## STATE MILLERS MEET

### PROFITABLE SESSION IN ANN ARBOR LAST WEEK.

Several Valuable Papers Read—Prof. Steere Tells Millers They Cannot Find Market for Flour in the Philippines.

The Michigan State Miller's Association held its annual meeting in Ann Arbor last Wednesday afternoon closing with a banquet in the evening. The meeting was one of the best attended and most successful ever held by the association. This was in large measure due to the untiring efforts of Mr. G. Frank Allmendinger, who was chiefly instrumental in persuading the association to meet in Ann Arbor this year and who did everything possible to make the meeting the success it was. The meetings were held in the parlors of the Cook House and were well attended.

The most entertaining of the papers read was by Prof. Joseph B. Steere on "The cereal food requirements of the Philippine islands." He supplied the place of Dean Worcester, who is absent in Washington. Prof. Steere spent a few years in the Philippines and consequently spoke with authority on the subject. If any of the millers came to Ann Arbor with the idea that the acquisition of the Philippines would boom American cereals. Prof. Steere quickly knocked it out of their heads. He said that there would be no market for our wheat and corn, because the natives of that country refused to give up their rice foods. As an illustration, he pointed to the fact that he had brought back with him to this country a Philippine boy who remained here thirteen years and upon his return to his native country ate as ravenously of the rice and abandoned bread just as if he had never tasted of the latter.

Quite an animated discussion was held over pure food legislation at Washington. The millers like the war revenue provision for a small tax on adulterated flour, with its provision for government inspectors of flour, and when the war tax is repealed they wish this (Continued on fourth page.)

### LIKES THE NAVY.

Prof. M. E. Cooley, who was recently in Detroit for a week as an expert witness in a suit growing out of the explosion of a boiler in the Detroit Journal building, was interviewed by a News reporter. Here is what the News elicited from the general Professor.

"Prof. M. E. Cooley has the reputation in Ann Arbor of being the only professor who is never ruffled, who is always good-natured, and who always smiles when he talks. This made him one of the youngest-appearing teachers in the institution and yet he speaks of getting old. He says the life on board the Yosemite checked that tendency, and now he is at least five years younger than when the war broke out.

"If I could stay in the navy and continue to grow young at the same rate I would be likely to break Methusalan's record for longevity," he said today. "I like the navy. It is a pleasant jolly life, while the life of a professor is full of worry and strain. I think I shall be back in Ann Arbor in time to begin the work of the second semester. That is because my work is over so far as the navy is concerned. I went in because I was needed. Volunteers cannot remain in the regular service without an act of congress, and I'm not going begging to be retained.

"Then, too, Ann Arbor is pretty good in spite of the work, and one can't be with his family if he remains in the navy. If there was another war I would go in a minute. You know I think this war did us a lot of good? I honestly think that looking at it from the standpoint of the nation, a war about every 20 years is a good thing. It takes us out of ourselves and does us good. Before the war began we were growling. We were morbid. Now we are alive and active."

### Slowly Recovering

Charles T. Tryon, the 'Varsity mile walker for the last three years, who was badly burned while playing Santa Claus during the vacation, was able to leave the hospital Monday. Although he will attend the lectures, it will be necessary for him to return to the hospital each day to have his hands bandaged. His hands were burned very severely, his face slightly, but the other parts of his body were not touched. Tryon intended entering for the pole vault, in which event he formerly held the college record, but on account of this accident may be unable to do so. While not seriously injured physically, his nervous system has suffered a severe shock, from which it will take a long time to recover.

### Of Interest to Housekeepers.

Inasmuch as the World's Fair and the Iowa and Minnesota State Boards of Health, condemned baking powders containing alum it will be of use to our readers to have an official list of some of the powders in order that they may be able to distinguish between them and the pure and wholesome cream of tartar article. This is not an easy matter, as none of the alum compounds is labeled as such, but all masquerade as "pure" "best in the world" "none so good" etc. Our space will not permit of a complete list and we give the powders most generally sold in this section, which are known to contain alum:

Calumet.	Jaxon.
Chapman's.	Kenton.
Chicago Yeast.	Loyal.
Crowa.	Perfection.
Delicatessen.	Rocket.
Grant's Bon Bon.	Snow Ball.
Immense Value.	Unrivaled.
I. C.	

Reject all brands sold with a prize or at twenty-five cents or less a pound as they are made of alum. Be on the safe side and accept none other than Dr. Price's Cream Baking Powder, which received the highest praise and honors at the World's Fair.

### Farmers Institute

The Washtenaw County Farmers Institute will be held in Newberry Hall in this city on Feb. 15 and 16 and the citizens of Ann Arbor ought to make extensive preparations for their reception. It will be a great help to Ann Arbor if its citizens believe in "casting thy bread upon the waters, etc." The board of regents has invited the general round-up of Farmers Clubs to come to Ann Arbor this year. At the round-up held at Lansing last year every county in the state, except two, was represented. When Ann Arbor gets this class of people and treats them right it makes friends and the movement in Detroit to disintegrate the University and finally move it to Detroit, makes it necessary for Ann Arbor to get all the friends it can possibly reach. If the citizens will take an interest in this preliminary meeting it can be made a success. Don't wait for your neighbor or some one else to help. Do it yourself.—Times.

### The Assessorship.

Now that spring is coming on apace there is some talk of city nominations and among the other offices that of assessor is mentioned. It may be put down as a settled fact that so long as Patrick O'Hearn will take the office of assessor, he will fill it. No city ever had a better, a fairer or a straighter man for assessor than Mr. O'Hearn and the compliment of repeated elections without opposition were well deserved. He has set a high standard for an assessor and whoever succeeds him will have to be a particularly good man to give satisfaction to the people. When Mr. O'Hearn gets through with the office, the friends of John R. Miner are talking of pushing him for the office of assessor, but Mr. Miner could not be induced to allow himself to be put forward as a candidate so long as Mr. O'Hearn will consent to take a re election. When Mr. O'Hearn declines the position, the city would do well to elect Mr. Miner assessor—as he is probably the best available man for the position—Argus.

Electric Apparatus Ordered—Road To Be Finished Next Summer—Will Be A Good Thing for Ann Arbor.

Dr. Rush J. Shanks and C. A. Mapes, representative Lansing business men, were in Detroit Saturday to close a \$1,200,000 deal with the Westinghouse electrical company, of Pittsburg, for the electrical plant to establish the Lansing & Ann Arbor electric railway, running from Lansing to Ann Arbor, by way of Mason and Dexter.

The road is one which has been on paper for the last two years, with no immediate prospects of ever becoming an entity, but negotiations with the Westinghouse people have been in progress for some time. This concern is anxious to establish its plant throughout the country, and sees in the future of the road ample guarantee for the capital invested.

The Westinghouse company has signified its willingness to commence work at once, and have the road ready for operation by the middle of summer.

The delay has been due to the fact that Detroit brokers have been holding up both ends for excessive commissions for placing the bonds. This was discovered a day or two ago and the deal was made direct without difficulty.

### TWO PIONEERS DEAD.

The course of twelve hours Saturday witnessed the peaceful end of two of Ypsilanti's oldest and best known residents, Daniel B. Greene and John T. Wanzer. Both of these gentlemen were citizens of the God-fearing, public-spirited type, which a community can ill afford to lose. Daniel Buschnell Greene was born in Northfield, Vermont, August 17, 1817. In early manhood he moved to Michigan and in 1850 he came with his wife to Ypsilanti, where he has permanently resided. His chosen work was the practice of law, but before and after being admitted to the bar he found time to teach school, engage in business and serve two terms as postmaster. As a lawyer Mr. Greene was very successful, continuing active work up to within a few years, at which time he was declared one of the oldest practicing attorneys in the state. Mr. Greene was one of the founders and most earnest promoters of the Presbyterian church of this city, and has served as elder and trustee since 1852. He is survived by three sons, of whom Edward H. Greene is a respected citizen of this city. The funeral was held Monday afternoon at 3:30 o'clock.

John T. Wanzer was born in New York state in 1815. At an early age he moved to Michigan and in 1860 came to Ypsilanti. Since that date Mr. Wanzer has spent the years in this city and on a farm in the southeastern part of the township, which he owned. He was engaged in business in Ypsilanti for some time, but his chiefest pleasure was to be found in the simple life of the country. He was a member of the Friends church and was very observing of the tenets of his faith. He leaves two sons, of whom Wm. H. Wanzer resides in this city. The funeral services were held Monday afternoon at 2 o'clock.—Times.

### Y. W. C. A.

Miss Rhoda Gannett spent Sunday with Y. W. C. A. friends.

A letter was received from Miss Blanch Doan saying she expected to be back with the Association in the spring.

Miss Geraldine Epps, of Detroit, will sing at the Y. W. C. A. entertainment at High School hall. Miss Epps is a pupil of Mrs. Kellogg-Larned and the management considers themselves fortunate in securing her services at this time. Miss MacMonagle is drilling the children for the pretty little comedietta of Queen Winter's Carnival which is to be given at this entertainment. This is to be the only entertainment which Miss MacMonagle will give in Ann Arbor this winter, and all who have enjoyed her former ones will be glad to attend this. Tickets 15c.

Wanted—A pianist for the Sunday meetings at the Y. W. C. A. rooms. Books used Gospels Hymns. Will not some one volunteer for this service? 3:30 to 4:30 Sunday p. m.

The membership social was a very enjoyable one, though the attendance was not so large as had been hoped.

Every Thursday afternoon the girls of the association are invited to meet to work for the Easter sale. Some orders have already come in for aprons, etc. Any suggestions from the ladies as to articles which they would like to have a chance to secure at this sale will be thankfully and actively received by the secretary, Miss Stenett, or is Sager, chairman of the committee.

### YPSILANTI IS WILLING

To Put in \$12,000 for a Beet Sugar Factory in This City.

Ypsilanti citizens called on Jerry Ryan yesterday and informed him that they were willing to subscribe \$12,000 toward a beet sugar factory in this city. The beet sugar craze is spreading as fast as the grip, and if it continues much longer, Michigan, next season, will be one vast beet field. In addition to the factories now running or in course of erection, the people of Corunna and Owosso are working together for a big factory to be located between the twin cities. Bad Axe citizens held a big meeting last night, 600 farmers being present, and they, too, concluded that they wanted a beet sugar factory. Three thousand acres were pledged on the spot and the factory is assured. The Lapeer Business Men's Association has taken hold of the subject and has about concluded that a sugar factory in their town would fill a long felt want, and they will endeavor to see that it is supplied.—Times.

FALLING OF THE WOMB.

Female Weakness, Sleepless, Nervous and Weak.

She Says Death Would Have Been a Welcome Release.

"Dr. Greene's Nervura Has Made Me Well, It Has Done Wonders For Me."

Mrs. Anna B. Miller, 940 West Main St., Ionia, Mich., says: "For forty years I have suffered from falling of the womb and female weakness, which caused constipation and a complete obstruction of the bowels at times. I suffered with sleeplessness, was nervous and weak and was losing my memory. Also had heart trouble. Death would have been a welcome release to me from all my troubles. A friend told me of the help Dr. Greene's Nervura blood and nerve remedy had been to her, and advised me to take it. I did so and have continued to take it, each bottle making me feel stronger. I am now able

to do housework and think nothing of taking trips on the train from one friend's to another, surprising them all with my renewed life. I can truly say that Dr. Greene's Nervura is a great nerve, blood and brain invigorant and health restorer, and I recommend it to all my friends and know that many have been helped by it. It has done wonders for me."

Remember that any time you can consult about your case without charge with Dr. Greene, 148 State St., Chicago, Ill., who is the most successful physician in curing all forms of nervous, chronic or lingering complaints, either by calling at his office or writing to him.

Senator Ward will introduce a bill in the legislature embodying the Henry George idea of single tax. Ward's idea is to have a law making it possible for municipalities to adopt the single tax idea in raising money for municipal purposes if they so desire. This makes our senator a local option man which is a step in the direction of prohibition—but not liquor prohibition.

Carl, the eldest son of D. Fred Schairer, met with an accident at the skating rink Friday afternoon. He was playing "shiny" when another boy hit him unintentionally in the eye, knocking him senseless. Carl wears glasses and the blow fractured them so that pieces cut his eyelid. Fortunately none of the pieces reached the eye ball or a loss of eye sight might have resulted.

Prof. Dean C. Worcester reached Washington last Wednesday morning and called at the White House for a long talk with the president about his work as a member of the colonial cabinet and civil pacificator of our cannibal vasals. The president told him he was extremely anxious to have him start for the Philippines at once, and it was agreed that he and Prof. Schurman, of Cornell, should leave for the Pacific within a week.

Mr. Jay C. Taylor, of this city now of the Andrew's Opera Co., made a big hit at Dallas, Texas, in the opera of Martha. During Mr. Taylor's solo in the fourth act, he heard something strike the stage. It was three silver dollars. At the finish of his solo he was greeted with a big round of applause, and when he made his appearance in the last act six more dollars fell at his feet. It is a neat little way the Texas people have of showing their appreciation.

Hon. Henry C. Smith, of Adrian, our newly elected congressman, who spoke last Wednesday evening at the millers' banquet, paid one of the most beautiful tributes to the colored race that was probably ever put into words. He said: "The Southern people entrusted to the care of their black slaves their wives and their daughters, their fortunes and the honor of their families, while they went away to fight against the freedom of these very people. History showed no greater example of devotion and fidelity."

WOMEN'S SECRETS.

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent of all women treated by Dr. Pierce have been absolutely and altogether cured.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. Every woman's letter which contains her secret remains her secret. It is read in private, answered in private, and its contents guarded as a sacred confidence. That no third party should enter into this secret, all replies are mailed, sealed in perfectly plain envelopes, with out any printing or advertising whatever, upon them. Write without fear as without fee, to Dr. R. V. Pierce, Buffalo, N. Y.

**FIRES AND FIRE-EXTINGUISHERS.**

I have just read of a farmer's house being burned to the ground with a loss only half covered by insurance. This calls to mind a late experience of our own. A few weeks ago some friends were with us and the piano and violin were sounding merrily. A member of our family chanced to go to his room and was surprised to find it all ablaze. A lamp had been left burning; a lace curtain had evidently blown across the lamp-chimney and caught fire and a serious conflagration was impending. Did the young man create a panic among the guests by yelling "fire" and then proceed to throw the breakable articles out of the window and carefully care the pillows down stairs? Not at all. He rushed through the room opened the door into the back hall and seized a fire extinguisher that always stands there ready for use, and in less than a moment the fire was out and the music was still sounding merrily and the guests left unaware how near they had been to a tragedy. The damage done by the fire was estimated at \$80.00 but there was no destruction by water as is usually the case, for the chemicals seem to have no spite against anything but fire.

A year ago an explosion of a plumber's stove scattered flames through a room in our neighbor's house and in a moment everything was as in a roaring furnace. Men rushed to the scene but feeling that they could do nothing to subdue such violent flames, telephoned to the fire department and then began to tear up carpets and carry out furniture. Our two boys hearing the alarm seized each a fire-extinguisher and hurrying to the spot began to play on the fire and before the fire-company had arrived the fire was practically extinguished. Had this house burned, the destruction of at least two others seemed inevitable. Since we have proved the value of these little fire-extinguishers, we sleep more securely for we feel that we have our safety largely in our own hands. The two cost less than \$25 in the first place, the chemicals to refill them are so cheap as not to be considered as cost. We keep both always charged and material always at hand and feel that we are a fire company in ourselves.

When I consider how at the mercy of fire the majority of dwelling houses are, I wish that all householders could know at what little expense they can protect themselves and their property. From another experience we have also learned a lesson about protection from fires.

One evening I was reading to my son about an old lady who came in her kitchen with a pan of flour into her hand and was astounded to find her kitchen aflame from the gasoline stove. Impulsively and unreasoningly she threw the contents of her pan on the fire and was surprised to see the flames die out immediately. She had discovered a scientific fact that flour acts as a wet blanket to fire.

As I read this I said "We ought to remember that." Two weeks later, our little maid, not understanding the gasoline stove, allowed the cups to overflow in large quantity. When she lighted the gasoline the flames enveloped the stove and leaped up the walls in streams of lurid fire. For a moment she was paralysed with fear. Then she managed to call me in a faint voice and immediately went into hysterics. Had I been alone I am not sure that I could have acted efficiently for I had forgotten about the flour, but fortunately my son was at home and had not forgotten. Grandfather was at once on the spot and started to throw water on the fire, but the boy, with seeming rudeness, dashed the pall out the old man's hand shouting "Don't do that, where's the flour?" In a moment he was throwing big double handfuls of flour on the blazing walls and floor and the fire as if ashamed of itself, died down at once. In less than a minute only the charred woodwork and flour-besmirched walls showed that we had been in great danger. I said then, the law should insist that over every gasoline or kerosine stove should be hung a placard saying, "In case of fire do not use water, but throw on flour."

The fire from kerosine or gasoline will be more widely distributed by throwing on water, but flour smothers it at once. A fire-drill should be instituted in every home. Children should be taught and frequently examined as to their knowledge of how to put out fire in a room or on the burning clothes of a person. Everybody in the family should not only receive this training but should know just which are the most valuable things to be first removed in case the fire cannot be extinguished. A little drill will insure more presence of mind and more judicious action; and with a fire-extinguisher the household may feel comparatively safe.

TURNING BACK SOMMER SAULTS.

We have sold to other nations more of our products than we ever did before, the figures being \$1,230,000,000 this year, against \$1,099,714,807 last year—a gain of more than \$130,000,000 in one year, and a gain of \$405,000,000 over 1895.

We have sold more goods to other countries this year than has any other nation in the world, our exports exceeding even those of Great Britain by more than \$60,000,000.

That is to say, we have become the greatest exporting nation in the world. We are buying less than ever before of other nations, so that our excess of exports over imports is nearly double what it ever was before. In 1897 it was \$357,000,000—the highest figure ever reached. This year it is about \$600,000,000.

It is no wonder that, besides paying off enormous indebtedness abroad and buying enormous amounts of American securities there, we have imported during the first eleven months of this year about \$135,000,000 in gold to balance accounts.—"The World."

But when the Dingley Tariff bill was in progress of enactment the "World" swore, by the seven gods it swore, that it would kill our foreign trade. These are the times when Free-Trade calamity howlers must turn double back somersaults from morning to night.

IS IT CURABLE?

A Question Often Asked by Those Afflicted With Piles.

Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So is piles.

People often become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment and naturally discourages them by telling them that their case is hopeless.

They in turn discourage others, and thus a disease that can in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the itching and burning.

Thousands who have restored to expensive surgical operations have been cured by Pyramid Pile Cure—in a number of instances persons who had spent months in a hospital under a specialist.

It is a remedy that none need fear to apply even to the most aggravated, swollen and inflamed hemorrhoidal tumors.

If you are afflicted with this stubborn disease you can master it and master it quickly. This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co. of Marshall, Mich. Druggists sell it at 50 cents per box. It is becoming the most popular pile cure this country has ever known and druggists everywhere are ordering it for their customers.

What Cures Itching Piles?

Steketee's Worm Destroyer.

It is not itching piles that all you or your child. It is the troublesome pin worm, and no salve or doctor can cure you. Steketee's worm destroyer is the only sure cure. The pin worm bites and stings and causes scratching and itching. Mothers know what it means when the child cries out, "ma, ma, something is biting me." Ask druggist for Steketee's worm destroyer. Take no substitute price 25c. Free sample on receipt of your address.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. STATE MILLERS MEET.

(Continued from first page.)

provision incorporated in a separate bill.

Prof. Henry C. Adams also gave an interesting talk on "interstate commerce law" C. G. A. Voight, of Grand Rapids, took issue with him and said that it was the worst thing that ever happened for shippers outside of large commercial centers. Prof. Adams admitted that if the law was not going to be enforced better than it had been for the past 10 years, it had better be repealed, but said that if it is repealed it will mean the eventual government ownership of railroads from necessity of protection to the people.

The following officers were elected for the ensuing year; President, G. Frank Allmendinger, of Ann Arbor; vice-president, C. B. Chatfield, of Bay City; secretary and treasurer, J. J. Hanshue, of Lansing; remainder of the executive committee, J. C. Darrow, of Big Rapids; Bela Jenks, of Sand Beach, and Fred Fillman, of Lansing. The contest over the secretaryship was the most animated, it being a salaried office of \$1,000 per year. Vice-president-elect Chatfield wanted P. A. Robinson, of Minneapolis, elected, he being a member of the association through his connection with the Northwestern Miller, bus Mr. Hanshue was re-elected by a vote of 20 to 3.

In the evening the annual banquet was given in the parlors of the Congregational church. The ladies of the church furnished elegant refreshments. They were supposed to be served at 6:30 but an extended business session of the Association delayed the supper until fully 8 p. m. In the absence of the retiring president, president-elect G. Frank Allmendinger called the guests to order and introduced Prof. Paul P. Davis, of Grand Rapids who had been chosen to act as toastmaster. The speakers for the evening were Prof. F. W. Kelsey, Hon. H. C. Smith, congressman-elect of this district, Chief Justice C. B. Grant, of the Michigan supreme court, Major Victor C. Vaughan, Dr. Robert M. Wenley and President James B. Angell.

THE REGISTER would like to give a synopsis of each of these gentleman's speeches but lack of space forbids. It should be said, however, that they were all of a very high order. It was eleven p. m. when the banquet came to a close, everybody having enjoyed it to the fullest extent.

WANTS SOME STOCK.

Adrian Press Man Would Like Some Stock in Ann Arbor's Proposed Creamery.

The Adrian Press Man has heard of the proposed creamery scheme in this city and has his say about it. Here is how the scheme strikes him:

Ann Arbor capitalists propose to build a creamery there, and are contracting milk at 2 1/2 cents a quart. They are going to sterilize and pasteurize the milk so that it cannot harm the residents of the university city. Doctors have told them how much of danger there is in milk in its natural state. That's what all Ann Arbor people. They've been swallowing bacteria, and germs and grip, and influenza, and erythema and typhoid, and annui and conscience knows what, until 'erve energy, vital force, physical vigor, and genuine democracy have disappeared and what do we see? Why, lawyers occupy pulpits, editors advocating civil service, tramps burglarizing the jail, men of 110 getting married, and the city under republican management, with Pingree howlers in a majority. All comes from using natural milk. The company will sterilize the milk. This means, that they will treat it with hot water instead of cold. They will pasteurize it. We believe this means that they will take out of it all hydrophobia germs. They contract that all cows must be pastured. Julius Beal is studying on a plan to sterilize the lactical fluid by forcing hot steam into the cows just prior to milking, but E. J. Norris says this will destroy the dutch cheese plant. They do not propose to let the market get clogged with milk or butter. They will make the supply ample, and work the surplus up into butter, which they will put in brine on ice, to put on the market when it begins to get scarce. They are going to have a big store room, for there is not so much demand for the five or six thousand citizens, during the summer vacation when no students are there. They will ask congress to put a tariff on Ypsilanti and Chelsea butter. Butter from Jackson they do not fear because it has to be deodorized with Ypsilanti mineral water before they can keep it on a plate. We hope our sister city will get the new creamery and begin to use the "pure quill" at an early day. We know now what ails Mike Lehman, Capt. Schuh, Wedemeyer, Hammond, Judge Hartman, Cavanaugh and others. Been using too much natural milk. It's a wonder they are alive. Gentlemen, rush that creamery. Send us some stock by express.

A Pleasant Surprise.

Friday evening a most pleasant surprise party occurred at the home of Mrs. H. M. Doig, 314 West Huron-st. Mrs. Doig had been invited out to tea by a friend when the W. R. C. Ladies gained an entrance with keys procured at a hardware store. When Mrs. Doig returned about 8 o'clock and unlocked her door she was amazed to see her home filled with ladies. She was however received with hearty greeting and shown to the dining room with loaded tables of dainties, then to the parlor, where the President of the W. R. C. made a pleasant speech, telling of the days of the war of the rebellion when Mrs. Doig, then a young wife, bade her husband good bye. Expecting his return as soon as he responded to his country's call she like thousands of others was doomed to disappointment for he never returned having been instantly killed on Lookout Mountain Sunday, Sept. 20th, 1863. Later when the first organization was formed in this city for the aid of the soldier and his dependant ones, she was one of its charter members. She was elected Treasurer and as such has faithfully served for 9 years. In appreciation of her service in behalf of the Woman's Relief Corps she was then presented with a beautiful Onyx Clock with heavy bronze mounting and solid silver plate bearing the inscription. "Compliments of the W. R. C. January 13th, 1899." The recipient responded in a feeling manner after which the company partook of a bounteous supper and spent a most enjoyable evening.

One Benefit of Life Insurance.

B. J. Conrad and wife of this city, Mrs. M. D. Weeks and Miss Flora Foster of Albion left for California Monday morning armed with tickets nearly two years long designating the route from here to Milan over the Ann Arbor, thence over the Wabash to St. Louis, Mo., the Iron Mt. & Southern to Little Rock and Texarkana, thence over the Texas Pacific to Marshall, Texas, Shreveport and Alexandria, Louisiana to New Orleans. Then over the Southern Pacific to Houston and San Antonio, Texas and Los Angeles, San Francisco and Sacramento, California. Then over the Central Pacific to Ogden, Ogden to Salt Lake City over Utah Central, thence over the Denver and Rio Grand to Leadville, Pueblo and Denver, from there over the Denver, Memphis & Atlantic to Kansas city, thence to Chicago and home over the Wabash. It is the intention of the party to travel by daylight and stop nights at any place they may happen to be. Their tickets are good for nine months, so it gives them ample time to make stops of a week or so at many points and they can take side trips wherever it is thought desirable. The sinews of war for the expedition is the result of an endowment insurance policy recently paid to Mr. Conrad by the Michigan Mutual Life Insurance Co. which was just about like finding so much money; he would advise everyone to take a policy in the above named company and when it becomes due take the proceeds and blow it in on a trip somewhere. Spain's Sunk Ships Floated.

Perhaps the greatest mechanical feat of the century has been the raising of some of the Spanish warships which were apparently shot to pieces at Santiago. It seemed utterly impossible to float them because of the terrible damage inflicted by our guns, but the task has been accomplished. Diseases of the blood, stomach and liver frequently wreck the health so that there appears to be no chance of recovery. But when Hostetter's Stomach Bitters is taken the disordered system is speedily restored to its old-time vigor and tone. The Bitters will regulate the liver, bowels and digestive functions and purify the blood. You can buy this remedy in any drug store and under no circumstances should you accept anything said to be "just as good."

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store 50 cents.

"You say you gave me no encouragement," he said bitterly, after she had told him she would be a sister to him, "and yet you surely kissed me when I gave you that gold-buckled belt." At this she laughed merrily. "And have you not yet learned to distinguish between official encouragement and a vote of thanks?" she asked. And then he went out into the cold world and declared that he never did think much of those parliamentary girls.—Chicago Evening Post.

GRIM GRIP'S DEADLY MARCH

DEALS DEATH AND DESTRUCTION TO MANY.

Boston, New York, Philadelphia, Washington, Louisville Terrorized by the Awful Scourge. All the Great Centers of Population Affected.

The depressing effects of the present epidemic of Grip are apparent everywhere. Teachers, clerks, business men, mechanics laborers, street car drivers, school children, police officers and even the doctors all furnish victims by the hundreds.

No remedy yet discovered can show results equal to Dr. Miles' Restorative Nervine. It quickly overcomes the excessive exhaustion, invigorates the appetite and assists nature to throw off the deadly microbes from the system. In times of epidemic like the present it should be taken as a preventive of disease.

"Grip had left me a physical wreck; weak, helpless and miserable. I could not eat; could not sleep; could not gain any strength, and had nervous prostration of the worst kind. Our home physician could not help me and I commenced using Dr. Miles' Nervine. The first night's sleep that I had had in four months came as the result of two first doses. When I had taken two bottles I felt better than I had before in years, and continued to improve until I was entirely cured."

Morrow's Kid-ne-oids Produce Natural Sleep.

Many persons write us that they can sleep like a babe since complete rest of the nerves had been restored to them by the use of Morrow's Kid-ne-oids.

Natural sleep gives new life and Morrow's Kid-ne-oids produce natural sleep by acting directly on the kidneys and nerves and by giving them natural action. Morrow's Kid-ne-oids are not nerve dullers but nerve strengtheners and produce natural results. We give you ample evidence for all we say. Have you noticed what your city people say to you in the city papers about the good Morrow's Kid-ne-oids are doing here in Ann Arbor? We ask you to read the following from Mrs. Jason Rogers, 704 South Main St., who says: "I have suffered a great deal for two years past with a disordered condition of the kidneys. Some of the worst symptoms were a severe backache, nervousness and sleeplessness. I was induced some time ago to try Morrow's Kid-ne-oids and procured the preparation at A. E. Mummy's drug store. I was more than pleased to find relief inside of two days, time, and the backache is now gone, my nervous system is much strengthened and I can sleep splendidly.

Appreciating the great relief afforded me by Morrow's Kid-ne-oids, I most cheerfully recommend this preparation to all afflicted as I was."

To confirm the statement of Mrs. Rogers we want you to ask her about Morrow's Kid-ne-oids. She is a grateful woman and will be glad to tell you personally how much she was benefited by their use. Morrow's Kid-ne-oids are yellow tablets (not pills) and cure all kinds of kidney disorders, backache, nervousness, etc. They are for sale by all first class druggists at 50 cents a box. MILTON'S UNRIVALED TRIBUTE TO WOMAN.

When Milton wrote those words which stand unrivalled as a tribute to woman: "Grace was in all her steps, heaven in her eyes; in all her gestures, dignity and love;" he did not have in mind a weak, nervous, sickly, nerve-exhausted and pain-racked woman suffering from female complaints, but one in the glow of perfect health and strength. To be a perfect wife or mother every woman should first of all see that she is in good health. This is certainly not difficult at the present day, when such an eminent specialist in the treatment of female diseases as Dr. Greene, of 148 State Street, Chicago, Ill., who undoubtedly has the largest practice and the greatest success in curing all forms of female weakness and diseases, can be consulted free and his advice and counsel obtained by any woman absolutely without charge, either by calling or writing about her case. From his enormous experience he knows just how to cure your complaints, just how to advise you, and he uses only harmless vegetable medicines which are wonderful in soothing, healing, strengthening and invigorating the female system. One of his grand discoveries, Dr. Green's Nervura blood and nerve remedy, is known and used all over the world, and he has discovered many other medicines no less marvelous in their curative effects. No woman afflicted with female troubles or who is out of health in any way, should hesitate to write about her case to Dr. Greene, and she will get, free of charge information and advice which is almost sure to lead to her complete restoration to health.

The two most critical times in a woman's life are the times which make the girl a woman, and the woman a mother. At these times, Dr. Pierce's Favorite Prescription is of incalculable value. It strengthens and invigorates the organs distinctly feminine, promotes regularity of the functions, allays irritations and inflammation, checks unnatural, exhausting drains, and puts the whole delicate organism into perfect condition. Almost all the ills of woman-kind are traceable to some form of what is known as "female complaint". There are not three cases in a hundred of woman's peculiar diseases that Dr. Pierce's Favorite Prescription will not cure.

A BOON TO MOTHERS.

If any Ann Arbor Mother has looked for this, follow this CITIZEN'S Advice.

Wherever we go and among all classes we find children suffering from weak kidneys. The intelligent mother knows that this is not a habit and searches for a remedy. It is something very hard to relieve and the family physician tells her that the child will grow out of it in time. Sometimes they do not and sometimes they do not. In the meantime annoyance and embarrassment is the result. If anyone knows a remedy is not an act of charity, is it not a duty to make it public? Should selfishness or pride keep it concealed? Mrs. Wm. Theisen of 321 North Thayer Street, has used Doan's Kidney Pills in her family and makes the following statement for the benefit of anxious mothers and the relief of interesting little children. Mrs. Theisen says: "I am glad to recommend Doan's Kidney Pills to mothers whose children are sufferers from a weakened and debilitated condition of the kidneys and auxiliary organs. Our little boy, Leo, five years old, was troubled for two years with an extreme weakness of his kidneys and loss of control over the secretions from those organs. We doctored and doctored for him and tried numerous remedies without his getting the least benefit. On seeing Doan's Kidney Pills recommended and especially adapted to such cases we procured a box at Eberbach & Son's drug store and began to give them to him. We noticed he was better after the first few doses and continued the treatment with the result that he was soon entirely cured. There has been no indication of a return of the trouble since and his general health is also much better." Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo N.Y. sole agents for the U. S. Remember the name Doan's and take no other.

THE GRAPHOPHONE

Is exciting great interest throughout the country.

Many people do not realize how wonderful it is and that one could easily mistake an oration, song, banjo or cornet solo produced by it for the original. It reproduces any sound from the creaking of a door to a symphonic orchestra. Records can be bought the same as sheet music or a story book for 50c each. A good machine costs only \$12.00. We do not ask you to buy but call and have a half hour entertainment.

The Ann Arbor Music Co. has just closed a contract with the Ludwig Piano Co., of New York, for 500 Ludwig pianos. Dean H. B. Hutchins will deliver the commencement address for the 56th graduating class of the Detroit high school to-day. Mrs. Goodrich, whom we mentioned in another column as having suffered from a stroke of paralysis a week ago Tuesday, died Monday. Funeral services were held yesterday. Lewis Wild, son of Fred Wild, of Concord, and a cousin of Michael Staebler, of the American House, was run over by a passenger train on the C. J. & M. road near Concord and was instantly killed. The Astor battery, of which Carl Miner is a member, arrived in New York from Manila Sunday. They started out in June last with three officers and 99 men. Their loss from death was five, three in action and two from sickness. Paymaster Pickett has prepared a tabulated statement of deaths occurring in Michigan regiments, with the exception of the Thirty-first and Thirty-fifth regiments yet in the field. The losses were: Thirty-second, 20; Thirty-third, 58; Thirty-fourth, 78; total, 156. The Sigma Phi fraternity house caught fire about 4 o'clock Saturday afternoon from some unknown cause. The fire department made a good run to the scene and extinguished the blaze before anything more serious than a hole in the roof had been made by the flames. The loss is fully covered by insurance. A good audience of intelligent people at the Adventist church last Sunday evening to listen to a sermon on why "Adventists Observe Saturday as the Sabbath". This subject will be continued next Sunday evening, Jan. 29, the special phase of the question being "The New Testament Sabbath". Services begin at 7:30. A certain Ann Arbor man got fourth place in the race in front of the Detroit opera house Sunday and waited there all night for the opening of the sale for Richard Mansfield's "Cyrano de Bergerac" which occurred Monday morning at 9 o'clock. As soon as he could be waited upon he purchased 250 of the best seats. Whether it was for speculation purposes or whether he was commissioned to do this by Ann Arbor parties is not known. The meeting at the Young Men's Christian Association next Sunday at 2:45 p. m. will be in charge of W. B. Phillips of the Inland Press. This is the last Sunday that Mr. Phillips will be here before moving to Battle Creek to take the management of the Ellis Publishing Co. Mr. Phillips is a charter member of the Y. M. C. A. and a member of the board of directors and it is urged that all members be present at the meeting next Sunday. Special music at this meeting. Strangers are cordially invited to attend. Charles S. Osborn, state game warden, has written a letter to an Ann Arbor citizen in which he says that it is unlawful to spear fish in the waters of the Inland lakes of Livingston county, and that he will order an investigation. Parties from Toledo and other cities are spearing fish and selling them on the markets. The sportsmen—especially those having club houses on the shores of those lakes—are about to take steps to prosecute the law breakers. There is no objection to catching fish with the rod and line, but spearing them must stop.

One forenoon last week after the lecture in Ostrology, the Fresh Medicine class presented Mr. Williams with a gold locket and chain to show their appreciation for bringing into the world the first Williams Jr. II. Mr. Lawton made a very witty speech of presentation and Mr. Williams responded bashfully in intervals between the cheering of the class. The University Hospital Guild has arranged for the famous Mrs. Jarley's Wax Work entertainment to be given in University Hall, Jan. 28, under the direction of Miss Mary Selden McCobb of Portland Maine, a Mrs. Jarley, hardly excelled by the original in bright sayings and with remarks. The cast is to be made up of University Students and Ann Arbor Citizens and to add to the amusement an old-fashioned, "cakewalk", has been arranged for. The money raised is to support a "free bed" in the hospital which fact alone should bring out a large audience. Admission 25c. Jacob Forthofer, a saloonkeeper of Ypsilanti, is under arrest on the charge of having improper relations with a girl under 16 years of age. He was brought before Justice Joslyn in Ypsilanti and released on \$500 bail. While out on bail he came up to this city with Miss Mollie T. Olka, a girl of 18 and took out a marriage license. The couple started for the justice's office but the girl backed down and wanted to be married by a minister. A minister was secured and the couple were married. He claimed that his bride knew about his arrest before they were married.—Argus. The projected creamery and milk supply station was organized here last Friday under the name of the Sanitary Milk Co. and with the following officers: Junius E. Beal, president; Dr. C. G. Darling, vice-president; J. M. Travels, manager, and U. G. Darling, secretary and treasurer. The most improved machinery was ordered, the Chicago Creamery Package Co. getting the contract. An ice machine capable of producing two and a half tons daily is with the equipment. The plant will be open for operation May 1 and will have an immediate capacity of ten thousand pounds of milk daily. Senator Ward has a bill intended to affect only Ann Arbor, but it will probably attract attention all over the state and awaken considerable opposition. There are at present two justices provided for in Ann Arbor, and the bill provides that there shall be but one, who must be an attorney in good standing. Jarjars are to be drawn after the same manner as in the circuit court. No attempt is made to alter the fee system from which the justice shall derive his compensation. The object of the bill is to give the justice court more dignity, and to do away with many of the abuses which now exist.—Detroit Free Press. A Kansas City newspaper says John T. Michau, of St. Joseph, U. of M. class of '74, is in that place, working in the public library. He is writing a work on archaeology. Mr. Michau has spent five months in Chicago in the public library, six months in the Astor library in New York, six months in the British museum of London and several weeks in both Paris, and Cairo, Egypt. He will stay in the resources of her best libraries in his line and will then go abroad again. He has spent three years abroad in study and in excavating in Troy, Asia Minor and Greece. His many Ann Arbor friends will be interested in his plans. All arrangements for the sixth annual May festival, to be held in University Hall May 11, 12 and 13, have been completed. The management has succeeded in securing Sembriek, who scored such a phenomenal success in Berlin and Vienna and who has been in this country since last fall and captured New York and Chicago by storm. Friday night, May 12th, will be Sembriek night, and an opportunity will be given to hear the greatest soprano singer in the world. The rest of the staff, who will assist Sembriek, is a strong one, among whom may be mentioned Sarah Anderson, Madame Jacobi, Evaus Williams and Myron W. Whitney.

Probate Order. STATE OF MICHIGAN, COUNTY OF WASHTENAW, ss. At a session of the Probate Court for the County of Washtenaw, holden at the Probate office in the City of Ann Arbor, on Wednesday, the 15th day of January in the year one thousand eight hundred and ninety-nine. Present, H. Wirt Newkirk, Judge of Probate. In the Matter of the Estate of Sophia E. Garland, incompetent. On reading and filing the petition, duly verified, of Lottie Thompson nee Garland, praying that she may be licensed to sell the real estate of said estate, the hearing of said petition, and that the heirs at law of said incompetent, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office in the City of Ann Arbor, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this Order to be published in THE ANN ARBOR REGISTER, a newspaper printed and circulating in said county three successive weeks previous to said day of hearing.

Mortgage Sale. Default having been made in the conditions of a certain mortgage made and executed by John D. Bennett and Hattie Bennett his wife of Salem, Washtenaw County Michigan, to Frank Bennett (since deceased) of the same place whereby the power of sale contained in the said mortgage has become operative, which said mortgage is dated July 1st, A. D. 1894 and was duly recorded in the office of the Register of Deeds of the said County of Washtenaw on the 15th day of August, A. D. 1894 in Liber 58 of mortgages on page 439 and which said mortgage was duly assigned by Andrew Rice as executor of the last will of said Frank Bennett deceased on the 18th day of December, A. D. 1895 to Marshall Sopp, which deed of assignment was on the 15th day of February, A. D. 1896, duly recorded in the office of the Register of Deeds of said County of Washtenaw in Liber 12 of Assignments of Mortgages on page 256. And whereas no suit or proceeding at law has been instituted to recover the debt now remaining secured by said mortgage or any part thereof and there is now claimed to be due upon said mortgage the sum of seven hundred and fifty-two dollars and sixty cents (\$752.60) and the further sum of twenty-five dollars attorney fee stipulated in said mortgage and provided by law. Now, therefore, notice is hereby given that by virtue of said power of sale and in pursuance of the statute in such case made and provided said mortgage will be foreclosed by a sale of the premises described therein, at public auction to the highest bidder at the east front door of the Court House in the City of Ann Arbor in said County of Washtenaw (that being the place where the Circuit Court for said County of Washtenaw is held) on Friday, the 31st day of March next at one o'clock in the afternoon of that day. Which said premises are described in said mortgage as follows: The undivided one-half part of subdivision number one according to the plat of Commissioners on partition of the estate of Joseph L. Bennett deceased bounded as follows, that is to say, the east eleven chains and forty-two links in width off from and across the east side of the northwest fractional quarter of section number fifteen, town number one south, range seven east, County of Washtenaw, State of Michigan and containing in all thirty-six acres of land more or less. Dated January 4th, 1899. MARSHALL SOPP, Assignee of said Mortgage. RANDALL & JONES, Attorneys for Assignee. 66

Mortgage Sale. Whereas, default has been made in the payment of the money secured by a mortgage dated the second day of October 1893, executed by John D. Bennett and Hattie Bennett, his wife of Salem, Washtenaw County Michigan, to W. D. Rice and Etta V. Rice of Coleman Midland County Michigan, which said mortgage was recorded in the office of the Register of Deeds of the County of Washtenaw in Liber seventy-nine of Mortgages on page 122 on the 3rd day of October 1893 at ten o'clock in the morning, A. D. 1893, and rec'd in the office of the Register of Deeds of said County of Washtenaw on the 20th day of July 1898, in Liber 13 of assignments of mortgages on page 154. And whereas the amount claimed to be due on said mortgage at the date of this notice is the sum of five hundred and eighty dollars and fifty-eight cents of principal and interest, and the further sum of twenty five dollars as an Attorney fee stipulated for in said mortgage; and no suit or proceedings having been instituted at Law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative. Now, therefore, notice is hereby given that by virtue of said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder, at the east front door of the court house in the city of Ann Arbor in said county of Washtenaw, that being the place where the Circuit Court for said County of Washtenaw is held) on Friday, the 14th day of April next at one o'clock in the afternoon of that day. Which said premises are described in said mortgage as follows: to wit: The undivided three-fourths interest in and to the east forty eight acres of the north west quarter of section fifteen, in town one south, of range seven east, in the township of Salem County of Washtenaw and State of Michigan. Ayer's Hair Vigor. What does it do? It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended. It cleanses the scalp from dandruff and thus removes one of the great causes of baldness. It makes a better circulation in the scalp and stops the hair from coming out. It Prevents and it Cures Baldness. Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs. It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place. Would you like a copy of our book on the Hair and Scalp? It is free. If you do not obtain all the benefits you expected from the use of the Vigor write the Doctor about it. Address, Dr. J. C. Ayer, Lowell, Mass.

Drink Grain-O after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grades of coffee and costs about 1/2 as much. Children thrive on it because it is a genuine food drink containing nothing but nourishment. 15 and 25c at grocer.

SINGULAR STATEMENT.

From Mrs. Bank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured. I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

ANSWER THIS QUESTION.

What shall be done with the delicate man or woman, who keep thin and pale, and who does not develop and keep healthy?

First thing to do is to stop drinking coffee, and in its place drink Golden Nectar. "And why?" In the first place "Golden Nectar" is new life for backward people. It creates a healthy action of stomach, of heart, and of liver. "Golden Nectar" is a food beverage, which takes the place of coffee. You prepare it as you would coffee. "Boil 20 minutes," add cream and sugar. It tastes like good coffee, and looks like, and has the aroma of the purest coffee. "Golden Nectar" is a pure healthy food product of American cereals, and nothing but health can result from its use. Every one knows that coffee eventually drags down the system. Change now for "Golden Nectar." For sale by all grocers.

COMMUNICATIONS AND PETITIONS. To the Honorable Common Council of Ann Arbor:

The U. of M. Hospital Guild is endeavoring to raise funds for a "Free Bed" in the Homeopathic Hospital and most respectfully ask the co-operation of your Honorable body and our citizens to aid in filling U. of M. Hall Saturday evening, January 28th, at which time the versatile Miss McCobb, of Portland, Maine, with the aid of our own citizens and students will impersonate the famous Mrs. Jarley's Wax Works.

Your aid is most respectfully desired. MRS. H. SOULE, President. Secretary U. of M. Hospital Guild, (Homeopathic.)

Resolved, that it is the judgment of this body that the entertainment known as "Mrs. Jarley's Wax Works," to be given in University Hall upon the evening of January 28, 1899, is for the attainment of a worthy object and that we will give it our moral support, and as far as possible endeavor to be present;—also to our citizens to do likewise.

REPORT OF BOARD OF HEALTH. Ann Arbor, Mich., Jan. 16, 1899. To the Honorable Mayor, and members of the Common Council:

Gentlemen:—Your Board of Health begs leave to report for the month of December, as follows:

Two inspections have been made and all nuisances thus inspected abated. Three regular meetings have been held at which all members have been present.

The health of the city for the year ending Dec. 31st, 1898, has been very good taking into account that we have such an influx of students each year from all parts of the country.

We have had 190 deaths this year, 21 of which occurred at the Hospitals, thus bringing our death rate down to 10 per 1000, taking into account that we have 3000 students at least 8 months of the year.

Respectfully yours, E. W. MOORE, President. H. B. DODSLEY, Inspector. ERNEST A. CLARK, Health Officer.

To the Honorable Common Council: Pursuant to your resolution of Jan. 3rd, 1899, referring to me the report of the special committee appointed to negotiate with the owners of the land required by the extension of East Catherine street, I have examined the same and would recommend that the report of the committee be adopted and the deed of Mr. Gruner accepted upon condition that the consideration therefor is only to be paid out of the proceeds of the special assessment upon the lands described in said report and not otherwise. This condition has been assented to by Mr. Gruner.

Respectfully submitted, O. E. BUTTERFIELD, City Attorney.

Ald. Stevens moved that the report be accepted and adopted.

Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Vandawarker, Spatheif, Coon, Cady, Stevens, Pres. Luick—11. Nays—None.

By Alderman Koch: Whereas this Council having heretofore ordered a street to be laid out and established within the corporate limits of the City and having found and declared such street to be a necessary public improvement and the right of way for such street having now been acquired by purchase;

Therefore, be it resolved and this Common Council does hereby determine that all the cost and expense of the right of way so required and procured and all of the damage occasioned by the establishment of such street shall be and is hereby ordered to be levied on and assessed against the lands, tenements and premises situate in the special assessment district hereinafter designated, and as a tax against the owners of the lands, tenements and premises situate therein, and that the cost of the establishment of such street other than the cost of such right of way shall be a charge against the street fund.

Resolved further that all of the lands and premises situate in the special assessment district hereinafter designated are deemed and hereby declared to be benefited by the laying out and establishment of the said street, and the said special assessment district is hereby fixed as follows, to-wit: All that part of the City of Ann Arbor, exclusive of the street bounded as follows, viz:

On the west by North Division street;

On the south by the south line of the lands of Mary J. Maynard, Leonard Gruner and Lucy B. Whitlark.

On the east by North State street;

On the north by a line drawn along the south line of lot number nine of Bower's Addition to the City of Ann Arbor, and along such line projected westerly to North Division street.

Resolved further that, and this Council does hereby require the sum of Three Thousand Dollars to be raised by tax as a special assessment on and against all of the lots, parts of lots, lands, tenements and premises in and situate in the said special assessment district and as a tax against the owners thereof, the same to be assessed against the said lots, parts of lots, lands and tenements according to the benefits coming to the said lands and tenements from such local improvements, and the City Assessor is hereby required to levy and assess the said sum of money aforesaid on the lands and tenements aforesaid and as a tax against the owners thereof in the manner and for the purpose aforesaid pursuant to law.

Resolved further that the City Clerk do certify this determination and order of assessment to the City Assessor or according to law.

Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Sweet, Vandawarker, Spatheif, Coon, Cady, Stevens, Pres. Luick—11. Nays—None.

Ald. Coon moved that the City Attorney be authorized to cause to be introduced into the Legislature the three bills proposed by him as amendments to the charter, viz: One relative to Sewer District No. 3; one relative to the limitation of actions against the city, and one relative to justice courts.

Adopted as follows: Yeas—Ald. Hamilton, Dieterle, Sweet, Vandawarker, Spatheif, Coon, Cady, Stevens, Pres. Luick—9. Nays—Ald. Richards, Koch—2.

On motion the Council adjourned. GLEN V. MILLS, City Clerk.

"These new tenants next door have a boy who is a perfect little vandal," exclaimed Mrs. Snaggs. "I wonder where they came from?" "From your description I should suppose that they moved to Pittsburg from Vandalia," replied Mr. Snaggs—Pittsburg Chronicle-Telegraph.

After-Effects of the GRIP

Grip is a treacherous disease. You think it is cured and the slightest cold brings on a relapse.

Its victims are always left in a weakened condition—blood impure and impoverished; nerves shattered. Pneumonia, heart disease and nervous prostration are often the result.

Dr. Williams' Pink Pills for Pale People will drive every trace of the poisonous germs from the system, build up and enrich the blood and strengthen the nerves. A trial will prove this. Read the evidence:

When the grip last visited this section Herman H. Eyer, of 811 W. Main St., Jefferson, Mo., a well known contractor and builder, was one of the victims, and he has since been troubled with the after-effects of the disease. A year ago his health began to fail and he was obliged to discontinue work. That he lives to-day is almost a miracle. He says:

"I was troubled with shortness of breath, palpitation of the heart and a general debility. My back also pained me severely.

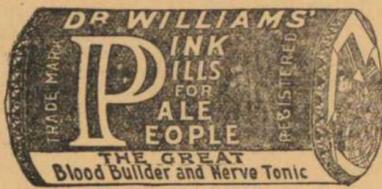

"I tried one doctor after another and numerous remedies suggested by my friends, but without apparent benefit, and began to give up hope. Then I saw Dr. Williams' Pink Pills for Pale People extolled in a St. Louis paper and after investigation, decided to give them a trial.

"After using the first box I felt wonderfully relieved and was satisfied that the pills were putting me on the road to recovery. I bought two more boxes and continued taking them.

"After taking four boxes of Dr. Williams' Pink Pills for Pale People I am restored to good health. I feel like a new man, and having the will and energy of my former days returned, I am capable of transacting my business with increased ambition.

"Dr. Williams' Pink Pills for Pale People are a wonderful medicine and anyone suffering from the after-effects of the grip will find these pills are specific."

Mr. Eyer will gladly answer any inquiry regarding this if stamp is enclosed. From Cole County Democrat, Jefferson City, Mo.

Literary Notes.

In this week's issue of Harper's Bazar appears the second part of "Martha's Responsibilities," a story by H. G. Paine. Another feature of the Bazar's fiction is a beautiful and pathetic short story by Caroline E. Barrall, entitled "A Belated Funeral."

Lillie Hamilton French, in an article with the caption, "The Portrait Show" discusses the art exhibition which is being held in New York at the Academy of Design. The article is illustrated with portraits at present on exhibition at the academy. Among other valuable features are poems of unusually high quality by Mrs. Margaret Sangster and Albert Biglow Paine. The fashion column gives a great deal of valuable information in regard to winter fashions for both men and women, and the regular departments are full of bright hints of very general utility.

Among the features of the present issue of Harper's Weekly is an editorial that discusses what is at present a subject of dominant interest to Americans, Imperialism and the People. William Dinwiddie continues his special letters from Porto Rico, his subject for this week being "The Money of Porto Rico."

Other leading features are "Wassailing," a description of a quaint old English custom, text and illustration by C. V. De Land, and a masterly review of Dr. Sven Hedin's noted work of travel, "Through Asia," by Wm. Elliot Griffis. The departments of Music, Drama, Busy World, and Amateur Sport are very full, bright, and comprehensive. The double page illustration is drawn by Howard Chandler Christy, and depicts the recent presentation of "Lohengrin" at the new Metropolitan opera house.

The January number of the New Crusade is out. It contains its usual list of good things, among which are the following articles: Stories and Story-Telling, by Dr. W. L. Hewey; Obstacles to the Education of the Young from Sensational and Evil Reading; The Mental Atmosphere of Houses, by Marian Yager. There are a number of other valuable articles in this issue.

Wood; songstress, Effie Godfrey. The senior class day exercises will be held the last day of school in high school hall. Besides these officers, Edward Amsden, class president, was elected toastmaster for the senior banquet.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. Improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

S.S.S. For Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no mercury, potash, or other mineral. Valuable books mailed free by Swift Specific Company, Atlanta, Georgia.
