

## COL. DEAN NOMINATED.

JUDGE GRANT WINS ON FOURTH BALLOT.

## ATKINSON BILL IGNORED.

**A Great Fight in the Convention Over Resolutions—Anti's Had a Majority—Did Not Mention "Atkinson Bill"—Pledgees Strive to Have It Commended—Scheme Defeated by a Vote of Nearly Two to One.**

The Republican convention held at Jackson yesterday was remarkable in a number of ways. The first was in the exhibition of strength shown by Justice C. B. Grant. Although there were seven other candidates in the field, all of them strong men, and although they had practically combined to defeat Grant, still Grant received 334 votes out of 849 cast on the first ballot, and 349 on the second, 378 on the third and on the fourth enough so that it became clear that his nomination was certain so that delegations changed their votes to insure Grant's success. The nominating speeches were excellent, that of Mr. Colgrove, of Hastings, nominating Judge VanZile, being a most eloquent effort and by far the best speech of the convention.

The next remarkable thing about the convention was the evident determination of the anti Pledgees to deliver a body blow at Pledgeism. The occasion came in the report of the committee on resolutions. The majority reported resolutions commending the administration of McKinley, the principle of sound money and the necessity of the party redeeming its pledge to pass a law in favor of equal taxation. This did not suit the Pledge people. A minority report was offered commending the Atkinson Bill (Continued on page four.)

## DEATH OF W. P. GROVES.

**A Well Known Northfield Resident Passed Away.**

William P. Groves, one of the best known and respected citizens of the township of Northfield, quietly passed away this morning like a child going to sleep. The funeral services will be held Monday afternoon at 2 o'clock at his late residence. Mr. Groves was the son of Nicholas Groves, of East Charlemont, Mass., where he was born Nov. 12, 1819. During his early infancy he lost his mother. In 1831 the family removed to Northfield at which time wolves, deer and Indians were more plentiful than white people. His father took up 160 acres of government land, the son residing on this land until his death. He was married Oct. 2, 1851, to Harriet, the daughter of Thomas Fitzsimmons, of Ann Arbor town, she preceeding him in death. Seven children: Mrs. Roxy Bailey, Albert D., Mrs. Flora Duncan, Elizabeth, wife of Everitt Bird, Mrs. Harriet Yanson, of Northfield, Edwin W., of Ann Arbor, and Fanny of Northfield and 13 grandchildren survive their parents. For the past three years his health has been gradually failing. He felt his end was coming and he made his preparations accordingly. Mr. Groves by his industry and thrift acquired a well earned competency.

## ANN ARBOR MAN IMPLICATED.

**Sensational Case at Jackson in Which an Ann Arbor Man Figures.**

The following appeared in last Wednesday night's Detroit Evening News: JACKSON, Mich., Feb. 22—Wm. H. Cudney, by his attorney, John W. Miner, is complainant in a sensational divorce case.

Mr. Cudney was married to Anna B. Boyd, of this city, in 1891. Now it is charged Mrs. Cudney became infatuated with Frank Hill, of Ann Arbor. Feb. 14 Hill went to the university town and the next day Mrs. Cudney, leaving her 4-year-old girl, Adelaide, followed him there, procured a license, went before Justice Duffy and had a marriage ceremony performed. A telephone message to Ann Arbor elicited the facts and the additional information from Mrs. Cudney herself that she was "perfectly happy" and should "never return or live with her husband again." Mr. Cudney was dumfounded at first, but after his attorney had telephoned Justice Duffy and found matters as already stated, he started the divorce case, charging adultery.

## ROBBERY OF M. C. DEPOT.

**Seventy-two Dollars Stolen Friday Night—Evidently the Work of a Smooth Sneak Thief.**

Saturday morning between the hours of 12:15 and 6 o'clock a successful robbery was committed at Michigan Central ticket office.

J. S. Squires is the name of the night operator and ticket seller who has charge of the office. At 12:15 he sold a ticket for Chicago and the money was all right at that time. After the midnight train had gone through he passed out of the office to put out the lights in the depot waiting room. He saw nobody in the depot at this time and he was not out of the waiting room himself. He went back into the office and remained there until 6 o'clock

## UNIVERSITY ASKS \$180,000.

**BILL'S INTRODUCED ASKING FOR THAT AMOUNT.**

**\$100,000 For a General Scientific Laboratory—\$80,000 for Added Hospital Facilities—Also Want Money For Summer School.**

Tuesday of last week was the last day for the introduction of bills in the legislature and the Lansing dispatches have been scanned in vain to see what is likely to be done for the University. President Angell was seen and he outlined what bills were introduced. Said he:

"There have been bills asking for \$180,000 for buildings and an appropriation for the summer school. Of the former amount \$100,000 will be for a

## REMOVAL.

Please note that THE REGISTER office has been removed from 216 East Huron to 125 North Main st., Opera House Block, where it has quarters with The Evening Times and where with the future it will be pleased to meet its friends and do business with them. In a few days we shall be entirely settled and our job department greatly improved. We ask our friends and patrons to bear in mind our change of location and give us a fair share of their advertising and job work.

when he started to check up his cash. Then he discovered that \$72 in bills was missing.

It is thought that while he was putting out the lights somebody was hiding in the depot waiting room and, sneaking into the office, grabbed the bills and got out without Mr. Squires noticing him. There was a quantity of silver in the same place as the bills, but this was not touched. There is no clue to the perpetrators.

## TOOK HER OWN LIFE.

**ANN ARBOR WOMAN SUICIDES IN CHICAGO.**

**Miss Viola Bliss, Formerly of S. Division Street, Ends Her Life Because of Deafness.**

Miss Viola Bliss, of this city, died last Friday at the home of her cousin, Mrs. Garrett M. Vanzwell, 43 Seeley ave., Chicago, from the effects of morphine taken on Wednesday afternoon. She left notes explaining that the dread of deafness caused her to end her life. The fact that she had contemplated suicide several weeks ago is indicated by the date of one of the notes she left, of which the following is a part:

Chicago, Jan. 5, 1899.—Dear Bessie: No one knows what I have suffered in my mind since my ears have given out this last time. It seems as though I could see them closing every day and I feel I can't stand it any longer. My ears are my first thought in the morning and my last thought at night. I have tried ever since I have been here to cast that dreadful feeling off, but cannot. When I go, as I did last evening, and see them all laughing and talking and having a good time and I can't hear anything, even after I have asked them over two or three times, my gloom seems greater than ever. So I hope you and all will forgive me for the course I have decided to take.

In the note she enclosed \$60 to pay the expenses of burial and asked her cousin to have no crape put on the door, as she considered it "dreadful form." She had dressed herself for burial, and said in the note:

"Please don't let them cut me up in any way. I have a perfect horror of that."

A second note explained that she had postponed her suicide because she learned Mr. Vangwool would not be there on Jan. 5 to find her dead, and she wished to spare her cousin the shock.

Miss Bliss was 42 years old. She was visiting in Chicago. Her parents are dead. She formerly lived at 333 S. Division st., in this city. She expressed a wish to be buried in Chicago.

science department. We find a crowded condition in the laboratories of the university. Prof. Carhart needs all the room in his building for his work and it was thought best to provide room elsewhere for Dr. Vaughan. Then some of the room taken up in the medical building for laboratory work is needed for lecture and recitation rooms. Again the rooms taken by Profs. Weighard and Spalding in the south wing are needed for recitation rooms. If all these could be collected into one general building for general scientific laboratory work it would relieve the crowded condition of the University considerably.

"Then the \$99,000 asked for is to increase hospital facilities. It was not thought wise to designate just its exact use but to put it under one general head. The crowded condition of the hospitals must be taken care of. The disposition of the \$80,000 will be made after its appropriation in a manner that will satisfy both colleges of medicine.

"Then there is an appropriation asked for the summer school. We made no move in the matter until after the Normal School introduced a bill and then it was forced upon us to do so. The University has been charging a tuition fee of \$30 for three courses in the summer school. The Normal School has asked for an appropriation that will make the tuition for its summer school free or practically so. It is out of the question that the University could continue upon its present plan with that kind of rivalry. What is contemplated by the bill is to enable us to cut down the tuition fee to \$5 a course and have enough money to encourage graduate students, of whom there has been only a few, to come here and take up work in the summer school. I do not know the amount asked for in the bill for this purpose. We did at the last moment and it is like a declaration against a railroad company for damages. The amount is put in and it can be amended to suit the verdict of the jury."

## SOUSA'S BAND.

No announcement of the forthcoming musical season can give greater pleasure than that of the early advent of Sousa's Band which will visit this city at an early date. Sousa has learned the secret of stirring the public heart, not by artifice and not by shallow pretence, but by a direct and simple appeal to the purest and best sentiments that music can evoke. As a conductor Sousa is of the people and for the people. A man of wide musical knowledge, discriminating judgement and catholic taste, he is superbly equipped by nature and education for the field he has chosen. With the famous organization under his direction Sousa is a welcome visitor in every town and city on this continent. From the Atlantic to the Pacific, from the Gulf to the mountain ranges of British Columbia he is the one familiar and well beloved figure in the musical world. The influence of his concert work among the masses is incalculable and the Sousa Band is ever the pioneer in the cause of good music. Sousa and his band will appear in University Hall on April 8th under auspices of the Woman's League.

"Only the First Step is Difficult."

The first step in Spring should be to cleanse Nature's house from Winter's accumulations. Hood's Sarsaparilla does this work easily...

It makes the weak strong, as nervous men and women gladly testify. It cures all blood diseases, as thousands of cured volunteers write.

Bad Blood—Although past 70 years of age I am thoroughly well. It was three bottles of Hood's Sarsaparilla that made me so after spending over \$60 in medical attendance...

Running Sores—After worrying four months I gave my children Hood's Sarsaparilla and it cured them of running sores. Hood's Pills cured me of dyspepsia and constipation.

Consumptive Cough—Five years ago I had a consumptive cough which reduced me to a skeleton. Was advised to take Hood's Sarsaparilla which I did and recovered normal health.

Hood's Sarsaparilla Never Disappoints. Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Board Wanted. I desire to exchange a scholarship, entitling holder to complete course, instruction in shorthand and typewriting at the school of shorthand for board.

Prepare for Spring. Don't let this season overtake you before you have attended to the important duty of purifying your blood with Hood's Sarsaparilla.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this.

My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I was also troubled with irregularity of menses.

The following letter from Miss Marie F. Johnson, Centralia, Pa., shows what neglect will do, and tells how Mrs. Pinkham helped her:

"My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I was also troubled with irregularity of menses."

CONSUMPTION. Hood's Sarsaparilla never disappoints. It may be taken for impure and impoverished blood with perfect confidence that it will cure.

**DEXTER LEADER.** A petition to probate the estate of Mary McClain of Lima, which appears in another column, brings up an old matter. She died in '89, leaving to her brother, Owen, a life estate in 80 acres of land now estimated to be worth \$1,000. Owen died 10 days ago and now comes his brother, Charles, and asks that his sister's estate be distributed. After her death a petition had been filed, but no other proceedings had been taken. The heirs at law are the deceased's brothers, Charles of Stockbridge, Richard of Dexter, Mrs. Sarah Beach and Mrs. Miranda Curtis, of Lima.

Adam Bohnet has bought the house and 20 acres of land just south of the Catholic cemetery, of Dan Hoey and will move there this spring.

It is to be regretted that there is not more probability of a new city hall this year than there is at present. The business men seem to be in favor of such a building, but there is much improving to be done that the city hall will have to take second place. However, it is expected that by the time warm weather arrives the improvement question will be narrowed down to this: Shall we pave Congress street or build a city hall?

Mrs. Ophelia Flowers, aged 79 years, died at her home on Ballard street Sunday morning after a long illness. The deceased has lived in this city the greater part of her life and has seen our city in its various stages of growth. The funeral was held from St. Luke's church Tuesday afternoon at 2 o'clock.

**THE CHELSEA HERALD.** Rev. Robert Hovington, a former pastor of the Congregational church,

died on Saturday at East Tawas. He had retired from the ministry and of late years has been a justice of the peace and was practicing law.

Mr. I. M. Whitaker and Miss Hannah Kitchin were quietly married yesterday afternoon at the residence of Rev. Thomas Holmes, D. They leave for Alaska the first of March.

In September Albert Whetsel, of this township, bought a wheel of A. E. Putnam on contract. He disposed of the bicycle to a party in Ann Arbor, which was against the stipulations of the contract. This week Putnam had Whetsel arrested and brought before Judge Doyle, who fined him \$10 or 30 days in jail. He is boarding with Sheriff Gillen at Ann Arbor at present.

Mrs. Rachel J. Stuart died at her home southeast of this place, Monday, aged 69 years, 2 months and 9 days. Her husband, Nathan Stuart, deceased March 26, 1893. She was the mother of 8 children, 6 of whom are living. The deceased was a daughter of Henry and Mary Young, and was born in New York state. The funeral occurred Wednesday at London.

The K. O. T. M. benefit dance at Gay's opera house for Clinton Reeves Wednesday evening was attended by about 45 couples. The inclemency of the weather kept many away.

**MANCHESTER ENTERPRISE.** We learn that I. W. Kirkwood, station agent at Bridgewater, who lives in this village has become tired of pumping the railway bicycle back and forth every day and has rigged a third wheel to his bicycle so he can run the two wheels of the bicycle on one track and the third wheel on the other. Instead of pumping with his hands he treads with his feet, and scoots along at a lively pace.

One day last week Horace Wisner killed a big blue racer snake in the woods east of town. When we laughed at Horace as he told the yarn, he brushed up and said: "If you don't believe it I can bring you the snake in less than an hour." We don't ask for proof in such matters.

Many people are afraid of ghosts. Few are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, a languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark of Enterprise, Shelby Co., Mo. "I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers."

If the bowels are irregular they can be regulated perfectly by Dr. Pierce's Pleasant Pellets.

Of the people are afflicted with some form of humor, and this causes a variety of diseases. The reason why Hood's Sarsaparilla cures when all others fail is found in the fact that it effectually expels the humor. Scrofula, salt rheum, boils and all eruptions are permanently cured by this great medicine.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

"I'm sorry for our president," said the French official. He has an ordeal before him in which he will not get half the sympathy he deserves. He owes it to the public to have some pictures taken. "That is simple enough." "It seems so. But think of a man in his position being told to look pleasant!" - Washington Star.

Inquiries among the farmers in every portion of Lapeer county indicate that small fruits up that way will be a minus quantity this season. Not only have the peach, pear and plum buds been destroyed, but a large portion of the trees themselves have been killed. The makers of school desks, opera chairs, lecture and concert hall furniture, church pews and church furniture, at Grand Rapids, have agreed to pool their interests in a concern to be known as the American School Furniture Co. The capital stock is \$10,000,000.

The Michigan Republican club banquet, held in Detroit, was a success in every particular. Following are the officers elected: President, W. A. Hurst, Detroit; vice-president, H. H. Smith, Ionia; secretary, Burt D. Cady, Port Huron; treasurer, Frank Wait, Sturgis.

The steel range people from Chicago who have been canvassing Huron county are said to have sold more than 500 ranges there at prices about 30 per cent higher than home merchants would ask, and to have taken something like \$35,000 in cash out of the county.

A respectable elderly woman of Coldwater died the other day, and although she leaves a husband and six children, none of whom are in poor circumstances, the county was called upon to bury her, as none of her children would lend a hand to prevent her burial as a pauper.

Sunday afternoon, February 26, a memorial meeting was held at the University of Michigan in honor of the late Judge Thomas M. Cooley and Professor E. L. Walter. Mr. C. A. Kent spoke regarding Judge Cooley and Professor Richard Hudson gave an address on Professor Walter.

Farmers and horse owners will do well to examine cornstalks before feeding them to their equines and see if there is any corn smut on the fodder. Dr. J. L. Campbell, of Birmingham, lost two horses from eating stalks which contained a quantity of smut. The team was valued at \$400.

An Grev has been a very sleepy village ever since the pine ceased to come down the river. Now it will have an awakening, for a first-class stove and heading mill, employing 60 men, is to be erected there. The village has donated \$1,000 to the mill owners, and will exempt them from taxes for five years.

W. C. Simmons, ex-postmaster of Hesperia, who was sentenced by the U. S. court at Grand Rapids to four years in the Detroit house of correction and to pay a fine of \$2,384, the amount of his shortage, was arrested at Seattle a few months ago and brought back for trial. About four years ago he disappeared from Hesperia, going to Honolulu. Since his return he admitted his guilt, and also that he had committed bigamy during his travels. Lansing has lost one of its industries, the Lansing Paper Box Co.'s factory, which has been consolidated with another like concern and moved to Ionia.

What Shall Be Done

FOR THE DELICATE GIRL

You have tried iron and other tonics. But she keeps pale and thin. Her sallow complexion worries you. Perhaps she has a little hacking cough also. Her head aches; and she cannot study. Give her

Scott's Emulsion

The oil will feed her wasting body; the glycerine will soothe her cough, and the hypophosphites will give new power and vigor to her nerves and brain.

Never say you "cannot take cod-liver oil" until you have tried Scott's Emulsion. You will be obliged to change your opinion at once. Children especially become very fond of it; and infants do not know when it is added to their food.

NO SLEEP FOR THREE MONTHS.

One Cause Of Sleeplessness That Can Be Overcome.

Mr. Wm. Handschu of 46th St. Cotton Alley, Pittsburg, Pa., expresses himself as follows regarding the new remedy for that common and obstinate disease piles: "I take pleasure in stating that I was so afflicted with piles that for three months I got no regular sleep; I became completely prostrated, the doctors did me no good; my brother told me of the new remedy for piles, the Pyramid Pile Cure; I purchased of my druggist 3 50 cent boxes and they completely cured me. I am once more at work and but for this excellent remedy I would be on my back. I take great pleasure in writing this letter because so many people are sufferers from this trouble who like myself did not know where to look for a permanent, safe, reliable cure.

Experience with the Pyramid Pile Cure for the past three years has demonstrated to the medical profession as well as to thousands of sufferers from piles, that it is the safest and most effectual pile cure ever offered to the public, containing no opiates or poisons of any kind, painless and convenient to handle, and being sold by druggists at 50c and \$1.00 per box, is within the reach of every sufferer.

Very often two or three boxes have made a complete cure of chronic cases that had not yielded to other remedies for years.

There is scarcely a disease more aggravating and obstinate to cure than the various forms of piles, and it is a common practice to use ointments and similar preparations containing dangerous poisons to remedy the trouble. The Pyramid has successfully cured all of these ineffectual remedies and no one suffering with any rectal trouble will make any mistake in giving the Pyramid a trial.

If in doubt as to the nature of your trouble send to the Pyramid Drug Co., Marshall, Mich., for a valuable booklet, describing all forms of the disease and describing the method of cure.

Any druggist can furnish the Pyramid Pile Cure as it is the best known and most popular remedy for piles and to ask him he can doubtless refer you to many people in your own vicinity who have been cured completely by it.

A HORRIBLE LEGACY.

To be left without money is a hard piece of fortune. To be bereft of friends is not a pleasant anticipation; but fancy the misfortune of being left a legacy of disease, and yet we are luring disease and decay as our forefathers did before us, unmindful of the awful consequences to ourselves and to posterity. Coffee is responsible for a goodly share of this trouble. Coffee undermines the system. Coffee shatters the nerves, dries up the blood and stunts the growth. Coffee causes the heart to imperfectly perform its functions. Look about you for results of coffee drinking.

You, who are slaves to coffee can still drink coffee, but it must be coffee made from the healthful grains of the fields. Such a coffee is "Golden Nectar," a beverage which delights the taste, a-likes coffee. A beverage which looks like coffee, and has the odor of coffee; but what a difference in its action upon the system.

Golden Nectar makes bone and sinew, as its drooping nature to cast off disease, enriches the blood, puts fire in the eye and gives the heart a strong, healthy action.

Drink Golden Nectar and give posterity a legacy of health.

Your Grocer sells it, try it for breakfast.

Give the Children a Drink

Called Grain-O. It is delicious, appealing, nourishing food drink to take the place of coffee. When properly prepared it has like the finest coffee out is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about as much as coffee. 15c and 25c at grocers.

Dr. Bull's Cough Syrup cures whooping-cough and measles' cough. This wonderful remedy will save the children from many a distressing coughing spell and soon effect a cure.

STATE LEGISLATURE.

A substitute for the body of the Atkinson bill and all other bills involving an equalization of taxation has been submitted to a joint committee. The bill provides for a rate of 2 per cent of all incomes of between \$1,500 and \$100,000; 3 per cent between \$100,000 and \$500,000; 4 per cent between \$500,000 and \$1,000,000; 5 per cent on all in excess of \$1,000,000.

The house had a scrap over a resolution offered by Rep. Hoffmeister that the state affairs committee take a junket to the Bay City sugar beet factory to observe the practical workings of the industry, in view of the legislation on the subject that will be asked. Several members opposed it and several roll calls were taken on amendments. It was finally amended to include the committee on private corporations and then passed.

The beet sugar bounty lobby sprung a new trick in the game of legislation when they got a concurrent resolution adopted in the senate, expressing their sense that no change should be made in the present bounty of one cent a pound.

The total number of senate bills introduced at this session was 546, as against 561 last session.

Legislative Gossip.

The governor has sent the following appointments to the senate: D. A. MacLachlan, Detroit, member of the state board of health, for six years; George H. Wetherbee, of Detroit, member of the board of managers for the Michigan Soldiers' home, for six years; Chas. F. Coffin, of Grand Rapids, member of the board of managers of the Soldiers' home, for six years; Collins P. Johnston, M. D., of Grand Rapids, member of the state board of health, for six years; Amariah F. Freeman, of Manchester, member of the Michigan state prison board, for six years; Dr. E. Howard Lawson and Dr. John L. Irwin, Detroit, health board to succeed Dr. C. S. Morley and Dr. Longyear.

The Pingree men in the house worked a little "scoop" on the ants when Rep. Gillam introduced a copy of the Cheever-Atkinson bill, and had it referred to the committee on revision of the statutes of which John J. Carton is chairman and on which the Pingree men claim they have a majority. In the rush of bills the title was not noticed or recognized or there might have been a fuss over the reference. In the same way Rep. Aldrich introduced the same bill and had it laid on the table from which it can be taken and put on its passage at any time when there are votes enough.

Senator Monaghan's bill amending the divorce laws limits the causes for which divorces shall be granted to adultery, physical incompetency, imprisonment for crime for three years, utter and willful desertion for two years, habitual drunkenness and extreme cruelty such as endangers life and health. Separate maintenance and limited divorces are cut out entirely. The guilty party is prohibited from marrying again, except a remarriage. Bishop Ninde has written a letter to Senator Monaghan approving the bill.

The attorney-general has sustained the opinion of the judge-advocate general of the war department in the celebrated case of the Cortez Bros., of Manila, and has notified Gen. Otis to turn over to the representatives of the Cortez family all of their property now held by the military authorities in the archipelago.

It is said that Gov. Pingree will veto the bill which seeks to make the village of Warren the center of a school district, and thereby tax a lot of property outside of the village to support the school. The bill was recently rushed through both houses by Rep. Wells of that district.

Rep. Rusk's recent peace jubilee was a success in every particular.

The latest from the battlefield is to the effect that 8,000 rebels are anxious to surrender. They also express the belief that Aguinaldo is inclined to accept pacific overtures.

While 300 Chinamen, en route to Mexico, were awaiting examination by U. S. health officers at Montreal they made things lively for the police of that city. The windows in the depot were broken and the officers turned upon. The Chinamen, it is said, had been told they were on their way to a land of cannibals.

The American residents in the Chee Foo, China, have sent an appeal to the San Francisco chamber of commerce requesting that a ship load of corn be sent for the relief of 2,000,000 Chinese in Shang Tung province, the unprecedented floods of the Yellow river having destroyed crops, and the immense population along the great river being on the verge of starvation.

The inhabitants of Breckenridge, Kokomo, Dillon, Col., and other points in that vicinity, as well as hundreds of miners living in cabins in the surrounding mountains, are in a condition that is rapidly becoming desperate on account of heavy snow storms. Stock is already starving in the towns and the food supplies for the people are running very low. It is believed isolated miners have already starved to death.

Gen. Gomez was received at Havana with military honors by the American military commanders on his recent visit there. He, in company with them watched 2,500 of his soldiers defile in the Plaza of Arms past the balcony from the balcony on which Gen. Brooke and other American generals stood less than two months ago, when the last company of departing Spanish troops saluted the American troops, and Capt. Gen. Castellanos formally yielded the Spanish sovereignty. The celebration left a pleasing impression. A combination of the sewer pipe industries in the United States is assured.

The Rush for Gold. From the Times, Bluff, Ill. The rush of gold seekers to the Klondike brings thrilling memories to the "forty-niners" still alive, of the time when they girdled the continent on the journey to the great American desert on the journey to the land of gold. These pioneers tell some experiences which should be heeded by seekers of to-day. Constant exposure and faulty diet killed large numbers, while nearly all the survivors were afflicted with disease, many of them with rheumatism. Such a sufferer was Adam Vangundy, who now resides at Bluff, Ill., who has been justly called the first president of the board of trustees. In a recent interview he said: "I had been a sufferer of rheumatism for a number of years and the pain at times was very intense. I tried all the proprietary medicines I could think or hear of, but received no relief. I finally placed my case with several physicians and doctored with them for some time, but they failed to do me any good. Finally, with my hope of relief nearly exhausted I read an article regarding Dr. Williams' Pink Pills for Pale People, which induced me to try them. I was anxious to get rid of the terrible disease and bought two boxes of the pills, I began using them about March, 1897. After I had taken two boxes I was completely cured, and the pain has never returned. I think it is the best medicine I have ever taken, and am willing at any time to sign my name to any testimony setting forth its good merits." (Signed) ADAM VANGUNDY. Subscribed and sworn to before me, this 29th day of September, A. D. 1897. FRANKLIN C. FUNK, Notary Public. Mr. Vangundy's statement ought to be regarded as a criterion of the good merits of these pills, and what better proof could a person want than the above facts. These pills stand unrivalled as a tonic for the blood.

Modern Science Recognizes RHEUMATISM as a disease of the Blood.

There is a popular idea that this disease is caused by exposure to cold, and that some localities are infected with it more than others. Such conditions frequently promote the development of the disease, but from the fact that this ailment runs in certain families, it is shown to be hereditary, and consequently a disease of the blood. External applications, therefore, may afford temporary relief, but to cure the disease it is necessary to treat it through the blood.

Dr. Williams' Pink Pills for Pale People go directly to the seat of the disorder, purifying and enriching the blood by eliminating poisonous elements and renewing health-giving forces.

The genuine are never sold loose by the dozen but always in packages like this.

Says the Evening News under the heading, "Who Swallowed the Pill?": Up at the Michigan club rooms last Friday a friend of Bill Judson was saying: "Old Bill's still king of Washtenaw. He made Dean swallow an awful bitter pill when he got the Washtenaw delegation and then said the regent might have it." Around in the Cadillac was a friend of Dean who talked like this: "Bill Judson had to swallow the bitterest pill of his life when he went into the county convention and had to declare his willingness to let Dean have the election. If he hadn't have been elected delegate if it hadn't been for that. It was a bitter pill for Billy, but he swallowed it."

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaled mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely, the dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatments for years, and find themselves worse now than ever. A trial of S.S.S. For The Blood will prove it to be the right remedy for Catarrh. It will cure the most obstinate case. Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

C. W. Wagner, Fred C. Weinberg, Will H. Schwab, Wm. Biggs, G. G. Stimson, B. B. Johnson and General Secretary M. H. Mogk left for Saginaw last Thursday to attend the annual convention of the Y. M. C. A.'s of the state, as representatives of the local association. Mrs. W. W. Wetmore and Mrs. Joseph Clark, of the Ladies' Auxiliary, also attended. A pleasant and profitable time was had.

John Corey, age 21, of Chelsea, was killed and horribly mangled by a freight train at 3 o'clock last Saturday morning. Corey, with some other boys, had been to Jackson and was stealing his ride back. He left his companion to jump off opposite his home, and the conductor, feeling the jar as the caboose passed over his body, sent back the night watchman, who discovered the body with the arms and legs cut off and the head badly mangled.

A very good audience attended the lecture in Harris hall last Wednesday evening for the Daughters of the American Revolution. The hall was decorated with American flags, the stage being very artistically arranged with palms, potted plants, flags and bunting. A large picture of "The Father of His Country" was draped with flags and placed upon an easel on the left of the speaker's desk. The exercises were opened by a song by the U. of M. Glee Club, followed by a solo from Mrs. Babcock in her usual charming manner. Mrs. Angell then gave a short talk, after which Mrs. E. A. Rathbone told of the Mount Vernon Association. Prof. A. C. McLaughlin then gave his lecture on "Why Spain has Lost Her Colonial Possessions."
