ANN ARBOR, MICHIGAN, THURSDAY, APRIL 6, 1899.

WHOLE NO. 1267

## GREAT G. O. P. VICTORY

THE STATE ELECTS REPUBLICAN JUDGE AND REGENTS.

## JUDGE KINNE RE-ELECTED.

WASHTENAW BOARD OF SUPERVISORS ALSO REPUBLICANS.

Two Republicans on the Judson Ticket Elected—Council Republican—So Much So That Its Democratic President Will Feel Lonely. All that the Democrats Captured was Mayor and His Appointments of Entire Police Force, Board of Public Work City Attorney and City Treasurer, and Control of Street Laborers Through Street Commissioners—Also Control of all the Committees in the Council.

Monday was a day of victories for Republicans. The state of Michigan has gone Republican by fully 30,000 majority for Judge Grant, notwithstanding the determined effort to defeat him. For Regents the majority in the state will be much larger.

In this county the Republicans have secured control of the Board of Supervisors, the first time in 20 years. According to the latest reports the Republicans will have a majority of three on the board. Here is how the next board will stand:

### ANN ARBOR CITY.

## AFTER TWENTY YEARS.

The Discovery of Marl in Many Washtenaw Marshes Causes Old Estates to Be Looked Up.

People who happen to own marsh land in southern Michigan now are having the most delightful dreams of the future as to how the land is going to realize them more than any wheat land in the section.

It is all on account of the value of the marl which is such a necessary ingredient in the manufacture of cement.

An incident showing how vivid their dreams are was illustrated in the probate court last Friday. Mrs. Alice McGuire died in Dexter on Feb. 13, 1879—just 20 years ago. She owned marsh lands which her heirs have never considered worth going to the trouble of getting an administrator's deed for the same.

However, when the marl land excitement came out steps were taken in this direction, and Friday Michael McGuire was appointed administrator of the estate in order to get a perfect title to the land and the consequent power of disposing of the same.

## ANN ARBOR MAY GET IT.

Ann Arbor Has a Chance to Secure the Delivery of the Dewey Brass Cannon.

The secretary of the national monument committee has sent a circular to Mayor Hiscock asking that May 1 be set apart for "Dewey day," for some entertainment, the proceeds of which will go toward erecting a national memorial to the martyrs of the Maine and all who died in the service of the war with Spain. Admiral Dewey has sent to the committee a 2,000 pound brass cannon which formed a part of the Spanish defenses on Corregidor Island, and which was later captured from the Philippines by Admiral Dewey. The brass cannon sent by Admiral Dewey will be presented to the city, town or village that sends the largest sum of money in proportion to its population. The cannon will be mounted and delivered by the committee with a suitable letter from Admiral Dewey.

## OPPOSE THE SCHEME.

UPPER PENINSULA PEOPLE OPPOSE THE REMOVAL OF MINING SCHOOL.

May Make Many Bitter Enemies of the U. of M.—Possibly That It May Effect Bill for University Appropriation.

LANSING, Mich., March 31.—The scheme of certain Senators to abandon the School of Mines at Houghton, attach it to the U. of M. and use the buildings for the proposed upper peninsula normal school, is meeting with determined opposition, and many believe that the legislature will take no action that will disorganize the present mining school.

Senator Charles Smith says:

"It is the meanest little conspiracy ever hatched in the legislature, and on the face of it one is led to believe that it is a plan originating from the regents of the University. It is Potter's scheme to move the school to Ann Arbor and he is chairman of the University committee. We claim that students can be educated in this branch in one-quarter the time at Houghton than it would take at the University. Students have access to the Jalumet & Hecla plant. There are few mines in the world using such expensive and elaborate machinery as this one. Students at the Houghton college enjoy the advantage of being near the iron district, making surveys of underground work. Less than half the students at the College of Mines are from the upper peninsula. The upper peninsula furnishes 4 per cent of the students at the University and pays 11 per cent of the tax. Regarding the exorbitant appropriations, most of the money given this school has been for maintenance, which would have been spent had it been located at Ann Arbor, so that only about \$190,000 has been spent for buildings and equipments. Houghton county never asked for a normal."

Senators Maitland, McMullen, Moore, Heald, McGraw and Latimer are opposed to the proposed move.

## INSTRUMENTS OF TORTURE.

Some Curious Ones Presented to the Museum by a Grand Rapids Woman.

Mrs. Laura D. Havelin, an old resident of Grand Rapids, has presented the University museum with a curious collection of instruments that were used for disciplining incorrigible slaves before the civil war. The collection consists of a number of heavy iron collars and handcuffs, and some machines that were used for stiffening the legs of the slaves. One of the collars resembles those worn by the slaves that were known to Mrs. Harriet Beecher Stowe and which are described by her in her novels. The collection has been in the possession of Mrs. Havelin for a number of years.

## Columbian Organ Recital.

The next of the Faculty Concert series will be a recital on the Frieze Memorial Organ in University Hall, to night by Mr. Llewellyn L. Renwick of the Faculty of the School of Music. Mr. Renwick has prepared a program of attractive variety that will show the resources of the great organ. This recital is a unique feature of the Faculty Concert Series, and will be of special interest for that reason as well as because of the rare opportunities the public has of hearing the Columbian organ.

## IS ROOSEVELT COMING?

POSSIBLE THAT HE MAY COME TO ANN ARBOR.

Such a Report is About the City.—People of Ann Arbor Would Like to See Him.

Although the University authorities are very secretive about the matter THE REGISTER has it from a good source that the people of Ann Arbor and the students may have an opportunity to see and hear Teddy Roosevelt, governor of New York and late colonel of the rough riders, on a week from tomorrow.

He is coming west on his way to Chicago, and there are being some strings pulled to get him to stop off here.

President Angetl was seen. "I have received an intimation," said the reporter, "that Gov. Roosevelt is going to be in the city in the near future. Is it true?"

"I have not a word to say about it," said the president, at the same time waving his hand in a manner that plainly conveyed the idea that the debate was closed.

If Col. Roosevelt does come here he will meet with a reception that cannot help but be gratifying to him.

Since the above was put in type we hear that Col. Theodore Roosevelt, governor of New York and colonel of the rough riders, will be here next Tuesday morning.

Gov. Roosevelt will be on his way to Chicago, where a banquet will be given him. He has consented to stop off here and speak to the students.

The program thus far arranged is that the exercises in the University will be entirely suspended at 11 o'clock and the students will assemble in the auditorium and listen to his address. Just how long he will remain in the city is not known.

The hero of San Juan hill undoubtedly will be accorded one of the most enthusiastic receptions ever tendered him while in this city.

## ANOTHER REPORT.

That the 31st Michigan Will Soon Return—Say Now that as Soon as Transports can Reach Cuba They Will Start Home.

Last Tuesday word came from Washington that orders would be issued the next day to remove the Thirty-First Michigan to the United States as soon as transportation can be provided. This statement was made to a Washington correspondent yesterday afternoon by Adjutant-General Corbin, who added: "The quartermaster's department has completed the movement of the southern regiments to the United States and the second division of troops composed entirely of northern regiments, will now be brought home as soon as possible. Whether the Michigan regiment will be embarked on the north coast or on the south coast at Cienfuegos will probably be settled tomorrow, when all the details will be arranged.

The transports which will be used to bring up the remaining regiments of volunteers are nearly all in port in the United States, and orders were today issued to have their boilers blown out and any necessary repairs made to enable them to return to Cuba as promptly as possible. Up to a late hour no report had been received from the secretary's party except that it was on its way to Cienfuegos, but it is assumed that Col. Gardner will join the secretary's party today or tomorrow.

## WANTS ASPHALT PAVEMENT.

Large Majority of Property Holder on Huron So Indicate—Petition Being Circulated for Pavement from Ashley to State.

The prospects for extensions this year are very bright.

Huron st. is the latest to catch the fever and a petition for asphalt paving from Ashley st. to State st. has not only been numerously signed but by the end of this week it will have received the signatures of the majority of the property owners undoubtedly. Out of the frontage of 2,200 feet who have already expressed themselves as in favor of the improvement, all but 200 feet want asphalt. Whether the petition will be presented at the council meeting tonight depends on what additional signatures can be secured. But it can be confidentially asserted that Huron st. will be paved with asphalt this season.

Washington st. from Ashley to Fifth ave. will be paved. That is another certainty.

A majority of the property owners on State from William to Liberty sts. have signed a petition for paving and now there is talk of having the improvement extend from the Michigan Central to Packard st.

Tortures of Overworked and Wornout Nerves are almost Unbearable. They are Cured by

Nervous debility and diseases arising from disorders and derangements of the nervous system are much more prevalent among women today than they ever were before; which is probably due largely to the excessive demands that are being made upon the energies of the average woman. Headache, neuralgia, rheumatism, indigestion, constipation, liver and kidney troubles, disorders of her special organism, impure blood, and lack of proper nutrition are among the most common complaints that have their origin in nerve weakness.

The greater part of the suffering and tortures endured by weak and nervous women could be relieved, and they might be made well and strong, full of vital energy and attractive sweetness, if they would take the proper remedy. Dr. Miles' Nervine is the exact remedy for that large class of person who are nerve weakened and debilitated, feeble, thin blooded, run down in health, weak, tired and often hysterical.

"About eight years ago I began to experience nervous prostration," writes Mrs. L. J. Burke, St. Albans,

Vt. "My case was indeed a serious one, for it would seem impossible at times to control myself. I could not remain in one position more than a few moments. My limbs would twitch and jerk, and the slightest noise would startle and unnerve me. My sleep was often broken by sudden awakening, and I would see all kinds of horrid sights. I never thought I would be well again, but two years ago I began using Dr. Miles' Restorative Nervine, and its effect upon my system was wonderful. In a few weeks I was entirely relieved of nervous trouble, and my health improved very rapidly. I take pleasure in recommending Dr. Miles' Nervine to sufferers from nervous trouble.

Mrs. Charlotte Elg, of Idaho Falls, Idaho, writes: "I feel it a pleasure as well as a duty which I owe to every overworked and nerveless woman, to tell how I regained my health. I was troubled a great deal with headache and nervousness. The blood would rush to my brain until it seemed that my head would burst. The least excitement gave me a dreadful pain, and I would often lose complete control of my nerves. I dragged along in this way for nearly ten years, doctoring all the time, but my condition seemed to grow steadily worse. At last I decided to try the Dr. Miles' Restorative Medicines and I began using Nervine and New Heart cure. Within a week I felt much improved, and the second week my friends remarked how much better I looked and acted. I continued the medicine for several weeks longer and now my health is good and I can do any kind of work. Mr. Miles' Remedies have made me well.

Sample Treatment Free.

A trial package of Dr. Miles' favorite treatment, consisting of Dr. Miles' Restorative Nervine, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person who will send name and address on a postal card requesting the samples, and mentioning the name of this paper. Address DR. MILES MEDICAL CO., Elkhart, Ind.

## FULLNESS OF LIFE.

A Right That Belongs to Every Man, Woman and Child—How to Enjoy It.

It always makes us feel good to meet a person who shows that every nerve and muscle and organ of the body is brimful of vim and vigor and health. Such people drive away the "blues"—what a pity every person don't always feel so full of life. Millions more would if they had good health. Statistics show that the most common causes of poor health are troubles of the chest, throat, and lungs. It was this fact that produced Dr. King's New Discovery for Consumption, Coughs, and Colds, the world's greatest throat and lung cure. During the last 25 years hundreds of thousands have found by experience that this wonderful cure conquers these maladies from the so-called simple coughs and colds to the desperate and fatal diseases of the lungs. Thankful letters prove this supreme remedy does cure Consumption, Pneumonia, Bronchitis, Pleurisy, Hemorrhage, La Grippe, Lung Fever, Asthma, Hay Fever, Croup, Whooping Cough, etc. It acts very quickly on the diseased mucous membranes of throat and lungs, soothing, healing, and cleansing them of all impurities. See what this royal cure did for Berry Mize, of Welch, W. Va. Mr. Mize, who is 61 years old, writes: "For seven years I was constantly in pain, and my suffering was great. This pain would now be in my sides, then in my breast, changing from time to time. I tried several doctors, but they could do me no good. I heard that Dr. King's New Discovery was good for troubles of the throat, lungs and chest, and decided to try it. One bottle cured me, and I have not had a touch of the pain since. I cannot find words to thank you for this wonderful medicine." If suffering, ask for Dr. King's New Discovery, and take no substitute. Large bottles 50 cents and \$1. Money back if not cured. A trial bottle sent. At all druggists.

## HOSPITABLE HOSPITALITY.

At the close of a midwinter day, after a journey lasting from 8 A. M. to 5 P. M., the last five miles of which had been in an open carriage, I arrived in a village where I was to speak in the evening, and alighted at the door of the kind Christian woman whose guest I was to be. She was an entire stranger, but before I had time to feel my awkwardness at my position the door opened, and a sweet-faced woman held out her hands to me in a kindly greeting.

"I know you are cold and weary," she said, "you shall rest." So I was shown to my room at once, and warm water was brought for toilet use. Inquiry was made as to my need of immediate refreshment, and when I replied that I needed only rest, I was left to myself. In less than twenty minutes from the time I entered the house I was tucked into a comfortable bed with a hot soap-stone at my feet, and wrapped in warmth and quiet, soon fell asleep. Before losing consciousness I noticed upon a bracket, over the bureau, a well filled lamp with matches at hand.

The same thoughtful care prevailed the whole room. I have seen many guest chambers more luxurious, but never one where the comfort and convenience of the guest was so obviously consulted in all its appointments. Upon a neat rack hung a button-hook, scissors and wisp-broom. The pin-cushion was amply supplied with needles, wax, assorted threads, thimble and a few buttons. Over this hung a small book rack, containing a choice selection of books, religious, poetical and romantic. In one corner of the room a small shelf held various domestic remedies, such as ammonia, camphor and glycerine. There were empty shelves and bookshelves for wraps or dresses, and on a shelf in the closet were a hat-brush and a boot-brush.

The same thoughtful care prevailed the whole house. My every wish was foreseen and granted before it could have been uttered. I was sent to the lecture in a carriage and brought home again. A shawl was warmed for my shoulders before I retired, and although my sleeping room was warm, I found a well warmed flannel blanket, and the soap-stone reheated, placed in my bed which had been remade in my absence and all so quietly done that I could not feel that I had been a burden.

Warm water was brought to me before I arose. When I came to go I found that rubbers and wraps had all been warmed in preparation for my departure, and I went out into the keen atmosphere of the winter morning with such a sense of warmth and cheer that I could scarcely persuade myself that those from whom I parted as from dear personal friends were the strangers of the previous day.

This guest-chamber suggested that which many "spare-rooms" utterly ignore, namely, that a guest may possibly desire to spend some time in her room alone; that she may like to read or write in solitude, or may have a little need-

ing to do and may not have books, stationary or work-basket with her.

The great charm of hospitality is to make the guest feel at home and at the same time not neglected; to give them opportunity for the enjoyment of congenial pleasures and yet not overwhelm them with efforts at entertainment; to look after their personal comfort, and yet not pester them with too constant attention; in short to have an intuition of what they would like to do and give them an opportunity of doing it whether it be activity or rest, sociability or solitude. The receiving of guests into one's home is not of necessity hospitality, but that welcome and attention which makes them feel at liberty to be happy in their own way is truly hospitable hospitality.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery Stuart's Dyspepsia Tablets.

He says "the patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach; he had pains like rheumatism in the back shoulder blades and limbs fullness and distress after eating poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night."

I gave him powerful nerve tonics and blood remedies but to no purpose. As an experiment I finally bought a 50 cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, let I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however light or severe.

Stuart's Dyspepsia Tablets are made by the F. A. Stuart Co., of Marshall, Mich., and are sold by druggists everywhere at fifty cents per package.

## Paine's Celery Compound the Best Spring Medicine in the World.

feeling of languor; there is diminished appetite, disturbed sleep less buoyancy of spirit and less disposition to exercise; some people are so disposed that they have to stay in the house and numbers take to their beds.

The irritability of temper, the peevishness, drowsiness and uneasiness that comes in spring, shows that the nerves and brain are the chief sufferers. Nervousness, that so often appears at this season, inserts the thin edge of the wedge that opens the way for a long list of maladies. If you are overworked, haggard from sleepless nights, nervous and unhappy, do not give way to dread and depression before you have tried Paine's celery compound. It is the one fair test of this wonderful remedy—to try it!

Now spring has come, the tired feeling and "out of sorts" condition are so worn out that the blood is impure and the nerves "run-down." Paine's celery compound assists nature at this critical time. It supplies a scientific nerve food. Taken now it will enable the body to throw off headaches, rheumatism and ailments akin to nervousness. It will sweep out every impurity from the blood, and will nourish the nerves and brain. It is the most effective, accurate spring remedy ever formulated.

Spring finds everybody more or less "run-down." "Spring lassitude" is not an empty phrase. It is not a superstitious or a worn-out saying, but a strictly scientific fact.

Prudent people all over the country appreciate the fact that in the spring the health is more under every one's control than at any other time, and, whether sick or well—

They are taking advantage of the marvelous invigorating power of Paine's celery compound. On every hand there are sarsaparillas, nervines and tonics, but they do not touch the real trouble—nervous debility.

When such remedies have been tried and proved valueless, Paine's celery compound has surprised and delighted by its wonderful lasting results.

Nature, the kindest and gentlest of nurses' is disposed, during these spring days, to put the blood and nerves in a healthy condition and no remedy so ably second her effort as Paine's celery compound.

This best of all spring remedies is making people well and insuring others against future break-downs.

As soon as spring sets in—it is now the season—everybody has more or less

**Mortgage Sale.**  
Whereas, default has been made in the payment of the money secured by a mortgage dated the second day of October 1893, executed by John B. Bennett and Hattie Bennett his wife of Salem, Washtenaw County Michigan, to W. D. Rice and Etta V. Rice of Coleman, Midland County Michigan, which said mortgage was recorded in the office of the Register of Deeds of the County of Washtenaw in Liber seventy-nine of Mortgages on page 124 on the 3rd day of October 1893 at ten o'clock A. M. And whereas the said mortgage has been duly assigned by the said W. D. Rice and Etta V. Rice to Marshall Sopp and Marie Sopp, his wife, by deed of Assignment bearing date 20th day of June, 1898, and rec'd in the office of the Register of Deeds of said County of Washtenaw on the 30th day of July 1898, in Liber 13 of assignments of mortgage on page 154.

And whereas the amount claimed to be due on said mortgage at the date of this notice is the sum of five hundred and seven dollars and fifty-eight cents, of principal and interest, and the further sum of twenty five dollars as an Attorney fee stipulated for in said mortgage; and no suit or proceedings having been instituted at law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now, therefore, notice is hereby given that by virtue of said power of sale, and in pursuance of the said statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder, at the east front door of the court house in the city of Ann Arbor in said county of Washtenaw, that being the place where the Circuit Court for said County of Washtenaw sits on Friday, the 14th day of April next at one o'clock in the afternoon of that day.

Which said premises are described in said mortgage as follows, to wit: The undivided three-fourths interest in and to the east forty eight acres of the north west quarter of section fifteen, in town one south, of range seven east, in the Township of Salem County of Washtenaw and State of Michigan.

Dated January 4th 1899.

### THE CITY.

Arbor day has been fixed this year by Gov. Pingree for April 23th.

G. Teufel opened a grocery store last Monday in the new Germania Hall.

The infant child of Mr. and Mrs. M. J. Cavanaugh died last Thursday and was buried in St. Thomas' cemetery.

The Hospital Guild (homeopathic) will meet the second Thursday in the month instead of the first for their monthly meetings.

A special car took a crowd of Ann Arborites to Ypsilanti last Friday morning to attend the meeting of the Schoolmasters' club.

Born, to Mr. and Mrs. George Holden, of Palmer, Mass., on last Tuesday, a boy. Mr. Holde will be remembered as Katharine Cr. mer.

The Wood-Allen Publishing Co. has just received an order from Australia for 1,000 of their books. Also an order from the London, England branch for 500.

The Mohawks held a banquet in Detroit last Thursday evening, and not a Democrat in this city can be found who attended it, or who will acknowledge it.

Dr. Mary Wood-Allen has been invited to take part in the program of the International Council of Women, which is to convene in London, England, in June.

J. J. Goodyear last Monday received a cablegram from Prof. Worcester ordering some photographic goods. The professor has arrived all right at Mailla evidently.

The literary committee of Welsh Post, G. A. R., has engaged the services of Gen. Byron M. Cutcheon, of Grand Rapids, to deliver the address upon Memorial day. It will take place in University hall.

A very delightful concert was given at the hospital last Sunday by the Epworth League orchestra. Miss Bessie Carson and Master Harrison Van Vaukenburg rendered several fine vocal solos in charming manner.

Michael Miller hired out to Jacob Volland as a harness maker last Friday night. He was to go to work last Saturday morning. After he had departed four or five tools were missed and it was found where Miller had tried to dispose of them. He was caught in Ypsilanti and arrested on a charge of larceny from a store in the day time.

A pleasant feature of the program at the Y. W. C. A. Easter sale last Friday evening was one not down on the list, just after supper Prof. Sage came in and was immediately besought to sing "The Star Spangled Banner." Miss Emma Fischer had also just come into the room, and amid much glee the two were escorted to the piano and the patriotic music soon delighted those who heard. At its close a vigorous encore greeted the singer. By this time the professor was getting warmed up and went again to the piano and sang that simple old song, "The Old Oaken Bucket." The sweet voice mellowed by the thoughts of past days and old-time listeners, thrilled the hearts of all who heard, and at its close a ballet "thank you" seemed more in place than applause. As one young man turned away he remarked, "That man is 78 years old—and think of his singing like that." The Y. W. C. A. and appreciated very much the kindly feeling which prompted the song.

**EVERY-DAY HEROISM!**

Struggling through life, cursed with catarrh, is a common experience. However heroic the fight catarrh generally wins.

Under some name or other it gets the best of us. Frank E. Ingalls, Waco, Tex., and thousands of others have been permanently cured of catarrh by Dr. Hartman's successful remedy Pe-ru-na. Here is Mr. Ingalls' letter:

DEAR SIR:—Pe-ru-na and Man-a-lin have cured me of one of the worst cases of catarrh any one ever had. My case was so severe that I was compelled to discontinue my business, that of conductor on a railroad; but I am now entirely well.

Ordinary treatment of catarrh is for local relief. Cures are not expected. Dr. Hartman's method eradicates catarrh absolutely. Get his latest book and learn how to combat this insidious disease. The Pe-ru-na Medicine Co., Columbus, O., will mail Dr. Hartman's books free on application.

H. A. Scott, Burt, Tenn., writes: "I feel very thankful to my Maker and your great medicine that I am cured. I would not believe that Pe-ru-na in the house."

Pe-ru-na has been curing catarrh for forty years. It cures out the roots of catarrh and builds people up. All druggists sell it.

The music rendered at the Easter service last Sunday at St. Andrew's Episcopal church was certainly the finest the choir has ever rendered, and reflects great credit to Mr. Kempf, the organist and choirmaster.

There will be some fine improvements put in at the Cook house this summer. A new front will be a feature and an alcove will be constructed at the entrance. A new steel ceiling will also be put in and the elevator will be encased in ornamental woodwork.

The great musical treat of the season is Sousa's band at University hall Saturday evening, April 8, under the auspices of the Woman's league. Reserved seats are now on sale at E. E. Calkins' on State st. and H. J. Brown's on Main st., at 75 cents and \$1, and are being rapidly secured. All wishing to attend this concert should secure seats at once before they are all sold.

One of the interesting features of the concert to be given in Germania hall Monday evening, April 3rd, will be the appearance of Seabolt and Ryan, Ann Arbor's favorite black-face comedians. It is needless to say anything about these clever gentlemen, as the many successes they have achieved in this line in the past speaks for them. Their many friends will be pleased to see them on this highly entertaining program.

The following attended the Schoolmaster's club at Ypsilanti last Friday: Prof. H. N. Chute, Mr. L. F. Miller, Mr. W. H. Hawks, Dr. Carl G. Guthrie, Prof. H. S. Carhart, Prof. W. W. Beaman, Dr. J. W. Glover, Mr. E. C. Goldard, Prof. J. O. Reed, Prof. George A. Hench, Prof. Jacob Reighard, Prof. M. L. D'Ooge, Prof. W. H. Walt, Prof. L. N. Demmon, Prof. J. L. Hudson and Prof. A. C. McLaughlin. A number of the above read papers.

When "What Became of Parker" was given at the Athens theatre March 21st, the papers stated that Jim Harkins would make positively his last appearance, but for charity's sake Jim has found another "up his sleeve." He will sing at the concert in Germania hall Monday evening. Henry Bierman, for whom the concert is given, is an old friend of Jim's, having worked with him at the same trade for many years. On this account Jim will assist in this worthy object.

D. T. McNeil left last Monday afternoon for New York, from whence he will sail on Wednesday for Europe, going on the steamer New York, of the American line. Mr. McNeil will visit all the principal cities of Europe on business, but goes especially to arrange for an exhibit at the Paris exhibition of the mechanical products of the Reeves Pulley Co., of Columbus, Ind., of corporation he is a member, and to present to the minds of European railway officials them erits of a self-contained motor car, a recent production of his company. He will get as far up as Russia, Finland, Norway and Sweden, but expects to get back home in time to join Sid Clarkson in his early July fishing.

The will of the late Patrick O'Hearn was probated last Saturday. He had disposed of his real estate to his children before his death, and all there was left for the probate court to do was to settle the personal property according to the terms of the will. The personal property consisted of \$1,500 in stocks in the Ann Arbor Organ Co. and the State Savings bank, and \$1,000 in cash and notes, besides the household furniture. The piano was left to Mary, the furniture was divided between Mary, Herlander, Clara and Stella, and all the remainder of the personal property was divided between Herlander, Clara, Stella, Charles and George to share and share alike.

### GRANT WINS IN THE STATE.

Eli R. Sutton and H. S. Dean Were Elected Regents of the U. of M.

### GRANT'S PLURALITY IS 27,478

According to First Returns—The Republicans Also Elected a Majority of the Circuit Judges—Constitutional Amendments Said to Have Carried.

Fair weather in the state did not bring out as large a vote as might have been expected. The returns thus far received indicate that Judge C. B. Grant was re-elected by an estimated plurality of 27,478, and that Col. Eli R. Sutton and Col. Henry S. Dean were elected regents of the university by a plurality of perhaps 35,000, running ahead of their ticket in many localities. The Republicans also elected a big majority of the circuit judges in the 26 judicial circuits of the state although the result is in doubt in one or two districts. Returns from 48 cities in the state show that the Democrats elected 18 mayors, while the Republicans elected 23. The others were elected on Union or Citizens' tickets and the issues were purely of a local nature. Many cities and villages voted favorably on the question of bonding for improvements. Returns on the constitutional amendments are meagre, but results at hand warrant the statement that they have carried. In some cases the majorities were heavy in favor of them.

### FUTURE OF THE BICYCLE.

It is agreed by all bicycle manufacturers that the 1899 models represent the perfect wheel. Improvement seems to be impossible. Precisely the same thing is true of Hostetter's Stomach Bitters. It represents the limits of science in overcoming disease, and it is impossible to make a better medicine for the stomach, liver, kidneys and blood. A few doses of the Bitters will start weak, nervous and bloodless on the road to strength. A regular course of treatment will bring back the pink to the cheeks and the sparkle to the eye. Sleep will come naturally, and it will be refreshing and healthful. Dyspepsia, indigestion and constipation will be completely banished, and the blessings of true health restored. Never take a substitute for this perfected remedy.

### Lost His Head but not His Life.

A farmer was driving across the railroad track at Saranac when the hind boob of his sleigh became fast in a switch point. A train was heard approaching in the distance and desperate efforts were made to pull or lift the outfit off the track. Just as the train drew near the efforts were finally successful, but as soon as the rig was out of danger the farmer lost his head and turned the horses back upon the track right in front of the train with the result that the sleigh was demolished and the horses and man badly shaken up.

**The Nichols-Shepard Separator**

The essential points in a Separator are capacity, thoroughness of separation, and simplicity and durability of construction. On each of these points the Nichols-Shepard Separator has great advantage over all other threshing machines. Any one of the nine sizes will thresh more and save more grain than the corresponding size of any other separator. The Nichols-Shepard Separator is as strongly, simply, yet perfectly made as a separator can be. The work of separation is done without the aid of pickers, riddles, forks, or other complicated parts that in other machines cause continual bother and expense by breaking or wearing out.

Write for large free catalogue that pictures and explains every part of the Nichols-Shepard Separator and the Nichols-Shepard TRACTION ENGINE.

THURSDAY, APRIL 6, 1909.

THE county shows a good healthy Republican majority this spring.

Rumor has it that mayor-elect Luick will appoint his son city treasurer.

COL. DEAN ran ahead of Judge Grant in Detroit over seven thousand and five hundred.

It does not pay to ignore the independent voter when it comes to a question of purely local politics.

What can be the ground for the report that when instruction ballots went out from Judson headquarters on Ann street last Monday for models to use in the booth A. A. Pearson's name was not marked on any of them.

ONE of the noteworthy features of Monday's election was the vote on R-gents in Detroit. Mr. Sutton, who is Mr. Pingree's protegee, received a majority of 235 in the city, while Col. Dean, who has never bowed to Baal, was given a majority of 887. Why is this thus?

THE vote on constables in the various wards, where there was practically no cutting, shows that Ann Arbor has a good healthy Republican majority, but the determination on the part of the independent voters to down the bosses turned the majority, the president of the council, the control of the police force, board of public works, city treasurer and city attorney over to the Democracy.

JUDSON made a great effort to carry the fourth ward for both Rhenhardt and Ball. The result was that we were the only Republicans on the ticket who failed to get a majority in that ward. Had the campaign lasted three days longer the rapidly increasing antipathy to Judson manipulation would have reduced very greatly the majorities received by the two Republicans elected and possibly would have defeated them.

WANTS \$1,600 DAMAGES.

Mrs. Helen Frazier has begun suit against Ann Arbor for injuries from a defective sidewalk.

Mrs. Helen A. Frazier, by A. J. Sawyer, her attorney, has filed a petition with the city clerk claiming \$10,000 damages for injuries received on a defective sidewalk.

She resided at 342 S. Fourth ave. She alleges that on Feb. 2 she had occasion to go from State st. to her residence. That she left State st. at 8:30 p. m. and on her way down William st. she passed in front of the D. K. E. chapter house.

That in putting down a manufactured stone sidewalk the city of Ann Arbor was guilty of negligently constructing the same so as to leave a space between the east end of the walk and the west end of the old walk about six inches in width from four to six inches deep.

The street was dimly lighted and she was unable to see the condition of the walk. She stepped into the hole, and as she endeavored to right herself her toe struck against the end of the walk. She fell forward and struck upon the stone walk with great violence, receiving alleged permanent injuries to her right arm and shoulder. She does not claim that any bones were broken, but that her shoulder joint has become stiffened.

IDEAS FOR BICYCLERS.

The cyclists of Berns adopt the customary Swiss cape for winter riding. It is made in dark blue or black frieze with a peaked hood which can be drawn over the head. The appearance is distinctly picturesque, though, perhaps, somewhat suggestive of a witch on a broomstick.

The irrepressible John Chinaman is making himself obnoxious as a cyclist in Shanghai. He evidently fancies himself as a trick-riding, and is anxious to show off his dexterity regardless of the safety of the general public. An ar-rieved resident wrote to one of the Shanghai papers regretting that such things should be. He complains that young native scorcher ride at a reckless pace through the crowded streets, with arms folded across the chest. He remarked one who was not only riding "hands off" but had actually taken off the handle-bar of his machine and was holding it over his head! If a man chooses to make a goose of himself in this manner and runs into a brick wall he has only himself to blame. In this particular case the young celestial did worse—he lost control of his machine and ran into a lady who was riding on the opposite side of the street, knocked her off and smashed her machine.

FAIR WOMEN SPEAK.

Pe-ru-na Works Wonders for the Gentler Sex in Catarrhal Ailments.

MRS. COLONEL HAMILTON. That Pe-ru-na has become a household remedy in the home of Mrs. Colonel Hamilton is well attested by a letter from her, which says: "I can give my testimony as to the merits of Pe-ru-na, I have been taking the same for some time, and am enjoying better health now than I have for some years. I attribute the change to Pe-ru-na, and recommend Pe-ru-na to every woman, believing it to be especially beneficial to them."

Mrs. Margaretha Dauben, No. 1214 North Superior street Racine City, Wis., says: "I feel so well and good, and healthful now that pen cannot describe it. Pe-ru-na is everything to me. I feel healthy and well, but if I should be sick I would know what to take. I have taken several bottles for female complaint. I am in the change of life and it does me good."

Have you catarrh of the head, throat, lungs, stomach or any other organ of the body? If so, write to Dr. Hartman at once. He will send you directions for treatment free of charge. Address Dr. Hartman, Columbus, O.

MISS ANNIE WYANDOTTE. Miss Annie Wyandotte, queen of the operatic stage and dramatic soprano, says: "FIFTEENTH ST. AND JACKSON AVE. KANSAS CITY, MO. "Dr. Hartman: "Dear Sir:—Pe-ru-na has been my salvation. It has given me back a beautiful voice, a gift of God; it has brought me once more to my old profession. I can talk now, and sing, where before I could scarcely whisper. Can you wonder at my delight? I wish every person who is suffering as I suffered might know Pe-ru-na. Only those who have been afflicted can ever know the intense satisfaction and gratitude that comes with a complete cure. My voice was completely gone. April 15 I felt so elated over the restoration of my voice that I inserted an advertisement in The Star for vocal pupils. The advertisement, which cost me 65 cents, brought me five pupils, and that was the beginning of my present large class. Yours gratefully, ANNIE WYANDOTTE.

A congestion, inflammation or ulceration of the mucus membrane whether of the head, stomach, kidneys, or other organ, is known to the medical profession as catarrh. It is known by different names, such as dyspepsia, Bright's disease, female complaint, diarrhoea, bronchitis, consumption and a host of other names. Wherever there is a congested mucus membrane there is catarrh, acute or chronic.

MISS CLARA STOECKER. Miss Clara Stoecker says: "I had chronic catarrh for over a year. I tried many remedies, but found no relief until I saw an advertisement in the paper of your treatment for chronic catarrh. I tried it and I am now well. I recommend Pe-ru-na to all my friends who are afflicted with catarrh." Miss Stoecker lives at Pittsburg, Pa.

Mrs. Margaret Fritz, Wilcox, Okla. writes "I extend my sincere thanks for the good advice you have given me. I do not believe I would be living now if it were not for you. I had suffered with flow of blood for four months, and the doctors could help me but little. They operated on me three times. It was very painful and I only obtained a little relief. I was so weak I could not turn in bed. Then I applied to Dr. Hartman. I did not know whether he could help me or not, but I followed his advice, and used only three bottles of Pe-ru-na and Man-a-lin. Now I am well and as strong as I ever was, thanks to your remedies." Pelvic catarrh has become so frequent that most women are more or less afflicted with it. It is usually called female disease.

THE RIGHT MOVE. Bicycle Men Meet and Decide to Make An Effort to Have an Ordinance Passed Favorable to Wheelmen. A number of wheelmen held a meeting last Wednesday night in the council chamber, under call from officers of the Bicycle Club. It was unanimously decided to ask the council to pass an ordinance with the following features: 1. Restricted territory—No sidewalk used (a) where street is paved (b) in territory bounded by Ashley, Catherine, Fifth and Williams, (c) State street between Huron and S. University. 2. Speed Limit—Eight miles per hour, but in meeting and passing pedestrians on the walk four miles per hour. 3. Lanterns—No person shall use the walk between dusk and dawn without a lighted lantern. 4. Warning—When using walk warning must be given by bell or whistle when meeting or passing pedestrians, and at all crossings. 5. Use of Walks—When roads are muddy and impassable, sidewalks may be used, outside of restricted territory, provided that in meeting or passing pedestrians warning shall be given by bell or whistle and speed shall be slackened to four miles an hour, and if at night lantern shall be lighted. 6. Special Officers—Fifty officers, more or less, shall be appointed by the mayor from among wheelmen with power to make arrests for violation of the ordinance, officers to receive no compensation. A committee of four—H. G. Prettyman, D. W. Springer, H. J. Brown and H. H. Herbst—was appointed to present the matter to the council. The following committee of two from each ward was appointed to interview their respective aldermen and secure their favorable vote for the proposed bill: George Moore and—Ed. M. Staebler and N. Stanger; Frank Paak and George Brown; H. J. Brown and Hartwig Herbst; Wm. Shadford and Filbert Rhodes; Harry Hayler and Fred Taylor; L. D. Wines and A. B. Stevens. The proposed ordinance contemplates the use of sidewalks on unrestricted territory in case the roads are muddy and impassable.

Judge of Probate Refuses to Allow Further Expense for Litigation to Come out of the Mollie Bennett Estate. The hearing of the petition in the Mollie Bennett-Jerome Schemerhorn case came up before the Judge of Probate last Friday. As we have already published there has been spent in lawyers' fees and witnesses' and officers' costs about \$1,500, which has been borne by the estate which a jury of 12 men in the circuit court said belonged to Schemerhorn. The petition of the administrator, Fred Graves, asked that an order amounting to about \$600 more be granted for the expenses of an appeal to the supreme court, and that it be paid out of the body of the estate. Attorneys Lehman, Stivers, and Joslyn represented the interests of Schemerhorn, and Babbitt and Kirk that of the estate. Mr. Stivers claimed that the court had already acted upon the question when he once refused to allow any more orders on the estate for litigation. Mr. Babbitt said the court had simply acted unofficially. Mr. Lehman then started an argument in favor of the judge refusing to grant the petition. He said that on the trial in the circuit the jury had found that the property belonged to Jerome Schemerhorn and that Judge Kinne had denied a motion for a new trial. Then the estate had made another motion to have the verdict set aside on the grounds that the attorney for Schemerhorn had made some objectionable remarks. He then read an affidavit sworn to by Administrator Graves on Nov. 1, 1898 (five months ago), to the effect that the relative of Mollie Bennett numbered 23 and lived in different parts of the United States. That he had collected in two-thirds of the necessary money to carry the case to the supreme court and that in 10 days more he expected to have in the balance. Mr. Lehman said that half of the estate had been swallowed up in litigation. "Any person in the world law it till he dies if he can make the other side pay all the expenses, no matter what the result is. It is time that if they want to fight, to fight with their own ammunition. It is time that they appropriate their own property

"Durability is Better Than Show."

The wealth of the multi-millionaires is not equal to good health. Riches without health are a curse, and yet the rich, the middle classes and the poor alike have, in Hood's Sarsaparilla, a valuable assistant in getting and maintaining perfect health. It never disappoints.

Scrofula—"Three years ago our son, now eleven, had a serious case of scrofula and erysipelas with dreadful sores, discharging and itching constantly. He could not walk. Several physicians did not help for sixteen months. Three months' treatment with Hood's Sarsaparilla made him perfectly well. We are glad to tell others of it." Mrs. DAVID LAIRD, Ottawa, Kansas.

Nausea—"Vomiting spells, dizziness and prostration troubled me for years. Had neuralgia, grew weak and could not sleep. My age was against me, but Hood's Sarsaparilla cured me thoroughly. My weight increased from 125 to 143 pounds. I am the mother of nine children. Never felt so well and strong since I was married as I do now." Mrs. M. A. WATKINS, 1529 33d St., Washington, D. C.

Eczema—"We had to tie the hands of our two year old son on account of eczema on face and limbs. No medicine even helped until we used Hood's Sarsaparilla, which soon cured." Mrs. A. VAN WYCK, 123 Montgomery Street, Paterson, N. J.

Hood's Sarsaparilla Never Disappoints. Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

YPSILANTI LOCALS

Normal students were dismissed for their spring vacation today. The new team the fire department were to purchase proved unsatisfactory and were rejected. The memorial window to be put into the Congregational church in memory of Mrs. Higley, has arrived in the city. A special examination for clerk and carrier will be held May 6. Applications may be obtained from Mrs. Emma Randall. W. A. Fox, who has recently closed out his establishment, the Buffalo Fair, left last Friday for California. His wife has gone to Buffalo, N. Y. The Ypsilanti and Ann Arbor Homing Pigeon club held a meeting last Tuesday. They having lofts measured for flights of from one to six hundred miles. Mr. and Mrs. Charles Robinson, of Ypsilanti town, have left for Sitka Alaska, where Mr. Robinson has a government position as assistant expert metal clerk of Agriculture.

The next of the series of addresses by High School Alumni will be a talk on "Some Important Factors" by School Commissioner W. N. Lister. It will occur Friday, April 21, at 3 p. m. Wilford Crocker, formerly editor of the Ypsilanti Commercial, has been nominated mayor on the Republican ticket at his present home, Eaton Rapids. Good luck, Brother Crocker. Fred Anderson, who has been serving a three months' term in the county jail for being concerned in a stabbing affray in which William McCurdy received wounds which were indirectly the cause of his death, was released from custody last Saturday evening. Some enterprising individual appropriated a pair of borehound candy from the tobacco store of Math Stein, and after taking all but a quart of the contents left the pall in the street near the M. C. depot. It was found by Marshall Hixon and restored to the owner. M. T. Woodruff has sold the Sentinel to Clyde Francis, of Lake Odessa, Mich. Mr. Francis has already taken possession of the sheet and will issue it at the usual date this week. Mr. Woodruff will now devote his entire time and attention to his venture in Manistee. Mr. Woodruff has been connected with the Sentinel for many years, and his departure to new fields is learned of with regret.

Prussians Serve Twelve Years. Compulsory service has been in force in Prussia since 1817, and in 1871 it was extended to the whole of the empire, says Chambers' Journal. Every German, with exceptions similar to those in France, must serve twelve years in the army or navy. The term of service includes two years with the colors in the standing army (three years in the cavalry and artillery), four years in the reserve of the standing army, two years in the Landwehr and four in the Landsturm. On leaving the active army and passing into the reserves the men may be refused permission to emigrate during their first year of civil life. After the standing army has been recruited to its full strength each year, the surplus conscripts are enrolled in the Ersatztruppen and for twelve years undergo annual training. Until the age of 42 all Germans, whether they have served in the active army or only in the Ersatztruppen, are liable to be called upon to serve in the Landsturm. In the infantry, men of good education are allowed, under certain conditions, to purchase their discharge after one year's service.

There is no joy in this world equal to the happiness of motherhood. A woman's health is her dearest possession. Good looks, good times, happiness, love and its continuance depend on her health. Almost all of the sickness of women is traceable directly or indirectly to some derangement of the organs distinctly feminine. Troubles of this kind are often neglected because a very natural and proper modesty keeps women away from physicians, whose insistence upon examination and local treatment is generally as useless as it is common. Dr. Pierce's Favorite Prescription will do more for them than 99 doctors in 100. It will do more than the hundredth doctor can unless he prescribes it. It is a prescription of Dr. R. V. Pierce, who for 30 years has been chief consulting physician of the World's Dispensary and Invalid's Hotel at Buffalo New York. FOUND ON THE TRAIN.

"Well, well, it does seem kind of funny that this should happen again. I have come home the last five years on this 5:30 train, still nothing of this kind has ever occurred before until the last week. It's queer, but I'll advertise this one; maybe they are mates." He drew the other from his pocket and compared them. "They are a pair as sure as I am Granville Baker; same color, size, and all." He folded them and replaced them in his pocket, took the evening paper, and settled down to read.

Mr. Baker was a bachelor and resided in W— a suburb of Boston. He was a banker in the latter city, liked and respected by all who knew him. On two different occasions he had found on the train a glove which, after investigation, proved to be a pair. So he determined to find the owner.

In a few days, in the lost and found column, appeared: Found—On the 5:30 train to W—, a pair of gloves; owner can have by calling on G. W. Baker, 318 T— street, city.

The first morning a light-haired dandy arrived and asked in faltering tones if Mr. Baker was in. He smiled as he told her she was talking with that gentleman, but after questions were answered, the gloves still remained in his possession and the young lady left the office utterly disappointed.

The ad. remained in the paper over a week, yet the rightful owner had not put in an appearance, so he made up his mind to have it removed.

It was nearly time for closing as Granville Baker sat at his desk and took the gloves out of the drawer. "I guess I'll take them home as a souvenir," for, as he folded them it somehow brought to his mind bygone memories. "I wonder where she is now?" he mused. "Strange that I never meet her. Let me see, it is nearly 10 years since we parted. How foolish I was to believe such false stories, but it's past and gone now and I am the loser." He returned the gloves to his pocket, closed his desk, and prepared to leave, when a woman stepped to the door. "Is this Mr. Baker?" she asked.

"Yes, madam, but we're closed now," he replied, kindly, trying to see her face through the thick veil which concealed it. "I didn't come to deposit, but came in search of my gloves." "Ah, did you lose a pair—can you describe them?" "Certainly, sir; they were light gray, with pearl buttons." He drew them from his pocket and handed them to her. "Are they yours?" he asked slowly. She gazed into his face with a pitying glance and murmured: "Yes; thank you." Was it imagination or who did that look remind him of? He watched her as she left the office; then a feeling of remorse came over him as he seated himself in his chair and bowed his head. Why should the past come so vividly back again? Why should those gloves make him feel uncomfortable, and where had he seen that look, and why didn't he detain her a moment? but he paused and drew out his watch. "Only eight minutes to catch my train." He took his hat, but had gone only a few feet when he stopped. "Who was that I saw at the door? How I tremble. I am tired and nervous. It is gone now." He buttoned his coat up tightly and hastened to the depot.

As he took the train and started to peruse the paper his mind was too disturbed, so he laid it down and gazed at the passengers. Opposite him sat the face he had seen at the door; it dazed him as before. Where had he seen it? Carefully he studied every outline and noted every change of expression, until he was fully convinced; then he rose and took the seat beside her. "Beg pardon, but are you not Miss Wilmot?" She did not blush, but sighed as she laid her hand upon his arm and gazed earnestly into his face. "No, I am not Miss Wilmot now, but am still Grace. You judged me wrong years ago, but I know you have found out differently." She ceased speaking, for she saw the words had caused him pain. In a few minutes she began: "You remember how you sent me that letter of stinging rebuke? I never answered it because you accused me of so much. I went west with my father, and after he died I married for a home, but my husband was killed four years ago in Colorado, so now I have come east, hoping, perhaps, to right a cruel wrong." As she finished his heart was too full for utterance, so he pressed her hand, for he knew her face betokened a sad life.

She was a widow, alone in the world. He was a bachelor, nearing his fortieth year, but the old flame of love was rekindled, and as the train puffed out of W— it left behind it two happy hearts that had been separated for so many years. It is needless to say what took place, but now Mrs. Baker often smiles as she thinks of how her gloves intentionally restored to her a lost happiness.—Boston Post.

Jealousy Set Up as the Cause—All Three Cases Brought by One Attorney. The green-eyed monster of jealousy was the cause of three cases wherein decrees of divorce were granted inside of 20 minutes Saturday. It so happened that George Turnbull was the attorney in each of the cases. The first was that of Edward H. Hatch, of Ypsilanti, vs. Helen Hatch. The bill of complaint said that she paid too much attention to a man named Alger, and in 1895 was married to a man named Borbers at Morton's Corners, N. Y., without having been divorced. Judge Kinne severed their marriage relations. The next was the case of John W. Cappy vs. Alice E. Cappy. The couple lived in Chelsea and were married along back in 1878, John said that Alice was too fond of George Henning, and even paid his fine when he was arrested for being drunk. George had a habit of hanging around the house which was not much to the liking of John. It was decided that Alice had been extremely cruel, and John was made a single man again. The last case was that of Amy E. Sharp vs. James Sharp, of Sharon. They were married in 1896. The husband had accused her of being intimate with three men, while all the time she had been just what a faithful spouse should be. Finally the husband quit her and went to Minnesota. Judge Kinne gave her a decree also.

THREE COMMITTEES APPOINTED.

To Arrange For the Visit of the Legislature Tomorrow.

The general committee appointed by President Luick to take charge of the entertainment of the legislators on the occasion of their visit to this city tomorrow, met last Thursday evening, and Mayor Hiscock appointed the following sub-committees:

Finance—Walter C. Mack, H. S. Dean, Moses Seabolt, Arthur Brown. Transportation—F. M. Hamilton, Simon Dieterle, J. M. Robinson.

Entertainment—J. D. Ryan, John Koch, H. W. Douglas.

As the University cannot appropriate money for the purpose, it will be necessary for the citizens to raise sufficient funds to make the stay of the law makers pleasant while in the city. What is wanted is money to pay for their entertainment at the hotels instead of parcelling them out around in private houses.

W. C. T. U. NOTES.

The address given by Dr. Mary Wood-Allen at the W. C. T. U. meeting on last Thursday was both interesting and instructive. The speaker dwelt particularly upon the care of the baby. Even the baby has individual rights and should not be treated as a toy and plaything. Questions were asked by the mothers present, and everyone felt that the speaker was reliable authority upon the subject to which she has given years of thought and study. No wonder that Frances Willard selected her as world's superintendent of the purity department of the Woman's Christian Temperance Union.

The topic for the next meeting, April 13th, will be "Franchise and Legislation," conducted by Miss Emma Bower, superintendent of that department.

DO NOT BE FOOLED.

With the idea that any preparation your druggist may put up and try to sell you will purify your blood like Hood's Sarsaparilla. This medicine has a reputation—it has earned its record. It is prepared under the personal supervision of educated pharmacists who know the nature, quality and medicinal effect of all the ingredients used. Hood's Sarsaparilla absolutely cures all forms of blood disease when other medicines fail to do any good. It is the World's great Spring Medicine and the One True Blood Purifier.

SOUSA'S BAND.

All lovers of good music should not miss the opportunity of hearing the the greatest musical treat of the season which is Sousa's Band in grand concert at University Hall next Saturday eve. The Sousa Band is probably as near perfection as it is possible to reach with a wind orchestra; it is an organization of fifty of the most gifted performers on their respective instruments as well as the best played in the country. The Band will be assisted by Miss Maud Davies, soprano, and Miss Dorothy Hoyle, violinist.

Master Arthur Van Valkenburg has had the misfortune to lose his beautiful young St. Bernard dog "McKinley" for whom he was offered \$100, less than a week ago. The dog was poisoned.

Put Your Finger on Your Pulse. You feel the blood rushing along. But what kind of blood? That is the question. Is it pure blood or impure blood? If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood? Ayer's Sarsaparilla will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood. If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla. They cure constipation also. Write to our Doctors. Write them freely all the particulars in your case. You will receive a product reply, without cost. Address, DR. J. C. AYER, Lowell, Mass.

# IS YOUR BACK BREAKING?

Does it feel that way?  
It's a warning that your kidneys are giving—  
Help them!  
The kidneys need it, or they wouldn't ask so sharply for aid.  
Keep the kidneys right, and good health will always be your portion—

## KID-NE-OIDS

The modern, scientific, practical up-to-date medicine that banishes kidney backache, kidney ailments, sleeplessness and urinary disturbances in either adults or children.

The first dose of Kid-Ne-Oids works wonders—a week's trial will oftentimes cure mild cases—take a box or two and your kidney trouble will disappear.

Disordered kidneys are indicated by pains in the back, distress or fullness after eating, scanty or scalding urine, weakness and chills, pains in the loins, nervousness, sleeplessness, loss of vitality, swelling in limbs or body or both, and sediment in the urine.

Kid-Ne-Oids are in yellow tablet form—put up in boxes—sell for 50c a box at all drug stores—your druggist will tell you of cures they effected here at home—he will vouch for the truth of our every assertion.  
Morrow's Liver-lax cures constipation, biliousness, costiveness—they sell for 25c a box—at all drug stores.

A mass of rock estimated to weigh 100,000 tons fell from the cliff onto the buildings of the Bultery whirlpool rapids elevator and the tracks of the Gorge railway at Niagara Falls, N. Y., but fortunately no one was hurt. Traffic has been abandoned for the present.

John Blumenrother, of St. Joe, Fond du Lac county, Wis., who lived alone and was estimated to be worth anywhere from \$15,000 to \$20,000, was recently found murdered. The chests where the money was supposed to have been kept had been broken open and rifled. No clue.

For the month of March the U. S. treasury customs receipts amounted to about \$21,000,000, from internal revenue \$22,600,000, from miscellaneous sources over \$13,400,000, making a total of over \$57,000,000. Disbursements \$42,998,571, leaving a surplus of \$14,031,653.

It is learned on good authority that the American Steel & Wire Co. has secured control of the fire steamers of the Zenith Transit Co. The vessels sold are the steamers Queen City, Empire City, Zenith City, Superior City and Crescent City. They are all of the largest class, and the deal is the largest ever made on the great lakes. The five steamers are valued at upwards of \$1,000,000.

Newton Russell, of Grand Ledge, shook the ashes out of his pipe when he got ready to go to bed the other night and put it in his pocket. Then he took off his coat and hung it up, and had no more than turned his back when there was a subdued explosion, and he whirled around to find his coat in flames. After he put out the blaze he investigated and found that the hot pipe had come in contact with some chlorate of potash tablets in the pocket and caused an explosion.

The total number of victims of the Windsor hotel fire, in New York City, according to the latest report, is 45.

The Americans have won a sweeping victory over Aguinaldo's forces. The American loss was 100 killed and wounded, and the Filipinos between 200 and 300.

The latest report from Aguinaldo is to the effect that unless the Americans withdraw their forces within 20 days, he will lead his troops into Manila.

The American casualties for the three days' hard fighting was 52 killed and 211 wounded.

# Stopped Short of Insanity.

A young woman rescued in the nick of time from a fate more terrible than death. Her friends had despaired of saving her.

On the verge of insanity, Miss Hattie King, of Ithaca, N. Y., was checked in the course that was taking her rapidly to the grave, and restored to her friends in sound physical and mental health and regained happiness.

The change for the better in this charming young woman, not yet eighteen years old, is so great that when she reappeared in public her friends could hardly believe the evidence that their eyes clearly showed them.

Miss King became greatly weakened by a complication of physical troubles, and was looked upon by her friends and family as one doomed to early death.

Her stepfather, Charles M. Burnett, tells of her strange cure as follows: "Hattie first complained of dizziness, which steadily grew worse.

"She suffered with nausea and attacks of vomiting; could keep but little on her stomach.

"Kidney disease attacked her. She was pale, thin, and her blood, when a drop was drawn by the prick of a needle, was almost as colorless as water.

"Her heart was affected. She would frequently faint from the slight exertion of rising from bed or from a chair.

"She coughed continually, so that her friends feared she was consumptive.

"She lost flesh rapidly; would be confined to her bed for two or three weeks at a time.

"Her mind was affected. At times she

had no realization of what she was doing. "We feared she would have to be taken to an asylum for treatment.

"The best physicians and many proprietary medicines failed to do her any good. "We had read of wonderful cures by Dr. Williams' Pink Pills for Pale People, and at length decided to give them a trial.

"We purchased some at the drug store of White & Bordini, in Ithaca.

"Soon after she began taking the pills Hattie began to improve. First her headaches disappeared, then the attacks of dizziness ceased and the cough likewise disappeared. One after another the alarming symptoms left her.

"She gained steadily in weight and strength. The change for the better in body and mind is almost incredible. In all she has taken nine boxes of Dr. Williams' Pink Pills for Pale People, and now she is in perfect health."

Mr. Burnett swears to the accuracy of his account, formally, before C. R. Wolcott, a Notary Public.

When the blood is weakened and lacks the elements needed to build up new tissues, body and mind both suffer, as in the case of Miss King. All of the many diseases due to derangements of the blood and nervous system are cured by Dr. Williams' Pink Pills for Pale People. They supply in vegetable form the elements that are lacking, and restore perfect health.

All druggists sell Dr. Williams' Pink Pills for Pale People. One box for 50 cents, or six boxes for \$2.50.

## STATE LEGISLATURE.

What is to be known as the Dingley-Pearson inheritance tax bill is a measure that has been framed by the house committee on general taxation and reported favorable. It is substantially the same thing as each of two separate bills introduced by Dingley and Pearson, except that it places the handling of the tax in the hands of the auditor-general instead of the secretary of state. In brief the bill provides for a tax of 5 per cent on all legacies over \$5,000, except when it is left to a direct relative.

Maj. Buckingham, of Flint, has been named by the governor as a member of the state board of assessors under the Atkinson bill, and his name has been sent to the senate.

The appointment of Maj. Geo. W. Buckingham, of Flint, as a member of the state board of assessors, has been confirmed by the senate.

The senate has confirmed the appointment of H. J. Harvey, of Battle Creek, as a member of the state dental board.

Bills Signed by the Governor.

The following bills have been signed by the governor:

To amend act No. 448, local acts 1897, to revise and amend act incorporating Bay City, approved May 20, 1881, and May 29, 1887, to amend section 4 of act No. 448, local acts, 1897, being an act to amend and amend an act to incorporate Bay City, as approved March 29, 1881; to change the boundary of Potterville, Eaton county, by detaching certain territory and adding the same to the township of Benton; to provide for the purchase of books and equipments for the state library and the Michigan traveling library.

Amending the act providing for the formation of corporations for the purpose of owning, maintaining and improving lands and other property kept for the purpose of summer resorts or for ornament, recreation or amusement; to reincorporate the First Universalist society of Fairfield, for 30 years from Sept. 5, 1894, and making valid all acts of said society from Sept. 5, 1894 to Feb. 30, 1898; providing for inspection of illuminating oils, manufactured from petroleum or coal oils, repealing act 127 of the laws of 1878 and act 94 of the laws of 1883; amending the act under which the city of Ann Arbor is reincorporated and to revise the charter of said city; authorizing the formation of corporations for intellectual, scientific, aesthetic, spiritual, religious or liberal culture or inquiry, approved May 29, 1879; changing the date for holding annual election and school meeting for the township of Crystal Falls, Iron county; amending sec. 1, chapter 1, acts 16, laws 1885, being an act for the reorganization of the military forces of the state of Michigan; repealing the act to create a board of commissioners for the purpose of securing for use in certain common or private schools in the state, a uniform series of text books, to fix a maximum price to be charged for said books and to make an appropriation for carrying out provisions of said act; for the publication, printing and binding of 10,000 copies of the history of Michigan organizations, Chikamauga, Chattanooga, and Missionary Ridge, written by Capt. Chas. E. Belknap, and providing for distribution of same; authorizing the township of Burk Alger county, to borrow money for public improvements and to issue bonds therefor; to change the name of Frank Crawford to Frank Lull; making the president of the village of Ononago, Ontonagon county, vacating the village of Chase, Lake county; authorizing the Oak Grove cemetery association of Napoleon, Jackson county, to convey the cemetery to the board of health of Napoleon, to be used for maintaining a cemetery; detaching certain territory from the townships of Duffer, Ruyard and Pickford, in Chippewa county, and organizing the township of Kinross in said county; to amend the act providing for the appointment and fixing compensation and defining the duties of stenographer for the probate court for Lapeer county, and for the taking of testimony on examination of persons charged with criminal offenses in said county; amending an act to incorporate the city of Battle Creek.

## WAR NOTES.

The naval board of promotion, consisting of Rear-Admirals McNair, Howell and Howison, have completed and submitted its report. The report passes favorably on all the officers appointed, so that all questions of their advancement is removed. The list is as follows: Rear-Admirals George C. Remy, Norman H. Farquhar, John C. Watson, Henry B. Robson, Winfield S. Schley, Silas Casey, Wm. T. Sampson, Bartlett J. Cromwell, John W. Philip, Francis J. Higginson, Henry F. Pickering, Frederic Rodgers, Louis Kempff, Geo. W. Sumner. As Mr. Robson has retired, Capt. Benj. F. Day is made a rear-admiral.

Malolos, the insurgent capital, has been taken, and the rebels are now with Aguinaldo and his cabinet north of the capital. The American loss was 4 killed and 23 wounded. Before the insurgents retreated they applied the torch to their former capital. However, the city was not entirely destroyed. U. S. flags are flying and our troops are in full possession.

Capt. O'Neill, chief of the ordinance bureau of the navy department, has forwarded to the secretary for his approval a form of circular advertising for bids for armor for the battleship Maine and the four monitors authorized last spring and the three battleships and three armored cruisers authorized by the last naval appropriation bill.

Secretary Alger has reported a favorable condition of affairs in Cuba and has expressed the opinion that more troops than are now in the island will not be needed. After the volunteers are sent home, there will be 14 regiments with a total of 18,000 men in Cuba, making two regiments of regulars to each province.

The six additional mountain guns asked for by Gen. Otis a short time ago are now on their way to Manila. These guns are 3-pounders and can be taken anywhere that mules or men can go. Gen. Otis has eight of these guns, besides four 12-pounders of the Astor battery.

As soon as Gen. Otis achieves a decisive victory over Aguinaldo, the Philippine commission will issue a proclamation promising amnesty to all natives who lay down their arms and self-rule to those who recognize the sovereignty of the United States.

## REGARDLESS OF AGE.

The kidneys are responsible for more sickness, suffering, and deaths than any other organs of the body.

A majority of the ills afflicting people to-day is traceable to kidney trouble. It pervades all classes of society, in all climates, regardless of age, sex or condition.

The symptoms of kidney trouble are unmistakable, such as rheumatism, neuralgia, sleeplessness, pain or dull ache in the back, a desire to urinate often day or night, profuse or scanty supply.

Uric acid, or brick-dust deposit in urine are signs of clogged kidneys, causing poisoned and germ-filled blood. Sometimes the heart acts badly, and tube casts (wasting of the kidneys) are found in the urine, which if neglected will result in Bright's Disease, the most dangerous form of kidney trouble.

All these symptoms and conditions are promptly removed under the influence of Dr. Kilmer's Swamp-Root. It has a world wide reputation for its wonderful cures of the most distressing cases.

No one need be long without it as it is so easy to get at any drug store at fifty cents or one dollar. You can have a sample bottle of this wonderful discovery, Swamp-Root, and a book telling all about it, both sent to you absolutely free by mail. Send your address to Dr. Kilmer & Co., Binghamton, N. Y., and kindly mention that you read this liberal offer in The Register.

Every man in the combination is the ultimatum peumbra of beauty and grace. There are plenty of other Apollos there, plenty of them, but they can't sing. They just edit papers, run for office, or act as professors in the university.—Adrian Press.

The move to abolish the school of mines and mining at Houghton and consolidate with the University at Ann Arbor should be encouraged. Why should the people of the state be asked to contribute \$170,000 to this so called college when it could be as well attended to at the University.—Kalamazo Gazette.

Prof. Henry C. Adams, head of the department of Political Economy in the University, said last Thursday to a class that is studying the monopoly question: "A railroad manager is not and cannot be, from the nature of his business, an honest man. Poofs that are managed by the officers of the roads entering into them cannot succeed because railroad men will not trust each other. In forming trusts they virtually say to the trustee, 'We cannot trust each other, but we will trust you.'"

About 60 dental students went to Detroit last Tuesday to visit Park Davis & Co.'s laboratory and the Detroit colleges.

J. T. Kenney, of the firm of Kenny & Quintan, was called to Saginaw last Tuesday by the serious illness of his sister, Mrs. Edward Maloney.

The topic for discussion before the Business Men's Class of the Congregational church next Sunday, after the morning's service, is "Art, Its Rise, Progress and Influence Upon Christian Life." The subject will be introduced by Mrs. E. Perry.

One of the funny things of last Monday's election was the successful run of Wm. Campbell, of Pittsfield, for constable on the Democratic ticket. At the Republican caucus Mr. Campbell suggested that they give the Democrats a show by leaving the office of constable unfilled. The Democratic caucus reprobated by nominating Mr. Campbell. He is now constable of Pittsfield.

Jacob A. Polhemus has voted for 64 years in Washtenaw county, and during all that time has never missed an opportunity to exercise his elective franchise, no matter whether it was a national, state or municipal election. Last Monday he was brought down to the polls in a hack and cast his ballot as usual. It is quite a record. Who can beat it.

Norman Cowden, formerly of Delhi Mills but for the past few years a resident of Jackson, has resigned his position with the Withington and Cooley Implement Manufacturers, and accepted a position with the Oregon Short Line R. R. Co. as Steam Shovel Cranesman, with headquarters at Pocatello, Idaho. Mr. Cowden has many friends at his old home who with Jackson friends will sincerely regret his departure.

They are noisy but they are nice. Who would exchange the merry noise of children at play, for the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Dr. Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently. No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine. "I had been a sufferer from uterine troubles for about three years, and the doctors that I consulted said I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Evans, of Parsons, LaSalle co., Ia., Box 41. "When about to give up in despair I saw the advertisement of Dr. Pierce's medicine and thought I would give it a trial. I bought a bottle of Dr. Pierce's Favorite Prescription, and after taking it felt better than I had for years. Felt improved before I had taken one-half of the bottle. After taking four and a half bottles I gave birth to a bright baby girl who is now four months old and has not had a day of sickness. She is as bright as can be."

A woman's complexion often suffers because of poisonous accumulations in the system. Dr. Pierce's Pleasant Pellets remove these accumulations and cleanse the complexion. They regulate the stomach, liver and bowels.

NERVOUS DEPRESSION.

[A TALK WITH MRS. PINKHAM.] A woman with the blues is a very uncomfortable person. She is illogical, unhappy and frequently hysterical. The condition of the mind known as "the blues," nearly always, with women, results from diseased organs of generation. It is a source of wonder that in this age of advanced medical science, any person should still believe that mere force of will and determination will overcome depressed spirits and nervousness in women. These troubles are indications of disease. Every woman who doesn't understand her condition should write to Lynn, Mass., to Mrs. Pinkham for her advice. Her advice is thorough common sense, and is the counsel of a learned woman of great experience. Read the story of Mrs. F. S. BENNETT, Westphalia, Kansas, as told in the following letter: "DEAR MRS. PINKHAM—I have suffered for over two years with falling, enlargement and ulceration of the womb, and this spring, being in such a weakened condition, caused me to flow for nearly six months. Some time ago, urged by friends, I wrote to you for advice. After using the treatment which you advised for a short time, that terrible flow stopped. "I am now gaining strength and flesh, and have better health than I have had for the past ten years. I wish to say to all distressed, suffering women, do not suffer longer, when there is one so kind and willing to aid you."

PREVENTS BURIAL ALIVE.

New Arrangement of Grave Signals This Purpose.

Count Michael von Karnicki, the czar's chamberlain, has invented and perfected an exceedingly clever apparatus for the prevention of that bugbear of the nervous, a living burial.

To the lower end of the tube, which just enters the upper lid of the coffin, is fixed an india rubber ball, charged pretty fully with air, so that the slightest extra pressure upon it would cause a discharge of air upward through the tube and thereby release the lid of the box, which springs open at the slightest pressure.

Count Karnicki, it may be added, is firmly convinced that thousands of persons are buried alive every year in a state of lethargy.

Poetry Was Too Much For Him.

Col. N. O. Borders, the genial claim agent of the Burlington in Missouri, once paid a claim for a "death loss" without investigation of the facts. It happened a good many years ago and he doesn't speak of it very often for fear he might induce other "attorneys for the plaintiff" to resort to similar tactics.

Sweet Day.

Beloved, have they days on high As sweet as this sweet earthly day? Are there such winds and such a sky, And such a dame of almond, say?

TOM HALL'S LUCK.

Tom Hall, had "got religion." There was no doubt about it. The news was public property in the pretentious little Nevada town, and as a sensation it was a decided success.

Now, Tom, if the truth were known, had never considered himself a great sinner, and it was doubtful if he was filled with any penitence at all for his past life.

One Sunday the pastor announced that it was desirable that the church be provided with a new organ. He proposed that the fund for this purpose be realized in a way novel to that locality at least.

The following night he astonished the players at Donovan's faro tables by walking into the place and dropping into his old seat.

"Backslidin'" said Jim Heffner, the lookout, apparently to himself. Tom was seemingly oblivious to these and other remarks.

The king was immediately copped for a large stack of chips. At the same time he judiciously placed a large number of bets on different cards, for he saw a disposition on the part of the other players to "follow" him, and he wanted no assistance in his laudable endeavor to "bust the bank."

multed his Bible without making any effort to conceal it. He had just read from Ezra, chapter vii., verse 3: "And let the foundations thereof be strongly laid, the height thereof three-score laid, the height breadth thereof three-score cubits. 4. With three rows of great stones."

The organ that is used in the little white church on the hill today is one of the sights of the town, and strangers are even asked if they have seen it. It is said to have cost several thousand dollars.
