

NO CHANGE IN WARDENSHIP

AT LEAST THAT IS PINGREE'S LATEST.

says Never Was Any Intention of Putting Judson in So Important a Place.

Detroit Tribune: Gov. Pingree came home last Wednesday, but he did not feel like discussing his appointments a great deal.

"I didn't make up my mind about them until today," said he, "and then I sent them in right away."

The governor took the remarks Westellus made about him very calmly.

"There's no use in going on talking about those things," he remarked. "I knew from the talks that I had had with West that he was not very anxious for the job again, and so I didn't suppose he would care if I didn't reappoint him. He knew that there were other people that I would have to look after. You know those things have to be passed around. I don't see any reason why he should kick. But, of course, you know, a fellow gets sort of anxious when a thing like that is not decided."

"The scheme to make Judson warden of the penitentiary has been dropped?" was suggested.

"Oh, there never was anything in that at all," was the reply. "It was just what some fellow imagined. Some people, you know, think more about a job there may be for a board to fill than they do of the makeup of the board itself."

EXPENSIVE LITIGATION.

THE MOLLIE BENNETT ESTATE CAUSING LOTS OF EXPENSE.

Law Suits Have Already Cost \$1,500 and Graves, the Administrator, Asks for \$600 More.

Administrator Graves, of the Mollie Bennett estate, has filed a petition in the probate court to have the expense of carrying the case to the supreme court taken out of the estate. The petition sets forth that the testimony in the case in the circuit court was false and fraudulent on the part of Jerome Schemmerhorn, and that the verdict in favor of Schemmerhorn was against right and justice, and the costs of the appeal to the circuit court will be more than \$600.

Yesterday the annual account of the administrator was allowed and it showed the following summary:

Cash receipts.....\$4,282 92
Amounts expended..... 4,077 59

Balance on hand.....\$ 205 33

The estate has been in litigation so long and there have been so many contests that the lawyers have had fat jobs out of it. In the \$4,077.59 expenditures are included the following items for attorney's fees, which have been allowed:

E. P. Allen.....\$ 415 34
J. W. Babbitt..... 322 00
John P. Kirk..... 154 15
Lehman Bros. & Stivers..... 125 00

Total.....\$1,019 49

Administrator Graves' per diem and commissions have amounted to \$403.75, and the witness' and sheriff's fees have added on about \$400. In Administrator Graves' account he was allowed \$100 extra compensation, presumably for attending the trials, so that the costs of litigation thus far have figured up to over \$1,500.

SETTLED OUT OF COURT.

Heirs in Hagan Estate Come to an Agreement.

The heirs of the John Hagan estate have finally come to an agreement, which will settle the matter without litigation.

The estate appraised at \$26,380, and each of the ten heirs beside the widow is allowed \$2,078, while the dower interest of the widow is fixed at \$5,600.

The agreement is as follows, the heirs paying the balance in cash over their allowances:

Frank takes 203 acres at \$7,300.
Mrs. Haas gets 70 acres at \$2,800.
Jacob receives 100 acres at \$4,800.
Lewis takes 292 acres at \$2,500.

The widow is allowed the brick house on Liberty st., at \$3,200, and she takes the balance of her dower, \$2,400, in cash.

The other two houses on Liberty st. go to the three minor children.

RAIDED TWO DENS.

Gambling Material Found in Both Places.

The police went out on a raid against the gambling dens last Saturday night and while they did not find any of the sports actually at work they found the implements which usually are a part and parcel of such business.

The first place that they called on was in the cellar way of a store on Main st., between Huron and Ann st. There was no liveried footman at the door to take in their calling cards, and the officers put aside all etiquette and walked right down stairs. When they emerged they brought with them as souvenirs a table with a convenient hole in the center, some packs of cards and some poker chips. The proprietor pleaded guilty and Justice Duffy fined him \$25 and \$3.80 costs.

The other place visited was on Ann st., between Main and Detroit st. This was a regular surprise party. They made ample apologies to the crowd which was seated around the stove with all the necessary attachments and implements for gambling about them.

ANN ARBOR BOY GIVES UP.

ATTEMPTS SUICIDE IN TEXAS.

Carl Rettick Has an Attack of the Blues—Takes Dose of Poison—Is Discovered in Time to Save His Life.

The following dispatch from Galveston, Texas, appeared in Monday morning's Free Press:

Carl F. J. Rettick, from Ann Arbor, Mich., and about 21 years of age, was taken from his room at his boarding house this morning in an unconscious condition and suffering from the effects of some poison taken with suicidal intent. He had left a note to his father, Charles F. Rettick, 608 Huron st., Ann Arbor, Mich., in which he stated he was tired of life and heartbroken. Heroic remedies were applied at the hospital, and the young man will recover.

Carl Rettick is the son of Charles Rettick, the well known plumber of this city. Carl was a telegraph operator and had gone south. His father states that he has not heard from him since last Christmas, at which time he wrote he was doing well, and that he has worried about his not writing. He has never received any intimation that he was despondent, and thinks that he may have fallen into bad company.

AN UNUSUAL PROCEEDING.

Rector of Episcopal Church Immerses a Lady in the Baptist Church.

Miss Mamie Hine, a young lady of this city, was baptised in the baptistry of the First Baptist church, of this city last Thursday morning, by Rev. Henry Tatlock, rector of St. Andrews Episcopal church. Rev. Mr. Young, pastor of the Baptist church, was present at the ceremonies. The young lady wished to unite with the Episcopal church, but believed in immersion, and hence the above course was decided upon. Surely no stronger illustration of the growing liberality on the part of all churches could be had, than the spectacle of an Episcopal clergyman going into the baptistry of a close communion Baptist church to immerse a candidate for his own church membership. One naturally wonders if a Baptist minister would be permitted to go into the Episcopal church and baptise a candidate for his church? Surely the signs are in the times for personal liberty in religion as well as in all other things.—Times.

SALEM DAIRY SOLD OUT.

The directors of the Salem Butter and Cheese Manufacturing Co. has been dissolved, its property sold (its debt cancelled) and the surplus equitably distributed among the stockholders.

The company was incorporated Sept. 17, 1889, and was for the manufacturing of milk products. The capital stock was \$5,700.

DROPPED DEAD.

At the St. Patrick's eve banquet in Dexter last Thursday night Mrs. McCabe, the mother of ex-Deputy Sheriff Patrick McCabe, suddenly dropped dead of apoplexy. The banquet was held in the opera house. She was a very estimable lady, aged between 60 and 70 years.

A BRUTAL ACT.

FATHER DRIVES SON FROM HIS HOME.

Feet Badly Frozen—Was Forced to Leave With But Few Clothes.

Two farmers, G. H. Brenningstull and Claude Wilbur, brought to Ypsilanti last Friday morning a half frozen negro boy whom they found naked in a straw stack that morning. The lad's feet and ankles are a mass of blood and torn flesh and he is entirely without their use.

The boy gives the name of Fred Harper and says that he was driven from home Thursday night by his adopted father William Boone. He ran for miles and miles along the road with no clothing but a light shirt and finally became so tired and cold that he fell and was only able to drag himself to a straw stack standing near the road and cover himself up in it. The trouble at home arose over the 11 year old daughter of Boone with whom he had been accused of having unlawful relations. He stoutly denies being guilty of the charge, that is "not for a long, long time, more than a year." Boone did not forcibly eject him from the house but he fled as he saw him looking about for a revolver. The boy is under the care of the city authorities.—Ypsilanti Correspondence to The Times.

Young Harper was brought to this city Friday afternoon by Marshal Hixon, of Ypsilanti, and was taken to the homeopathic hospital. Both feet were bandaged and he was in terrible pain.

ANN ARBOR ON LIST OF AVAILABLE PLACES.

Business Men's Association Holds a Meeting—Only a Few Present.

The Business Men's association last Monday night did not draw a large crowd.

When President Brown called the meeting to order there were 12 present and five more came in later.

Secretary Mills read the proposed by-laws which placed the conduct of the business in the hands of an executive committee of five members, to be appointed by the board of directors.

President Brown said that the committee which drafted the by-laws considered that not a sufficient number of business men could be brought out for meetings, and acting upon the suggestion from Ypsilanti, had deemed it advisable to appoint an executive committee, and then when anything of special importance comes up, to call a general meeting.

Capt. Schuh took a rather pessimistic view of the situation. He said that just as soon as the attendance at the meetings dwindled down to two or three men, the association was "busted." He didn't like the idea of three or four men doing the business for the association. If it was only organized to sprinkle streets and collect debts they might do it, but he supposed it was organized for something else.

D. F. Schairer was in favor of the executive committee. He said the last association had fallen because it had tried to do business as a body. A selection of five representative business men would get better work.

Ottmar Eberbach had listened to the advice given by the Ypsilanti business men a week ago and was much impressed.

A Parlor Match.

There are no other farce comedies with the fascination possessed by Charles H. Hoyt's. He was the first man to write this form of stage entertainment, and no one has equalled him since. Evans and Hoey's evergreen success "A Parlor Match," which will be at the Athens Theatre next Saturday evening, has been declared by critics and the public everywhere to be his very best. There is such an unbroken vein of clear humor running through it, and the story is at all times so clear and consistent, one experiences a satisfied feeling after seeing it that is not always the case with similar plays.

The characters are all distinctly drawn and entirely original. The redheaded book agent, the red nosed tramp, the red frocked innocent kid, the red eyed Captain Kidd, the red-mouthed bull dog, all belong to "A Parlor Match," and nothing else, and they are all red hot.

The company this year includes Phillip H. Ryley as "I McCorker," Mark Sullivan as "Old Hoss," Edith Hoyt as "Innocent Kid," James T. Galloway as "Captain Kidd," the Olympia Quartette, Tom Browns, the world's greatest whistler, the famous Kingsley sisters, Etta Butler, Harriet Sheldon, Walter Waite, Hattie Vera, Emma March and numerous others.

WANTS DECREE SET ASIDE.

Nelson Freer Petitions for a New Hearing—Says Notice was Not Properly Served.

One day last week Alice L. Freer, of this city, was granted a decree of divorce against Nelson Freer on the grounds of cruelty. The decree also gave her the care and custody of their five-year-old son until he is 14 years of age, and further the defendant was directed to give to her a deed to a house and lot in Chelsea, of which they were joint owners.

And now comes the defendant, Nelson Freer, and says that he had no notice that the case was on for trial during the March term and that it was not properly on the calendar. He says he has a complete and valid defense to the bill of complaint, and petitions the court to vacate and set aside the decree, that he may be permitted to put in evidence his defense.

His attorney, Charles R. Whitman, also makes affidavit that he had no knowledge of any notice of hearing being served.

Sweet Sleep

After Long Nights of Tossing and Torture; I was Tired but Could not Rest. Could get no Relief Until I Took

Dr. Miles' Nervine.

The suffering and agony endured by the unfortunate person who is deprived of his sleep, can only be appreciated by those to whom a merciless fate has brought the same experience. To lie in bed, minute after minute, hour after hour, night after night, unable to close an eye! To roll and toss and thresh the bed clothes—to walk the floor, back and forth, to and fro, wishing, longing, praying for sleep to come and close the blood shot eyes, and rest the weary brain! To look ahead and see looming up in the near future the horrible specter of threatening insanity—that awful state in which a person is lost to himself and to his friends forever—these are but a part of the agonies endured by the sleepless one. For all of which there is no better safer or surer remedy known to man than Dr. Miles' Restorative Nervine. Nothing in the past has ever equalled it in power of building up weakened nerve tissues and giving strength to the tired body. It reaches out the weak parts and gives them new life and vigor.

W. H. Heath, Fon du Lac, Wis. says: "I have had a great deal of nervous trouble, suffering both with stomach and head. The least change of weather or of diet would affect me. Being a

member of our orchestra I was kept up late at night until I was attacked by nervous headache and suffered terribly. I have laid awake hours upon hours at a time, unable to get rest. Have tried many other remedies and several physicians treated me, but I never could get relief until I took Dr. Miles' Restorative Nervine. That great remedy completely restored me to health."

Dr. O. M. Burkholder, Staunton, Va. says: "I am more than pleased with the results of my trial of Dr. Miles' Nervine in cases of extreme nervous debility. In one case nothing else had availed. It is the best nerve remedy I have found in low conditions attended with insomnia. The patient is soothed, and, as if by magic, starts on an upward movement rapidly. In La Grippe convalescence it is the very thing we want as this peculiar disease seems to attack principally the nerve centers. I recommend it constantly."

"Both my wife and myself have received untold benefits from the use of Dr. Miles' Restorative Nervine. Sleeplessness was her trouble which was complicated with a nervous affection of the heart which gave her great uneasiness. My difficulty was of longer stand

ing—weak kidneys disordered stomach and inability to sleep. I also suffered a great deal from neuralgia in my head and back. After we began taking Restorative Nervine all these nervous affections disappeared and we are both enjoying better health than for several years before. I should not fail to mention Dr. Miles' Nerve and Liver Pills, which we have used with gratifying results. We keep them in the house at all times, and find them the best preventive of headaches and nervousness that we ever used."

Rev. G. A. Hettler, 210 E. Mason St., Jackson, Mich. Dr. Miles' Nervine will positively cure headaches of long standing, and it is exceedingly beneficial in such cases as epilepsy and hysteria.

Sample Treatment Free.

A trial package of Dr. Miles' favorite treatment, consisting of Dr. Miles' Restorative Nervine, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person who will send name and address on a postal card requesting the samples, and mentioning the name of this paper. STATE LEGISLATURE.

The Atkinson bill passed the senate by a vote of 31 to 0, after being considerably amended by the antis. Whether the amendments in any way materially injure the intent, the validity or the effectiveness of the bill is still a question, as no one has had time to thoroughly digest them. Now the bill will have to go back to the house to permit that body to consider the amendments.

Voters in Detroit this spring will have until 8 o'clock in the evening, instead of 5 o'clock, to cast their ballots, if the senate concurs in the action of the house in passing Malcolm J. McLeod's bill to that effect.

Rep. Heineman's bill for the protection of sidewalks and sidepaths was passed in the house after being slightly amended. The bill is one of the measures asked for by the L. A. W.

Rep. Lusk contends that our state constitution needs revising. He says that it was good enough in its days but that it does not now meet the demands of a great and growing state.

Senator Blakeslee's bill to reorganize the judicial circuits in Cass, Berrien, Kalamazoo and Van Buren counties passed in the house by a vote of 62 to 28.

The Atkinson bill with the senate amendment has passed the house, and all it now lacks to become a law is his excellency's signature.

Bills Signed by the Governor.
Below we publish the titles of bills signed by the governor:

To legalize taxes assessed in Ithaca township, Gratiot county, for 1898; to provide for the submission to electors of Montcalm county the question of the relief of the ex-treasurer of that county because of loss of county funds through failure of a bank; to allow Cape village, St. Clair county, to borrow money and issue bonds to construct water works; to confer power upon the council of Harbor Springs to extend the electric light plant beyond the corporate limits so as to light summer resorts; to change the boundaries of school districts 1 and 2, Union township, Isabella county; to authorize the council of Pontiac to use moneys collected for sheep killing for the support of the library; to amend the act authorizing the organization of telephone and messenger service companies. For the relief of sick, disabled and needy, ex-soldiers, sailors and marines of the late Spanish-American war; to authorize the city of Gladstone, Delta county, to refund water works bonds; to legalize bonds issued by the city of Gladstone; to legalize bonds issued by Brooks township, Newaygo county; to provide a probate register for Berrien county, vacating the village of Ewen, Ontonagon county; to amend Sec. 6 of Art. 6 of the constitution relative to circuit courts, so that an additional circuit judge can be elected in St. Clair county; authorizing the supervisors of Wayne county to hold a special meeting to submit the question of issuing bonds not to exceed \$800,000 to complete the building of the Wayne county court house; to incorporate the public schools of Matchwood township, Ontonagon county.

Legislative Gossip.
Four house employes have handed in their resignation. They are quitting because their terms of office was divided into a half-session by Speaker Adams. The speaker did not have jobs enough to go around so divided the session in two in order to give all his supporters a chance.

Rep. Gillam's amendment to the general tax laws, providing that personal property may be seized anywhere in the state for the unpaid taxes on real estate, has been referred back to the taxation committee.

A WORD OF ADVICE.

To Those Going to Alaska or the Klondike Gold Fields.

Thousands are now going to brave the dangers and hardships of the Klondike. Will you be among them? Listen to a few words of advice. It will pay you. Take along a good food supply. Don't pay extravagant prices in the Klondike. Use extra caution to avoid all Throat, Chest and Lung Diseases. Before you get there you will sleep under the skies, you will be drenched with rains, you will cross flooded streams. Beware of Coughs, Colds, Pneumonia, Bronchitis, La Grippe, Pleurisy, Consumption. These diseases are the strongest allies of the grim monster—Death—in those regions—yes, everywhere. Every gold seeker should take a good supply of Dr. King's New Discovery for Consumption with him. Its use during twenty-five years proves that you can always rely on it as the very best medicine for curing all diseases of the Chest, Throat or Lungs. You may need a hair-trigger, quick-acting revolver. That's the kind of a medicine you want. Don't give these diseases a chance to get a start. Don't risk your life by taking along some poor, cheap medicine that might pilot you to your grave. Many people, whom doctors had told they could not live, took Dr. King's New Discovery and are well to-day. In some parts of the far southwest, as in Alaska, men have to endure hardships. It was in this way that George H. Euck of Ocate, N. M., learned the value of this good medicine. He tells the facts as follows: "My son's wife was taken with Pleuritic Pneumonia when living in an unfinished log cabin on the open prairie. It was four days before I could get a bottle of Dr. King's New Discovery. Two days afterward she was out of danger, and two bottles wholly cured her." Any druggist will sell you this medicine for 50c and \$1.00 a bottle, refunding the money if it doesn't benefit you, and give a sufferer a free trial bottle.

J. E. Beal, of the Ann Arbor Courier is about to build (or rather to have built) a fire proof ware house in Ann Arbor. This may answer for this life, but it is the life to come where he is going to need an asbestos suit and ice water unless—

Ann Arbor's city dads are "at it" again, and are trying to pass a "transient traders" ordinance. It declares what constitutes a transient trader, and then prescribes that any one belonging to that class must give a bond of a thousand dollars, and pay eight dollars per day license. Brilliant head that conceived such a bit of legislation. No wonder the law course has been extended to three years. This is the home of Bradley M. Thompson and Judge Kinne and ex-Judge Lane. Is this the result of their teachings on constitutional law? Ann Arbor's council will do well to ponder over this burlesque on legislation. If the alderman pass such an enactment we would suggest the Nebraska man, who wrote an Atlanta editor to give him prices on jackasses, and description of the animals, be advised to go to Ann Arbor and get his supply.

WE CURE STRICTURE
Thousands of young and middle-aged men are troubled with this disease—many unconsciously. They may have a smarting sensation, small, twisting stream, sharp cutting pains at times, slight discharge, difficulty in commencing, weak organs, emissions, and all the symptoms of nervous debility—they have STRICTURE. Don't let doctors experiment on you, by cutting, stretching, or tearing you. We will not cure you, until you are cured. Our NEW METHOD TREATMENT henceforth cures the stricture permanently. It can be returned. No pain, no suffering, no detention from business by our method. The sexual organs are strengthened. The nerves are invigorated, and the bliss of manhood returns.

WE CURE GLEET
Thousands of young and middle-aged men are having their sexual vigor and vitality continually sapped by this disease. They are frequently unconscious of the cause of these symptoms. General Weakness, Unnatural Discharges, Failing Manhood, Nervousness, Poor Memory, Irritability, at times Smarting Discharge, Sunking Eyes, with dark circles, Weak Back, General Depression, Lack of Ambition, Varicose Veins, Shrunken Parts, etc. Don't consult family doctors, as they have no experience in these special diseases—don't allow Quacks to experiment on you. Consult Specialists, who have made a life study of Diseases of Men and Women. Our NEW METHOD TREATMENT will positively cure you. One thousand dollars for a case we accept for treatment and guarantee. Terms moderate for cure.

REPUBLICAN STATE TICKET.
For Associate Justice of Supreme Court—**CLAUDIUS B. GRANT,** of Marquette.

For Regents of the University—**HENRY S. DEAN,** of Washtenaw.
ELI R. SUTTON, of Wayne.

JUDICIAL TICKET—22d DISTRICT.

For Circuit Judge—**E. D. KINNE,** of Washtenaw.

REPUBLICAN COUNTY TICKET.
For County Commissioner of Schools—**WILLIAM N. LISTER,** of Saline.

MR. MERETHEW, who was nominated by the Democrats for city clerk worked his cards pretty smooth. He assured many of the delegates that he had no show but would be glad to have them give him a complimentary vote on the first ballot. A dozen or more Bach men yielded and, to their chagrin those complimentary votes nominated Merethew on the first ballot. Now the Bach men are hot.

The great danger at spring elections is that Republicans are too prone to stay at home. We have a school commissioner to elect in this county and a Judge in this judicial district. We also have a Regent and a Supreme Justice. City voters usually get out. Will our county voters do as well? Gentlemen, the success of the candidates for the above named offices require your votes. It is the duty of every Republican to come out on April 3rd and cast his ballot. Don't neglect your duty.

The Republican party of this city has a duty to perform at the caucuses and city convention to be held this week, a duty both to the party and to the city. It is possible for the Republican party to win this spring if the right kind of men are nominated for the various ward and city offices. Ann Arbor should have as a mayor a man of sound business judgment, one who is able from experience to act with good judgment upon all the business transactions which will come before the mayor as our chief executive for the next two years. He should also be a man who not only believes that our laws should be reasonably well enforced, but who will appoint upon the police force men of like mind and will then have the stamina to see to it that these men do their duty and that a proper respect for law is observed. And further, he should be a man who is able to credibly represent this city before the numerous conventions which meet here every year and before whom our mayor whoever he may be is in duty bound to appear. Whether Mr. Scott or Mr. Cady would be the better fitted for such a position, Republicans must decide at the caucuses tonight. THE REGISTER hopes that every good Republican will carefully consider this matter before deciding between the two men or any others who may come up. THE REGISTER firmly believes that with the best man possible nominated for Mayor the Republicans will win this Spring. It cannot, however, hope for success with a candidate who is antagonized by any element in the party for we have no votes to lose. The thing to do is for the convention to select the candidate whom in their good judgment will fulfill most nearly the requirements mentioned above. While the other offices both ward and city are of less importance they however should not be neglected and only such men should be nominated who can serve the best interests of the city.

THE withdrawal of Prof. Geo. Hempel from the candidacy for supervisor in the seventh ward will give the Republican nominee, whoever he may be, a doubly easy walk away.

THE very latest is that Pingree has gone over to the railroads and will have an attorney of the Michigan Central, Mr. O. E. Butterfield of this city, as secretary of the board of assessors appointed under the Atkinson Bill.

JUST as we go to press word is received that Mr. Ebert Scott has withdrawn his name as a candidate for the nomination as Mayor on the Republican ticket. This will be a great disappointment to his numerous friends who felt sure that he would have been elected. This practically leaves the field open to Mr. Cady unless a dark horse comes into the field today or tomorrow.

JUDGING from the Free Press report on Tuesday it seems that the Pingree push have a smooth scheme for demoralizing the anti. The story is that Judson is to drop out or be shoved out of the band wagon and join the anti crowd. Nothing would smash the anti machine and demoralize the farce of the opposition to Ping. quicker than would such a course on the part of the ex-sheriff.

NOT A DEMOCRAT.
The following letter would indicate that the Democrats, of the seventh ward now that Ward is out of the city, are short of timber for candidates judging from the following letter.
Ann Arbor, 3-22-1899.

Chairman of the city committee of the Democratic Party.
Dear Sir:—I have just learned that at the Democratic Caucus of the seventh ward I was nominated for Supervisor. As I cannot work with the Democratic Party so long as it stands by the Chicago Platform, I should be misrepresenting the Party and myself, if I accepted the nomination. While I therefore hereby request you to remove my name from the ticket. I wish to express to the Party through you my sincere appreciation of the honor conferred upon me. I would also say that I am much gratified by the superior character of the nominations made.
Very sincerely yours,
George Hempel.

DEMOCRATIC CONVENTION.
The Democratic convention was held last night. The nominations were as follows: Goddard Luick, Mayor; Prof. T. A. Bogle, Pres. of Council; Henry D. Merethew, Clerk; Herman Hutzler, Assessor; Wm. G. Doty, Justice of the Peace.

From the talk after the convention it seems that the knock out of Charles Manly for Assessor and J. R. Bach for Clerk will leave lots of sore spots, and cause the loss of an equal number of votes.

Still More Counterfeiting.
The Secret Service has unearthed another band of counterfeiters and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them of being spurious. Things of great value are always selected by counterfeiters for imitation, notably Hostetter's Stomach Bitters, which has many imitators but no equals for indigestion, dyspepsia, constipation, nervousness and general debility. The Bitters set things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters get at the seat of strength and vitality, and restore vigor to the weak and debilitated. Beware of counterfeiters when buying

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. pressed at their ideas about an executive committee. But he thought that the association ought to get together as a body at least once in three months. The "executive committee" idea was carried.

The committee on street sprinkling asked for further time in which to report. Capt. Schuh objected to the association going into the street sprinkling business and purchasing a wagon, etc. Committeeman Gruner explained that the committeemen were appointed to inform themselves and not to buy anything. Further time was granted with the understanding that they were to investigate who are the paying parties to the present system and how much they pay.

None of the members of the "Ferris Pantalon Factory" committee were present and no report was forthcoming in consequence.

A letter was received from the Meyerhoff, Son & Co. shirt factory company, which offered to locate here, and which stated that they would make no decision as to where they would locate until the commencement of next season, when Mr. Meyerhoff would make a personal inspection of the different localities with which he had been in correspondence. The firm notified Mayor Hiseock that Ann Arbor had been placed on the list of favorable localities, add when the time came for them to decide, Ann Arbor would be notified.

LOST HER INSURANCE PAPERS.

Mrs. Parmalee Lost Those on Her Husband Who Was Killed in New York.

Mrs. J. E. Parmalee, of Dexter, is searching Ann Arbor for some important papers which have been lost. Mr. Parmalee was a traveling salesman. At Tonawanda, N. Y. on Jan. 9th last, while in the depot of the New York Central railroad, he fell through a trap door. He died on March 2. Mr. Parmalee carried an accident insurance policy for \$10,000 in the Preferred Life of New York. Mrs. Parmalee had this policy in an envelope addressed to "J. E. Parmalee, Chicago," and this envelope was in another one addressed simply to "J. E. Parmalee."

It is understood that Mrs. Parmalee also has a good case against the New York Central railroad for her husband's death.

IN PERFECT HARMONY.

No Rivalry Between the Churches Holding Revival Services.

Editor Register:

The question has arisen why one of the six churches of our city that usually co-operate in all union efforts, should be engaged in an individual evangelistic meeting at the time its five sister churches are united in revival services. It is but just to the S. University ave. Church of Christ to state that it had made all its plans and engaged its evangelist for the month of March before the present union effort was thought of. At the meeting of the various pastors where the question of the time to hold the union services first came up, it was stated that the Church of Christ could not unite with the other churches in March, for the reasons already indicated. But the pastors decided that this fact need not interfere with the proposed union revival. At the same time all expressed the opinion and hope that the two efforts would aid rather than injure each other.

It is, therefore, evident that the Church of Christ is in no way responsible for the seeming opposition, and that the other churches have not entered upon their services in any spirit of rivalry. The delightful fellowship existing among the followers of Christ of every name in Ann Arbor forbids that any one congregation should willingly undertake a rival service when it is possible to unite with others. As the Disciples of Christ profess the deepest interest in everything tending towards Christian union, it is with deepest regret that the church here finds the other churches engaged in a union revival and joining with the S. C. A. in its Sunday night meeting at a time when it is unable to co-operate with them.

GLEN V. MILLS, City Clerk.

Carelessness in girlhood causes the greatest suffering and unhappiness in after life. Little irregularities and weaknesses in girls should be looked after promptly and treatment given at once. Dr. Pierce's Favorite Prescription promotes regularity of all feminine functions, makes strength and builds up a sturdy health with which to meet the trials to come. The Favorite Prescription is not a universal panacea. It is good for but one thing. It is directed solely at one set of organs.

Dr. Pierce's Common Sense Medical Adviser, a 1008 page medical work, profusely illustrated, will be sent free on receipt of 21 one-cent stamps to cover postage only. Address, World's Dispensary Medical Association, Buffalo, New York.

A QUEENLY WOMAN

Says: "No Woman Should Be Without Pe-ru-na."

MRS. MCKEE RANKIN.

The wife of the distinguished McKee Rankin, mother of the accomplished and versatile Phyllis Rankin, herself the foremost and best known character actress and stage artist of this generation—such is Mrs. McKee Rankin. A magnificent specimen of American beauty, a perfect picture of health, a paragon of womanly graces and accomplishments.

What is the secret of such success? What is the explanation of such varied and dazzling achievements? No one thing, probably, yet although many things may have combined to perfect this remarkable woman, yet in her own mind one thing deserves first mention. We quote a recent letter from her to Dr. Hartman, in which a clue is furnished to her own opinion as to one element of her success. She says:

"No woman should be without a bottle of Pe-ru-na in reserve. The inventor deserves the thanks of all to whom a clear voice is a means of livelihood. As a remedy for catarrh of the head and throat, it is, I believe, without an equal. Even a slight cold or cough often absolutely incapacitates an actress for business. Pe-ru-na is an effectual preventive against these nearly inevitable affections."—Mrs. McKee Rankin.

A healthy woman is becoming more and more rare. But comparatively few women who are suffering with catarrh know that this is the case. Their trouble is called dyspepsia, heart trouble, female weakness, weak lungs, nervous debility; indeed, almost the whole category of medical terms has

been applied to catarrh of some organ of the female anatomy. If these women would only realize their trouble is probably catarrh of the stomach, or liver, or lungs, or pelvic organs, and cure themselves with Pe-ru-na, how much suffering would be saved.

Not one whit less enthusiastic are the men in praising Dr. Haerman's remedies for catarrhal diseases.

Hon. E. E. Hood, Clerk of West Virginia House of Delegates, in a recent letter from Charleston, W. Va., to Dr. Hartman, says: "It affords me great pleasure to say a few words in commendation of your remedies, Pe-ru-na and Man-a-lin. I have used them both, and as a tonic, Pe-ru-na certainly has no superior. Man-a-lin, in case of chronic constipation, has proven its worth, not only in my own case, but in a number of others that have come under my observation."—E. E. Hood.

Every woman should have a copy of Dr. Hartman's book entitled "Health and Beauty." This book contains many facts of especial interest to women. Dr. Hartman has more ailments peculiar to women than any other physician in the world. This book gives in brief his long and varied experience.

Send for free books on catarrh. Address Dr. Hartman, Columbus, Ohio.

AN ENTERPRISING SCHOOL DISTRICT.

District No. 2 of Northfield closed the spring term last Friday. This school has been taught by Mac Cavanaugh for the past two years and the excellent record the school has made speaks well for her ability.

The school carried off the first prize for the best trimmed and decorated wagon at the county fair last fall, and the pupils also won five first prizes in the educational exhibit.

February 18, St. Valentine Day, the school raised nearly enough to enable them to pay for a new organ which was delivered a few weeks before the close of school.

Of course much of the credit for the good work must be given to the scholars and the members of the district, but most of it is due to the careful pains-taking efforts of Miss Cavanaugh, who has been untiring in her labors for the best interests of the school.

ANN ARBOR SPORTS ATTEND

A Prolonged Cock Fight in Detroit Saturday Night and Sunday.

A special car of Ann Arbor sports went to Detroit Saturday night and returned Sunday noon with about \$700 of money which was last week owned by Detroit Jackson and Chatham parties.

The game on which Ann Arbor won was chicken fighting. The match had been made for nine battles at \$20 a battle and \$100 on the main. The "combination" against Ann Arbor won three of the fights and the Ann Arbor birds won six battles.

It was one of the most bitter mains ever pulled off, the nine battles lasting from 1 o'clock Sunday morning until 10 o'clock, an average of an hour to each fight.

SIMPLE SENSE

There is a right way to do all things. An expectant mother can easily realize, if she stops to think a moment, how dangerously wrong it is to swallow medicines when in her condition.

THE UPPER "400" OR PHILOSOPHY VS. THE GOSPEL.

"The most faithful renderings will finally be pronounced the best." - Ex-President Roosevelt D. Hitchcock, of Union Theological Seminary, Prof. Am. R. V. N. T.

The Dr. Cadman crevasse through the great Methodist dike against Ingersollism will cause some surprise and much sorrow. "The pastor of the Metropolitan temple, speaking before the regular weekly meeting Monday morning, March 6, to four hundred leading Methodist ministers of New York and vicinity, including Bishop Edward G. Andrews," urged (as reported) the proposition "that the inerrancy and the infallibility of the Bible are no longer possible of belief among reasoning men."

Four hundred of "the most representative body of Methodist clergy in America and a bishop" clapping their hands in derision of the Bible. Nothing inerrant and infallible but Human Reason! How do you do, Frenchmen? Progress inverted. Your Babel has indeed been asleep. It has taken him fifty years to begin to get awake.

They have not been fair with the Bible. They have carried to the Bible a theology of human invention, and because the Bible will not read in its support they denounce the Bible. How and whence do they get their "better and newer view of Christ himself?" They must not go to the Bible for it. They must not call a witness and make him incriminate himself.

Can be given why Stuart's Dyspepsia Tablets are the best and most effectual cure for every form of indigestion.

They are in the tablet form which retains their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to take.

After each meal dissolve one or two of them in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products, of fermented, half digested food.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh forming foods.

A whole package taken at one time would not hurt one, but would simply be a waste of good material.

Over six thousand men and women in the State of Michigan alone, have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Y. W. C. A. Easter Sale.

The Y. W. C. A. will hold their Easter Sale of March 30 and 31 at 111 S. Main St. This is a fine location, and it is hoped that Ann Arbor will be sufficiently interested in her young women to give them a very hearty co-operation in their work at this time.

Easter novelties, fancy and useful articles, home-made candy and other similar attractions should draw many dollars into the "lean and hungry" purse of the Association. We think that the fact that the candy will be made by the same capable hands which manufactured that sold at the Y. M. C. A. Fair last fall, should be advertisement sufficient for this part of the sale.

LETTER FROM CAPTAIN CRANGER

Placetas, Santa Clara Prov., Cuba, March 10th, 1899.

Mr. Editor: The company is now very nicely located at this place. The men are in good health, and as we are in one of the healthiest parts of the island, and filter all water used and are very particular as to cleanliness in general, we should have very little sickness. The postmaster is the only American here outside of the soldiers.

LOTS OF SUITS ON HAND.

The Detroit, Ypsilanti & Ann Arbor railway seems to be harvesting a fine crop of damage suits, brought by people living along the right of way.

The record on appeal of four suits that were tried before Justice of the Peace William H. Brewer, of Naubin township, were filed in the Wayne circuit court last week. In three of these suits it was alleged that the fare the company is entitled to charge under its franchise from Wayne to Inkster is 5 cents, and that the plaintiff, having boarded the car and having paid his legal fare was thereafter ejected from the car by the conductor for not paying an additional fare.

WORKED HIM FOR A FRESHIE.

Pharmacies Work a Stranger Who Visits the Chemical Laboratory.

An unspontaneous stranger wandered into one of the chemical laboratories last Thursday. He encountered the janitor at the door and asked if there was any admission fee. On being assured that there was none he passed in between the rows of busy students and looked about him with eyes and mouth wide open.

A student volunteered to show him around and led him to a table where a harmless explosive was being prepared for the visitor's special benefit. After the explosion, and while the smoke was clearing away, the student who compounded the mixture held up his arm to be wrapped in a big towel. The visitor was assured that it was the man's left hand that was destroyed and that the loss of a hand was a common occurrence in the laboratory. But he refused to visit any more rooms for fear he might lose his head in case of another "mishap."

BRIGHT OLD LADY.

Mrs. Harriet J. Rockwell, of 1220 Fuller st., is nearly 80 years old. In a conversation with her recently she stated that she had during the past twelve years quilted 155 quilts besides seven silk quilts, 30 comforters, 20 silk blocks for sofa pillows, 4 worsted quilts embroidered with silk, and knit 130 pairs of stockings and mittens.

CAUGHT WITH THE GOODS

Jacob Schnitter Arrested for Larceny at the Stafford Fire.

At the Mrs. James Stafford fire, which occurred some few weeks ago, there were numerous articles of wearing apparel stolen. Among them was an overcoat belonging to a student. The only description the police had was a meagre one regarding the general make-up and color.

Detectives Kelsey, Ambruster, and Isbell went to work on the case, and, if they have the right man, they have done some good work. They noticed Jacob Schnitter wearing one of the description furnished, and arrested him on suspicion, at the same time getting out a search warrant to go through his house and see if any of the other missing articles could be found.

Schnitter was brought before Justice Duffy Friday afternoon and a complaint for grand larceny was made against him. He demanded an examination, which was set for March 22. Schnitter was within a year arrested for stealing some lead pipe from J. E. Beal and was sentenced to 65 days in jail for it.

Advice to Consumptives

There are three great remedies that every person with weak lungs, or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged. What are these remedies? Fresh air, proper food and Scott's Emulsion of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

THE ALL TALK THE SAME WAY

DEAR SIRS—I have used the Ludwig Piano for the past two years in concert work and pupils' recitals and it has always given entire satisfaction. The Ludwig Piano has an easy action and full, deep tone. What I especially like about the instrument is its singing tone, and its sweet yet penetrating quality. I think it is a piano that will stand wear excellently.

LaGrippe's Legacy.
 Worn out and exhausted in body and mind, with shattered nerves and a palpitating heart; no desire for food and no ability to digest it; unable to rest or sleep day or night—this is La-Grippe's legacy. Long after the grip germs have been driven out the poisons which they created remain in the blood, the heart, the lungs, the stomach, weakening the nerves and lowering the vitality of the system. There is one way of destroying the seeds of disease and death which are an inheritance from grip. Dr. Miles' Nerve will do it. It gives the shattered nerves a rest and helps them to recover their strength. It stimulates the appetite, strengthens the stomach, assists assimilation and fills the blood with vital elements of life.
 "Two years ago, after a severe attack of the grip, I was overcome with a nervous prostration, heart trouble and nervous dyspepsia. I was so low that I could not bear to be spoken to, during the nervous spasms which I frequently suffered, I had no control of any of my organs. Every remedy known to my physicians was tried without success and then my wife bought me a bottle of Dr. Miles' Nerve. After using one bottle I could speak a few words. At the end of three months I could talk quite naturally and now I am completely cured of the trouble."
GEO. A. ANDREWS,
 Great Barrington, Mass.

A trial package of Dr. Miles' favorite treatment for grip, consisting of Dr. Miles' Nerve, Dr. Miles' Anti-Pain Pills, and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on a postal card, requesting the samples, and mentioning the name of this paper. Address Dr. Miles Medical Co., Elkhart, Ind.

The three prisons in the state contain 111 less prisoners than one year ago. The cost of maintaining now is about \$90 per capita per year to the state, which is 50 per cent less than the figures a few years ago. The prisons of the state are populated as follows: Ionia, 457; Jackson, 808; Marquette, 208. The aggregate capacity of the prisons is 1,779, hence there is still room for 296 more convicts.

NEARLY Fifty-eight Years Old!!!
 It's a long life, but devotion to the true interests and prosperity of the American people has won for it new friends as the years rolled by and the original members of its family passed to their reward, and these admirers are loyal and steadfast to-day, with faith in its teachings, and confidence in the information which it brings to their homes and firesides.
 As a natural consequence it enjoys in its old age all the vitality and vigor of its youth, strengthened and ripened by the experience of over half a century.
 It has lived on its merits, and on the cordial support of progressive Americans.
 It is "The New-York Weekly Tribune," acknowledged the country over as the leading National Family Newspaper. Recognizing its value to those who desire all the news of the State and Nation, the publisher of The Ann Arbor Register (your own favorite home paper) has entered into an alliance with "The New-York Weekly Tribune" which enables him to furnish both papers at the trifling cost of \$1.25 per year.
 Every farmer and every villager owes to himself, to his family, and to the community in which he lives a cordial support of his local newspaper, as it works constantly and untiringly for his interests in every way, brings to his home all the news and happenings of his neighborhood, the doings of his friends, the condition and prospects for different crops, the prices in home markets, and, in fact, is a weekly visitor which should be found in every wide-awake, progressive family.
 Just think of it! Both of these papers for only \$1.22 a year.

A HOME DEPARTMENT

DISCUSSING SUBJECTS OF INTEREST TO THE FAMILY OR THE INDIVIDUAL.

Edited by Mary Wood-Allen, M. D., Ann Arbor, Mich.

[Questions concerning the topics treated in this department may be addressed to the editor, who, at her discretion, will answer either directly in the department column, or will embody the answers in an article.]

Copyright by Inglenook Press.

The following article has been handed to me and its seems so appropriate to present conditions and so practical that I give it to you without further comment. M. W. A.

GOOD ROADS.

Any subject that is for the benefit of the family should be discussed in The Inglenook. So draw up to the fire, get ather to read this paper, and then discuss the subject pro and con.

The League of American Wheelmen is doing a big missionary work by its stirring words in behalf of good roads. We will be wise if we take advantage of that work.

Our country is comparatively new and our roads do not, on the average, approach those of Europe. But no American citizen will sit back in contentment until he has as good, or better than the best.

We can get some idea of the condition of our roads from the cost of hauling crops. In 1895 the U. S. Department of Agriculture received replies from some 1,200 counties scattered all over the Union as to that cost. The average weight of farm loads was 2,000 pounds, hauled an average of 12 miles. The average cost per ton per mile, counting value of man and team, was 25 cents. These figures were obtained by officials whose only aim was to get the facts.

Now let us compare these figures with similar ones for the Continent. In Belgium it costs 94 cents to haul a ton a mile; in Germany the cost ranges from 4 cents to 124 cents; in Italy 74 cents; in mountainous Switzerland 7 cents. One of the most striking facts is that the average load for these countries is 5 or 6 tons. Fancy such loads here. The very idea makes one shudder.

But wherein lies the great difference? Simply in the condition of the roads. There they have roads, stone roads, good roads, and all the year around, rain or shine. Here we have roads sometimes, canals at other times, and between, enough mud to keep the children of the world busy making mud pies all the year. Not very funny is it? It stands to reason we could haul as much as Europeans if we had good roads.

Figure out for yourself how much you would save in money, if instead of paying 25 cents to haul a ton one mile to market, you could haul it for 10 cents, a saving of 15 cents. Suppose you live 1 mile from market and you market 100 tons a year. 100 tons at a saving of 15 cents per ton per mile would, for the 1 mile be \$45.00—an amount sufficient to pay road taxes for several years.

And this brings me to speak of the cost of getting and maintaining good roads, and the means employed. The old way of each man "working out" his tax with team, plow and scraper, is being proven to be the most expensive. What we need is machinery adapted to road work. Any farmer knows that a self-binder is immensely cheaper and better than the cradle. So the road scraper is immensely cheaper and better than the plow and scraper. Several states have passed laws by which state aid is given for the building of good roads, and a great many counties and districts pay taxes in cash for maintaining roads. Some figures to show the value of cash taxes and road machinery. Middleton, Wis., from 1891 to '93 levied a 4 to 6 mill road-tax. In '94 under the new law the town levied a 2 mill tax and bought two road graders. The farmers work the graders at \$3.00 per day of 10 hours each. In 1895 the same tax was imposed. It was admitted by all that more work was done in those 2 years than in the preceding 20. The people of the town vote each year to continue this plan. They say: "You can do more with three teams and one grader in a day, than with three teams and a scraper in a week." Similar testimony comes from every locality where the system is used.

In the limits of our corner, I can only

These Are the Months in Which to Purify Your Blood.

This is the season when your blood is loaded with impurities, accumulated during the winter months from close confinement, rich food and other causes. These impurities must be driven from your system or they may breed serious disease and cause untold suffering. Hood's Sarsaparilla is the greatest and best blood purifying medicine it is possible to obtain. It is what the millions take in the spring. It will purify and enrich your blood, create an appetite, tone up your system, and give you sound, robust health.

hope to arouse your zeal and get you waked up to the fact that you can and should have good roads. Send 5 cents to the editor of this department for expert literature on good roads, or send 2 cents for an illustrated treatise on the construction of macadam roads to Isaac B. Potter, Potter building, New York City.

Do not let this matter drop with the paper you read it from. Assert your American "push" and vim. Talk it over right here with your wife; she can give you pointers. Then discuss it with the neighbors who are reading this paper. Now is the time to think and plan; to set the forces at work which shall enable you, when the roads are workable, to "work" the proper officials for proper roads.

When you have formed a resolution to have good roads, treat that resolution as you would a crying baby in a concert hall—carry it out.

A Narrow Escape From Death.

Fifty people on a Chicago street car narrowly escaped death by the car being run into an open bridge. The car was within a few feet of the river when the motorman noticed the bridge was open. He immediately put on the brakes and at the same time reversed the electric current, and the car came to a stop just as the front trucks ran upon the abutments. Another foot further and it would have plunged into the river 30 feet below. The motorman jumped into the river but was rescued, and a few other casualties among the panic stricken passengers was reported.

Killed and Then Dumped in the River.

Details of the insurrection in the central provinces of China, received by the Empress of India, state the rebel force and the imperial troops met in a pitched battle in January, and the latter were defeated with great slaughter. Hundreds were killed, and their bodies after being mutilated, were thrown into the river until the stream was like a log jammed creek. It is said 200 men, women and children fell in the struggle attending the capture of Kauchon. It is feared a great famine will follow the insurrection, for so terrified are the natives that the crops have all been left standing and will not be harvested.

Survived an Electric Shock.

Joseph Hamphel, an employe at a cable power house in New York City, while working at his switchboard, received and survived an electric shock of about 8,000 volts. The man's body was burned black from head to foot; every stitch of clothing was torn from him and he fell senseless through a hole, instantaneously burned in the floor by the terrific electrical power. The doctors who attended him say there is no case on record of a man withstanding a similar shock.

The Philippine Commission.

The President hereafter will be represented in the Philippine islands by the following commission: Jacob G. Schurman, Admiral George Dewey, Maj-Gen. Elwell S. Otis, Chas. Denby and Dean C. Worcester. The temporary government of the islands is entrusted to this commission and will continue until congress shall determine otherwise. It is expected that the commission will render valuable service in many ways.

Are You Ever Depressed?

And is it not due to nervous exhaustion? Things always look so much brighter when we are in good health. How can you have courage when suffering with headache, nervous prostration and great physical weakness?

Would you not like to be rid of this depression of spirits? How? By removing the cause. By taking

One Girl's Story.

This is an occurrence in the life of a young girl who had a near approach to death, and of the marvelous manner in which she was rescued.

Eighteen years ago Miss Mabel Shields was born in Chicago.

The most remarkable fact about her is, that she is alive to-day, living with her mother at 4846 West Congress Street, and enjoying excellent health.

Two years ago she commenced to fail, a number of complications setting in, incident to budding womanhood.

Her experience and sufferings during those two years were not only distressing but terrible. At last, utterly discouraged, she found relief and perfect health.

Her own story relating this experience will be a matter of great interest to hundreds of young women who are passing through the same period of life fraught with danger and death.

Miss Shields said: "Two years ago I commenced to fail in health. At first I did not pay much attention to my failing health, thinking I would mend shortly."

"I grew worse week after week till I became so bad that I was obliged to receive medical treatment."

"I went to the best hospital here for six weeks, but was not benefited."

"I had a terrible throbbing in my head day and night; my whole system was on the verge of a nervous collapse, and for weeks I could not sleep. I then went to a famous eye and ear infirmary."

"The physician there believed at first that something was growing in my ear, but after receiving treatment from him some time, finally told me there was no such growth, but it was purely a case of extreme nervousness and bad state of the blood. He was not able to give me any relief."

"I lost all color, had no good blood, and when I held up my hands you could almost see through them. I was so weak that I could not walk up stairs."

"I was completely discouraged, for the physical state I was in was deplorable."

"One of my friends suggested that I take Dr. Williams' Pink Pills for Pale People, which I finally did."

"After having used the pills in one box I felt much better. I kept taking the pills and grew stronger each week, my nervousness decreased and I regained flesh and health."

"After I had taken the fifth box of pills I did not have any throbbing in my head and I was as strong as I had ever been."

"To-day I have a healthy color, a good appetite, and the nervousness has left me. In the last two months I have gained flesh rapidly and am in perfect health."

"This marvelous change in my condition is entirely due to Dr. Williams' Pink Pills, and I cannot say too much for them."

That there be no doubt regarding this story, Miss Shields made affidavit before Notary Public L. L. James.

"Dr. Williams' Pink Pills for Pale People are composed of vegetable remedies that exert a powerful influence in purifying and enriching the blood. Many diseases long supposed by the medical profession to be incurable have succumbed to the potent influence of these pills. This universal remedy is sold by all druggists."

THE CITY.

Ald. Cady and wife have returned from California.

Ground was broken last Monday morning for the new addition to the jail.

Mrs. Thomas Mingay and daughter expect to move to Chelsea in the near future.

A son was born to Mr. and Mrs. James L. Skinner, of S. State St., last Friday morning.

Saturday there was another report from Washington that Co. A. would soon be back home.

Miss Mattie Cady, who has been teaching at Menominee, has resigned her position and is now at home.

Mrs. Hull, mother of Dr. Hull of Ypsilanti, was buried in Forest Hill cemetery last Monday morning.

When the Ascher trial was called in Detroit last Tuesday it was continued for one week by consent of counsel.

The Fruit and Flower Mission realized \$120 on their dance which will be used in making the hospitals cheerful.

Cavanaugh has been induced to allow his name to go on the Democratic ticket as candidate for Judge. He may get a few votes.

Eugene May, of Chelsea, has been granted a decree of divorce against Rose E. May, on the grounds of extreme cruelty.

A grand concert and dance will be given in Germania hall Monday evening, April 3rd. The Chequamegon will furnish the music.

Mrs. Lucie J. Case, of Mooreville, died last Tuesday, leaving a husband and seven children, one of whom is Mrs. Frank Jones, of this city.

"Buff" Taylor was found not guilty of assault and battery upon Willard Clements in Justice Duffy's court last Thursday. It was a trial by jury.

D. H. Johnson & Son, grocers, who have occupied the farmer's sheds on N. Main st., are moving their stock to the city buildings on N. Fourth ave.

Attorney John P. Kirk has made a formal motion to revoke and recall the judgment in favor of Jerome Schemmerhorn against the Mollie Bennett estate.

Capt. Schuh is an enthusiast for an electric line from Ann Arbor to Pontiac via Plymouth, Northville, Novi, and Farmington. He says that it would open up a country for Ann Arbor's merchants that is impossible to reach now, and that it is only a question of time when it will be constructed.

ROYAL Baking Powder Absolutely Pure

An entertainment will be given at Maccabee hall on Monday evening, March 27th, for the benefit of two patients in the University hospital. Admission, 10 cents.

The Huron Valley Building and Savings association will remove its office on April 1st in the building on the corner of Main and Huron sts., over Henry J. Brown's drug store.

It is estimated that a student would be compelled to spend 44 years in the University of Michigan in order to take all the courses of study now offered in the literary department.

C. Hardy Woodruff, for many years in the home of Mr. and Mrs. John Burg has secured a position as salesman in Newcomb, Endicott & Co's. new shoe department in Detroit.

Ian MacLaren, who lectured at University hall last Tuesday evening, was accompanied by his wife, Mrs. Watson. While in Ann Arbor they were entertained by President Angell.

Otsenigo Lodge No. 295 I. O. O. F., will, on April 12th., give their first dance after Lent. The committee on arrangements was appointed last Tuesday evening at the regular meeting.

Mrs. Katherine Frey died at her home, corner of Jefferson and Fourth st., Thursday of pneumonia. She leaves three sons. The funeral was held on Sunday afternoon at the house at 2 o'clock.

In the estate of Morrell Goodrich, Dexter, Mrs. Stockford was last Friday allowed \$666 for taking care of Mr. Goodrich from March 23, 1892, to August 17, 1898. This was at the rate of \$2 per week.

The Detroit Free Press of last Monday prints a list of the Michigan members of the Sons of the American Revolution, which was organized in 1875. The Ann Arbor members are Col. Dean, James L. Babcock, and J. Q. A. Sessions.

Mr. Geo. T. Richards, who recently completed a course in Shorthand and Typewriting at the School of Shorthand, will leave Monday for Alma where he has secured a good position with A. W. Wright who is President of the Sanitarium Co. of that place.

Prof. Herman Zietz will have charge of the Choral Union during Prof. Stanley's absence. They are now having two rehearsals a week, Tuesday and Friday evenings, in preparation for the May festival. At the meeting last Tuesday evening Prof. du Pont read a farewell letter from Prof. Stanley.

Dr. Eliza M. Mosher, Women's dean of the University, will address the business men's class at the Congregational church at twelve o'clock Sunday. Her subject is "What is the moral and intellectual result of our modern habit of newspaper reading?" Dr. Mosher will no doubt prepare a very interesting paper on this subject.

The S. C. A. has a membership of 650 students and about 75 sustaining members among the faculty and alumni. Its work is carried on at an expense of \$1,600 annually, part of this expense being met by the income from \$3,000 bequeathed by the late Prof. Gordon L. Ford, of the medical department, and the remainder by subscription.

Prof. Stanley sailed from New York last Wednesday on the Western line to join his family in Berlin, where he will remain until the first of October. Prof. Zietz will conduct the Choral Union during his absence. While abroad Prof. Stanley will make a study of the classification of musical instruments, with a view to classifying the Stearns collection.

The municipal Club held a meeting Monday night at Sackett Hall. There were about 25 present. One characteristic of the meeting was the evident feeling of those present to smart states. Unless either the Republicans or Democrats put up a man whom the members of the club can support the members are disposed to get a ticket of their own in the field.

Now that F. P. Glazier, of Chelsea, feels so disappointed in the defeat of his ticket at the village election and threatens to move his stove works to some other place, the Ann Arbor Business Men's association ought to make some overtures to get the factory here. Mr. Glazier is a very earnest man, and the chances are that he will keep good his threat.

It will cost something to open up an alleyway between Liberty and William sts. (east of Main st.). The property owners have been interviewed in regard to what they will take for a right of way. They give the following figures: George W. Moore, \$350 or \$400, depending on which way it goes; Fred Bross, \$150; Louisa Behr, \$600, which includes the value of the barn; W. H. Freeman, \$200, and the city to move the barn; R. C. Whiting, \$150; John Allen, \$150, or \$100 if the city moves the barn; Andrew Muehlig, Mary Richmond, Mack & Schmidt will donate the right of way; Anna M. Bross, Conrad George and M. W. Millard decline to say, and John Lindenschmitt will give the right of way if the city will move his barn and exempt him from benefits.

Judge Babbitt, of Ypsilanti, was in the city and he was noticed going up street with a number of friends, all of whom were wearing green ribbon significant of St. Patrick's day except the erstwhile candidate for judicial honors. "Where is your green, Judge?" asked an acquaintance. "I don't need any. I've been green enough ever since the delegates were selected to the Monroe convention to suit the most enthusiastic Irishman that ever wore the shamrock. Can't you see the color on my neck?" he answered.

Correspondent Lear, of the Evening News, writing from Remedios, Cuba, says: Quite a number of Cubans here are graduates of some of the best colleges in the United States. Joaquin Vargas, Gen. Carrillo and Lois Alfaya all attended the U. of M. at Ann Arbor for several years, and at other colleges for different periods. Senor Vargas says the Spaniards collected enough money from this city to pave its streets in gold.

As late as last Saturday morning the Hon. Edward R. Gilday, the chairman of the Democratic judicial committee, appeared before the election board of Monroe county and endeavored to keep Judge Kinne's name off the official ballot. The Monroe board simply laughed at Mr. Gilday for endeavoring to take advantage of so small a technicality, and Mr. Kinne's name goes on the ticket. The Democrats do not seem to be very united in the district.

Manager Lisemer has succeeded in securing for Ann Arbor theaters another week's entertainment at popular prices, 10, 20 and 30 cents. The Daily Stock Co., of New York, opens an engagement Monday, March 27th, with "A Wife's Honor." and on Tuesday, March 28th, "Why Brown Laughed," which made an enormous hit in Boston, will be produced. Among the other productions are "Camille" and "East Lynne." Matinee on Saturday, April 1.

The thirty-second annual meeting of the Michigan Schoolmaster's club will be held at the Normal tomorrow and Saturday, March 31 and April 1. The participants in the program will include some of the most distinguished instructors in the country and the session will be of great interest to all concerned in educational work, either as professionals or laymen. Prof. George Hampl, F. W. Kelsey and B. A. Funney will read papers at this meeting.

The meeting at the Y. W. C. A. rooms last Sunday was an especially good one. Next Sunday, March 25th, the leader will be Miss Stevenson, who will speak of her life and work in India. The missionary meetings recently held at the rooms have been in reference to this country, and a class has spent two evenings in a study of this country, so that Miss Stevenson's talk should be of special interest just now. All ladies invited, whether of the Y. W. C. A. or not. Rooms over the postoffice; time, 3:30 p. m.

Fred Whitney, of Detroit, was last Thursday shown an item in an Ann Arbor local paper which announced that he contemplated the erection, or was interested in the erection of a new opera house in Ann Arbor. Said he: "Not at all. The reporter who wrote that item must have had a bad 'pipe-dream.' We have had a great deal of experience in the opera house business, and Ann Arbor is altogether too small for us to put any money in the construction of a second opera house. I do not see our name came to be used in connection with any such wild idea."

THEY WANT TO TELL These Grateful Women Who Have Been Helped by Mrs. Pinkham. Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters: Mrs. LIZZIE BEVERLY, 258 Merrimac St., Lowell, Mass., writes: "It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women." Mrs. AMOS TROMBLEY, Ellenburgh Ctr., N. Y., writes: "I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

Doctors Can't Cure It.

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

S.S.S. For The Blood is guaranteed Purely Vegetable, and is the only blood remedy free from these dangerous minerals. Book on self-treatment sent free by Swift Specific Company, Atlanta, Ga.
