ATTEMPTS TO SECURE OVER \$2000 UNEARNED NALARY.

law provided was appointed and held hall and State street. its first meeting and organized, electing Mr. Butterfield, of this city, secretary on or about the last day of March. Just a week later Mr. Butterfield handed into the state auditor's office bills for the salary for each of the three members of the board of assessors and for his own salary, from January 15 to board and \$358 for himself, amounting to over \$2000 in all. This action has stirred up a storm of adverse criticism every paper we have seen, both Repubscathing manner. Here are what some of the papers are saying:

DETROIT FREE PRESS. Lansing, Mich., April 8.—Secretary O. E. Butterfield, of the board of assessors created by the Atkinson rail-road taxation law, was here today, and unfolded a nice proposition to take upwards of \$2,000 out of the state treasury Rutterfield asked the auditor-general to draw an order for the salaries of the assessors, but was referred to the board of state auditors who, under the law are required to audit the claims for

salaries and expenses of the assessors. Butterfield made a claim for the salaries of Oakman, Buckingham, Horton and himselt from Jan. 15 to April 1. In the case of the assessors the claim quaintance with the jurors the defend-amounts to \$625 each, and in his own ant would be placed under a personal case to \$358. The claim is somewhat of a stunner, in view of the fact that the Atkinson bill has not been passed month and that the assessors have not been confirmed more than two weeks at the outside. Butterfield was selected as secretary of the board one been confirmed.

It is claimed that the members of the

WILL BEAUTIFY THE CAMPUS.

Conrad & Jones, of West Grove, Pa.,

STATE BOARD OF TAX ASSESSORS Over 500 Canna Plants To Be Set Out-Also Many Varieties Of Roses.

the largest growers of cannas and roses in America, have arranged, through Dr. Schlotterbeck of the pharmaceutical department of the University of Michigan, to make a large floral display on the campus the coming summer. Over 500 canna plants, comprising ten of the finest and most expensive varieties, have already arrived in Ann Arbor A Bad Break for the Pingree Admin and will be set out as soon as the weathistration-State Press without Ex- er permits. These, with fifty hardy ception Severely Criticising the At- shrubs, such as roses, spiraeas, althatempt of the Board to Grab Pay for eas, etc., will be placed in four large Three Months Before They Were circular beds. The largest of these twenty-two feet in diameter, will be in On January 15 the Atkinson equal front of the library building. A second taxation bill was introduced in the twenty feet in diameter, will be in front legislature. This passed both houses of Tappan hall; and the other two, and became a law March 15. The which will be each seventeen feet in board of assessors for which the diameter, will be between University

ASK FOR CHANGE.

MOTION FOR CHANGE OF VENUE IN JUDSON CASES.

March 31, \$625 for each member of the Parties Do Not Believe They Can Secure Justice in Washtenaw,-Reasons Why the Change is Asked.

Three motions have been made for a all over the state. Without exception change of venue in three well known cases to take the trial of the causes out lican and Democratic, has condemned of this county and into Livingstone or the action of the board in the most Jackson county. The cases are Lester Canfield vs. G. Frank Allmendinger, libel: Selby A. Moran vs. William Judson and Lester A. Canfield, false imprisoument; and William Judson vs. Selby A.'Moran, libel. The motions are made by John W. Bennett, attorney for Mr. Allmendinger, and Randall & Jones, attorneys for Mr. Moran.

In the Canfield vs. Allmendinger case the attorney for the defendant sets forth (1) that Canfield has been for several years past a deputy sheriff of Washtenaw under Sheriff Judson and had charge of the several juries, and by reason of his intimate personal acant would be placed under a personal disadvantage in a trial of said cause by a jury in this county; (2) The plaintiff has threatened the defendant's witnesses with personal violence in case they should appear and testify against week ago, and Oakman has not even him in regard to the levy upon the personal property of Francis Parker, and has since the commencement of board are entitled to compensation and has since the commencement of from January 15 because the law says the suit constantly exerted himself to intimidate plaintiff's witnesses and preof the cause.

SENATORS FAVOR MOVE.

TO BRING SCHOOL OF MINES TO ANN ARBOR.

Declare That University People Did Not Suggest The Plan-Logic Of Situations, They Say Demands The

LANSING, Mich., April 7 .- The movement to remove the college of mines to the University and to use the present college buildings at Houghton for Normal school purposes has not been abandoned because of the action of the house in making an appropriation for a normal school at Marquette. One-half of the senators are openly in favor of making the change. Five are inclined to think the plan a good one, although they are not prepared to definitely announce themselves. The 16 senators who will vote for removal are Blakeslee, Brown, Collingwood, Flood, Giddings, Graham, Helme, Loomis, Lyon, Monaghan, Potter, Sayre, Sheldon, Stoll, Wagner and Baker. The doubtful senators are Ward, Atwood, Humphrey, Milliken and A. G. Smith.

Gov. Pingree says: "I believe it should be done. It's a good thing and will save the taxpayers a lot of money. Those copper fellows talk about paying taxes, but they don't pay any more than they have to, you bet, and not near as much as they ought to. They don't pay on anything like their real valuation. but the farmers down here are taxed on everything they own, and if they don't come up with the cash the collector takes a cow."

The senators who favor removal insist that neither the regents nor faculty of the University have ever said a word directly or indirectly that could be construed as a wish to have the college at Ann Arbor. The former say the entire movement is based on the logic of the situation, it being the only sensible and economical thing to do. They submit that the best answer to the upper peninsula claim that a student of mining engineering can be educated at Houghton in one-fourth the time that he could be at the University, and that he could not be properly educated at the latter place at all, is the fact at the Columbia College of Mines, the best institution of its kind in the world, the course is but four years and the college is situated in the heart of New York city.

A STEADY GROWTH.

ttendance This Year at U. of M. Nearly 3,200.-Fitty-nine Per Cent From

The attention of the visiting Michigan legislature last week was called to vent them from testifying to the truth the following statistics showing the enrollment of students at the University of Michigan for the collegiate year 1898-9 taken from advance sheets of the University calendar:

Literary department	1,200
Engineering department	245
Medical department	445
Law department	765
Pharmaceutical department	
Homeopathic department	
Dental deportment	234
10.77	
Total	3,123
Deduct for names counted more	
than once	64

Literary department.....204 ed in 1898-9 in some de-partment of the University......102— 133

Grand total3,192 The enrollment of Michigan students is as follows: Literary department 980; engineering department, 172; medical department, 215; law department, 285; pharmaceutical department, 58; homeopathic department, 44; dental department, 146; summer schools, 64. Total (deducting 5 for names counted twice

Illinois is 328, from Ohio 199, from Indiana 113.

Of the total enrollment of students at the University of Michigan the present year, 1,869, or about 59 per cent are from the state of Michigan.

TAKEN TO GRAND RAPIDS.

The following is of interest here:

Grand Rapids, Mich., April 5.-The bodies of John Van Breda and Fred Riddle, soldiers who died in Porto Rico were buried for the second time this afternoon, with fitting military honors. A double funeral was held at the Fountain st. Baptist church, which was crowded with local volunteers and members of the G. A. R., and they escorted the remains to the cemetery, where a bugle was blown and a volley fired over the grave. Riddle's wife is employed as a domestic in Fort Wayne. Detroit, and was unable to be present on account of illness.

Fred Riddle was employed at the Ferguson road cart factory in this city for three years. At the outbreak of the war he enlisted from Grand Rapids and died in Porto Rico.

WAR NOTES,

A special from Manila announces the death of Gen. Montenegro, who was the most aggressive, and, next to Aguinaldo, the most influential, of the insurgent leaders. The announcement was made by the pacificos who recently arrived in Manila that Gen. Montenegro died in battle. Gen. Antonio Montenegro, the Filipino leader and assistant to Aguinaldo, was generally feared by his troops owing to the severity of his discipline. Many of his subordinate officers have been executed at his command on the charge of untrustworthiness.

Gens. Lawton and King recently launched an expedition of three gunboats, with 1,500 picked men in canoes, in tow of the gunboats. The object of the expedition is to cross the lake, capture Santa Cruz and sweep the country to the south. The expedition, which embarked at San Pedro Macati, consisted of eight companies of the 14th infantry, three companies of the 4th cavalry, four of the North Dakota volunteers, four of the Idaho volunteers, two mountain guns and 200 sharpshooters of the 14th infantry.

the local newspapers revive the rumor dianapolis by hanging. that Gen. Ludlow is to be transferred from Havana to the Philippines, and that Gen. Lee is to be made the head of the new Occidental department. Gen. Lee's appointment would be an excellent one from a political point of view, No cause for the tragedy is given. for he has the cordial friendship of ings of the Cuban character.

much more serious proportions. In our from Cebu. many arrests in the neighborhood of Sancti Spiritus, including the principal leaders, the number of outlaws is increasing instead of diminishing. The gendarmes are practically worthless unless they are with American troops.

Gen. Lawton succeeded in raising the American flag over Santa Cruz after a spirited conflict in which six Americans were wounded. The native forces, commanded by a Chinese, was driven into mountains, after having 68 slain, a large number wounded and captured. An American general has expressed the opinion that 100,000 men would now be necessary to crush the rebellion.

L. P. Mitchell, assistant comptroller of the treasury, in a decision rendered holds that while the marine corps cannot be understood to be a part of the navy for all purposes, the officers and enlisted men of the corps who were appointed or enlisted therein for the war only, and were honorably discharged, are entitled to the extra pay granted by the act of March 3, 1898.

The strike on the United railroads in Havana is assuming a serious character. The number of strikers has been increased to 1,600. The company has advertised for men to take the strikers' places. Commercial and personal interests are suffering and it is declared that the strikers will prevent new men from working. If disorders occur the military authorities will interfere.

The United States cruiser Charleston, which has been cruising along the west coast of Luzon to the north, sent a boat in shore near Dagupan the other day to make soundings. The rebels opened fire, wounded a United States officer. The cruiser thereupon bombarded the town, the insurgents evacuating it.

Killed by Dynamife.

The wife and daughter of John Carrington, farmer living about eight miles east of Veedersburg, Ind., were killed by a dynamite explosion, which wrecked their house. Carrington had placed about 75 pounds of dynamite under the stove to thaw it. He went out to prepare to use the explosive, when it exploded and blew the house to ruins. The little girl was instantly killed and Mrs Carrington lived but a short time.

Another Disastrous New York Fire. As a result of a big fire in the wealthiest resident portion of New York City, 13 people were cremated and many thousands of dollars worth of property went up in smoke. The fires were in the homes of Wallace C. Andrews and Albert J. Adams. The former and his wife were victims of the disaster, having perished in each other's arms. It is supposed that the cause of the fire was an explosion of gas.

Racial War in Hawail.

News has been received of a racial battle between the Japanese and Chinese laborers on the Kahuku plantation, in Hawaii. The Chinese were taken entirely unawares. The Japanese wielded spiked clubs, knives and axes, and before the Chinese could make any resistance three of their men were killed and a dozen or more seriously wounded, some fatally, and about 40 slightly.

Stephen J. Field Dead.

CATARRHOF THE STOMACM.

Pleasant, Simple, Safe but Effectual

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or

bloated sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the lungs and heart and difficult breathing; headache, fickle appetite, nervousness and a general played out and languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of stomach could be seen it would show a slimy inflamed condition.

The cure for this common and obstinate disease is found in a treatment which causes the food to be readily and to write us regarding our thoroughly digested before it has time special proposition for the to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and healthy di gestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson the safest and best treatment is to use after each meal a tablet composed of Diastrse, Aseptic Pepsin, a little Nux. Golden Seal and fruit acids.

These tablets can now be found at all lrug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine, can be used with perect safety and assurance that healthy appetite and thorough digestion will ollow their regular use after meals.

Mr. N. J. Booher' of 2710 Dearborn St Chicago, Ill. writes; "Catarrh is a ocal condition resulting from a negected cold in the head whereby the ining membrane of the nose becomes offamed and the poisonous discharge herefrom, passing backinto the throa eaches the stomach, thus producing atarrh of the stomach. Medical au thorities prescribed for me three year for catarrh of the stomach without cure but today I am the happiest of mer after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my goo feeling. I have found flesh, appetit. and sound rest from their use.

Stuart's Dyspepsia Tablets is the afest preparation as well as the simelest and most convenient remedy for my form of indigestion, catarrh of the tomach, biliousness, sour stomach eartburn and bloating after meals,

A Whole Regiment of News Items From Michigan Towns

CAPTURED FOR BRIEF READING.

Wheat was Damaged Much More in the Southern Counties Than in the Northern During the Cold Weather of February and March - Other Items.

Crop Report for April.

The Michigan crop report for April, says that the extremely cold weather in February was followed by peculiar and exceedingly disagreeable weather in March. While the temperature for the month has not been lower than usual, yet the conditions have not been at all favorable to crops. There has been more or less precipitation all through the month, but this has not benefitted wheat much, as the snow was either blown away or melted nearly as soon as it fell. There has been much freezing and thawing, especially during the first half of the month. This has caused many fields to be covered with water, or partly so at least, which was unable to settle away, as the ground was frozen to a great depth. In answer to the question "Has wheat during March suffered injury from any cause?" 305 correspondents in the southern counties answer "yes" and 106 "no;" in the central counties 73 answer "yes" and 93 "no;" in the northern counties 17 answer "yes" and 42 "no;" in the upper peninsula all correspondents agree that wheat has not been damaged during the month.

A Pin in a Man 19 Years.

Nineteen years ago Ara L. V. D. Cook, whose home is in Howell, swallowed a pin. As Mr. Cook was only 6 years of age at that time and his digestive apparatus refused to respond readily to this foreign substance, the pin remained intact within Mr. Cook. As the years rolled by he could occasionally feel a tickling sensation and finally a lump the size of an egg formed on his body. Of late years he suffered acute pain and decided that an operation would relieve him. The operation for appendicitis was performed at Harper hospital, Detroit, recently and the pin that had been in his body for nearly a score of years was removed. Cook is rapidly improving.

Upper Peninsula Out in the Cold. Officers of the 34th Michigan volunteers, who reside in the upper peninsula, are asking where they come in on the proposed reorganization of the Michigan National Guard as outlined in the plan of the state military board. Calumet has always been one of the best towns in the state as far as the National Guard is concerned. Regimental headquarters have been there since the time when the Fifth regiment of the state troops was first organized.

New Paper Mill.

About the middle of this month work will begin on the construction of another large paper mill at Quinnesec, Dickinson county, and when that is completed the paper manufacturing plant at that place will be one of the largest in the country. The new mill, together with improvements to be made on those already there, means the outlay of several hundred thousand dollars and the employment of many men.

Running Short of Fodder.

This late spring is coming hard on farmers who did not have an unusually large amount of fodder laid away last fall. A great many who supposed they would have more than enough to carry them through have already run short on account of the lateness of the season, and it will be some weeks yet before the pastures will be in condition to turn stock into them.

IS IT CURABLES

A Question Often Asked By Those Afflicted With Piles.

Is a strained joint curable? Is local inflamation curable? Of course, if properly treated. So are piles.

People become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment and naturally discourages them by telling them that their case is hopeless.

They in turn discourage others and thus a disease that might in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflamation and stops the aching or itching at once.

Thousands who have resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure-in a number of instances persons who have spent months in a hospital under a pile specialist.

It is a remedy that none need fear to apply even to the worst aggravated. swollen and inflamed hemorrhiodal

If you are afflicted with this stubborn disease you can master it and master it quickly.

This remedy if no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co., Marshall, Mich.

Druggists sell it at 50 cents per box It is fast becoming the most popular pile cure the country has ever known and druggists everywhere are ordering it for their customers.

THURSDAY, APRIL 13, 1899.

MAYOR Luick has decided not to announce his appointments until May 1 This may mean that there will be a number of changes from the slate already published.

IF the vast body of University students did not greatly profit by what Govenor Roosevelt said in his speech in University Hall Tuesday students are made of different material than we have always supposed they were.

THE effort that is being made to have several of the streets regularly and properly sprinkled is a commendable one. Proper work done in street sprinkling adds wonderfully to people's comfort during the summer months.

THE REGISTER has frequently heard expressions of wonder why it was that such an affinity existed between Judson and Butterfield. Late developments have dispelled all cause for further curiosity in this respect. Mr. Butterfields course at Lansing as secretary of the state board of assessors has made clear several things one of which is that he is a man after Judson's own

IF the report that comes from Chelsea is true that the Glazier Stove Works is not only to remain at Chelsea but are also to be greatly enlarged our neighbors are to be congratulated. The steady employment of a large force of men and the families dependent on them add materially to the prosperity of a town. Ann Arbor would do well to make a stronger effort than it does to secure the benefits of a few large factories.

JUDGING from the anathemas that are being hurled from all over the state at the state board of Pingree tax assessors and its secretary because of their back salary grabbing propensities, one must almost conclude that these fellows, if not robbers, are certainly very thrifty. Ann Arbor may commiserate itself that it has one fellow who is a shade worse than the aforesaid mentioned honorable gentlemen. We refer to the miserable whelp who, last Saturday night "held up" and robbed the little newsboy, Harry Kuhn, of seventy-nine cents, all the little fellow had in the world,

The Prisoner of Zenda.

Daniel Frohman will present his excellent company here at the Athen's Theatre on Friday, April 14, in a great scenic production of the great New York Lyceum Theatre success. "The Prisoner of Zenda." This play has attracted more attention and drawn larger audiences than any other which years, and it is compliance with repeated requests for it from out of town managers that it has been decided to present it for the coming year.

The secret of its success lies in the fact that, while it is modern and up to date, the action is full of romance and picturesqueness. We find a modern 19th century English gentlemen imbued with all the spirit and dash of a hero of the middle ages, and we are held spellbound by the spell of intrigue and plot and counterplot, which would have done credit to the pen of Dumas when he depicts the stirring events transpiring in the reign of a Medici or a Valois-

What Cures Itching Piles? Steketee's Worm Destroyer.

It is not itching piles that ails you or your child. It is the troublesome pin worm, and no salve or doctor can cure you. Steketee's worm destroyer is the only sure cure. that their term of office shall begin or that date. It is argued, however, that the legislature never intended that the issessors should receive pay for severa nonths before the passage of the law. and members of the legislature who are bere express surprise that any such claim for salary should be made. vide for the payment of salaries back to Jan. 15 they could make them payable for twenty years, and that if the law provides for such payment it is

Secretary Butterfield says he does not expect to open an office in Lansing, but will do his work at his office in Ann Arbor. He thinks the Supreme Court will not pass upon the constituionality of the Atkinson law in its de cision in the telephone case, and that is the question is determined it must be brought about by another proceeding

EVENING NEWS.

Lansing, Mich., April 10.—Clerk Commons, of the board of state audi ors, declines to stand for Secretary Butterfield treasury raid on behalf of the board of railroad assessors, and as the conversation between them and Butterfield took place in the presence of a witness. Commons thinks he can prove his case. He says that Butter field simply asked him how to make out his bill, and then had him figure the compensation of each assessor Then Butterfield made out a bill in the name of one of the assessors for one month's pay, but immediately announced his "error" and proceeded to make out new bills for three months pay for each assessor and himself.

Commons insists that Butterfield said nothing whatever to him about the sation for, and this is borne out by the writer's letter to Commons today, in which he cays: "If you had suggested that it might be objectionable to claim salaries for the members of the board rom Jan. 15, I should most certainly not have done it,"

Commons says that if he were to suggest to state officials that they cu their bills when presented he would probably have to take his meals standing most of the time.

DETROIT FREE PRESS.

Lansing, Mich , April 10 .- (From Staff Correspondent.)—The squabble over the demand of Secretary Butter field upon the state board of auditors for three months' pay for the state board of assessors, including himself, is nct done with, and some hot passages at arms are being indulged in by the parties to the ruction. The members of the board of assessors having refus ed to sanction Butterfield's demand, the young Ann Arborite sought to shift the responsibility on S. A. Commons, clerk of the state board of auditors. The latter is not inclined to take the blame for the attempte hold-up of the treasury, and has given out the following correspondence on the matter which explains itself:

Ann Arbor, April 8, 1899. Samuel A. Commons, Secretary Board

of Auditors, Lansing, Mich. My Dear Sir:—I natice by the morning paper that the newspaper men think I did something wrong in your office yesterday. I thought I acted almost entirely upon your dictation and suggestion, and I beg to assure you and the board of auditors that I had no has held the boards during the last ten intention of asking for anything for years, and it is compliance with repeatwhich the law did not fully warrant.

If you had suggested that it might be objectionable to claim the salaries for the members of the board from Jan uary 15 I should most certainly not have done it without consulting the members of the board of assessors themselves.

Very respectfully yours, O. E. BUTTERFIELD.

O. E. Butterfield, Secretary State Board of Assessors, Ann Arbor, Mich.

Dear Sir-Your letter of the 8th instant is at hand in which you state that you thought you acted almost en-tirely at my dictation and suggestion in making out the bills for salary of the members of the state board of assessors and yourself as secretary, and that if I had suggested that such a course was objectionable you would not have presented the bill without consulting the members of the state board of

The statement that I dictated and suggested presenting bills for three months' salary is entirely incorrect. When you called at this office on the 7th instant, I informed you, at your request, as to the time of presenting bills for monthly allowance, the

Grain-o Brings Relief

to the coffee drinker, Coffee is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, igestion and strengthens the nerves.

15 and 25 cents per package. Br. Bull's Cough Syrup is a True riend to all suffering with coughs or colds. This reliable remedy never disappoints. It will care a cold in one day and costs but 25 cts.

People say Hood's Sarsaparilla cures successful use. when all other preparations fail to do any good, and you run no risk in giving book, "Before Baby is Born," sent free any good, and you run no risk in giving

method of payment, signing of receipts and mailing of checks; and further at ward for any case of Catarrh that can-not be cured by Hall's Catarrh Cure. salary of assessors would be \$208 33; whereupon you immediately made out \$208.33%, but laid it aside with the remark that you should put in the amount for three months, which you at once did, making three bills for the assessors and one for yourself—all for three months' salary. I then took the nils and informed you that they

would be acted upon at the next meeting of the board, which is April 26.
As to my suggesting that such a course might be objectionable, I would gladly have given you my private opinon if you had asked it; in fact, my quarters in Lansing, and that all the private opinion as to the propriety of books, papers, files and other documents one only was about the only thing you did not ask on that occasion. Further han this, it was a reasonable presumpion that you had some idea of what office. The act furthermore specificalwas proper in the matter, being secre- ly states that the secretary shall devote ary of the state board of assessors. addition to this, the business of the clerk of the board of state auditors is to receive all bills presented and lay them before the board, and not to presume to tell people what their business s, especially when he is not asked. In view of all which it would have been made an attache to the auditor-gener-presumptuous in the extreme for me to al's department, and the chances are have offered anything on this point.

Mr. Jesse Carmichael, of the land ommissioners' office, was in the office of the board of state auditors when you Ann Arbor. vere here, and will no doubt gladly inswer any inquiries you might make as to what transpired.

Inasmuch as this matter has reached ne public press, I take the liberty to Now Have Day Set When the 31st resent this correspondence through he same channel.

In addition I have also mailed a copy f your letter of the 8th instant and o his letter to each member of the state ourd of assessors.

S. A. COMMONS, Clerk Board of State Auditors, Lansing, April 10, 1899.

It is given out there that Assessors have been placed before the people of ne state through Butterfield's actions n demanding three months' pay when office less than two weeks, and there has been a warm time in the Pingree amp over the matter. The Butterappointment was made, as has been customary, in the Pingree regime. The assessors themselves had very litle to say about it. The young Ann Arbor lawyer was selected for the place by Col. E. R. Sutton and Wm. Judson oss of Washtenaw county. He got the ittle heard of in public matters, and when the assessors got their places they were told to give Butterfield the ecretaryship, though the young man and no special fitness for handling tax matters.

As a result the assessors are not in lined to feel lenient toward Butterield after his break as to back salary. and it is understood that they feel very auch like demanding his resignation In fact, it is known that only the gov-ernor's objection prevents his dis-

It had been the secret hope of the assessors that sooner or later the legisature would see that it had made the salary of the assessors too small when the figure was placed at \$2,500 a year and that the amount would be raised to 5,000. But after the break made

The sick man knocking at the door of ealth gets in if he knocks the righ vay, and, stays out if he dosen't. Ther are thousands of ways of getting sick but only one way to get well. Do whatever you will, if you do not put your ligestion in good order, and make your rich and pure, you will not ge Rich, pure blood is the onl thing that can bring perfect health Constipation is a disease of the blood A large part of all diseases are traceable directly to impurities in the blood, and can be cured by eliminating them with Dr. Pierce's Golden Medical Discovery The first thing it does is to put the whole digestive system in perfect order. I stimulates the appetite, excites a copi ous secretion of the digestive fluids and promotes assimililation. It searches out the disease germs wherever the be, kills them and forces them out o the 'system. The 'Golden Medica Discovery' has been used with unvarying success for over 30 years.

Give the Children a Drink called Grain-O. It is a delicious, appetizing, nurishing food drink to take the place of coffee. When properly prepared it tastes like the finest coffee but s free from all its injurious properties Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about I as much as coffee, 15 and 25c. at grocers.

Or Give Up Ills Office As Secretary Of sor-That Is The Littmatum May Se Compelled To Accept.

A Lausing dispatch states that Secretary Butterheld, of the state board of railway assessors, is likely to have a rude awakening. He informed Auditor-General Dix Saturday that he proposed to keep his office as secretary in Ann Arbor. The law provides that the auci tor-general shall furnish the board with of the board shall constitute a portion of the records of the auditor-general's his entire time to the duties of his office and that in addition to his work in connection with the board, he shall perform such other duties as the auditor-general shall prescribe. In other words, he is made an attache to the auditor-generthat he will find it convenient to change his mind about spending his time in

VERY LATEST REPORT.

Will Leave Cuba-Co. A. Should be Given a Great Reception.

April 15 is the date now set for the 31st Michigan to leave Cuba to be mustered out. This early movement means that they will get to Savanah before the quarantine regulations of that port go into effect.

It might be well if the citizens would Suckingham, Horton and Oakman do take an early opportunity of appointing not at all relisa the light in which they the proper committees to welcome back the returning boys of Co. A. They should be accorded a grand reception he assessors have been actually in and ample arrangements should be made for the great event. Ann Arbor should not be caught in the same way Wyandotte was. The Wyandotte company got home before the citizens had time or cared to take time, to make any demonstration in its honor.

Beware of Food Samples.

Quite recently in New York two deaths occurred from poisoning by the use of powders sent to the victims by mail. In Leavenworth, Kans, the other day nearly every doctor in town was called to attend the children who had gathered up, eaten and been made ill by samples of an article left at houses by canvassers for advertising purposes.

Alum baking powders have always been favorite articles for this sampling business. Yet there is nothing more liable to lead to danger than the practice of using the various samples of baking powder left at the door. They are presented by irresponcible parties, in appearance are not distinguishable from arsenic, and indeed in Indiana Butterfield any hope that the salaries from arsenic, and indeed in Indiana would be raised is dispelled, and the some time since one package was found done by their young clerk. housewife to have been mixed with that poison.

It is safer to refuse all samples of food or medicine offered at the door. Pure cream of tartar baking powders sell upon their merits, and are never peddled or sampled.

JIM AND THE CHICKEN.

Eating His Own Fowl.

Saturday night City Clerk Harkins hunted all over town for a nice chicken to take home for a Sunday dinner. He finally secured one to his liking, and on his way home dropped into Shetterley's barber shop for a shave. He laid the chicken down and when it came his turn seated himself in the barber's chair. After he had been separated from his whiskers, it was suggested to him not to hurry home but to wait and partake of a nice chicken lunch that would be served in about an hour. Jim was ready for that kind of a lay-out and proceeded to work up an appetite. Finally the cooked chicken was brought in and Jim fell to with the rest of the judgement, increased the political

"How do you like it?" inquired one. "It's the worst I ever saw. Tougher than the Bowery in New York. The entire Democratic ticket except register street car company ought to get this of deeds; that since the members of chicken and use it for bumpers. Who picked out this bird, anyway? "You did."

"I did? Well, I guess not," replied the newly elected city clerk.

"You have got another guess," said the man next to him.

Jim commenced to suspect something and looked around for the chicken Judson or anti-Judson. which was going to serve him on the following day.

It was gone. Zim then tumbled to Washtenaw Times. the fact that during the time he was in the barber's chair they had taken his Sunday dinner out and got it cooked for a lunch. He didn't say a word but as he was going down stairs be heard such an assortment of crowing and cackling from the crowd upstairs that it made him think that he had just escaped from a poultry farm.

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of Chat H. Fletcher.

The Ills of Children.

The State Hourd Of Hall Road Asses- Dr. Hartman offers his advice to parents on the treatment of coughs and colds.

to guard against colds. Nearly all the ills of children begin with

taking cold. If your child catches cold don't wait a moment before attacking that cold. To the ignorance or neglect of parents is due

> plaints. If you are not informed as to the proper course to pursue to drive off a child's cold, write to Dr. Hartman, president of the Surgical Hotel, Columbus, O., for advice, and ask for some of his free books which contain the most pertinent facts about colds and coughs and all catarrhaldiseases.

> Pe-ru-na, Dr. Hartman's great prescription, is wholly vegetable. It wards off colds entirely if taken at the beginning in proper doses. It breaks up settled colds quickly; it is scientific and safe; there is no mystery about it. Dr. Hartman's books tell just how it acts and why. All druggists sell it.

Mrs. C. T. Rogers, Elgin, Ill., says: Dr. S. B. Hartman, Columbus, O.

DEAR SIR:—"Your medicine saved my baby's life. We stopped all treat-ment but yours, and now he is a beautiful boy. It was certainly a miracle." Mrs. Becking, East Toledo, O.,

writes to the Pe-ru-na Medicine Co.: DEAR SIRS:-" Pe-ru-na is the best medicine I ever had in my house. My children had a bad cough, and one of them had the lung fever. I cured them all with Pe-ru-na.

Proper knowledge of the treatment of coughs and colds is of the first importance to parents. This knowledge is offered free. All catarrhal diseases succumb to Pe-ru-na.

ASK FOR CHANGE,

[Sontinued from first page.]

3. That Canfield has frequently urged upon the people of the county his innocence of any wrong doing in the matter of the levy and that Allmendinger was actuated by corrupt and improper motives in making the charges against him (Canfield.)

4. That the plaintiff's action is but one of a series of suits and counter suits arising out of an open and bitter contest and struggle between certain factions of one of the political parties of the county; that Canfield and Judson are interested in six suits growing out of the factional fight; that Canfield has done his utmost to excite a bitter quarrel in the party; that he has exerted himself to weaken Allmendinger's influence among his friends and to create a strong prejudice in his own favor.

5. That Canfield and Judson have many personal followers throughout the county and they have employed every means to stir up contentions in the party, and at the present time the entire community has taken sides upon the question and the public mind has become inflamed, and that the factional fight is so intense that it will be impossible to obtain an impartial trial. And that if an impartial jury was obverdict impossible or highly improb- three handsome rolled gold B able.

Then follow the affidavits of Mr. Barkins Invited To A Chicken Lunch Allmendinger, which is supported by -Later Discovered That He Was another from A. J. Sawyer, who swears to the feeling aroused in the community over the factional fight and gives clippings from Ann Arbor papers.

Mr. Sawyer's affidavit sets forth tha at the time of the election of Judson in 1896, Washtenaw county was Republican; that after the election Judson began a course of political management of his office and of the Republican party which engendered strife; that his reelection had been opposed by many Republicans and that he only pulled through with a plurality of 67; that 'this stinging rebuke thus administered by the Republican party to the political methods and management of the said Judson did not decrease but, in my difficulties and widened the breach between the factions"; that the feelings resulted in 1898 in the election of the the Republican party are divided upon the line of Judson and anti-Judson; that for this reason it will be impossible to get a panel of jurors that does not have a number who have been delegates to some one of the Judson conventions, so called, and have taken a determined stand upon the question of

GOT HIS DOLLAR.

After Walting 30 Years-City Charter to be Amended-Lust Acts of Old

The old common council gave a sort of dying grasp last Thursday night before its demise which took place Monday afternoon after the alder-men sat as a board of review on the opening of Catherine st. There was not a very large crowd present at the death-bed scene but in the audiesce President Luick discovered Presidentelect Seaboit and Assessor-elect Selyer, whom he invited to occupy seats on either side of the throne; Clerk-elect Harkins was asked to see if his legs would fit under Mills' table, and Alderlect Rhode was invited to see how he was suited with the chair at the third ward table. No complaints were heard from Mt, Harkins or Mr. Rhode, and it is to be presumed that they were well satisfied with the furniture.

Of the old aldermen, Messrs. Exinger, Brown and Spathelf were absent, and Aldermen-elect Gross and Bliton were not present to see the machine in action.

There was no report at the mayor's veto on the matter of purchasing the gravel pit, and it was laid over until the next meeting.

The clerk reported that there were a number of petitions, but as this was the last meeting of the present council no committees would be appointed, and he would have them for the new council to wrestle with.

Patrick O'Hearn's estate was granted the full month's pay of \$88 34 for last month owing to the fact that the late assessor had finished up the work of the year before he died, with exception of legalizing the opening of Catherine st., which service John R. Miner performed. The council would settle with Mr. Miner later.

Chief Sweet reported the following arrests for March: drunk,7; vagrant, 1; violation of city ordinance, 4; gambling rooms, 2; drunkard and tippler, 1.

Dr. D. M. Cowie, city physician, sent in the following communication; "Gentlemen: An increase of professional relieved of city work. I do not wish to the management of Otto Barto. be considered a candidate for the position in May. I take the opportunity to make the public, as a number of aldermen have the impression that my name will appear. I wish to thank the council for the interest they have shown and for the aid they have given the office during the past two years. Kindly accept this as my resignation:'

Ald. Cady: moved "That the city attorney be directed to prepare an amendment to the city charter extending the time for the payment of paving bonds to 10 years."

Mr. Cady said that Mr. Belser had said that bonds running to 10 years would be taken up at only 3 per cent interest. The present bonds draw 5 per cent. The motion was carried unanimously.

Upon motion of Ald. Stevens the city engineer was instructed to furnish the sidewalk grades for Dewey Ave.

Upon motion of Ald. Cady, the presiexpenditure not to exceed \$50.

The council then resolved Itself into former years. a board of Review and canvassed the vote of the recent election.

Upon motion of Ald. Cady the city of Ann Arbor was instructed to get a gold dollar and pay off Mayor Hiscock for

his years work.' It was found that Christian Eberbach who was mayor in 1868 had never received his dollar and he was ordered paid without interest.

After listening to a speech from Ald. Cady the council, adjourned sine die.

Saline Stirred Up Over the Matter. Gebhardt Leaves With a Nice Sum of Money, Some Suspect Foul Play,

of Bernard Gebhart, whose disappearance caused such a sensation here, has been reported. Gebhart was to return town, besides having used about \$800 of the money of J. C. Frank, his fatherin- law, and having given several notes with indorsers.

John Fritz, while half the merchants Gebbardt became the most talked-of ity of 4. man in town, and all were willing to do him favors. With his new father in-

and an orchestra from Detroit.

Cakes Without Eggs.

Observing housekeepers quickly learn that Dr. Price's Cream Baking Powder is far superior to all other brands from the fact that its use always insures the finest, daintiest and most wholesome pastry, and if they wish to be economical they can dispense entirely with eggs and use a much less quantity of butter for shortening purposes. The advantage is not alone the saving effected, but the avoiding of trouble and the frequent difficulty in securing eggs that are fresh.

Cakes of every kind from the informal Griddle to the stately Bride Cake can be made with

Dr. Price's Cream Baking Powder

thus insuring their being light and delicious. When used in Griddle Cakes they can be produced in the shortest space of time and are always tender and delicious, and may be eaten hot with impunity by dyspeptics and persons with weak digestions. Cakes of other kinds made with Dr. Price's remain moist and sweet for a much longer time than if any other baking powder is used.

Nothing so decisively settles the superiority of Dr Price's over all other baking powers as the bestowal upon it of the Highest Medal and Diploma by the World's Columbian Exposition (Chicago, '93) and Special Gold Medal and Diploma by the Califor winter International Exposition (San Francis

HARRISON SOULE, HEMAN WOODS, WM. WAGNER,

A BARON'S ESTATE.

Webster People Interested in the Outcome of the Case.

George Reade, son of the late Sir John Reade, of Webster, is a baronet by right of inheritance, and there is a long story of how he was cheated out of his estates in England by being a few days too late in filing his claim. There is now a sequel to the story.

When Sir John Reade, whose property was so fixed that he could not dispose of it, died, the maintenance of his widow, which was allowed from the English estates at \$1,000 a year, continued to come until last September, when they ceased.

The estate in England is valued at £8,000, or \$40,000. At her death it will go to her heirs if the estate is settled

George Merril, of Webster, has been the guardian for Mrs. Reade, and when the payments of the allowance ceased ne wrote to England to find out about it. He ascertained that George Reade, the son, had been there and had secured his appointment as one of the original trustees, the Englsh authorities writing that they had sent the money to "Sir George." He refuses to turn the money over to Mr. Merrill.

Mrs. Reade is now very sick and is liable to die most any time. The other heirs fear that the English courts who do not seem to pay any attention to the probate courts in this case, undoubtedly because they consider Sir George a baron, will send the entire

\$40,000 to George in case of her death. They are now trying to devise some means of getting the money into the proper channels.

BINGLE MEALS, 500. UP TO DATE CAFES

The Nichols-Shepard

Nothing that helps to make a perfect road and thresher engine has been left out or slighted in the construction of the Nichols-Shepard Traction Engine. Everything has been done that science, skill and experience could suggest to add to its effectiveness, power, durability and safety from explosion and fire. The boiler is of the very best selected steel, thoroughly well made and provided with every approved safety appliance. The fire-box is surrounded by water-top, bottom and sides. The draft-damper is so made that sparks and ashes can't drop out, and the smoke-stack is fitted with patent bonnet and spark-arrester. Every part is strong, durable and is thoroughly tested.

Detailed descriptions and many illustrations of the Nichols-Shepard Traction Engine and of the Nichols-Shepard Separator and other threshing machinery are contained in large catalog-mailed free.

HOTEL OR HOME?

The following is one of my experiences in hotel life:

At the close of a long journey, upon a warm evening, I alight d from an omnibus in a little side street of a small town, before an unpretentious, two story building, where I had been informed my room had been secured. It was with a little sinking of heart that I thought of spending several days, including a Sabbath, in this hotel. As I entered the hall, the clerk met me and showed me into a bright, and cheery little parlor, glowing with light and warmth, and furnished with easy chairs, scattered about in home-like disarray. The proprietor immediately came in, and as I make known my name, he said with an air of friendly greeting, "Oh yes, we were expecting ou; your room is ready and supper is waiting." It was almost with a feeling of having arrived been as a guest at the home of a friend, that I ascended to my room. Here a new surprise awaited me. This certainly was not a hotel chamber, but the chamber of some private family. There were pic- made less like a hotel. tures upon the walls, a scarf covered the bureau, there was a beautiful embroidered pin-cushion upon 1t, with a few other toilet accessories; there was a white muslin splasher back of the wash portion of which was to be used on the stand, a little shelf with an embroidline from Ann Arbor to Ypsilanti, and ered lamberquin, upon the wall, upon which stood some articles of bric-abrac; a silk crazy-quilt was thrown over the foot of the bed; there were comfortable chairs, with tidies upon them, and a neat little table with books, Ower Merideth's Lucille, Whittier's poems, held Wednesday afternoon, was largely and Livingston's Adventures in Africa. This was unlike any hotel experience I ever had. When I descended to the supper room, the other guests had departed, and I soon found myself seated at the table with the proprietor and his wife. She was a bright faced, cheery, pretty woman of thirty-five, who seemed

> about Mary's cute little baby. After supper I sat down in the inviting-looking little parlor, and the hostess, with her big white apron on, came in, and insisted that I should take an easier chair. After a few moments entertain a plain looking woman, who sat in the parlor, waiting for train One True Blood Purifier. time. So, I was made to feel that the attentions were not given to me as an individual, but were such as were extended to all guests of the house.

to take me right into their home life,

and was soon chatting away blithely

By invitation of the hostess, I looked through the sleeping rooms of the hotel, and found in each one of them, some touch of feminine grace and decoration, which gave them a home-like

I thought I had sounded all the resources of this establishment, but a new surprise awaited me with the Mrs. George Beeman, of Lyndon, a son. | Sunday dinner. As I took my place at the table, I was surprised to find before me a tiny little boquet of fragrant of colors for cotton. pinks, with a little of the delicate green leaves of the smilax with them, silver paper, and with them a pin for John McCurdy, the oldest Michigan attaching the flowers to the dress. I when exposed to the sunlight.

> its walls. On Sunday evening I saw a tapel of his coat, sitting at the piano, softly playing over the Gospel Hymns; and another one, decorated in like manner, sitting at the table looking odor over the photographs and autographs over the photographs and autographs When these symptoms are present, of authors, lecturers and musicians' no time should be lost in removing the some who have left their names and their faces as voluntary contributions woman who is the heart and soul of this establishment, and then I wondered if she knew how much of a missionary she was; and I wondered, too, if those young men were in their own homes, if their mother or sister would have made for them a button-hole boquet, or would have sat down in the home parlor so cheery and bright, and have held them in its warmth, brightness and purity by the magic of their and book telling all about it, both eent sweet, womanly attractiveness. sweet, womanly attractiveness.

FOR SCROF

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many two-called purifiers and tonics because some-thing more than a mere tonic is required. S.S.S.

is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint. The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can

not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated giandular awellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be larged and and are more than the state of the state

which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific-

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S. S.; nothing can take its place.

Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company. Atlanta, Georgia. Swift Specific Company, Atlanta, Georgia.

The experience of these few days revealed not only how a hotel can be made a home, but how a home may be made attractive. And I have written it in the hope that to others it may be a revelation of how a home may be

A CARD.

Ann Arbor, Mich. We, the undersigned, agree to re-fund the money on a fifty cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a twenty-five cent bottle to prove satisfactory or no pay. GOODYEAR DRUG CO. A. E. MUMMERY.

Whereas, default has been made in the ayment of the money secured by a mortage dated the second day of October 1893

on Friday, the 14th day of April ext at one o'clock in the afternoon of that

ction fifteen, in town one south of rang n east, in the Township of Salem Count, ashtenaw and State of Michigan, ted January 4th 1899.

MARSHALL SOPP AND MARIE SOPP, Assignees of Mortgage

The coal prospectors at Williamston have discovered a three-foot vein of excellent coal at a depth of 80 feet. and the work of putting down a shaft and starting actual mining operations will begin immediately.

Ole M. Olson, a prominent business man of Big Rapids, mistook a carbolic acid bottle for a water bottle at a drug store and drank quite freely of the deadly poison before he discovered his mistake. He died a few minutes later.

The following day after the Pollock. Pettibone & Chapman fire in Detroit, McNaughton & Walker, general commission merchants, suffered a fire loss of \$10,000. Fortunately no lives were lost, but one or two narrow escapes

St. Johns people are again agitating the question of a new opera house, something the village has needed badly since the loss of the old one by fire several years ago. The present scheme is to raise the money necessary by popular subscriptions.

The iron companies at Ishpeming will fight the strikers and have notified them that they would hire entirely new crews. About 2,000 men are affected and trouble is feared if new men are imported. Non-union men are joining the union.

Ontonagon people see the chance of their lives to place that long-slumbering village again on its feet, and will make a united effort to secure the location there of the stamp mills of the numerous new mines which are being

opened up in the county.

Lyman Gillmore, of Ridgeway, who is past 80 years of age and has been totally blind for the past 10 years, has lately recovered his sight, and can now distinguish objects some distance

The contract for building the Copper Range railroad through the Ontonagon district, has been let to C. E. Loss, of Chicago, and as soon as the snow is off work will be commenced in

At Stevensville there exists several cases of scarlet fever, several bad cases of diphtheria and the measles prevails in half of the homes of the village. Schools and churches are closed for the present.

Mrs. Joseph Kay, who had her hus band arrested at Jackson on a charge of adultery has withdrew the com plaint. The couple have kissed and made up, and are again living together

The village of White Pigeon, Constantine and Centreville are soon to be connected by a new telephone line with an exchange in each of the three places. The line will be an independent one.

Rogers City is the largest place in the state to discover "the finest marl beds in the country" right within half a mile of the county court house, and wants some one to locate a cement factory there.

The common council at Pontiac has granted a 30-year franchise to the men who propose to build an electric railroad from Orion to that city, and has given them 10 days in which to accept the franchise.

The dam at the Clare roller mills on the Tobacco river was recently carried away by the water forming an eddy below while being drawn through the wasteway. The dam was built last season at a cost of \$3,000.

Phineas T. Binns, a citizen of Buch anan for the past 50 years, undertook to wash the skylight in his living rooms over a store building, when the staging gave way and he fell to the floor, a distance of 10 feet. His neck was broken and his skull crushed.

He lived about an hour. Insurance Commissioner Campbell was at Saginaw recently investigating the affairs of the Home Security Life association. He found them in bad shape. The company now has 300 policy holders and owes them \$39,000, with available assets not to exceed

\$10,000. Allen and John McOmerf two hustling young business men of Hastings, have been convicted of burglary. Allen gets two years at Jackson and a fine of \$500, and John was let off with six months and \$500 fine. The boys had been carrying on their burglary operations for more than a year.

A Running Fight.

HOW A NOTORIOUS GUERILLA BAND WAS FOUGHT.

A Veteran of the First Missouri Cavalry Relates Incidents of Skirmishes with Quantrell's Bushwackers.

From the Evening News, Detroit, Mich.

The well known employe of Detroit, Michigan, Board of Public Works, Joseph B. Myers, living at 177 Fort Street, west, is an important member of the Grand Army of Veterans, and recently had a remarkable experience.

Comrade Myers enlisted at Edinburg, Mo., in 1862, and served during the war in the southwest, and was discharged at St. Louis, Mo., in 1865. He was a member of Co. K. First Missouri Cavalry, 14th A. C. Western army, commanded by General Burnside, and later by Gen. Eads. He participated in the battles of Springfield, Sea's Ford and all the principal battles through Missouri.

For months the First Missouri Cavalry followed the notorious Guerilla Quantrell and his band of bushwackers. Searcely aday

followed the notorious Guerilla Quantrell and his band of bushwackers. Searcely aday passed but what there was a running fight.

For nearly six weeks Comrade Myers was in the saddle constantly. It was a campaign of strategy and endurance, as both sides were well mounted. Night and day it was fight and skirmishes and the men were prostrated for weeks after Quantrell was driven from the State. Many times the command rode all night to cut off his retreat and fought all day. The men slept and ate in their saddles during this campaiga, and were glad when they were relieved.

Medical Discovery. It never fails to help. In ninety-eight cases out of one help. In ninety-eight cases out of one hundred it never fails to cure. Never mind about the symptoms. Obstinate cough, bleeding of the lungs, spitting of blood, emaciation, night-sweats, condi-tions which if neglected or unskillfully treated terminate in consumption, have

Sick persons are invited to consult Dr. R. V. Pierce by letter, absolutely without fee or charge. Every letter is regarded as sacredly confidential. Each answer is mailed in a plain envelope. Address Dr. R. V. Pierce, Invalids' Hotel and Surgi-

"My wife was taken sick in August, 1897," writes Wm. Huelbig, Esq., of Benton, Franklin Co., Ills. "The doctors and neighbors pronounced her trouble consumption. I had two physicians but they did not do much good. She coughed night and day; could not lie down for coughing and she got down very low. I thought she never could be cured. Then I got four bottles of Dr. Pierce's Golden Medical Discovery and she took all of it and is attribute.

A LIVING WITNESS.

Mrs. Hoffman Describes How Sha Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM:-Before using your Vegetable Compound I was a great sufferer. I have been sick for months, was troubled with severe pain in both sides of abdomen, sore feeling

in lower part of bowels, also suffered with dizziness, headache, and could not sleep. wrote you a letter describing my case and asking your advice. You replied telling me just what to do. I

followed your directions, and cannot praise your medicine enough for what it has done for me. Many thanks to you for your advice. Lydia E. Pinkham's Vegetable Compound has cured me, and I will recommend it to my friends.—Mrs. FLORENCE R. HOFFMAN, 512 Roland St., Canton, O.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on with their daily tasks disregarding the urgent warnings until overtaken by

actual collapse.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometimes past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

WHAT "ALABASTINE" IS. Alabastine is a durable and natural coating for walls and ceilings. It is entirely different from all "kalso-mine" preparations. Alabastine comes in white or twelve beautiful tints, and is ready for use by the simple addition of water. The latest make is adapted to mix with cold water. It is put up in dry powder form in five-pound packages, with full directions on every package. Alabastine has no equal as a wall coating. It is hand-some, cleanly and permanent. It can be re-coated and retinted at slight expense. Its merits have made it popular. Prudent people coat their walls with pure, porous, permanent Ala-bastine, which is retinted with but little trouble or expense, is purifying and sweet-smelling, and fills cracks. Paint dealers and druggists sell Alabastine and furnish card of tints. A free copy of paper, "Alabastine Era," may be had by sending a postal to the Alabastine Co., Grand Rapids, Mich.
