### WITH NORTHFIELD THROWN OUT

This with Seven Votes Would Have Tied the Convention Between Judson and the Antis-But They Had the Majority and Ran Their Machine Through.

The Republican county convention met in the court house at 11 a. m. today. Chairman Butterfield called Capt. E. P. Allen to the chair, G. Frank Allmendinger was elected temporary secretary. Chairman Allen then appointed five members on each of the committees on credentials, resolutions and order of business. The convention then adjourned until 1 p. m.

When the convention was called to order in the afternoon the first report was by the committee on credentials. Here came the fight of the day. Allen had appointed a majority of the committee on credentials from the Judson supporters and the majority of the committee reported against the delegation from Northfield because some of the technicality of the law had not been observed in making up the delegation. Upon this came the test vote of the convention. The result was the throwing out of the Northfield delegation, seven in number, because, as Rep. Wheeler who was chairman of the committee on credentials, said, they belonged to a certain elique (meaning the anti-Judson people). The vote whether these anti-Judson men, socalled, should be admitted stood 105 for to 112 against. Had the delegation from Northfield been admitted as they sh uld have been, the vote would have anti-Judson men saw that they were in attempt to name the delegates to the there is any money in it, the outsiders state convention, they being desirous will reap the benefits. only to secure a strong endorsement of Col. of the Longest Sieges for a Quarter of a Century,

Beginning with January 29 Michigan began to experience one of the cold snaps that will give the oldest citizen something to talk about for years to come. On that date the mercury at the Observatory registered 4 degrees below zero at 7 a. m. The next moruing it was not quite so cold being two above. On the 31st, however, it got down to business again and at 7 a. m stood 11.5 below, and at zero at 9 p. m. On Feb. 1. it was 3 below at seven a. m. the coldest during the night being 8 be low. Then, for several days, it kept near the zero mark the seventh when it reached 2 below during the night. Then it kept on going down until the 12th and 13th when the lowest point 16 below was reached at 7 a.m. This was on Monday morning. We will be moved to Amaro in a few days, where our permanent camp is to be located. This place is on a railroad and about 20 miles from the coast. It is inhabited by about 25 Cuban families. The bandits came down on the place about two weeka ago and the residents had to take to the block house, two of which are located here. That is one reason we were sent here. The days are very warm, the nights cool and the morning dew so heavy that no rain is necessary. Our going to the southern coast and then up here has made a very interesting but tiresome trip of it. Mr. Canine lives about ten miles south of the city and was bringing in a load of wood. His ears were bundled up and thus prevented his hearing as accurately as under other circumstances. He was walking along beside his load of wood at about the point of the city limits on Packard st. when the Detroit car came rushing up behind him. #### PRISON STATISTICS.

Warden Chamberlain will soon prepare a volume of statistics regarding the prisoners who have served life terms in the prison. The state prison is now in its 60th year, having been founded in 1839, and a large number of ooth male and female "lifers" have been within its walls for the period of their natural lives. The exact number of these "lifers" is not known at present There were very few up to 1847, at which time capital punishment was abolished by the state, and murderers sentenced to life terms only. At present there are 102 prisoners serving life. terms all of them men. Women are not kept at the prison any longer, but there are a number who have been confined there in the past. According to figures available at the present time it is estimated that the "liter" averages only eight and one third years after he is confined to the prison. The warden's book will give the name of every one who has served a life term, describing why each person was incarcerated, his life in the prison, and what finally became of him. It will also show the number who went insane and were transferred to asylums. -Jackson Herald.

#### HAVE YOU GOT TROUBLE OF YOUR OWN?

#### If Not, Listen To Others' Troubles-If You Have, See If Your Trouble is Like Other People's Troubles.

There are some kinds of trouble that are unavoidable. Then again there is trouble that is easily avoided if you know how to do it Here is a true statement of Mrs. M. She says: "I am well aware everyone has trouble without listening to mine, but I hope by telling mine I shall instruct others how to avoid theirs.

For ten years at least I have had more trouble with my back than can well be expressed on paper. It began with "Kidney Backache". I paid little attention to it at first, but I see now where I made the mistake. The State Savings Bans, acets Zenus Sweet, salary ...... George Isbell, salary ..... The urine was excess-ive in quantity, highly colored and of a strong odor and contained so much a strong odor and contained so much acid as to cause a burning sensation in its passage. Then I had sharp shoot-ing pains and swelling of the limbs which became very painful. For the past five or six years several doctors have treated me for my trouble with-out arresting the progress of the dis ease. They knew what the trouble was and pronounced it kidney com-plaint. One doctor said he could do nothing for me and advised me to make my will". When I arrived at this nothing for me and advised me to make my will". Three local bills have been passed by the house, under suspended rules: One authorizing Honghton to borrow not more than \$50,000 to build a union school; to vacate the township of Wheatfield in Montmorency county and attach the territory to Vienna township; to vacate the townships of Blaine, Grove, Ball and Center Plains, in Crawford county, and to attach the territory to the townships of Maple, Forest, South Branch, Beaver Creek and Grayling. The reason for the last two bills is that since the pine timber has been cut off it costs too much to maintain so many townships. They were all given immediate effect. In the senate house bill No. 40, providing for the protection of fish in

Eagle lake, Pugsiey's lake and Four Mile lake, Van Buren county, for a period of 10 years, was passed, and given immediate effect. Also the bill for the relief of sick, disabled, and needy soldiers and marines of the late Spanish-American war. It had been amended once before, but Sen. Ward amended it again to the effect that any balances left over in each county for this purpose, if not used, should be returned to the general fund. The bill was passed and given immediate effect by a vote of 21 to 4.

Rep. Eikhoff offered a resolution directing the state board of arbitration P. M. lockout at Ludington. It was adopted. Eikhoff's idea is to find out

which side, if either, will refuse to submit to arbitration.

In the house the judiciary committee reported favorably the bill for an additional circuit judge in Wayne county, which looks as though there is going of the stove and lighted a match to see to be an effort made to get this through if there was any fire in it. The opinion that the Atkinson bill may pass is growing. A few amend-ments may be attached, but the program of those favoring the bill is to stick to it until it is passed or beaten. Rep. Aldrich, of Detroit, has a bill which he will soon spring upon the house, which is designed to do away with all kinds of Sunday amusements in the City of the Straits.

At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine.'

### Caught in a Shaft.

Samuel Chapman, aged 50, an embloye of the Ohio Paper company at Niles, was throwing straw on a paper carrier belt when his ragged coat wound around a shaft that was making 120 revolutions per minute. His body followed and each time around his feet struck against the side of the building. His left thigh was broken above the knee and the left knee joint disarticulated, his right ankle broken, both feet and legs below the knees severely bruised, left lung injured and to offer its services to settle the F. & nose broken. His recovery is doubtful.

### Was Shaved by a New Process.

When Jeremiah Bartholomew, of Romeo, awoke the other morning he found that the fire in the coal stove was almost out. He opened the door wasn't much, but there was a lot of coal gas, and the flame of the match ignited it. An explosion followed, which cleared Mr. Bartholomew's face would have done, but formunately that was the extent of the damage.

### Jumped From a Window.

Levi Hall, of Lowell, aged 91, died from the effect of injuries recceived in jumping from an upstairs window of his home. A few days ago he attempted to cut his throat, but was discovered in the act. . His wife died a few weeks ago and the old man became Two sections of a freight train collided at Standish and four cars were demolished. When they put a man in jail, he can not follow his natural inclinations. He cannot eat what he wants to be is limited to a very frugal diet. Is it not equally true of a dyspeptic? For all of the real enjoyment he gets out of life, he might as well be in jail. He cannot est what he likes, not enough. He suffers much, gets little sympathy. At first, perhaps a little heaviness in the stomach, a little sourness, windy belchings and heartburn; headaches and heartburn; headaches and billousness and a foul taste in the mouth in the morning. Chronic con-stipation is almost inevitable, and means that the body is holding poison ous impure matter that should be gotter ous impure matter that should be gotten rid of. The poison is being reabsorbed into the bloed and the whole body. Impurity in the blood may lead to almost any disease. Constipation is the start of it all. Dr. Pierce's Pleas-ant Pellets cure constipation, cure it so it stays cured. No other remedy in the world will do that.

ty-five years this peerless remedy has been curing Consumption, the most ob-stinate Coughs, the severest Colds, Bronchitis, Pneumonia, Asthma, Hemorrhage, Hay Fever, Croup, Whooping Cough, Lung Fever, etc. If you have any bronchial trouble now is the time to cure it. Do not wait till it gets a firm hold upon you. You can't cure any Throat or Lung trouble too soon. Cure that cold. or that cough at once, or you may have to fight Pneumonia or Consumption later. And use a cure that has stood the test of years and has the confidence of the people. Don't try some unknown or worthless remedy when your health is in danger. Use Dr. King's New Discovery. Its onward course has been a march of victory over disease and death. Always keep it in your home. It will prove a stepping stone to perfect hap-piness. Don't think you will have no colds, coughs, or throat and lung troubles in summer. That's a bad mis-take; might cause serious trouble. Best

## A PLEAGUE OF THE NIGHT.

**ITCHING PILES AND OTHER REC-**TAL TROUBLES EASILY CURED BY A NEW AND SAFE METHOD.

### A Remarkable Number of Cures Made by the Pyramid Pile Cure.

About on + person in every four suffers from some form of rectal disease. The most common and annoying is tching plies, indicated by warmsh, -light moisture and intense, uncontrollable itching in the parts affected.

The usual treatment has been some simple ointment or salve which someames give temporary relief, but nothing like a permanent cure can be xpected from such superficial treatment.

The only permanent cure for ltching pues yet discovered is the Pyramid 'de Care, not only for itching piles, but for every other form of piles, brind ble uing or protoadiag. Tas first application gives instant relief and the continued use for a short time causes a ermanent removal of the tumors or atense itching and discomfort of itchig plies.

Many physicians for a long time forded by the Pyramid Pile Cure was ecause it was supposed to contain ocaine, opium or similar drugs, but ich is not the case. A recent careful malysis of the medy showed it to e absolutely free from any cocaine, plum, or in fact any poisonous, in mous drugs whatever.

For this reason the Pyramid Pile are is probably the only pile cure tousively recommended by phys ans, because it is so sale, so prompt the relief afforded and so far as nown the only positive cure for piles scept a surgical operation.

In one year the Pyramid Pile Cure is become the best known, the safest nd the most extensively sold of any e cure before the public.

Not ially interested in the actual raising of being well acquainted with me he took me for a white. That rule works both ways, a colored person cannot ride in a coach occupied by whites. The country from Little Rock via Pine Bluff, Monroe and Alexandria is very level and at least one third of the cotton is not yet picked It is so low in price that many fields will probably never be picked. The inhabitants along the road seemed to be mostly negros, at the stations I think it is safe to say af the loungers who congregate to see the train pass it would average twelve or fifteen blacks to one white. Their cabins or houses were as a rule very poor, not plastured or even chinked and it seemed to me that their

life was seasoned with very little joy, but I was informed no more happier people could be found anywhere then the colored people of the south. We noticed along the road the celebrated Arkansas razor back hog and many of a better breed. The stock cattle roamed the fields in search of fodder and to judge from their looks it must be very scarce as they were all very very poor. They seem to make no provission for their stock as we saw no hay or corn fodder and very few barns. The report was circulated all over

the city Friday night and found its way into the columns of the morning papers that the hydrants were frozen up and that it was some time before the water could be turned on. This is incorrect. Acting Chief Edwards says that there was no trouble whatever. Three lines of hose were attached to different hydrants and water came through all right, but with the decreased pressure which naturally results from the location of the fire. That the water company has kept its hydrants in good condition is demonstrated by the work done last Friday night after the hydrants have been subjected to the severe cold of the past few weeks.

The department fought the fire gallantly and saved a portion of the lower part of the building. They worked industriously in the cold, and it was 12:20 Sat. morning before they could return to the engine house. After the water was turned off the hose froze stiff and it was handled with difficulty.

Much of the contents of the house were lost and much that was saved was damaged. Mrs. Stafford has \$3,500 insurance on the house and contents. The

"Football" Allen and several other students rendered valuable assistance at the fire, and Acting Chief Edwards desires to publicly thank them.

THE WORLD'S IDEAL,

Dr. Price's Cream Baking Powder combines all the elements of ideal excellence. It is highest in leavening power. It is free from the least taint of impurity. No trial can be too exhaustive, no test too exacting, for its admirable qualities.

Cake and biscuit made with it retain their moisture, and are extremely light, flaky and fine grained-not coarse and full of holes as when made with alum baking powders. Alum baking powder leaves a bitter taste in the bread or cake and food prepared with it dries up quickly.

The severest tests were imposed at the World's Columbian Exposition and the California Midwinter Fair, where Dr. Price's Cream Baking Powder eclipsed all competitors. After full examination and competiion it secured the highest honors and a special gold medal. These awards stamp it as

One of the most interesting dramatic events of the season is announced at the Athens Theatre tomorrow evening, when David Belasco's latest and best play, "The Heart of Maryland," will be given its initial production with a superb cast and all the scenery and appointments used in the eastern production. The stirring scenes of "The Heart of Maryland" are laid in the days of the civil war, yet the play is absolutely free from scenes of strife, al hough pervaded throughout with the atmosphere of war. On its original production in New York it scored a remarkable success, having been played there 300 nights. The past season it established new records in Philadelphia, Chicago, Boston, Washington and San Francisco, and at the Adelphi theatre in London, where it played to the capacity of the theatre for upwards of one hundred nights.

### STRONG STATEMENTS.

Three Women Relieved of Female Troubles by Mrs. Pinkham.

From Mrs A. W. SMITH, 59 Summer St., Biddeford, Me .:

"For several years I suffered with various diseases peculiar to my sex. Was troubled with a burning sensation across the small of my back, that allgone feeling, was despondent, fretful and discouraged; the least exertion tired me. I tried several doctors but received little benefit. At last I deeided to give your Lydia E. Pinkham's Vegetable Compound a trial. The effect of the first bottle was magical. Those symptoms of weakness that I was afflicted with, vanished like vapor before the sun. I cannot speak too highly of your valuable remedy. It is truly a boon to woman.

From Mrs. MELISSA PHILLIPS, Lexington, Ind., to Mrs. Pinkham:

"Before I began taking your medicine I had suffered for two years with that tired feeling, headache, backache, noappetite, and a run-down condition of the system. I could not walk across the room. I have taken four bottles of the Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and now feel like a new woman, and am able to do my work."

From Mrs. MOLLIE E. HERREL, Powell Station, Tenn.:

"For three years I suffered with such a weakness of the back, I could not perform my household duties. I also had falling of the womb, terrible hearing-down pains and headache. I have taken two bottles of Lydia E. Pinkham's Vegetable Compound and feel like a new woman. I recommend your medicine to every woman I know.

A recent incident will illustrate my meaning. Not long ago one of the magnates of a certain city gave a ban quet in his own elegant home to some young business men, It was what would be called a "swell affair" and the gues s felt duly honored. Everthing was served in the most fashionable style. hence the separation. During the course of the dinner as a special compliment to the guests, the She went from one to another filling the glasses without a protest until she reached the last, a young man comparatively new in the work, and now en-

joying his first official banquet. He was a young man with principles to use, not to talk of, and he politely declined the wine. After a little urging the hostess passed on. As she came around the second time filling the glasses, she ignored his refusal and filled his glass. He said nothing but left the wine untouched. Noticing this she came and urged him to drink his wine With as many complimentary phrases as he could think of he still declined. Then with a fascinating smile she begged him to drink as a

### NO FALSE RETURNS,

#### Here are Plain Facts Endorsed by an Ann Arbor Citizen who resides on Second Street.

Few people will admit failure while there is a chance for argument. Many people claim success when no one rises to dispute it. What we want to do is to place our claim where doubt is out of the question. We are doing this every fever sore on one of his legs and the social at Azalia last week Friday nig people claim success when no one rises the question. We are doing this every day and Ann Arbor people are begining to appreciate it. Now, to get right down to the point, everybody knows that there is many an aching back, many a lame and painful one, the suff-ering from which makes life a burden, by the set of th but having tried so many remedies, but having tried so many remedies, upon all those who profess to have a cure with all the skepticism of a skeptic; Miss Kate Collins of Unadilla recently met serious injuries by being thrown from her carriage white returning oome from Chelsea. and yet one more struggle with the right ally and the back is free. # Society Women

and, in fact, nearly all women who undergo a nervous strain, are compelled to regretfully watch the growing pallor of their cheeks, the coming wrinkles and thinness that become more distressing every day.

Every woman knows that ill-health is a fatal enemy to beauty and that good health gives to the plainest face an enduring attractiveness. Pure blood and strong nerves - these are the secret of health and beauty.

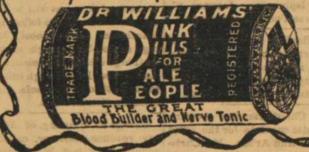

Dr. Williams' Pink

Pills for Pale People build up and purify the blood and strengthen the nerves. To the young girl they are invaluable, to the mother they are a necessity, to the woman approaching fifty they are the best remedy that science has devised for this crisis of her life.

Mrs. Jacob Weaver, of Bushnell, III., is fifty-six years old. She says: "I suffered for five or six years with the trouble that comes to women at this time of life. I was much weakened, was unable, much of the time, to do my own work, and suffered beyond my power to describe. I was downhearted and melancholy. Nothing seemed to do me any good. Then I made up my mind to try Dr. Williams Pink Pills for Pale People. I bought the first box in March. 1897, and was benefited from the start. A box and a half cured me com-pletely, and I am now rugged and strong.—Bushnell (III.) Record.

# FOOT IT UP ...

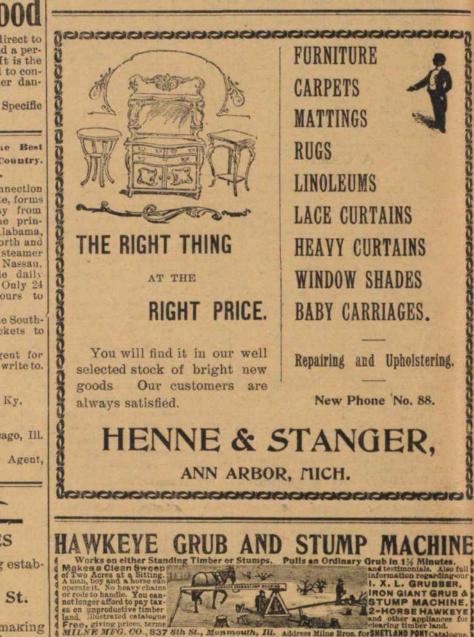

See If it pays to buy shoddy Shoes, Figure the discomfort, the wet feet, the coughs and colds, the doctors' bills, and then ask yourself if you wouldn't have been wiser had you bought your Shoes at Reinhardt's in the first place. They wouldn't have cost any more; they would have worn longer and you'd have had glad feet and a light heart.

SLIPPERS, SHOES AND **OVERSHOES**
