement, which shows the association in a very encouraging condition. There is a surplus of \$3,683.02, after dividing the dividends among the shareholders. Messrs. Chas. E. Green, E. E. Calkins and Norman D. Gates were elected auditing committee for the coming year.

The deposition of Mrs. Emily P. White in her suit against the Detroit, Grand Rapids & Western Railroad was taken Friday. She lives about a mile east of the city on River Road. She is 81 years of age, but gave her testimony very clearly. The accident for which she is trying to recover damages happened in Detroit. Arriving there on a train on the above road one evening, she started to alight. A stool had been placed for passengers to step upon from the car steps and before they reached the platform. A brakeman assisted her to this step and then released her, thus giving her a wrong intimation that she was on the platform. She started to walk away and fell, breaking the bones of her thigh. On account of her advanced age she is liable to recover big damages.—Times.

What Ann Arbor needs just at present is a manufacturing boom. Mr. Mills, who has just completed a directory of Flint, Mich., which has just undergone a boost of this character, furnishes the following figures: In Flint in September, 1897, there were 150 vacant houses. During the summer of 1898 there were 250 new houses erected. Now every house in Flint is occupied, and it is estimated that there are from 50 to 75 families unable to secure homes who have moved into apartments over stores. During the summer of 1898 there was a total of \$475,000 made in real estate improvements.

Cannot Ann Arbor enjoy something of this character?—Times.

Michigan will be represented by two men in the next graduating class at West Point Military academy. They are Leon B. Kromer, of Grand Rapids, and Thomas H. Jackson, of Ionia.

During 1898, the Flint & Pere Marquette railway steam car ferry Pere Marquette crossed Lake Michigan 810 times. Three ferries now run, and one or two more are said to be needed.

Saginaw merchants are formulating plans whereby debts can be collected. They propose to have a bill introduced in the legislature by which any person owing \$1 a day or over can be garnished for debt.

John G. Tucker, receiver of the Detroit & River St. Clair railroad, has issued another block of \$35,000 worth of certificates, and the money will be used to pay up the indebtedness and complete the equipment.

Frankfort citizens are very wrath because the Ann Arbor railroad company makes South Frankfort its stopping place, and the Frankforters have to go three miles to catch a train or ship their freight. They will appeal to the state authorities.

DON'T GO IF BLIND. There's No Need to in Ann Arbor—The Way is Almost Trodden with Guide Posts. Have you ever read a newspaper article, a glowing account of some incident; told in elusive words to lead you on, and found it ended with a proprietary medicine advertisement? Made you mad, didn't it? And you were convinced of the merit of that article? We think not, because it told you the experience of some stranger in a far-away town; to take his word for it was like "going it blind." It's a very different thing when a statement is prescribed from a citizen. From people we know and that's the case here.

Mrs. Jno Kuebler, of 212 Miller Ave., says: "Some time ago I caught a severe cold which settled in my back and kidneys and brought on an attack of lumbago or backache. There was a constant, heavy dull, aching pain across my loins. It was painful for me to stoop or lift anything, I could not rest, comfortably at night and always felt tired and unrefreshed in the mornings. I was generally run down and languid. Having seen Doan's Kidney Pills advertised and recommended so highly I went to E. Newbush & Son's drug store and got a box. I did not take all of them before I was cured and I have had no return of the trouble since. I gladly recommend their use to others."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box. Sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no other.

DON'T BE PUNY WISE AND POUND FOOLISH. An Ounce of Prevention is Worth A Pound of Cure. Don't let that backache run on until it ends in some serious kidney trouble. Do you know the good Morrow's Kidney-oids are doing here in Ann Arbor for backache? Have you noticed the statements of Ann Arbor people that have been published in the Ann Arbor papers? We don't have to go out of Ann Arbor to have people say Morrow's Kidney-oids cured them of backache, nervousness and sleeplessness; they are right here and are very grateful people, though we do give you the evidence of some outside people to show you how much they value Morrow's Kidney-oids. They praise Kidney-oids all over the land. Do you suppose that people living here for ten and fifteen years would tell you that Morrow's Kidney-oids are beyond doubt the best remedy to be found if it were not so? They have said this too after they have used kidney pills and kidney cures. There is nothing like Kidney-oids. The ingredients are the best the market can afford. They are prepared in yellow tablets in the most scientific manner; they are easy to take and quick to act. Woman at a critical stage of life will find Kidney-oids very valuable in quieting the nerves and producing sleep. Kidney-oids are not nerve dullers either, no indeed; they simply restore the system to its normal condition and this condition brings on natural results.

For children with weak kidneys and who are often scolded and whipped for things they cannot help like peevishness, bad wetting and lack of energy, Kidney-oids will be found most valuable.

Kidney-oids are for sale by all first class druggists and at A. E. Mummary's drug store for 50 cents a box, or will be mailed by the manufacturer on receipt of price. John Morrow & Co., Chemists, Springfield, Ohio.

STATE GOSSIP. West Branch has been visited by a \$17,000 fire.

The "Prohibits" of Kalamazoo county have held their convention and elected delegates to the state convention.

The Pilgrim Congregational church of Lansing which was just completed has been destroyed by fire. Loss \$12,000.

Auditor-General Dix is authority for the statement that the tax sales will be smaller this year by nearly one-third.

Circuit Judge George M. Buck, of Kalamazoo, is a candidate for re-election. B. F. Heckert, of Paw Paw, is also a candidate.

Gaylord can no longer boast of having one of the largest men in the state, as "Big Bill" Morton, who weighed nearly 400 pounds, is dead.

W. G. Emerick, of Saginaw, cashier of the American Commercial & Savings bank, resigned to organize the Saginaw Beet Sugar Co., with a capital of \$250,000.

A proposition to bond Shiawassee county for \$10,000 for the erection of a county building on the poor farm will be submitted to the voters at the next election.

which is about the same number as last year, but from December, 1897, to December, 1898, there were 119 new houses completed. Postmaster Pond's canvass was taken in October, and shows 162 completed or partially completed houses for the year ending that month, but it must be remembered that between October and December is the time when the new houses were likely to be completed, which easily accounts for the discrepancy in Mr. Mills' canvass and Mr. Pond's canvass.

Insurgents Refuse to Liberate Spaniards at Manila—Bad Railroad Wreck on the Southern Railroad—Youthful Robbers Admit Their Guilt.

Filipinos are Ugly. Manila dispatches say: The insurgents refuse to liberate the Spaniards held as prisoners, on the demand of the Americans, claiming that this might be construed as an act of submission to the United States. With regard to liberating the monks, the insurgents intend to negotiate with the vatican directly. Gen. Rios (Spanish) has now opened direct negotiations with the insurgents concerning the prisoners.

Hong Kong: Leading representatives of the Filipino junta in Hong Kong declare that the serious crisis in the Philippines is due to what they designate an "overt and unfair treatment of Filipinos by the United States." The Filipinos are determined to prevent the landing of the Americans at Iloilo, and may, as a last resort, destroy the city for strategical purposes. The junta insist that a rupture of the friendly relations now existing between "the Filipino national government" and the American executive is imminent and that hostilities are probable unless what they characterize as the "unreasonable, unfair and overbearing policy of the Americans" is modified. They say the Filipinos "would deeply regret such a rupture, but would accept it as inevitable."

Admiral Dewey cabled to the navy department that he had sent the gunboats Concord and Petrel to Iloilo to co-operate with the cruiser Baltimore in support of the army expedition. The troops under Gen. Miller have been ordered to disembark. With the display of force that the army and navy will be able to make it is thought that the natives will abandon their show of resistance and welcome the soldiers. In any event, however, according to the present understanding, the troops will be landed without further delay.

It is reported that the governors of all the provinces of Luzon have assembled at Malolos the seat of the Filipino power for the purpose of offering their lives and property. They say they fought only for independence of the Filipinos and are unwilling to surrender to strangers.

Senor Agonillo, who is in Washington as the representative of the Philippine government, has asked to be recognized by the United States as such and to be accorded the same rights as other diplomats.

Another Railroad Wreck. Four dead, two injured and the loss of about \$100,000 worth of property is the result of a head end collision on the Knoxville & Ohio branch of the Southern railroad. A double-header freight train, loaded with coal and merchandise, crashed into a mixed local passenger train while both were running at the rate of 35 miles an hour. The engines met head on, the coming together of the two trains was so sudden that the trainmen were unable to jump and save their lives. Immediately after the crash the wreckage caught fire and but for the timely assistance of a fire engine from Knoxville the entire two trains would have been consumed.

Youthful Train Robbers. Two Topeka boys, scarcely 13 years of age, who were arrested during the fall festival last September for holding up a farmer, and who were sent to the Hutchinson reformatory, are responsible for the Missouri Pacific hold-up and express robbery near Leeds, Mo., Sept. 23 last. This is the robbery for which Jesse James, jr., is now under indictment in Kansas City. One of the boys has made a written confession, and has divulged where the booty, some \$11,000, is hidden in the woods.

A Bad Wreck on the Lehigh. By a head-on collision between an excursion train and a local passenger on the Lehigh Valley railroad at West Dunellen, N. J., 13 persons were killed and 33 injured. The accident was the result of some one misreading their orders. There were some 400 passengers on board the two trains, and the panic that reigned among them was indescribable.

Grant Trust. The Electric Co., of America, with a capital of \$25,000,000, have filed articles of incorporation with the secretary of state at Trenton, N. J. The company has for its purpose the control of every electric plant and gas plant in the principal cities from Maine to California.

Two Banks Robbed. The safe of the Ashburnham bank at Ashburnham, Mass., was blown to pieces by dynamite and between \$1,500 and \$2,000 is missing, also the Farmers' bank at Inwood, Ia., was relieved of \$2,000 in a like manner. No clue.

The Pullman Town no More. The fenced in model town of Pullman is to become a free community. The Pullman Palace Car Co. has accepted the decision of the supreme court of Illinois. Thus will end as a feudal institution the town of Pullman. Its churches, schools, hotel, arcade hall, market house, public library and 2,000 brick residences will be sold to the highest bidders. The streets will be given over to the city of Chicago and the waterworks will also pass into the control of the city.

A NEW "MILKY WAY"

It is in the Form of a Trust—Is Now Being Organized in Ann Arbor—To Take the Milk of All the Milkmen.

An effort is being made to organize a milk trust in Ann Arbor.

Heretofore consumers have been getting milk delivered for five cents a quart. What it will be under the new arrangement can only be surmised.

It is said that the promoters of the trust are Junius E. Beal, of this city, and J. M. Travis, of Plainwell, Mich.

There are about 30 milk dealers who come into the city and supply the town. Of this number, it is said, that already Messrs. Darling, Chandler, Lathrop, Murphy, Roe, Carr, Lerg, Besch and Jentler have signed the contracts, a blank copy of which is given below. This makes nearly a majority of the milk dealers, and with this much of a leverage it will not be long before the others are forced to supply the trust with the product.

CONTRACT.

This contract made this ... day of ... 1898, between J. M. Travis, of Plainwell, Michigan, party of the first part, and ... party of the second part, in consideration of One Dollar (\$1.00), the receipt whereof is hereby acknowledged, the said party of the first part agrees to purchase all of the milk the said party of the second part shall daily bring to a central place in the city of Ann Arbor, during the continuance of this contract, paying therefor, Two and One-Half Cents (2 1/2 cents) per quart for milk of standard test, settlements to be made weekly.

The party of the second part, hereby agrees to bring all his milk to a central place in Ann Arbor, hereafter to be designated by the party of the first part and at times to be so designated; to keep the cows, stable and milking utensils clean and in good sanitary condition, open to inspection by party of first part; to aerate and cool the milk to 40 degrees immediately after milking, and keep at that degree of temperature until delivered; and to sell to no other party during the continuance of the contract.

The minimum amount furnished daily by the party of the second part is agreed shall be ... gallons. This contract shall take effect May 1st, 1898, and shall be in force for ... year.

Healthful Food.

It is a safe practice to select a brand of baking powder of well-established reputation and then make sure that it exclusively is used in the kitchen. The economy in the use of the Royal Baking Powder, as shown by the Government report, is worthy of consideration, but this is of minor importance compared with the greater purity and wholesomeness of the food when the Royal is employed.

Health officers and physicians who have used it in their families for a quarter of a century are its most enthusiastic advocates and recommend it as a safeguard against the aium danger.

Choral Union Series.

The first concert in the Choral Union Series will be given next Tuesday evening, January 17th. In deference to the frequently expressed wish for a program of a miscellaneous character no extended work will be given, but the program will be made up of shorter selections. The most important work is the "Narcissus" of Massenet, a graceful composition in the characteristic style of this composer. It is very melodious and contains a very beautiful solo part for tenor and is withal most daintily orchestrated.

Whatever may be said of the French school of composition no one can deny the gracefulness and charm of the orchestration of such men as Massenet and Saint Saens, and this particular work as well as the "Spring Song" from "Sampson & Delilah" which will also be sung, illustrates this characteristic most admirably. The chorus will sing a group of unaccompanied part songs and with orchestra "The Song of the Vikings" Fingol, and "Unfold ye Portals Everlasting" from the "Redemption." The soloists, Mrs. Seabury C. Ford, Soprano of Cleveland, and Mr. Glenn P. Hall, Tenor of Chicago, will sing several arias with orchestra.

The orchestra, The Chicago Festival, 40 men, will give the Overture, von Weber, and the Unfinished Symphony, Schubert. The week will be almost entirely given up to entertainments for on Friday evening, the 23rd, the second concert of the series will occur. At the last moment Siliti cancelled all his American engagements, but it was possible to secure a most acceptable substitute in the person of Miss Adele Aus der Ohe. Miss Aus der Ohe has within the last seven years made most wonderful progress in her art and comes to us a much greater artist than when she was heard in University Hall several years ago. It will be remembered that she made a most decided impression and all who heard her then will be delighted to hear her again. It is impossible to announce the list of artists for the Festival at this time but it is expected that it will be completed very soon.

Feared Insanity

Severe Pains in the Head Owing to Catarrhal Trouble

Invalid of Seven Years Cured by Hood's Sarsaparilla.

"I had a severe catarrhal trouble, and was under medical treatment in several places with little benefit, and at great expense. I became reduced in flesh, so I weighed only 96 pounds. I had such severe pains in my head that I feared I should become insane. I tried external remedies without obtaining relief. Finally I was inspired to give Hood's Sarsaparilla a trial, and I am very grateful to the proprietors of this wonderful medicine. I have taken seven bottles and it has cured me, after I had been an invalid for seven years. I have gained 23 pounds in flesh, and my friends are surprised at the improvement in my condition." Why is it that one man is old and decrepit at 45, and another hale and hearty at 80? It depends on the care he takes of himself. Often a man's body gets out of repair—the trouble grows until it lays him out in bed. Whenever a man feels that he is not as well as he ought to be, whenever he is listless, without energy and without vitality, whenever he finds that he is losing weight and that his ordinary work gives him undue fatigue, he needs Dr. Pierce's Golden Medical Discovery. If he keeps on working with his liver inactive and his blood impure—he keeps his nerves and his body under a constant nervous strain. He will not be hearty when he is old. The "Golden Medical Discovery" cures many so-called diseases because nearly all illness springs from the same thing—bad digestion and consequent impure blood. The "Discovery" makes the appetite good, the digestion strong, assimilation easy, and the blood rich and pure.

**NERVOUS DYSPEPSIA**  
**TO GAIN FLESH, TO SLEEP WELL,**  
**TO KNOW WHAT APPETITE**  
**AND GOOD DIGESTION MEAN.**  
**Make a Test of Stuart's Dyspepsia Tablets.**

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think their nerves are to blame and are surprised that they are not cured by nerve medicines. The real seat of the mischief is lost sight of. The stomach is the organ to be looked after.  
 Nervous dyspepsia often do not have pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every organ. In some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches; still others are troubled with indigestion.

Prof. Henry W. Becker, A. M., led with loss of flesh and appetite with accumulations of gas, sour risings and heartburn.  
 It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.  
 Send for valuable little book on stomach diseases by addressing F. A. Stuart Co., Marshall, Mich. All druggists sell full-sized packages at 50 cents. Prof. Henry W. Becker, A. M. the well-known religious worker and writer of St. Louis.  
 Secretary of the Mission Board of the German Methodist Church, Chief Clerk and Expert Accountant for the Harbor and Wharf Commission. Public Secretary of the St. Louis School Patrons' Association, and the District Conference of Stewards of the M. E. Church; also takes an active part in the work of the Epworth League, and to write on religious and educational topics for several magazines. How he found relief is best told in his own words:  
 "Some weeks ago my brother heard me say something about indigestion, and taking a box from his pocket said "Try Stuart's Tablets." I did, and was promptly relieved. Then I investigated the nature of the tablets and became satisfied that they were made of just the right things and in just the right proportions to aid in the assimilation of food. I heartily endorse them in all respects, and I keep them constantly on hand."

Whereas, default has been made in the payment of the money secured by a mortgage dated the second day of October 1893, executed by John D. Bennett and Hattie Bennett his wife of Salem, Washtenaw County Michigan, to W. D. Rice and Etta V. Rice of Coleman, Michigan, and County Michigan, which said mortgage was recorded in the office of the Register of Deeds of the County of Washtenaw in Liber seven-nine of Mortgages on page 120 on the 31st day of October 1893 at ten o'clock A. M. And whereas the said mortgage has been duly assigned by the said W. D. Rice and Etta V. Rice to Marshall Sopp, by deed of Assignment bearing date 20th day of June 1898, and rec'd in the office of the Register of Deeds of said County of Washtenaw on the 20th day of July 1898 in Liber 13 of assignments of mortgage on page 164.

And whereas the amount claimed to be due on said mortgage, to wit: The undivided one-half part of said mortgage, and several dollars and fifty-eight cents, of principal and interest, and the further sum of twenty five dollars as an Attorney fee stipulated for in said mortgage; and no suit or proceedings having been instituted at Law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.  
 Now, therefore, notice is hereby given that by virtue of said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described therein, at public auction, to the highest bidder, at the east front door of the court house in the city of Ann Arbor in said County of Washtenaw (that being the place where the Circuit Court for said County of Washtenaw is held) on Friday, the 31st day of March next at one o'clock in the afternoon of that day.  
 Which said premises are described in said mortgage as follows: The undivided one-half part of said mortgage number one according to the plat of Commissioners on partition of the estate of Joseph L. Bennett deceased bounded as follows, that is to say, The east eleven chains and forty-two links in width of from and across the east side of the northwest fractional quarter of section number fifteen, town number one, range seven east, County of Washtenaw and State of Michigan and containing in all thirty-six acres of land more or less.  
 Dated January 4th, 1899.

Blind to the cause of his physical ills, man (and woman too) persist day after day in pouring into the protesting stomach a liquid drug called coffee, known by all chemists and physicians to contain the same poisonous alkaloids as found in strychnine, morphine, whiskey and tobacco, and to require a powerful constitution to withstand.  
 The weak ones sink under the insidious drug daily administered, and seldom know enough to spot their enemy.  
 Coffee is an enemy to mankind, and you drink that enemy, possibly because you know of nothing that will take its place.  
 After many years of experimenting, looking towards the production of a healthy food coffee, the Michigan Pure Food company perfected "Golden Nectar," and now offer it to the public with a guarantee that it is absolutely free from any deleterious drugs, and is made from the healthful grains of the field. "Golden Nectar" with cream and sugar added is so nearly like coffee in taste, color and aroma as to deceive almost anyone. It is a highly nutritious food beverage, makes bone and blood. Drink it instead of coffee. It will make a new person of you. Ask your grocer for it.

Mr. and Mrs. John B. Ateyo, aged 73 and 72, respectively, have celebrated their golden wedding in Sumpter township, Wayne county, where they settled 44 years ago.  
 Senator Burrows is said to be working to secure the appointment of Col. Irish, of the 35th Michigan, as a brigadier-general upon the reorganization of the army.  
 Officers of the 33d and 34th Michigan regiments will probably send someone to Santiago to locate the graves of Michigan boys who died there and to identify their remains.  
 Dr. Bell, superintendent of the northern Michigan asylum for the insane at Newberry, has tendered his resignation and it has been accepted. He will be succeeded by Dr. Chamberlain.  
 Chas. W. Whited, aged, 50, chief electrician for the Chicago & Grand Trunk, died at Battle Creek from injuries received by running into a hand-car with his railroad velocipede.  
 Frank E. Ball, a Benton Harbor barber, struck the fancy of Miss Mildred Vaughan, a Kentucky heiress who is being treated at the Benton Harbor sanitarium, and they were married.  
 The Soldiers' home board will not erect any more buildings, but will limit the admission to the home to veterans who get less than \$12 a month pension, and hope thus to keep the number of inmates within the facilities.  
 Ionia capitalists are pushing a scheme to extend the Lowell & Hastings railroad from Lowell to Ionia and connect with the D., G. R. & W., giving much better connections with Detroit, Saginaw and the north.  
 By carrying a lighted lantern too close to an open acetylene gas tank T. M. Stone caused an explosion which came very near destroying his dry goods store and badly injured himself and Don Ashley, at Dimondrie.  
 President Heald, of the Chicago & West Michigan and Detroit, Grand Rapids & Western railroads, has ordered 100 refrigerator cars and 150 ordinary freight cars to handle the large fruit and produce traffic on those lines.  
 The members of the 33d and 34th Michigan regiments, upon the recommendation of Gen. Shafter, have been given the privilege of wearing the badge of the Fifth army corps, the only corps which saw active service in Cuba.  
 The Michigan Knights of the Grip met at Saginaw in their tenth annual convention with an unusually large attendance. Officers elected: President, Charles Stevens, Ypsilanti; secretary, J. C. Saunders, Lansing; treasurer, O. C. Gould, Saginaw.  
 M. J. Wood, of Athens, a famous hunter and an extensive purchaser of furs, declares that wolves are becoming so plentiful in the north woods that they threaten to exterminate the deer. He strongly advocates a good bounty for wolf scalps.  
 The farm house of Tilman Milks, in Maple Grove township, Manistee county, was burned during the absence of the farmer and his wife and their two children, Alice, aged 5, and Bruce, aged 2, who had been locked in the house, perished in the flames.  
 Leroy B. Church, son of Gen. Nathan Church, of Ithaca, was arrested at Alma on a charge of embezzlement preferred S. W. Tinker, as the result of a business deal two years ago involving \$250. Young Church served with Roosevelt's Rough Riders at Santiago and had just returned home.  
 Robert L. Hewitt, who has been connected with the state department for 27 years, and who has been in charge of the agricultural bureau of the secretary of state's office ever since it was created, with the exception of a few months during the Winans administration, has been advised by Secretary-Stearns that his services were no longer needed.  
 The high court of western Michigan, I. O. F., organized at Grand Rapids with the principal officers as follows: Past high chief ranger, Mr. Lindbloom, Manistee; chief ranger, R. J. Macdonald, Muskegon; high secretary, Miles Callaghan, Reed City; high treasurer, Mr. Sharp, Battle Creek. Hon. E. G. Stevenson, of Detroit, was appointed high chief ranger of the high court of Michigan, to succeed Miles Callaghan.  
 Mrs. Alonzo N. Hodges, of Grand Rapids, is missing. Her husband is manager, secretary and treasurer of the Valley City Desk Co., and she has long been the company's bookkeeper. She has been so active in the conduct of the business that she was looked upon as its head. Mr. Hodges says he does not know where his wife is and admits that she took a large amount of money. The amount is variously reported at from \$10,000 to \$25,000.  
 The number of mining companies organized in Michigan in 1898 exceeds any previous year since 1864. The increase has been in copper, iron and coal in the order named, the first being strongly in the lead. The aggregate capital of the new companies is \$31,801,500 while the old companies increased their capital \$5,025,000, and companies with \$1,000,000 reincorporated. A total of \$44,000,000 was invested in the new coal industry. The state received from the new mining companies \$18,413.25 in incorporation fees.  
 A state official says the Michigan troops still in Uncle Sam's service are needlessly alarmed at the report that the state cannot pay the army rent for troops outside the state service. This official says the rents are paid up to June 30, 1899, and by that time the companies will doubtless have returned home and will again be entitled to the usual allowance. Otherwise the legislature will probably empower the state military board to make the allowances as usual.

**Heroes of the Civil War.**  
 Hundreds of the Boys of '63 have testified to the efficacy of Dr. Williams' Pink Pills for Pale People in driving out malaria, rheumatism and other diseases contracted during their days of hardship and privation in the army. These pills are the best tonic in the world. By building up the blood and strengthening the nerves they reach the root of many serious diseases.

Asa Robinson, of Mt. Sterling, Ill., is a veteran of the Civil war, having served in the 83rd Pennsylvania Volunteers. He went to the war a vigorous farmer's boy and came back broken in health, a victim of sciatic rheumatism. Most of the time he was unfitted for manual labor of any kind, and his sufferings were at all times intense. He says: "Nothing seemed to give me permanent relief until three years ago, when my attention was called to some of the wonderful cures effected by Dr. Williams' Pink Pills for Pale People. I had not taken more than half a box when I noticed an improvement in my condition, and I kept on improving steadily. To them I owe my restoration to health. They are a grand remedy."

THE CITY.

Faculty concert at the School of Music this evening.

The supervisors accepted the bonds of all the new county officers.

Jacob Haas received a Rocky Mountain parrot from California last week.

Marshal Sweet took Harry Chapman to the Industrial School last Thursday.

There was a good attendance at the concert given at the Church of Christ last Friday night.

The Supervisors decided to build an addition to the jail for \$1000. The expense is not to exceed \$500.

The J. L. Hudson Co., of Detroit, last week purchased the stock of clothing of the L. L. James Company.

It is expected that there will be 100 millers here from different parts of the state to attend the State Millers' Association.

The official report of the proceedings of the last meeting of the Common Council appears in another part of this paper.

The trolley wire broke on Williams street last Thursday and the live wire melted the snow wherever it struck the ground.

In the case of the People vs. Herbert Audette, the defendant was last Thursday bound over to the circuit court in the sum of \$500 bail.

The re-arrangements that are being made in University Hall will give President Angell a much needed and commodious private office.

The School of Shorthand began another evening class last Tuesday. Anyone who desires to take the course may enter any time this week.

Mrs. Maria J. Kelly, of 809 Lawrence st., tripped upon a piece of carpet last Thursday and was thrown to the floor, and sustained a broken hip.

The 72nd annual convention of the Sigma Phi Society was held in Ann Arbor last Friday. This is the oldest college fraternity in the U. S.

The supervisors voted to allow the State Millers' Association to use the court room for their meeting in case the circuit court is not in session.

The scaffolding in university hall is being torn down, and the vast auditorium will be ready for occupancy in a few days, repairs being nearly completed.

The Ann Arbor Times says it is a Republican paper. Well, it belongs to the Pingree ring. Might better have been independent, neutral or a farm journal.—Adrian Press.

A careless workman allowed a heavy piece of lumber to drop upon the big organ in University Hall a few days ago. It is said that it will cost \$1,000 to repair the damage it did.

The Prohibitionists of this county will hold their county convention in the court house on Jan. 14, at 2 p. m. to elect delegates to the state Prohibition convention held at Jackson Mar. 1.

Ald. Emmett Coon has purchased the real estate business recently conducted by A. W. Bahlke & Co., and H. D. Cameron, over the Farmers & Mechanics Bank and will continue the business in the same offices.

Janitor William Ferrier, of the Tappan school, was remembered by the teachers of that department recently as a token of appreciation for his willing services and accommodations. The Tappan school is always clean and the temperature of the rooms is kept normal.

Assistant John R. Allen has received a telegram from Prof. M. E. Cooley stating that he will not go to Manila with his ship, and intimates that he will be home soon. It is probable that he will be here in time to take up work at the commencement of the second semester.

Mayor Maybury of Detroit, is going to urge the establishment of public baths in that city. We don't know of a place where they more need them. A city that gives 5,000 majority for Pingree, needs washing. We question, however, if the project will hold water.—Adrian Press.

The month old incubated baby ostrich which died lately at Belle Isle park, Detroit, was sent to the museum at Ann Arbor, where it has been mounted and placed on exhibition. The poor little fellow never knew that taxidermist fellow "was just a stuffin' him."—Northville Record.

Dexter "smart alecks" stretch a wire across the sidewalk at the top of the hill on one street, and then watch to see "Jack fall down and Gill come tumbling after." The wire is unseen and is sure to trip up the pedestrian, and the officers should detect the jokers and give them a trip up to Ionia.—Adrian Press.

After a pleasant visit among the students of Cleary's business college and the state normal at Ypsilanti, Railroad Jack struck the city one day last week intending to return his compliments to the university students for their cordial reception extended him when a caller two years since. Jack was, however, ahead of time this trip but said he would be on time again next week.

The case of William B. Seymour, administrator for the Frances Wallace estate vs. Jacob L. Wallace and Betsy Gates will be appealed to the supreme court. The case involves a house and lot in Ypsilanti. The defendants were left the property by Frances Wallace, and in the circuit court the deed was set aside and ordered sold to satisfy a claim of \$122.60, subject, however, to a prior claim of Mr. Jacob Wallace for \$300.

Last Friday's Evening News gave the following: "It is rumored that the engineering faculty has passed a secret resolution to ask the present legislature for a \$50,000 appropriation for a new mechanical engineering experimental laboratory. It is also said that Dr. Vaughan wants an appropriation for a new bacteriological laboratory. His present quarters are in the top of the physical laboratory, and Prof. Carhart can well use the space."

Two bakers named Gressel and Heizer, who were recently employed by Heusel Bros., were discharged a week ago last Friday night. They seemed to think Heusel Bros. were obliged to employ them and swore revenge. On the following Sunday they gained an entrance to the bake shop and opened a hot water tap allowing 15 barrels of hot water to run onto the floor, into which they had put soda. Both have been captured.

On the first of January the four banks of Ann Arbor paid their stockholders and depositors the nice round sum of \$37,000. This amount was divided as follows: Ann Arbor Savings Bank to stockholders \$2500, to depositors \$16000; Farmers & Mechanics Bank, to stockholders \$2000, to depositors \$6000; State Savings Bank, to stockholders \$1500, to depositors \$5000; First National Bank, to stockholders \$4000. These amounts were paid as a result of six months' of business. The showing is a splendid one.—Courier.

Sophie Lyons, who is well known here owing to the famous trial in which she was the prisoner at the bar in the Washtenaw circuit some years ago, is back in Detroit, dressed in the height of fashion with diamonds galore. When a Detroit reporter suggested to her that she spent much of her time in New York now, she smilingly replied: "Not exactly, I just stay there long enough to get into jail and get out again. It is such a monotonous thing, a regular continuous performance, yet suppose without it the great world would forget me."

The annual meeting of the Congregational church of Ann Arbor was held last Wednesday evening. The meeting was presided over by Rev. J. W. Bradshaw. Judge Waples, the clerk, in presenting his report, stated that the year just past was one of the most flourishing and prosperous years in the history of the church. The various reports of the officers and committees were presented and accepted. Owing to the absence of many of the church members on account of the holiday vacation, the election of officers was postponed to Thursday, January 19th.

An Ann Arbor man has been sent to the insane asylum because he is in love. When an Ann Arbor man is in love he is mad—The man must be crazy to fall in love over in that city. No married woman in the place has ever applied to the court to have her husband adjudged insane. One of the university experts in the medical profession, Dr. Breaker, declared the man demented. He says the fellow was in love with two girls within a week, and of course was as loony as a March hare. The doctor fails to comprehend the bewitching graces of Ann Arbor girls. A fellow could love a dozen of them and not be crazy either. The girls there ought to boycott Breaker, sure.—Adrian Press.

DANGEROUS SURGERY.

DEATH FOLLOWS THE SURGEON'S KNIFE—NOT THE SURGEON'S FAULT. OF COURSE HE CAN'T HELP IT—YOU CAN.

Pyramid Pile Cure Cures Piles Quickly, Painlessly, Without Danger.

People go along for years suffering with piles. Then try this, and that and the other thing; from carrying a buckeye to getting treatment from a physician. They obtain temporary relief, maybe, but they are never quite cured. A little strain in lifting, excessive fatigue, a little constipation or a little diarrhea and the piles come back.

They don't seem to amount to much, but they banish sleep and appetite. No position is comfortable. There is intense local pain and that dreadful feeling of weight in the perineum.

Maybe in the early stages some of the many salves on sale will afford temporary relief. If the case is of long standing, there is only one speedy and sure remedy. It is Pyramid Pile Cure. Even in light cases it is the safest thing to use. Other applications may cure and may not. Pyramid Cure is always certain, always reliable, always brings comfort at once. Its prompt use saves months of severe suffering. In extreme cases it will save surgical operations and their attendant dangers and discomforts. It is better than a knife. Will cure easier, quicker and safer. Thousands have used it. Thousands have been cured by it. The cost is trifling compared with what it does. The price is 50 cents. Most anybody would gladly pay ten dollars to be rid of piles.

Druggists sell Pyramid Pile Cure. If yours hasn't it be will get it for you from the Pyramid Drug Co. of Marshall, Mich. (sole manufacturers)
