ANN ARBOR, MICHIGAN, THURSDAY, JUNE 1, 1899.

WHOLE NO. 1275

## MYSTERY CLEARED UP.

### BODY OF BISCHOFF FOUND IN JOSLYN LAKE.

Was Drowned Six Months Ago—Many Believed He Had Not been Drowned.

Since last November one of the most mysterious disappearances ever reported in this county came from Bridge-water.

On Nov. 17, 1898, at dusk, Lewis Bischoff Albert Westphal Wm. Sanders and George Glotts, who had been hunting during the day, started to cross Joslyn lake in a boat against a brisk wind. The load was all the little skiff could carry and it dipped water more or less. Bischoff, who was said to be the worst for liquor, sat in the middle of the boat. A few rods from the shore Bischoff became restless in his sitting posture and rose to his feet, thus rocking the boat and causing it to dip still more. The men spoke to him to sit down, but he would not. Finally one of them, with an oar, struck him across the rump, whereupon he said, "I'll give you all the water you want," and stepped upon the edge of the boat, thus capsizing it, and sprang into the lake. It was a cold windy night and the men were heavily dressed and with rubber boots, and were in poor swimming condition. They scattered, but soon after, with the exception of Bischoff, all swam and drifted to a sand bar a few rods distant. The boat was righted and they pursued their journey to the shore, where they summoned assistance and with lanterns searched the banks, but with no rescue or trace of the missing companion. The lake was dragged by men hopeful of getting some trace, but only the three guns, Bischoff's hat and one mitten were found. News was sent to his father who lives in New York, and the surprising answer came back that there was not water enough in the lake to drown the son. Many looked upon the affair as a most peculiar one, and with some there always has been a lingering thought whether the man was in the lake or not, and if not, had he any purpose in view when he tipped the boat.

Last Friday afternoon a boy was fishing on the lake and came across the body floating near the surface. A portion of the head was above the water and it was seen that a part of the nose was gone, but the rest of the countenance looked as presentable as might be expected after the body had been in the water over half a year. The body was badly bloated.

The boy immediately rowed to the shore and reported his discovery. Sheriff Gillen and Coroner Watts were notified Friday and went to the scene.

Coroner Watts held the inquest last Saturday and the body of Bischoff was identified. It was ordered to be immediately buried as it was in a bad state of decomposition.

## A HOMOEOPATHIC HOSPITAL

### WILL THE CITY GIVE A SITE FOR IT?

That is the Question the Council will be Asked to Settle—Felch Park Proposed.

A meeting was held in the probate office last Friday evening and the following gentlemen were present: Mayor Luick, C. E. Hiscock, S. W. Beakes, Ald. Bliton, Ald. Stevens, Ald. Richards, Ald. Hamilton, Ald. Coon, T. J. Keech, L. J. Liesmer, Dr. Copeland, Dr. Hinsdale, Dr. Dewey, Dr. Kinyon, Dr. Ball, Harris Ball, A. H. Holmes, W. H. Butler, L. D. Carr, E. S. Gilmore, J. D. Ryan, E. F. Mills, Ottmar Eberbach, H. J. Brown, A. J. Sawyer, H. W. Newkirk, P. J. Lehman, Robt. Campbell, W. J. Booth, Titus Hutzel.

They decided to ask the Ann Arbor common council in order to show the appreciation of what the legislature had done in passing the one-fourth mill tax bill to donate a site for a new homeopathic medical building the same to be erected out of a portion of the annual proceeds coming to the University.

There are two sites available for the homeopathic college. One is the Winshell property on N. University ave. which is held at \$17,000. The other is the Smith property just off Washtenaw ave. This is held at \$20,000 but it has the advantage of having a house on the five acres of ground and the house can be utilized for a home for the nurses. If the council decides to adopt the resolution it is possible that what is known as Felch park may be donated if there are no legal difficulties in the way. If not they may have to fall back on one of the above pieces of land,

## MIGHT HAVE BEEN MORE SERIOUS.

Saloon Keeper Seyfried Cut with a Razor—Now a Man by Name of Simons will have to Answer to a Serious Charge.

Last Saturday evening about 10 o'clock a gang of colored boys, having an overdose of intoxicants entered the saloon of Christain Seyfried, on Ashley st., and created quite a disturbance. Mr. Seyfried endeavored to quell it and razors and revolvers became in evidence. It is asserted that Wm. Simons (colored) struck Seyfried on the nose and cut him in the arm with a razor. The wound is not a very serious one, but the crime, if it can be proven, will be so.

Monday morning Simons was arrested on a charge of assault with intent to do great bodily harm less than the crime of murder. He was brought before Justice Duffy and his examination was set for next Monday. On account of not being able to furnish bail he was placed in jail.

## THROUGH ANOTHER'S SHORTCOMINGS.

WAS DR. A. K. HALE DRIVEN INTO BANKRUPTCY.

Made the Victim of a N. Y. Law that Causes Him to Lose Every Dollar he is Worth—Went into Voluntary Bankruptcy and Will Start in Anew.

Dr. A. Kent Hale, treasurer of the Ann Arbor Water Co., made a formal application a little over a week ago to be adjudged a bankrupt, under the new national bankruptcy law. Upon the proper showing he was so adjudged, and Harlow P. Davock, referee in bankruptcy for the eastern district of Michigan, southern division, was appointed to take charge of the further proceedings. The adjudication occurred on May 20. The referee has further called the first meeting of creditors for June 13 at 1:30 p. m. at 90 Moffat building, Detroit. At this time the creditors are expected to prove their claims, appoint a trustee and examine the bankrupt.

The necessity for this action on the part of Dr. Hale arises from no fault of his own, but as a result of the most harassing and peculiar circumstances. Dr. Hale was a director when he came to Ann Arbor of a furniture manufacturing company at his old home in Adams, N. Y., holding something like \$8,000 worth of not very valuable stock. A state law in New York requires the secretary of similar companies to make report to the secretary of state of the business during the year. If these reports are not filed as required, the directors become individually responsible for the firm's liabilities.

John Sinclair, the secretary or other official charged with making these reports, disobeyed the law and the directors have some enormous bills to pay. Sinclair himself found a legal way to avoid the financial ruin his own acts had courted. Dr. Hale, as a responsible director of the now defunct manufacturing company, has outstanding against him—including a few minor debts—between \$60,000 and \$70,000. He desires to free himself from this overhanging cloud, and to start out again with clear books. He surrenders every cent of his property to this end.

Dr. Hale has some \$1,500 worth of stock in the Ann Arbor Water Co., but this is held by a creditor as collateral for a note of a still larger amount, and therefore does not enter into the present voluntary settlement. The doctor has many friends here who regret his temporary embarrassment, and hope for a speedy clearing away of the same.

## A NARROW ESCAPE.

Mrs. Leonard of E. Ann Street, Falls Twelve Feet—Was Considerably Bruised but had no Bones Broken.

Mrs. Leonard, who lives over Shaw's bicycle store on Ann st., had a wonderful escape from a fatal accident Sunday. She started to go down the back steps leading from the second story. The boards were decayed and gave way. She fell to the ground, a distance of 12 feet. Dr. Cowie was summoned and ascertained that not even a bone was broken, although, she was very badly bruised about the ankles and arms and was suffering considerable pain.

## LOST HALF OF HER STOMACH

### A DIFFICULT SURGICAL OPERATION.

Half of a Woman's Stomach Cut Away—Is Recovering From The Operation.

A very rare and most difficult operation was performed at the University hospital last Thursday by Dr. Nancrede assisted by Drs. Darling and Spitzley.

Mrs. Bunce, of Dundee, was brought here for treatment. She was suffering from a cancer of the stomach. After a thorough diagnosis, the medical authorities came to the conclusion that the only possible chance for the prolongation of her life was a repetition of the famous case—the entire removal of the stomach.

The only authentic case of total extirpation of the stomach in a human being is given in the New York Medical Record, Dec. 25, 1897. The operation was performed by Dr. Charles Schlatter, of the University of Zurich, Switzerland, on Sept. 6, 1897, but the patient only lived a year. In this case a slit had been made at the esophagus or opening into the stomach, and another at the duodenum, or the commencement of the first of the small intestines, and the stomach removed. The extremities were then joined together with difficulty. The patient experienced everything just as if the stomach had not been removed. Even vomiting was experienced. It then became an established medical fact that the stomach was not a vital organ and that its functions had been much overrated.

When the surgeons in the present case commenced the operation last Thursday it was thought that the famous operation would have to be duplicated, but upon making an opening into the abdomen it was seen that really only the lower half (the half nearest the small intestines) was affected by the cancer. A slit was made at the beginning of the small intestine, which severed the stomach from it. The half of the stomach affected was then cut off and all of the large opening thus made was sewed together, except a place just large enough for the small intestines to be joined. This small intestine was brought over and sewed to the opening left. Then the abdomen was sewed up again, and so far the patient seems to be doing nicely and is likely to entirely recover.

As was stated above, the cases of this kind are extremely rare, and it takes the most skillful "knife" to perform the difficult operation.

A more detailed account of the case was asked for by Dr. Nancrede, but he absolutely refused to talk except to give out the bare statement that the operation was performed. He gave as his reason for his silence—"medical ethics."

## THE ACTUAL SITUATION.

IN REFERENCE TO DEAN HUTCHINS LEAVING THE U. OF M.

Has Decided Not to Go to Iowa—Sent Word to That Effect Monday—Could Have Had Presidency of Iowa State University Had He Wanted It.

THE REGISTER had an opportunity yesterday to interview a gentleman from Iowa who is in a position to speak authoritatively as to the feeling of the Regents of the Iowa State University in regard to the presidency of that institution. The gentleman said: I am intimately associated in business with one of the Regents of our state university, and in a conversation with him a few days ago, I learned just how matters stood. The gentleman said that the Regents, while they had not made Prof. Hutchins a formal proposition, were ready to do so at any time should Dean Hutchins indicate a willingness to accept. They are at present waiting for Prof. Hutchins to decide whether or not he will accept the call should it be tendered him. He stated that the professor was considering the matter and would decide one way or the other in the near future. This he said is the actual state of affairs at the present time and it will doubtless be decided soon whether or not the U. of M. will be able to retain one of its very strongest men.

THE REGISTER called upon Prof. Hutchins yesterday afternoon and explained what it had heard. The Professor stated he had the day before notified the authorities of the Iowa State University that he had decided not to consider further the question of taking up the work in Iowa. This finally settles the matter, and Prof. Hutchins will remain in charge of the Law School here.

H. Wilson, of Chelsea, was in the city Monday.

## FOUR DEATHS IN EIGHT HOURS.

That Was The Record Last Sunday Evening and Early Monday Morning.

Between 6 p. m. Sunday and 2 a. m. Monday four deaths occurred in this city, and by a very strange coincidence three of them happened about the same hour Sunday, while the fourth was at 2 o'clock Monday morning. They are as follows:

Stephen T. Smith, son of John and Mary Smith, 808 Kingsley st., died at 6 p. m. Sunday evening. The funeral took place Monday morning at 10 o'clock at St. Patrick's church, Northfield. Cause of death consumption.

The second was that of Mrs. Elizabeth Redder, mother of Mrs. Shaw; died Sunday evening at 6 o'clock at 281 Church st. The home of the deceased is in North Dakota.

The third was that of Miss Caroline Everest, died at 507 S. Division st., at 6 o'clock Sunday evening. The funeral services were held at the house yesterday at 4 p. m.

The last was that of William T. Harris, junior medic, and a member of the Phi Rho Sigma fraternity. The remains were taken to Kalamazoo for burial. Cause of death, tuberculosis meningitis.

## TAKES A NEW TACK

To Get Possession of 20 Acres of Land Which He Claims He is Entitled to.

Along back in 1877 Mr. and Mrs. Jas. Waugh, who lived in York on 40 acres of land, wrote to Harry Webster, a step-son of Mrs. Waugh, stating that they were getting old. There was an \$800 mortgage on the place. An agreement was made with Webster whereby he was to take care of them and pay off the mortgage. Then at their death he was to have the place. They finally deeded him 20 acres of the land.

Webster went to work, paid off the mortgage and took care of the old people and the place. He was given a land contract whereby at the death of both Mr. and Mrs. Waugh the administrator was to give him a deed of the place but this contract was signed only by Mr. Waugh.

Mr. Waugh died in '92 and Mrs. Waugh in '97. Then the other heirs refused to have the remaining 20 acres deeded to Webster. The latter filed a bill in the circuit court for the specific performance of the contract. It was allowed and an appeal was taken to the supreme court. It was decided that the land was a homestead and in as much as Mrs. Waugh did not join in signing the contract it was invalid.

Then he filed a claim for \$2,000 and asked for a revival of the commission on claims. Testimony was heard in the probate court last Friday.

## RUNS UP AGAINST INJUNCTIONS.

The Ypsilanti Electric Line has its Share of Experience of this Sort.—Two New Ones Recently Served.

No electric line was ever yet started that did not have to run up against some injunction suits, but some way when the courts get at them they are quickly dissolved.

The Ypsilanti & Saline electric railway, of which A. P. Glover and E. W. Hemphill are the promoters, are making a choice collection of injunction suits, but there are no fears but that the road will be built notwithstanding the continual delays.

John Sutherland, of Pittsfield, says his house is only 40 feet away from the proposed track, and this track runs so close to the fence that he cannot hitch between the track and his house, and he thinks his land has depreciated five hundred dollars, at least he says so in his bill of complaint. He was given a temporary injunction.

Jacob Aray and Martha Day, who live in the same township, make a similar complaint to Sutherland's. But they have got a cider mill within 20 feet of the proposed track and this cider mill grinds out 1,500 barrels of juice a year. They say that teams cannot very well cross the track and bring in the crop of apples. They were given a document just like Sutherland's.

## Congressman Botkin's Statement

WASHINGTON, D.C., April 1, 1898.  
 Dr. S. B. Hartman, Columbus, O.  
 MY DEAR DOCTOR:—It gives me pleasure to certify to the excellent curative qualities of your medicines:

Hon. J. D. BOTKIN,  
 Congressman-at-Large from Kansas.

Pe-ru-na and Man-a-lin. I have been afflicted, more or less, for a quarter of a century with catarrh of the stomach and constipation; a residence in Washington has increased these troubles.

A few bottles of your medicines have given me almost complete relief, and I am sure that a continuation of their use will effect a permanent cure.

Pe-ru-na is surely a wonderful remedy for catarrhal affections.

J. D. BOTKIN.

### A STRANGE FAMILY.

Path.: But Little Taller Than His Young Child.

A German family at present engaged in ventures Thesopian, are attracting considerable attention in the Western towns. One of them is a child, evidently about 3 years of age; another is a small man, not a third deal taller than the child, and the third is a woman of more than ordinary size. Those who encounter this trio on the street invariably turn to look at them after they have passed, and they make all manner of conjectures as to who and what they are. It is evident that the handsome woman, whose smiling face still shows the freshness of youth, is not the mother of the little man, but not one person in a hundred would be likely to guess the exact relationship which exists between the three people. They are father, mother and son. Diederich Ulpts will be 39 years old on July 3 next. He is three feet six inches in height, about one inch for each year he has lived. Mrs. Diederich Ulpts, to all appearances, has not yet reached 30 years of age, but she is decidedly more than 30 inches tall. She stands, in fact, about five feet nine inches, with a figure proportioned to her height. Reinhold Ulpts, the son of this pair, is within a month of 3 years of age, and his height is two and a half feet. By the time Reinhold reaches the mature age of 6 he will probably be as tall as his father. Taken in all, it is quite a remarkable family, but one of the happiest that could be encountered. There is still another member of the family in the person of a baby now 6 months old, but as Mr. and Mrs. Ulpts do not consider traveling good for very small babies, the youngest of the Ulpts was left in Vienna when the father and mother came to America a few months ago.

## ONE VAST GOLD FIELD.

Governor Brady on Alaska—He Says Without Doubt Wonderful New Discoveries Will Be Made On American Soil.

Governor Brady says reports of gold discoveries are coming in from all parts of the territory. He expects to see magnificent fortunes made in Alaska in the next few years. But few know the perils of the Klondike. Fearful cold and exposure make throat, chest and lung troubles common and dangerous. Consumption lurks behind a cough; Pneumonia back of a cold. The agonies of Bronchitis, the pangs of La Grippe, the anguish of Asthma and the distress of Lung Fever are common in this region. Every gold seeker should take with him a medicine that is quick and certain in its cure of these diseases. One has taken the lead in America, because for twenty-five years it has shown a wonderful power over these maladies. This supreme remedy is Dr. King's New Discovery. It's a life-saver wherever used. Thousands of American families would as soon be without flour or sugar in the house as without this medicine. It has cured people of Consumption, Bronchitis, Pneumonia, La Grippe and Hemorrhage whom doctors had told they must die. It stops the most obstinate coughs. It won't let a cold get a start. Read how it saved the life of Calvin Lockwood, of Fowlerville, Mich. He says: "Two years ago I was attacked with a severe Cold which brought on the worst form of Bronchitis. So bad was it that I entirely lost my speech. I tried all the best physicians here and at Lansing, but without avail. They all pronounced my case incurable. As a last resort I took Dr. King's New Discovery and greatly to my surprise I began to get better, and after using two bottles I have 'cheated the grave' and am sound and well. It is surely a life-saver." All druggists sell it at 50c and \$1.00 per bottle, refund the money if it don't benefit and give a trial bottle free to any sufferer.

### Lynching None Too Good.

While the 8-year-old daughter of Rufus Van Patton, who resides two miles south of Berrien Springs, was returning from school, she was assaulted by an unknown tramp and was so badly injured by the brute that she cannot live. The child found her way home several hours after the assault was committed and told her parents what had happened, which aroused the father, who started in pursuit of the brute, with the determination of killing him upon sight. After searching the surrounding country for several hours he was compelled to give up the hunt. Late in the afternoon of the following day Sheriff Ferguson placed under arrest, charging him with the crime, a young man who gave the name of Harry Smith. The accused says he is not guilty and in fact never visited the community in which the crime was committed. Reports from Berrien Springs show that many leading citizens are shocked by the nature of the crime and favor lynching the brute, if identified by the little girl. In order to protect the life of the alleged tramp and probably to prevent Berrien county from getting a record of a lynching, Smith will be held in the county jail at St. Joseph to await hearing.

### Official Vote of the April Election.

The board of state canvassers have completed the canvass of the returns from the counties giving the vote last at the April election. The canvass has been considerably delayed on account of the recounts in Bay, Wayne and other counties. The following are the results:

Justice supreme court—Claudius B. Grant, 216,828; Thomas E. Barkworth, 165,482; Frank Baldwin Clark, 8,789; John M. Harris, 4,856; George A. Eastman, 3,190; scattering, 1,942; total, 400,187.

Regents of the university—Eli R. Sutton, 219,336; Henry S. Dean, 220,621, Edward F. LeGendre, 120,433; Stanley E. Parkhill, 153,531; Harvey B. Hatch, 8,522; Frederick S. Goodrich, 8,870; Wm. A. Higdon, 4,783; Edwin D. Cox, 4,591; Richard Henke, 2,973; Herman Richter, 2,866; Edwin F. Gendre, 30,498; Edward L. LeGendre, 6,422; total 787,896.

Constitutional amendment—Relative to circuit court—Yes, 108,197; no, 104,884; majority for, 3,313. Relative to state printing office—Yes, 105,711; no, 105,317; majority against, 2,606. Relative to an intermediate court—Yes, 99,391; no, 102,269; majority against, 2,878. Relative to highways and bridges—Yes, 130,416; no, 93,422; majority for, 36,994.

### Gogebic County Must Settle.

The suit trial of the state against the county of Gogebic, which was commenced in the Ingham circuit court recently, was one of the shortest on record for so important an issue, the settlement of some 40 questions of fact in connection with the account between the state and the county being involved. The amount due from the county June 30, 1898, as shown by the books of the auditor-general, was \$54,098.29. The amount stated in the peremptory writ of mandamus is \$33,719.92.

### Contracts Let for New Electric Line.

The officials of the Michigan Traction Co., have let the contract for constructing the electric road from Kalamazoo via Galesburg, Gull Land and Augusta, to Battle Creek, to the American Engineering Co., of Philadelphia, and contracts for the iron, ties, cars and trolley work have also been let. The work of grading will commence at once and the road finished by October, when cars will leave Battle Creek and Kalamazoo every hour during next winter.

### Put Rough on Rats in a Pie.

Emma McMahon, a 14-year-old girl, of Spring Lake, was lodged in jail on the 27th on a charge of attempting to poison her foster parents, brother and two boarders. She is alleged to have put rough on rats in their pie. They were taken deathly sick, but recovered. The girl acknowledges the deed, but is very cool. She says she did it because her foster mother was very strict with her.

### Severe Storm in Berrien County.

One of the most disastrous storms that ever visited Berrien county struck St. Joseph at about noon on the 28th. Seven houses in Benton Harbor were badly damaged by lightning, as was also the case in St. Joseph. No deaths are thus far reported.

### MICHIGAN NEWS ITEMS.

## IT MERITS ATTENTION.

A NEW PREPARATION WHICH CURES DYSPEPSIA AND STOMACH TROUBLE.

### Remarkable Curative Properties.

A new remedy, which may revolutionize the treatment of stomach troubles has recently been placed before the public and bears the endorsement of many leading physicians and scientific men.

The remedy is not a wonderful secret discovery, nor a patent medicine neither is it claimed to cure anything except indigestion and stomach troubles, with which nine tenths of our nation are affected.

The remedy is in the form of pleasant tasting tablets or lozenges containing vegetable and fruit essences, pure aseptic pepsin (free from animal impurities) bismuth and Golden Seal; they are sold by druggists generally under the name of Stuart's Dyspepsia Tablets.

Many interesting experiments made with these tablets show that they possess remarkable digestive power, one grain of the active principle being sufficient to digest 3,000 times its own weight of lean meat, eggs, oatmeal or similar wholesome foods; these tablets do not work on the bowels like after-dinner pills, nor in fact do they act upon any particular organ, but the manner in which they cure all forms of indigestion is this: They act entirely upon the stomach, digesting it completely, nourishing every tissue and nerve in the body; they simply perform the work of digestion, thus giving the weak stomach rest and assistance sufficient to enable it to recover its normal strength. This is the reason so many pretended cures have singularly failed; they do not furnish the digestive power which is the one thing above all others that the stomach of the dyspeptic lacks, and unless that lack is supplied, it is a waste of time to attempt to restore the feeble stomach by means of "tonics," "stomach bitters" and "pills" no permanent good can result from their use.

If the stomach can be rested and assisted in the work of digestion it will very soon recover; this is the secret and the whole secret of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a year ago and now the most popular, widely used dyspepsia remedy, everywhere a success secured almost entirely on its merits, as it has never been extensively advertised.

Stuart's Dyspepsia Tablets are now sold by druggists everywhere at 50 cents per package; if he hasn't them in stock he will order them for you from his wholesale house. They are made by the F. A. Stuart Co., chemists, Marshall, Mich., who will be pleased to send information and testimonials from every state in the union.

Workmen are engaged in tearing down the old Calhoun mills at Homer, on the site of which an electric light plant will be built. This mill was one of the first built in southern Michigan. It was erected in the wilderness in 1830 by a stock company at a cost of \$35,000.

The universalists of Bay City, have decided to sell its church property, pay its debts and disband. The church society was organized in 1864. Twice their edifice has been burned, the last time about five years ago. Inability to raise money to complete the new building is the cause of the disbandment.

A former resident of Three Oaks returned to that village the other day after an absence of 15 years. He hunted up the widow of a man from whom he had borrowed some money, but she refused to take the cash because she knew nothing of the debt. She thought the death of her husband cancelled the obligation.

Lem S. Washburn, of New Buffalo, a baggage agent on the Michigan Central road, was arrested at Chicago charged with rifling letters on that road between Chicago and points in western Michigan. During the last 18 months from 200 to 500 letters per week have disappeared, containing in the aggregate a large sum of money.

Neilson Bros., of Glasgow, Scotland, the largest dealers and exporters of ship plates in Scotland, lost \$1,250,000 during the past year. They had been heavily oversold when a corner in warrants was engineered with the above result.

It is now understood that the Samoan commission, in session at Apia, will uphold Admiral Kautz's action, for the course pursued by the American naval commander during the recent Samoan trouble. On the other hand it is doubtful if Mataafa will order his followers to disarm unless the Malletoans are first disarmed.

The Russian minister, M. de Giers, has notified the tsung-li-yamen that Russia is unable to accept the Chinese refusal of a railroad concession and that she will send engineers forthwith to survey a line to connect the Russian Manchurian railroad with Pekin.

Is the Steam Locomotive Doomed?  
 Men who know say that in the next ten years steam locomotives will disappear and electric motors will supplant them. They also say that with the new motive power trains will rush along at a minimum speed of 100 miles an hour. This will prove a blessing to those who wish to go quickly from one point to another, but no more so than Hostetter's Stomach Bitters has proved a blessing to those who wish to go quickly from sickness to health. The Bitters act at once upon subchronic cases of dyspepsia, indigestion, biliousness and liver complaint. They improve the appetite, quiet the nerves and induce sound, refreshing sleep. The trial of a bottle will afford convincing proof. Sold at all drug stores.

### CHILDREN USED

For the Art Feature of Advertising of Manufactured Goods.

New Orleans Times Democrat: "Speaking of art advertising," said a New Yorker who has been in the business a good many years, "it is perfectly true that there is a great scarcity of suitable women models for photo illustrations. The result is that a great many children are used. Turn the pages of any magazine that carries a large line of general 'ads,' and you will be surprised at the number of designs into which photos of children are worked. The interesting part of it is that they are usually the youngsters of the advertisers, who take a good deal of pride in thus exploiting their progeny to the world. That reminds me, by the way, of an amusing little story: Last summer, in going to the home in New York, by way of the L.

cars, I used to have my attention frequently attracted by a little boy who was traveling in the same direction with his nurse. They evidently lived somewhere near, for they were often on the train, and there was something about the child that struck me as being extraordinarily familiar. My wife remarked the same thing, but neither of us could tell where we had seen him before. Still, I could have sworn that his face was almost as well known to me as those of my own family, and I puzzled over the matter more than once. One afternoon when my wife was with me and 'our mystery,' as we called him, was perched across the way, I all of a sudden remembered. 'By Jove!' I exclaimed, 'that's the boy in Soandso's ad!' 'Why, so he is!' said my wife, 'How silly of us not to think of it before!' I had in mind a familiar illustration used by a big manufacturing concern, and the likeness was un-

deniable. After that we 'dropped the mystery' and called him 'the ad boy,' which was soon shortened to 'ad.' He proved to be the son of the manufacturer, and later on my children became acquainted with him, and, by force of habit, proceeded to call him 'Ad.' He took to it as a matter of course, and, oddly enough, it turned out to be his nickname at home. His real name was Adam. Queer, wasn't it?"

OF LOCAL INTEREST.

A good appetite. is essential to good health. Hood's Sarsaparilla creates an Appetite, tones and Strengthens the stomach. And builds up the whole system.

PARSNIP COMPLEXION.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmor's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention The Register and write to Dr. Kilmor & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

Commissioner's Notice.

What Cures Itching Piles? Steketee's Worm Destroyer. It is not itching piles that all you or your child. It is the troublesome pin worm, and no saline or doctor can cure you. Steketee's worm destroyer is the only sure cure. The pin worm bites and stings and causes scratching and aching. Mothers know what it means when the child cries out, "ma, ma, something is biting me." Ask druggist for Steketee's worm destroyer. Take no substitute price 25c. Free sample on receipt of your address.

People We Know and We will profit by hearing about them.

This is purely a local event. It took place in Ann Arbor. Not in Buffalo or New York. You are asked to investigate it. Asked to believe a citizen's word. Any article that is endorsed, that obtains resident advocates, is more worthy of confidence, than a far off foreign article. Testified to by unknown people. Mrs. Joseph Baschler, of No. 314 Second street says "I had pain through my back and kidneys. I could not lie or rest comfortably in bed and in the mornings felt unrefreshed and tired. The kidney secretions became affected, uncturated and distressing. I doctored a great deal but met with little or no success. Doan's Kidney Pills procured at Eberbach & Sons drug store, in a short time entirely rid me of the trouble."

Doan's Kidney Pills sold by all dealers. Price 50 cents per box. Sent by mail on receipt of price. Foster-Milburn Co., sole agents for the United States. Buffalo N. Y. Remember the name, Doan's and take no other.

BOARD OF PUBLIC WORKS.

Office of the Board of Public Works, Ann Arbor, May 24th, 1899.

Regular session. Called to order by Pres. McIntyre. Roll Call—Present, Pres. McIntyre, Keech and Schleicher.

Minutes of the previous meeting read and approved.

Mr. Herbst called the attention of the Board to the condition of the gutters on Gott street and asked that they be investigated further.

Mr. Keech moved that the matter be referred to Pres. McIntyre and the City Engineer.

Adopted.

Mr. Keech moved that the Clerk be instructed to get prices on two Climax Wheel Scrapers, also two extra bottoms.

Adopted.

The report of Mr. Funke on the number of flush tanks to be connected was received, and on motion of Mr. Schleicher the Engineer was instructed to notify the Water Company to have same properly connected.

Adopted.

Mr. Funke reported the number of man-holes, flush tanks, etc., under his supervision to be 453. Received and placed on file.

Mr. Keech moved that the City Engineer be instructed to call on Mrs. Marion Goodale and explain what is necessary to comply with the Sewer Ordinance in connecting her residence.

Adopted.

Mr. Schleicher moved that Engineer Key notify all other parties in that district who have not connected with Sewer, in paving district.

Moved by Mr. Schleicher that Mr. Ross be instructed to fill up the opening in the street caused by the removal of the street scales in paving district.

Adopted.

Alderman Coon called the Board's attention to the sidewalk on the south side of the Dr. Ford property, and on motion of Mr. Schleicher the Clerk was ordered to notify property owners or agent to build a new cement or stone walk along the above mentioned property.

On motion of Mr. Keech the Street Commissioner was instructed to put in a plank crosswalk on State street across Dewey Ave.

Adopted.

Mr. Clancy petitioned the Board for the privilege of connecting the sewer on Thompson street, and on motion of Mr. Keech the matter was referred to Pres. McIntyre, City Attorney and City Engineer.

Mr. Schleicher moved that the State Bond of Hutzal & Co. for \$10,000.00 with Christian Mack and Frederick Schmid as securities and the City Bond of \$10,000.00 with Michael J. Fritz and Henry Mann as securities, be accepted.

Adopted as follows: Yeas—Pres. McIntyre, Keech and Schleicher.

Resolved by Mr. Schleicher—That the Board accept the proposition of the Ann Arbor Water Co. to furnish water free of charge for a drinking fountain at the corner of Main and Huron Sts., the care of the water to be under their control.

Further be it resolved—That the Board of Public Works in behalf of the citizens of Ann Arbor thank the Water Co. for this donation to the city.

Adopted unanimously.

Mr. Keech moved that the Council be asked to appropriate \$200.00 for the purpose of buying plank.

Adopted.

Mr. Key's estimate on graveling and grading the streets referred to him at previous sessions were as follows: Fourth Ave., from Ann to Packard, total cost, \$439.00; Fifth Ave. from Detroit to Packard, total cost \$672.00; Washtenaw Ave., from Vinewood Boulevard to Corliss property, \$958.50; stone culvert on Eighth street, \$330.50; Tappan Park improvements, estimate requested by Ald. Stevens, \$617.50.

Report received and on motion of Mr. Keech referred to Council.

Mr. Keech called the Board's attention to the compensation that the Assistant Engineers were receiving and claimed that it was insufficient for men capable of doing their work and he moved that Pres. McIntyre, Mr. Schleicher and Chairman of Finance Committee, F. M. Hamilton, act as a committee to consider the same.

Yeas—Pres. McIntyre, Keech and Schleicher.

Nays—None.

Mr. Schleicher moved that the Board purchase a carload of cinders now at the depot, which can be secured for the freight charges thereon.

Adopted.

Mr. Keech moved that Pres. McIntyre and City Engineer Key procure inspectors to inspect the storm sewers now under process of construction.

Adopted.

On motion the Board adjourned. J. E. HARKINS, City Clerk.

Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly permanently. Regulates and tones the stomach.

A NEW INDUSTRY.

Tasting Dinners for a Living is the Latest Thing in London.

The "dinner taster" is the latest example of the highest type of London refinement. The London palate is the one thing worth living for, according to the idea of a certain class of people whose pleasure in life depends upon the enjoyment of the senses. The "dinner taster" makes it her business to visit the fine houses and taste the dishes intended for dinner. She suggests improvements, and shows the cook new ways of preparing dishes. That the business is a profitable one may be judged from the fact that she invariably rides in a cab. In the east end of London a lucrative trade is followed by some score or so of women. The pawnbrokers there are very numerous and never lack for clients. Among the latter, however, are some who do not relish the idea of being brought into personal contact with "uncle." It is for the special benefit of these that the pawnbroker's agent exists. She goes several times a day to the pawnbroker with articles belonging to the bashful ones, for whom she gets the highest sums procurable on the items pledged. For her services she receives a percentage on the amount obtained. Another enterprising London woman has hit on a capital although probably painful business. She earns a profitable living by "breaking in" boots for the leaders of society. She wears them for a few days until they become easy and comfortable to their owners.

WOMEN EMPLOYES BARRED.

A Chicago Street Railway Says No More Need Apply.

From the Chicago Chronicle: The Metropolitan West Side Elevated Railroad company is the latest corporation to discriminate against women employees. The women now employed as ticket sellers will not be discharged so long as efficient, so the report goes, but men only will be appointed to fill vacancies as they occur. Since the recent action of the Chicago and Northwestern Railroad company in discriminating against women employees has made public it is claimed there has been a tendency among other large corporations to follow in the same line. The principal reason advanced by the Northwestern company for its change of policy was that women were unsuited for promotion to the higher railroad positions, and that its civil service policy could be carried out successfully only with exclusively male employees. The Union Loop and Lake Street "L" companies some time ago discarded women ticket sellers "for the good of the service." It is said the ticket offices of the Northwestern "L" road, now nearing completion, will be filled exclusively with men. As the company is the largest employer of labor of any of the "L" roads, its ban on female labor is creating more agitation in labor circles than any discriminating order of recent date.

Kissing a Civilized Custom.

Among the aboriginal tribes of America and Central Africa kissing was unknown, though from the most remote times it has been familiar to Europeans and Asiatics. The Latins made three distinctions in kissing—the osculum being the kiss of friendship and respect, the basium that of ceremony, and the suaviolium that of love. The Semitic races used to kiss, and we find that the "kiss of peace" formed a part of the sacred rites of the early Christians, as it does of the Greek church at the present day. The Mongolian kiss differs from ours, and the lips of the kissers do not come into contact with one another. In kissing a person it brings the nose into light contact with the hand, cheek or forehead; the breath is drawn in through the nostrils, and the act terminates with a slight smacking of the lips. The Chinese regard our mode of kissing as quite horrible, while we are so well satisfied with it that we have no desire to take lessons in the art from them.

Good as a Gymnasium. Scribber—"Is there much action in that new play of yours?" Barnes Stormer—"It's just full of it. It keeps me on the move dodging the showers of bric-a-brac from the audience."

Sacrifice of Horses. The average number of horses killed in Spanish bull fights every year exceeds 5,000, while from 1,000 to 1,200 bulls are sacrificed.

An Influenza Cure. I am an expert in influenza, my knowledge being derived corpore vili, for I have had it several times. I can therefore prescribe. You catch it. Having caught it, go to bed; test your temperature. So long as it is above the normal point (generally about two days), take slops, and twice a day a couple of salicin tablets of five grains each. When the temperature becomes normal feed up, still remaining in bed. If there is sore throat, use a gargle. The odds are that there will be no complications. In about five days the influenza disappears, leaving the patient weak as a rag. This weakness has to be met by continuing to feed up, and by taking a tonic, such as quinine, care being taken to avoid all chance of catching a cold.—London Truth.

Development. "Who do you think is greater?" said the earnest young woman who is studying music; "the person who creates a great work or the person who interprets it?" "Well," answered Col. Stilwell, "I can only say this much: When I was in the legislature we could get up all kinds of acts, but we never knew what was in 'em till after the lawyers took hold of 'em in the regular course of business."—Washington Star.

The Currency Uncertain. Foreigners in China buy nearly everything on credit, giving signed "chits" for every purchase, the reason being their unwillingness to load themselves down with silver or native coin, while paper money fluctuates too much.

Just remember that all your strength must come from your food. Did you ever think of that? Perhaps your muscles need more strength, or your nerves; or perhaps your stomach is weak and cannot digest what you eat. If you need more strength then take SCOTT'S EMULSION of Cod-Liver Oil with Hypophosphites. The oil is the most easily changed of all foods into strength; and the hypophosphites are the best tonics for the nerves. SCOTT'S EMULSION is the easiest and quickest cure for weak throats, for coughs of every kind, and for all cases of debility, weak nerves, and loss of flesh. soc. and \$1.00; all druggists. SCOTT & BOWNE, Chemists, New York.

Dr. Bull's Cough Syrup is the best remedy for relieving and curing that asthmatic cough. Physicians recommend it. Buy only the genuine, Dr. John W. Bull's Cough Syrup.

IS YOUR BACK BREAKING?

Does it feel that way? It's a warning that your kidneys are giving— Help them! The kidneys need it, or they wouldn't ask so sharply for aid. Keep the kidneys right, and good health will always be your portion— How will you do that— Take

KID-NE-OLDS

the modern, scientific, practical up-to-date medicine that banishes kidney backache, kidney ailments, sleeplessness and urinary disturbances in either adults or children.

The first dose of Kid-Ne-Olds works wonders—a week's trial will oftimes cure mild cases—take a box or two and your kidney trouble will disappear.

Disordered kidneys are indicated by pains in the back, distress or fullness after eating, scanty or scalding urine, weakness and chills, pains in the loins, nervousness, sleeplessness, loss of vitality, swelling in limbs or body or both, and sediment in the urine.

Kid-Ne-Olds are in yellow tablet form—put up in boxes—sell for 50c a box at all drug stores—your druggist will tell you of cures they effected here at home—he will vouch for the truth of our every assertion. Morrow's Liverlax cures constipation, biliousness, costiveness—they sell for 25c a box—at all drug stores. Kid-Ne-Olds and Liverlax, manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Reward Refused.

Of all the cities in the world, if a person must be robbed, Vienna is the town in which to have the performance enacted. Some time ago a Boston gentleman had his watch, a valuable gold one, and a sum of money stolen from him while in that city. He offered \$50 reward for the recovery of the property. The watch did not appear, and on returning to America he left his name and address and the number of his watch, together with the amount of the reward, with the police. A short time ago the gentleman received his watch, together with the reward intact, and a polite note from the director saying that it was against the rules for policemen to receive money rewards; of course, if a civilian had recovered the watch the reward would have been paid. The only charge was fifty cents, the expense of transporting the watch from New York to Boston. The thief had been arrested in Vienna, the watch had been found upon him and forwarded by the city government of Vienna free of charge to New York. There is a degree of innocence about the Vienna police that suggests odious comparisons.—New York Times.

METAL TRADING CHECKS

Used in Parts of Minnesota as a Substitute for Money. The use of metal trading checks has become so general in some of the country districts in Minnesota as to almost supplant the use of government coin, and a suit has been instituted against the stamping concern making the checks to determine whether the production of them is in violation of the federal coinage laws. These checks are about the size of a silver quarter. They are stamped with the name of the firm for whom they are made, and bear a statement that they will be received for a certain amount in trade, the amounts ranging from 5 cents to \$1. Country merchants use them in exchange for produce. They are good for trade only at the store issuing them. But from the fact that the stores refuse to pay for produce in any other currency, they soon come to be accepted by all other stores, as the farmers selling produce have no other coin to spend. In this way their circulation becomes general in certain localities. The storekeepers maintain that as they have an unquestionable right to give receipts good in trade, it is immaterial whether they are written on paper or stamped on metal. The practice is a profitable one for the merchants, and it enables them to do business on a borrowed capital on which they do not pay interest.

A CARD.

Ann Arbor, Mich. We, the undersigned, agree to refund the money on a fifty cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a twenty-five cent bottle to prove satisfactory or no pay. GOODYEAR DRUG CO. A. E. MUMMERY.

OFFICE: 125 N. Main Street. ANN ARBOR, MICH.

TERMS: One Dollar per Year in Advance. \$1.50 if not paid until after one year.

Fifteen Cents per year additional to subscribers outside of Washtenaw County. Fifty Cents addition to Foreign Countries.

Entered at the Ann Arbor Post-Office as second-class matter.

THURSDAY, JUNE 1, 1899.

THE University is to be congratulated upon the fact that Dean Hutchins has decided to remain in Ann Arbor, as shown in this issue of THE REGISTER. Prof. Hutchins was practically offered the presidency of one of our progressive state universities but decided to remain with the U. of M. THE REGISTER is most happy to announce this fact.

IN casting about for a location for a new Homeopathic hospital which is pretty certain to be built, no one seems to think of any sites except those in the northeast part of the city. What is the matter with the south part of the city. The city is growing in that direction more rapidly than in any other. Then, too, it would separate the two medical schools more widely than they are at present, and that would certainly not be a bad idea.

THE following appeared in a recent issue of one of the Detroit dailies. It contains much which it behooves the Republican of this state to heed. We commend it to the careful attention of every reader of THE REGISTER.

The serene indifference with which the imperturbable band of solons at Lansing continue to do what the people do not want done and to leave undone what the people want done is not only provoking the unfavorable criticism of the state press of all parties, but is beginning to arouse the indignation of the pulpit. Possibly the statesmen at Lansing who have thus far been impervious to the wishes of the people regarding many important measures, will listen to such a note of warning as that which was uttered in one of this city's prominent churches Sunday night, by one of the city's most influential and broadminded clergymen.

Dr. Boynton's characterization of the career of Michigan's present legislative body was a severe but fair and impregnable arraignment. "Not often in the past six months," he says, "has the present legislature's work reminded us of the Democracy of Jefferson or of Lewis Cass, or of the Republican of Lincoln, or of Zach Chandler."

The good doctor illustrated the methods that prevail at Lansing by describing the treatment accorded to the bill providing for the Sunday closing of theaters. Whatever the members may have thought as to its merits, the conduct of some of them when it was before the house in committee of the whole, was insulting to a most respectable class of the people of Michigan, and unworthy of gentlemen. The "kicking noisily on the floor," "ringing of messenger boy bells," "guffawing" etc., to which the reverend gentleman alluded, fully justified his declaration that such actions were, "a disgrace to the state of Michigan and to the dominant party in the house."

Dr. Boynton's complaints relative to indecision of the legislatures on important measures, their subservience to the bosses in Detroit and Washington, and their contemptuous treatment of men and measures representative of moral and good government principals lose none of their significance because the complainant is a loyal member of the party in power.

When the record of a legislature becomes so offensive to good citizenship that the clergy find it necessary to join with the press in protesting against it, is it not time for the complacent politicians at Lansing to pause in their recklessness, get their ears to the ground and listen for the rumblings of the gathering storm?

Attend the U. of M. faculty High School base ball game at 4:15 tomorrow afternoon on the athletic field. It is guaranteed to furnish more fun than a box of monkeys.

ROSEBUDS

Budding womanhood! What glorious possibilities! What half-hidden dangers! What a time for tender sympathy! At puberty nature generally makes some attempt to establish physical regularities, but when nature fails to assert itself, developments result which injure the health and impair the constitution of the maiden. The timely use of Bradfield's Female Regulator, the standard remedy for all weaknesses and irregularities peculiar to women, is what retarded nature needs in all such cases. Sold by druggists for \$1.00. Ask for women free.

THE BRADFIELD REGULATOR CO., ATLANTA, GA.

THE people of Ann Arbor almost without exception, and the friends of the U. of M. all over the state, are rejoicing at the good fortune of the University in securing the passage of the one-fourth mill bill. It is but proper that all who in any measure assisted in bringing about such favorable action for the University should receive due credit. There is in connection with the passage of the bill one man who, because of his modesty is not posing for honors, but who deserves no little share of the praise for the good fortune of the University in the success of this measure. We refer to Mr. James H. Wade, the efficient secretary of the University of Michigan. When the question came up before the Board of Regents last fall as to how much the University should ask of the next legislature it was decided that \$180,000 for a new Homeopathic hospital and a Science Hall should be the limit. It was not believed that anything more than this could be secured this year. Mr. Wade at once saw a serious difficulty in the way. These added buildings would each year require thousands of dollars to maintain the work which it was proposed to carry on in them. Here was a condition of things that must be met. Mr. Wade then proposed, and this was the first suggestion of the kind that had been made, that an effort be put forth to change the mill tax from a 1-6 to a 1-4 of a mill. While every Regent was heartily in favor of such a tax, not one of them at that time believed there was the remotest prospect of such good fortune, and it was decided to ask for only the \$180,000 for the two buildings and trust to securing the means to carry on the work in them in some other way. Mr. Wade, however, was not satisfied with this idea and he lost no opportunity to urge that a move be made in favor of a quarter mill tax in place of the sixth mill law enacted some years ago. At Mr. Wade's earnest solicitation the Regents finally decided to send a committee to Lansing to see what could be done. At first there was but little encouragement that the idea would receive favorable consideration. Mr. Wade, however, still had faith and plead with the University committees in the legislature to consider how serious the situation would be if the new buildings were erected and with no regular annual income with which to maintain the work in them. Finally representative Chamberlain, came to the conclusion that Mr. Wade was right and that an effort should be made for a fourth mill bill. With further urging it was finally agreed by all that the bill for the \$180,000 appropriation for buildings should be withdrawn and a united effort made to compass the passage of the fourth mill bill. This was introduced in the senate and passed almost unanimously. It then went to the house. Before it came up there, Mr. Wade, who is ever on the alert in the interests of the U. of M., discovered a serious flaw in the bill. It was that the proposed tax on the terms of the bill already passed by the senate would not in fact be available for eighteen months to come. This must be remedied in some way. Prof. Hutchins and Mr. Wade again hastened to Lansing and by a little careful manipulating, assisted by Potter Chamberlain, Lusk and Ward, succeeded in having the bill so amended in the house that the income under the new law should begin January 1, 1899. Instead of a year or eighteen months hence. This meant at least \$92,500 more to the University than the bill would have produced had not Mr. Wade discovered the oversight and hastened to have it remedied.

The University is to be congratulated on having in its service a man who is so untiring in his zeal for its best interests and who is able to grasp great situations and to make the most of them as in the case of proposing the quarter mill tax when practically every body else believed the case to be hopeless, but when in fact, as the final vote showed, the time was ripe for the move. Such men are friends indeed to the University.

THE CITY.

K. Wheeler of Webster lost six head of cattle last Saturday by lightning.

The corner stone of the new M. E. church at Saline will be laid on Wednesday June 7, at 10:30 A. M.

The sensational divorce case of Katherine vs John G. Reichert, of Seio, is now on trial in the circuit court.

The council held a special meeting last Monday night and pledged a site or the new homeopathic hospital.

R. H. Newton, of Lima, has begun divorce proceedings against his wife. They have lived together 38 years.

The work of reorganizing Co. A is actively going on. Those who wish to join should hand their names to Lieut. Belsler.

The memorial exercises held Tuesday evening in University Hall under the auspices of Welch Post G. A. R. were the best of the kind that have been held for many years.

"Evil Dispositions Are Early Shown."

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla. In older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, a general bad feeling.

It is the blood, the impure blood, friends, which is the real cause. Purify that with Hood's Sarsaparilla and happiness will reign in your family.

Blood Poison—"I lived in a bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. I tried Hood's Sarsaparilla. It helped. I kept at it and was entirely cured. I could go on the house-tops and shout about it." Mrs. J. T. WILLIAMS, Carbondale, Pa.

Scrofula Sores—"My baby at two months had scrofula sores on cheek and arm. Local applications and physicians' medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is now four, with smooth fair skin." Mrs. S. S. WOOTEN, Farmington, Del.

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

The Times is authority for the statement that Gov. Pingree may not sign the bill giving the U. of M. a fourth mill tax.

Mrs. Frank, mother of Jacob Frank and Mrs. A. R. Schmid of this city, died at Grand Rapids Tuesday. The remains were brought here for burial.

Only one remedy in the world that will at once stop itching of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

Probate Order.

STATE OF MICHIGAN, ss. COUNTY OF WASHTENAW. At a session of the Probate Court for the County of Washtenaw, holden at the Probate office in the City of Ann Arbor, on Wednesday, the 31st day of May in the year one thousand eight hundred and ninety-nine. Present, H. Wirt Newkirk, Judge of Probate.

In the Matter of the Estate of Henry Clark deceased.

On reading and filing the petition, duly verified, of Thomas Clark, praying that the administration of said estate may be granted to James Clark or some other suitable person.

Thereupon it is ordered, that Friday, the 30th day of June next, at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said court, then to be holden at the Probate Office in the City of Ann Arbor, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this order to be published in THE ANN ARBOR REGISTER, a news paper printed and circulated in said county three successive weeks previous to said day of hearing.

H. WIRT NEWKIRK, Judge of Probate.

P. J. LEHMAN, Probate Register.

78

IS THIS YOUR STORY? "Every morning I have a bad taste in my mouth; my tongue is coated; my head aches and I often feel dizzy. I have no appetite for breakfast and what food I eat distresses me. I have a heavy feeling in my stomach. I am getting so weak that sometimes I tremble and my nerves are all unstrung. I am getting pale and thin. I am as tired in the morning as at night. What does your doctor say? "You are suffering from impure blood." What is his remedy?"

Ayer's Sarsaparilla advertisement with large stylized text and a small illustration of a person.

THE LATEST SCHEME.

Knights of Rest working U. of M. Students.—A New Ring Came.

The following from the Ann Arbor correspondent of the Evening News shows a new trick that the Knights of Rest are attempting to work among the student body here:

Vagrants are working a new graft on the students. The game was given away by two of them trying it on The News correspondent within half an hour of each other.

"Would you take a bargain, pardner, if you got a chance?" asked a chunky, slouchy man, producing a wide band marked "14k," in large letters. "I hate to sell it; paid \$7 for it, but I'm broke-ke; got thrown off the train just now. If you know anything about jewelry, you'll see this is a bargain."

"Can't do it, old man, I'm broke too," answered the student; "nope, can't pay a dollar—fifty, either," and the ring owner turned away.

A little later another fellow wanted to sell an heirloom, a wide band ring labeled "14k." He hated to do it, but he needed 50 cents and told the same story as the other man. On being informed that he had a rival in the "14k" brass ring trick he hurriedly made for the railroad tracks.

YPSILANTI LOCALS

The Fourth of July fire works will be displayed by the city from the fifth ward park and not the fourth ward as before announced.

A crew of sixteen linemen are working their way from Detroit stretching ten trunk lines for the Bell Telephone Co. On the completion of these main lines to Chicago the company will begin a number of local branches throughout the state. The gang is at present a few miles east of the city and will follow the company's poles up through Forest ave.

As a result of a terrible accident, Frank Wint, an employee of the Peninsular Paper Mills, lies at the Sanitarium bruised and battered almost beyond recognition. Wint was engaged in his customary duties about the mill when he chanced to step too near moving parts of the machinery and his clothing was caught in a swiftly revolving belt. In a second's time the unfortunate man was whirled up in the air and then dashed upon the floor, the belt still maintaining its death like grip upon his garments. By good chance Wint's clothing gave out under this strain, and he was cast naked and unconscious far out in the center of the room. Although terribly bruised on head and body the attending physician reports that no vital injuries were inflicted, and that with care life can be preserved.

A fine boy has arrived at the home of Mr. and Mrs. Edwin Hutzell, on the D., Y. & A. A. line.

William Robinson, of this city, has filed a petition in bankruptcy in the United States district court. He places his liabilities at nearly \$6000 and has no assets except such as are legally exempt from execution.

THE CENTAUR COMPANY, NEW YORK CITY.

**STATE LEGISLATURE**

Bills Signed by the Governor

The following bills have been signed by the governor:

To transfer to the city of Detroit the title to all the property of every name and nature now owned, operated and controlled by the board of water commissioners of the city of Detroit; a bill to amend an act to provide a charter for the city of Detroit; a bill to authorize and enable the township of Grosse Pointe in Wayne county to lay out and maintain a broad road or boulevard along the banks of the Detroit river and the shore of Lake St. Clair; a bill providing for the dissolution of the primary school districts of the township of Bearinger; a bill to change the name of the fractional school district No. 2 of Plymouth and Novi townships in the counties of Wayne and Oakland; a bill to amend an act to incorporate all public schools of Ossineke township, Alpena county; a bill to amend an act to incorporate the public school of Long Rapids township; a bill to provide for the incorporation of reform churches in America formerly known as reform protestant Dutch churches; a bill relative to the construction of buildings in the city of Detroit; a bill to provide for the placing of low water alarms on steam boilers; directing the board of state auditors to settle claim made by Geo. W. Crump; for the relief of Lewis Schmidt, a private in Co. H. 2d regiment, Michigan state troops; authorizing the commissioner of the state land office to deed to Arthur Scarle, of Williamston, a parcel of land; a bill to amend an act to prefer ex-soldiers for public employment; a bill to authorize the formation of corporations for the prevention of cruelty to children, animals, birds and fowls; a bill to amend section 87 of the general tax law of this state; a bill to amend an act to regulate the interest of money on account, interest on money, adjustments, verdicts, etc.; a bill to provide for the public or private sale of stock, bonds and other personal property pledged as collateral security for the payment of money or the performance of any obligation; a bill to authorize the common council of the city of Alpena to maintain a system of electric light works; a bill to provide for the organizing of a union school district in Gladwin county; a bill to prevent the adulteration of linseed in this state; a bill to amend an act to provide for the government of the Michigan asylum for dangerous and criminal insane and inmates therein.

For 20 years, the liquor dealers have been working to secure the privilege of selling liquor on certain secular holidays, July 4 being preferred, and it has remained for the house of 1899 to pass a bill granting that concession. The measure was introduced by Rep. Burch, of Detroit, and did not have the endorsement of the committee on liquor traffic. When introduced, it was laid on the table, from which it was taken some days ago on motion of Mr. Burch, whose attempt at that time to persuade the members to pass it was unsuccessful. The attempt was renewed on the 23d, with the result that after much effort and many vain endeavors on the part of the members to dodge the bill, secured 52 affirmative votes, one more than was necessary to its passage.

The railroad taxation game is once more up to the senate. The upper branch of the legislature had previously passed a bill to increase the railroad taxes by about \$30,000, to take the place of the Atkinson bill. The house railroad committee made the increase about \$120,000, but the house has now turned down both the senate and its own committee and voted to make the total railroad tax about \$1,500,000, an increase of nearly half a million. The farmers of the house had decided this should be done, and the bill was passed, 72 to 23, and was given immediate effect. It is more than likely that the senate will refuse to agree to this raise, and then there will be the fight to see which will give way.

The senate has concurred in the house amendments to the Graham forestry commission bill and the measure now goes to the governor. The bill in its present form provides for a commission to consist of the state land commissioner and two members named for four years by the governor. On the recommendation of the board the land commissioner may reserve until the end of the next succeeding legislative session not to exceed 200,000 acres of tax lands as a forestry reserve. The actual expenses of the board, together with \$300 allowed as salary to their secretary, must not exceed \$2,000 annually.

The beet sugar bill has passed both houses of the legislature. No amendments were made to the bill in the senate, but a serious constitutional point was raised against it, based on the fact that it did not receive the two-thirds vote prescribed for appropriations made for private purposes. All attempts to incorporate amendments limiting the amount of the appropriation were defeated by majorities of from four to seven votes. The bill as passed provides a bounty of one cent a pound on all beet sugar produced in the state.

The ghost of the beet sugar bounty appropriation made its appearance for a few minutes on the 26th when Rep. Dingley offered a resolution that it be the sense of the house that the bounty cease on December 31, 1900, the time when the present appropriation will run out. This was intended to be a notice to the beet sugar manufacturers that they need not expect an appropriation from the next legislature, but the speaker ruled the resolution out of order, and a nice fight was plucked in the bud.

Senator Graham's bill for the taxation of telephone and telegraph companies, which the 19 have been trying to get together on for some time, has been completed and reported out by the senate committee on taxation. It has been amended so as to tax all telephone lines, and the toll lines of telephone companies 75 cents per mile of wire, instead of 65 cents.

The senate has concurred in the house amendments to the bill requiring the licensing of barbers and this bill now awaits executive approval. The secretary of the examining board is allowed \$500 a year, and a fee of 50 cents for the annual renewal of a barber's license is prescribed.

The house has passed Heineman's bill giving the Detroit common council authority to appropriate not to exceed \$20,000 annually for the Detroit museum of art. The condition attached to the bill is that the museum shall at all times be open to the public free of charge, subject only to such reasonable regulations as to hours as the museum directors may impose.

# SUMMER SCHOOL

OF

### NEARLY

## Fifty-eight Years Old !!!

It's a long life, but devotion to the rule rests and prosperity of the American people has won for it new friends as the years rolled by and the original members of its family passed to their reward, and these admirers are loyal and steadfast to-day, with faith in its teachings, and confidence in the information which it brings to their homes and firesides.

As a natural consequence it enjoys its fold age all the vitality and vigor of its youth, strengthened and ripened by his experience of over half a century.

It has lived on its merits, and on the cordial support of progressive Americans.

It is "The New-York Weekly Tribune," acknowledged the country over as the leading National Family Newspaper. Recognizing its value to those who desire all the news of the State and Nation, the publisher of The Ann Arbor Register (your own favorite home paper) has entered into an alliance with "The New-York Weekly Tribune" which enables him to furnish both papers at the trifling cost of \$1.25 per year.

Every farmer and every villager owes to himself, to his family, and to the community in which he lives a cordial support of his local newspaper, as it works constantly and untiringly for his interests in every way, brings to his home all the news and happenings of his neighborhood, the doings of his friends, the condition and prospects for different crops, the prices in home markets, and, in fact, is a weekly visitor which should be found in every wide-awake progressive family.

Just Think of it! Both of these papers for only \$1.25 a year.

Send all subscriptions to THE REGISTER, Ann Arbor, Mich.

Men will find it a most interesting and enjoyable trip in going to the annual meeting to be held at Los Angeles, Cal July 11-14, 1899, if you choose

The Denver & Rio Grande RAILWAY.

"SCENIC LINE OF THE WORLD."

Which traverses the most picturesque scenery to be found in the World. To enable you to get the full benefit of the trip, attractive illustrated pamphlet will be furnished free upon application to

J. W. SLOSSON, Gen. Agent, 230 Clark St., Chicago, Ill.  
S. K. HOOPER, G. P. & T. A., Denver Co

The total number of persons who have at any time been students at University of Michigan is about 37,000.

Geo. F. Gillam, of Lansing, has been appointed receiver of the Michigan Mutual Fire Insurance Co., of Lansing, and will proceed to wind up its affairs.

Kalkaska county farmers report a dearth of potato bugs this spring. It is thought that the intense cold of last winter was too much for even these hardy pests.

George Smith, employed by the Hall & Munson company at Bay Mills, was killed while unloading saw logs from a car. He was struck on the head by a falling log and instantly killed.

Never since Van Buren county was settled, has the outlook for a crop of wheat been as discouraging as at present. The Hessian fly having practically completed the destruction of the crop.

Hon. Peter White, of Marquette, has been selected to make a collection of copper specimens for the Paris exposition in conjunction with Senators Wolcott, of Colorado, and Clark of Montana.

Fire and water badly damaged Peter J. Nappa's store at Calumet the other night. Mr. Nappa was sleeping above the store and was badly burned about the head and body in making his escape.

Kalkaska is suffering from an epidemic of measles, which has reduced the school attendance about 50 per cent. Many who are supposed to have had them before are having a second dose.

While Mrs. Silas Squires, of Albion, was smoking her pipe the other day her clothes caught fire, and before the flames could be extinguished she received burns, which, owing to her advanced age of 81, will probably prove fatal.

Sheriff C. J. Phelps struck a large flowing well in front of his livery stable in West Branch at a depth of 152 feet. It flows 60 barrels of water an hour. A small vein of coal was also struck.

Many of Kalkaska county farmers who hung on to anywhere from 100 to 1,000 bushels of potatoes when the price was 40 cents and better are now sadly watching the price slip down towards nothing.

Wm. Davis, colored, aged 80, is dead. The old man was formerly a slave, but since the war has resided in Niles and, until a few years ago was an expressman. He was widely known among traveling men.

The route of the proposed electric railroad between Lansing and Coldwater will be from Coldwater through Union City, Burlington, Tekonsha, Marshall, Bellevue, Olivet and Charlotte to Lansing.

The World's Fair Columbian organ at the University of Michigan has 3,901 pipes and 116 stops. The largest pipe is 32 feet long. It is said to be one of the most complete concert organs in the world.

Frank Nichols, a farmer living one mile north of Camden, committed suicide by the opium route on the 28th. Nichols was 38 years of age and was regarded as rather eccentric. It is alleged that the rash deed is the sequel of an unfortunate love affair.

Peter Craig, alias John A. Smith, bought \$9 worth of goods on the installment plan at Ann Arbor. An hour later he sold them at a second-hand store for \$1, and inside of three hours he was serving a 60 days' sentence.

### DOING GOOD EVERYWHERE.

A Medical Discovery that Effectually Cures Piles in Every Form.

For many physicians have experimented in vain, seeking a remedy which would effectually cure piles and other rectal troubles, without resorting to a surgical operation. Many remedies were found to give temporary relief, but none could be depended upon to make a lasting, satisfactory cure.

Within a recent period, however, a new remedy, the Pyramid Pile Cure, has been repeatedly tested in hundreds of cases and with highly satisfactory results.

The first effect of the Pyramid Pile Cure is to instantly remove the pain and irritation generally present and from that time on the cure rapidly progresses and before the patient is hardly aware of it he is entirely cured. The remedy seems to act directly on the nerves and blood vessels of the parts affected as it comes in direct contact with them and sets up a healthy action which in a perfectly natural way brings the parts to their normal condition.

The remedy does its work without any pain or inconvenience to the sufferer and is justly considered one of the most meritorious discoveries of modern medicine.

Piles is one of the most annoying and often times dangerous disease with which humanity is affected. If neglected it frequently develops into Fistula or some equally fatal or incurable trouble, whereas by the timely use of this simple but effective remedy no one need suffer a single day from any form of piles unless they want to.

The Pyramid Pile Cure is perfectly harmless, containing no mineral poisons and is also very reasonable in price costing but one dollar a package. It is sold in drug stores everywhere. The manufacturers of the remedy are the Pyramid Drug Co. of Marshall, Mich., who have placed this excellent preparation before the public only after giving it thorough and repeated tests in the hands of reputable physicians. The results in hundreds of cases have convinced us that it will not disappoint you.

Cass County's Wheat Crop Will not Equal the Needs for Bread and Seed—1,420 Y. M. C. A. Branches With a Membership of 228,568.

**Cass County's Wheat Crop.**  
From reliable sources it is learned that the coming wheat crop of Cass county will not be equal to the needs for seed and bread. Conservative farmers in nearly every township report a large acreage plowed up for corn and beans, and a fair estimate will place the total acreage in the whole county thus lost at fully 2,000 acres, which means a loss of at least 30,000 bushels. In no case is a yield of 10 bushels per acre promised, the general claim being but five. Wheat looked fairly well April 1, but the warm weather for the two or three weeks following was extremely favorable for the propagation of the fly, and not a field has escaped. This will be extremely hard year on farmers in southern Michigan, and especially upon those who are in debt. Corn is at least two weeks late, and there are very few good fields of clover.

### Y. M. C. A. Report.

The report of the Y. M. C. A., in session at Grand Rapids, is as follows: Of the 1,420 associations in existence, 1,341 sent in reports, which showed an aggregate membership of 228,568 and an active membership of 108,568; 334 own buildings valued at \$19,847,936, and 92 own other real estate valued at \$1,270,550. Deducting debts the net value of buildings and real estate is \$16,363,315. The total net value of all property is \$19,347,272. The cash paid out for current expenses was \$2,453,778. The average daily attendance at gymnasiums, athletic games, etc., was 77,378, and 332,420 volumes were drawn from the libraries. The attendance at Bible class sessions were 356,227, and the total attendance at young men's meetings, 2,538,504.

### Prisoner Nearly Suicided.

John Beauchamp, aged 21, who is serving a sentence in the county jail at Saginaw, attempted to commit suicide by hanging himself in his cell. Turnkey Baskins was aroused by the screams of other prisoners in the ward, and discovered Beauchamp's body dangling from a cell door, apparently lifeless. It took two hours to restore the prisoner to consciousness. He had torn up a bed sheet and made a rope with which to carry out his act. It is believed Beauchamp is insane. Two weeks ago he tried to set the jail on fire by lighting a bundle of papers in his cell.

### Farmers in a Dilemma.

The burning of the creamery at Grass Lake has put the farming community thereabouts in a dilemma. The creamery was built four years ago, since which time the farmers have been steadily adding to their dairy stock until at present there are over 400 patrons owning from five to 70 cows each, and some even more. What to do with the milk during the rebuilding is a vexing problem, as there are but few families prepared to care for the large product. The probability is that a new separator will be bought at once and business resumed as fast as practicable pending the rebuilding.

### Officers of the Defunct Bank Go Free.

In the circuit court at Muskegon Assistant Attorney-General Chase entered a nolle prosequi in the case of the People vs. S. Henry Lasley, Horace L. Delano and Hiram E. Staples, officers of the defunct Whitehall State Savings bank. The case was dismissed by the order of the court. This is the celebrated Whitehall bank case which was tried there in July, 1898, the above named respondents having been charged with making false reports to the banking commissioner as to the condition of the bank. The jury in the case disagreed after 20 hours' deliberation.

### Gen. Grant Once Owned Land in the State

Very few people, even the oldest inhabitants, ever knew that Ulysses S. Grant owned a quarter section of land in the copper country, but such is the case as the records on file at the county court house show. It was while he was a lieutenant and while Kaweenaw was yet a part of Houghton county. The record shows a sale of the northeast 1/4 of section 20, town 58 north, of range 29, to Simon Mandelbaum, of Eagle River, for \$120. The land described is between the Washington mine and Lac la Belle.

### Mail Pouches Rifled.

The D., G. H. & M. railroad station at Saranac was broken into the other night. The robbers devoted their attention exclusively to the mail pouches which came in on the 9:05 p. m. train from Detroit, and which are always left in the station over night. The pouches were cut open and all the letters and papers they contained were cut open and rifled.

### Wheat Prospects Very Poor.

The outlook for wheat in Ionia county is decidedly poor—it will not be a half crop in most cases, and many fields will not yield five bushels per acre. Many fields are being plowed up and put into corn. A resident of Portland recently drove from there to near Ann Arbor and he reports that there is not one good piece of wheat in all that distance. He says cattle are turned in upon it or else it is being plowed up. That which looks good is not, for it is badly affected by insects and worms.

# PRONOUNCED INCURABLE.

## A Strange Malady Which Eminent Physicians Failed to Understand or Master.

From the Republican, Scranton, Penna.

A reporter recently learned of a remarkable experience which happened to Mrs. Frederick Braig, of North Wyalong Avenue, Scranton, Pa. In the interview with her, she said: "I suffered for many months with pains in my back and side. I called in all the physicians whom I knew; they did all they could for me, but admitted that I could not be cured. None of them seemed to know just what my ailment was, and doctored me for different diseases, but failed to benefit me.

"Instead of getting better I became worse, and was obliged to leave my work and remain at home. The pains became more severe, and it was not long before I was obliged to go to bed, and was unable to leave it for several months. I was very weak and suffered severe pains almost constantly, in the meanwhile doctoring all the time.

"At that time I was staying at the home of my father, Mr. Van Gorden, at 638 Marion street, this city. I grew worse steadily and was almost helpless.

"One day a neighbor came to see me and told me of Dr. Williams' Pink Pills for Pale People. My father was going down to the central part of the city that afternoon, and I asked him to get a box of the pills. He brought home a box that evening and I began taking them. The first box helped me some and I decided to get another. After taking the second box I felt much better, and after taking the third I was able to get up and be about. Before I had taken the fourth box I was able to go back to my work, and felt as well as I had ever felt in my life.

"I worked from that time until I was married. Since then I have not had to stop my work for any of the old trouble. I take the pills right along now as I did before. I do not think that it is necessary to take them as often as I did, but I take them periodically, and find that they keep me strong and well. I feel that I can truthfully say that Dr. Williams' Pink Pills for Pale People have saved my life, and I owe my recovery and present good health to them. The complaint is one that is well-known to many women. I cannot describe it, but I am sure many of them have suffered the same excruciating pains with which I suffered.

"I have recommended Dr. Williams' Pink Pills for Pale People to many of my friends that are suffering with the same trouble that I had. It is the best medicine that I have ever seen for the troubles that are so common to women. They will always be a household remedy in my home. I cannot say too much in their behalf, for to them I can say all my happiness is due."

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, over-work or excess of whatever nature. Dr. Williams' Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

# SAPOLIO

THE CITY.

The sensational Reichert divorce case is set for June 2.

During the storm last Saturday the New State Co. had several phones burned out.

The official report of the meeting of the Board of Public Works appears in another column.

There is a rumor that D. Angell, of Saginaw, is going to open a photograph studio in the city.

The original association of alumni of the University of Michigan was organized June 26, 1860.

John O'Brien has accepted a position with J. F. Schuh in the plumbing department. He is a good addition.

The Bell Telephone Co. received 30 tons of copper wire last Saturday morning for long distance telephones.

The Washtenaw Times has moved from Main street to the Henning Block where it has quarters with the Inland Press.

The taxed bill of costs in the case of Ratle E. Corey vs. the city of Ann Arbor has been made out and amounts to \$58.75.

At the closing of the state W. C. T. U. convention in Detroit, Mrs. Jennie Voorheis, of this city, was elected vice-president.

John Shadford has purchased the building at the corner of Broadway and Moore sts., and will open a grocery store in the near future.

Judge Kinne has granted a temporary injunction prohibiting the electric cars from running faster than twelve miles an hour on Packard street.

A decree of divorce was granted Eva Gould Saturday from her husband, David Gould, on the grounds of desertion. The parties live in Ypsilanti.

Rev. and Mrs. Geo. C. Barrows, formerly of S. Thayer st., this city, now of Pullman, Washington, report the arrival of a son at their home on May 15.

Last Friday evening about 8:30 o'clock, while in a friendly wrestling William Vogel, of W. Hiscock st., broke his leg. Dr. Spitzley attended him.

The Students Lecture Association are preparing to make a great big effort to secure Admiral Dewey as the star attraction for their course next year.

Owing to the leave of absence of Prof. Pattengill who will go abroad for the coming year, his Greek work in the high school has been assigned to Miss Genevieve K. Duffy.

Committees have been appointed and are already arranging for the "Christmas bazaar," to be held in the parlors of the Unitarian church the first week in December.

With very few exceptions the business men of this city closed their places of business Tuesday and properly observed the day set apart to do honor to the departed soldiers.

In the case of Alice Freer vs. Nelson Freer, retried this week, Judge Kinne granted Mrs. Freer a decree of divorce. He has not yet rendered his decision as to the amount of alimony.

The jury in the case Luick vs. Kinson went out last Thursday noon, and after five hours deliberation it was agreed to disagree. The jury voted 3 to 4 in favor of the defendant.

The "champion army team of the world," as the 31st Michigan ball club is styled, will make a tour of the state in June. In camp the boys won 25 games, tied one and lost one.

J. E. Beal will give a talk this evening at the M. E. church under the auspices of the Ladies' Aid Society. Mr. Beal will talk on his trip to Cuba and the West Indies. Admission 10 cents.

W. F. Bird, the fruit grower, just west of the city reports that the cold winter has killed most of the young peach trees. At first these trees seemed to start all right, but now they are dying.

Mrs. Anderson and her daughter Florence, of Hill st., returned home Friday after passing the winter in Florida. Miss Florence is improved in health and endured the journey north very well.

Ginn & Company have recently issued in pamphlet form, a paper on "Language, Rivalry and Speech, Differentiation in the Case of Race Mixture" by Prof. George Hemple. This paper was read by Prof. Hemple at the last meeting of the American Philological Association, and is an exceedingly interesting paper on the subject it treats. It shows profound research on the part of the author, Prof. Hemple.

During the severe electrical and hail storm last Saturday morning, one of Weismann's men was delivering goods on Thayer street and a bolt struck one of the horses, knocked it down but did not kill it.

Arthur Stark, who is in jail awaiting trial for assaulting a school teacher in Lima some weeks ago, made a second attempt to break jail last week. He seems to fear the result of his crime and is determined to escape.

E. F. Johnson, of the Law department, will discuss "Superstition and Religion," before the Business Men's Class at the Congregational church, Sunday morning, June 4th, immediately after the morning service.

Harry Davis, who has been head cook for Chas. Carrao, of the Portland cafe has purchased Mr. Carrao's restaurant and took possession last week. Mr. Davis has many friends, who will wish him success in his new undertaking.

The High school catalog about to be issued, will show an enrollment as follows: seniors, 83; juniors, 118, 2nd year, 130; 1st year, 172; unclassified, 94; special, 39; total 633. Of these 371 are resident and 262 are non-resident students.

Peter Craig, a young colored man who got goods from the American Wringer Co. and fraudulently disposed of the same while under contract of sale, and who was sentenced by Justice Duffy to 60 days in jail, has appealed his case to the circuit court.

Another business change which indicates prosperity will take place about the middle of June, when the firm of Alley & Sons, which has outgrown its present quarters, will move into the big store owned by Dennis Warner on the north side of Main street.—Dexter Leader.

Samuel G. Miller told THE REGISTER this morning that there was at least one good result of the cold spring. Heretofore Mr. Miller states that the bugs have always climbed up on the fence and watched for his potatoes to come up, but this spring he has not seen a single bug.

Miss M. Ellen Clarken, Ann Arbor's talented harpist, played at a grand concert given in Harmonia hall, Detroit, last evening. The concert was given under the direction of Prof. O. H. Rounds, leader of the Detroit Ladies' orchestra. This proves not only Miss Clarken's ability as a harpist, but also the reputation and popularity she holds in musical circles in Detroit.

At the recent annual meeting of the First M. E. church Epworth League the following new officers were elected: President, Miss Carris Dicken; first vice president, Miss Martha Norton; second vice president, Miss May Wheeler; third vice president, Earl Stewart; fourth vice president, Miss Rose Maier; secretary, Herbert Vandeman; treasurer, D. W. Springer.

One often hears various estimates upon the seating capacity of University hall. These estimates usually are too high. The fact may not be known that the whole student body could not be seated at once, but such is the case. The Lecture Association knows that the actual number of seats is about 800 less than the number enrolled at present in the University. The number of seats in the hall is: 1,540 on the main floor and 1,065 in the gallery, making a total of 2,605 seats.

George Nisle, of Manchester, was in Chelsea yesterday looking for one Irving Versellus, to whom he had rented a horse and rig about eight weeks ago. It is now about three weeks since Mr. Nisle has seen Versellus and from certain transactions the latter had been engaged in during that time he had about given up the idea of ever seeing him again. About two weeks ago Versellus traded the horse and rig to John Miller, of Sylvan, for a span of mules, afterwards selling the mules to some of the rag peddlers in "Wonderland." He then induced Miller to go off with him. The officers around the neighborhood were notified and this morning Miller returned to Chelsea with the horse. He says Versellus is at Dansville with the buggy, and has no money to get away from there with.—Chelsea Herald.

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Mr. G. Frank Allmendinger went to Detroit one day last week and while going down Michigan avenue he states that he counted 114 empty stores. How would Ann Arbor feel with a similar proportion?

Marshal Gerstner yesterday morning arrested C. B. Paddock for cruelty to animals. He was taken before Justice Duffy and paid \$3.45 fine and costs. Paddock will next time will be a little bit more careful how he abuses a playful pup.

"What is Patriotism in the United States?" This is the subject at the Adventist church, corner Liberty and Division streets, Sunday evening June 4. This is the third in the series of sermons on the "Religious, Social and Political Problems of the Day." These sermons are based on the Bible, especially the books of Daniel and the Revelation. Every body made welcome.

The Y. M. C. A. has invited Co. A to attend a meeting to be held in the Y. M. C. A. rooms, Sunday, June 3rd, at 2:45 p. m. The invitation was accepted. Rev. C. T. Allen of Ypsilanti has been secured to make the address. Should this notice meet the eye of any soldier or sailor of the Spanish-American war, he may consider himself included in the invitation and is hereby invited and requested to be present Sunday. It is hoped that all members of Co. A. and others will avail themselves of this opportunity to attend this service. The new Y. M. C. A. band is expected to be present and other special music is promised. All men in the city are also invited to this meeting.

M. C. EXCURSIONS. Cheap Rates West via Michigan Central. Very low rates are now in effect to many Western points via the Michigan Central Ry. Full information given at the ticket office.

To Jackson County Maccabee Association. The Michigan Central will sell round trip tickets to Jackson on June 10, good to return same day for one and one-third fare for round trip.

G. A. R. Michigan Encampment, W. R. C. Department Convention. The Michigan Central will sell tickets on account of above meetings, June 19, 20, 21 at one fare for the round trip. Tickets will be good to return June 27.

Steamship Tickets. Trans-Atlantic steamship tickets, all classes, to and from European points, can be purchased at lowest rates and reservations made at Michigan Central ticket office, Ann Arbor. Baggage checked to steamer docks at New York. Full information given at Michigan Central ticket office or can be obtained by addressing H. W. Hayes, M. C. Ry., Ann Arbor, Mich.

LAKE TRANSPORTATION. Take an Outing Upon the Lakes—The Anchor Line Offers the Opportunity. The Anchor line offers some of the finest excursion tours it is possible to plan. Call for their circulars at the Michigan Central depot at Ann Arbor and see for yourself. A trip to any summer resort via the lakes will do you more good than the balance of your vacation. Full information may be had of H. W. Hayes at the M. C. depot where tickets to all points may be secured.

AGENTS WANTED—FOR "THE LIFE AND Achievements of Admiral Dewey," the world's greatest naval hero. By Murat Halstead, the life long friend and admirer of the nation's idol. Biggest and best. Choice of 500 pages, 8x10 inches; nearly 100 pages halftone illustrations. Only \$1.50. Blank of a lifetime. Write quick, The Dominion Company, 3rd Floor Oaxton Bldg., Chicago.

Probate Order. STATE OF MICHIGAN, COUNTY OF WASHTENAW. At a session of the Probate Court for the County of Washtenaw, held at the Probate office in the City of Ann Arbor, on Monday, the 23rd day of May, in the year one thousand eight hundred and ninety-nine.

A GREAT TIME SAVER. Alabastine, the permanent wall coating, is a cement that when mixed with cold water forms permanent coats, admits of re-coating from time to time without removing its old coats, and hardens with age. This not only saves much time and money, but produces better effects, works better, and walls usually require but one coat.

NO WOMAN IS EXEMPT. Regularity is a matter of importance in every woman's life. Much pain is, however, endured in the belief that it is necessary and not alarming, when in truth it is all wrong and indicates derangement that may cause serious trouble.

Excessive monthly pain itself will unsettle the nerves and make women old before their time. The foundation of woman's health is a perfectly normal and regular performance of nature's function. The statement we print from Miss GERTRUDE SIKES, of Eldred, Pa., is echoed in every city, town and hamlet in this country. Read what she says:

"DEAR MRS. PINKHAM:—I feel like a new person since following your advice, and think it is my duty to let the public know the good your remedies have done me. My troubles were painful menstruation and leucorrhoea. I was nervous and had spells of being confused. Before using your remedies I never had any faith in patent medicines. I now wish to say that I never had anything do me so much good for painful menstruation as Lydia E. Pinkham's Vegetable Compound; also would say that your Sanative Wash has cured me of leucorrhoea. I hope these few words may help suffering women."

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

All suffering women are invited to write freely to Mrs. Pinkham, at Lynn, Mass., for advice about their health.

CARL T. STORM. ATTORNEY AT LAW. Office over Farmers and Mechanics Bank, ANN ARBOR, MICH.

Ten years from now when your child wishes "I might have had the opportunity to learn music when I was young," will be a painful expression to hear and your remembered reason "I cannot afford it," when seen from a distance will be a very poor excuse. Avoid conditions which would make such expressions possible. You can buy a piano from \$50.00 upwards, and settle for them on the payment plan.

BAD, WORSE, WORST SPRAIN Can, without delay or trifling, be cured promptly by the GOOD, BETTER, BEST REMEDY FOR PAIN, St. Jacobs Oil.

WAR NOTES. It is something besides bad air that makes a woman faint in a close theatre.

The department is not yet settled in the acceptance of Gen. Otis' decision that the Spanish government is entitled to all of the cannon in the Philippines outside of those brought in by the American army. The paragraph in the peace treaty relating to the ownership of this artillery admits of a double construction, but the weight of opinion in the department is that the United States is at least entitled to the possession of the guns captured and surrendered before the signing of the peace protocol. This would include the batteries at Cavite, Corregidor island, at the mouth of Manila bay, and probably those in the fortifications of Manila itself.

The events of the week past have emphasized the need of a much larger army in the Philippines, without which, according to the best authorities in Manila, it would be attempting American supremacy in the islands. The inadequacy of the American forces is said to be responsible for the large total loss in the number of small encounters, without material results as a compensation. Most of the fighting has been in territory which the Americans had swept, but have been compelled to abandon because they could not spare troops to hold it.

Two companies of the 3d infantry and two companies of the 22d infantry, forming Gen. Lawton's rear guard, returning from San Miguel to Balingay on the 23d, escorting a signal corps party which was picking up wire laid with Gen. Lawton's expedition, found that the insurgents had reoccupied the country and had fighting followed from daylight until the Americans camped at night. But the troops completed their work, though harassed by the enemy. One American was killed and 14 wounded. The troops captured 20 prisoners and 30 rifles.

Gen. Lawton, with 1st of his troops, has arrived at ... His expedition marched 120 miles in 20 days, had 22 fights, captured 28 towns, destroyed 300,000 bushels of rice and only lost six men killed and 31 wounded. On the other hand, Gen. Lawton estimates that his troops killed 400 insurgents and wounded double that number. A scattered party of American troops encountered a body of insurgents at Santa Rita and the Americans being reinforced by Brig-Gen. Funston with the South Dakota regiment, a warm fight ensued. A lieutenant and five men of the American force were wounded and 10 of the insurgents were killed and several captured.

Gen. Hughes, who has been appointed to relieve Col. Smith as governor of the Visayan district, will be succeed as provost-marshal by Brig-Gen. Williston, who recently arrived at Manila in command of the troops of the Sixth artillery. Admiral Dewey has sent word to the navy department that he will stop at various places on his way to the United States and will reach New York about Oct. 1.

BASE BALL. Below we publish the number of games of ball played by the Western and National Leagues, giving the number of games won and lost, together with the percentage of each club to date, Sunday, May 29th:

The temporary superstructure of the big Willis avenue bridge, now being built over the Harlem river at New York City, collapsed, killing four men and seriously injuring six, one of whom may die. Twelve or more workmen also received injuries of a more or less serious nature.

Two robbers boarded a Lake Shore train at Chicago and abducted a passenger who was standing on the rear platform, bound and gagged him despite his struggles, and then dragged him into an empty freight car, where they left him after taking everything of value he had. The committee on public health reported favorably the bill "to promote the public health by providing for an annual public meeting in townships, cities and villages; for the creation of local funds for health purposes; and for better official information to tax payers, relative to the sources of danger to the public health, and relative to the costs and results of proper and effective public health work."
