WASHTENAW COUNTY MAN KILLED.

J. H. Vanderwerker Ran down by a Wabash Train last Friday Night.—Formerly ran a Blacksmith shop at Stony Creek.

J. H. Vanderwerker was run into at Britten, Lenawee county, last Friday afternoon by the fast Wabash train going west. He was crossing the track and did not see the approach of the train until it was too late to escape. Mr. Vanderwerker was instantly killed as was also his horse. Deceased was about 60 years of age. He formerly ran a blacksmith shop at Stony Creek. Mrs. Wm. Rogers, of Saline, a daughter, and a son, Mr. James Vanderwerker, of Milan, survive him.

U. OF M. WINS AGAIN.

ATTEMPT TO PRACTICALLY DISMEMBER IT FAILS.

Plan to Have State Establish Homeopathic College at Detroit Killed in the Senate—May It Stay Killed!

All fears of the dismemberment of the University are for the present, at least, set at rest. There was a bill reported out of the legislature for the establishment of another homeopathic college at Detroit, and an attempt was made to get hold of the \$25,000 appropriated two years ago, but which was knocked out by a supreme court decision. Dr. MacLachlan and other Detroit homeopaths claimed that this money was in the state treasury yet, and on the grounds that Senator McMillan would donate a site for a Detroit college, they asked that they be given the privilege of using it.

There has been constantly in force an effort on the part of the Detroit people to get the University moved there. If the city of Detroit could get five cents that would build up anything in competition to any department of the University, the next step would be to get more. As one gentleman has remarked, if Detroit could get the smallest child they would come back after the twins. The smallest is easiest to get, and for that reason Detroit went after the homeopathic department. They consider it the weakest. There was more opposition to the school here from the old school, and it would be the easiest to commence on. To prevent any disintegration of the University there have been some very earnest meetings held in Ann Arbor.

The Detroit committee was before the legislature last week and said that they wanted the money and that there would be no opposition from the homeopathic faculty here.

Drs. Copeland, Hinsdale and Dewey went to Lansing last week to lay the exact facts before the legislature.

Dr. Copeland went to the auditor-general's office in the morning and found that the \$25,000 appropriated for the college had been spent long ago. The professors appeared before the ways and means committee and told them of this fact. The committee said that that settled it as far as Detroit's chances are concerned, and they made their final report at once. The homeopathic college for Detroit is dead beyond any resurrection, and to Drs. Copeland, Hinsdale and Dewey is due the great credit of killing the Detroit bill and thus assuring the permanent retention at Ann Arbor of everything pertaining to the University of Michigan.

Watch Missing, Man Skipped.

Israel Vogel had his watch stolen from the pocket of his coat, which hung in his blacksmith shop, Tuesday afternoon. It is supposed that a young man named Henry Young, a stranger in Chelsea, and who was working for James Harrington in his paint shop over the blacksmith shop, was the person who took the watch. He has been in the habit of running downstairs into Mr. Vogel's shop and taking the watch out to look at the time. Tuesday afternoon Mr. Vogel had to go to his house to get some nails and while he was gone the watch was taken. He did not miss it until 5 o'clock and then it was found that Young was also missing. Constable Jacob Staffan telephoned around the county to the officers to be on the lookout for him and it is possible he may be arrested. Mr. Vogel values the watch very highly not for its intrinsic value alone but because it was a present to him from his brother who is dead.—Chelsea Herald.

NEW MISSIONARY IDEAS.

HON. A. J. SAWYER ANNOUNCES THEM

In His Talk Before the Business Men's Class Last Sunday—Would Make the Philippines a Penal Colony and Send All Criminals There—Says They Would Christianize the Natives!

Hon. A. J. Sawyer addressed the Business Men's Class last Sunday and rather startled the natives with his ideas on the question of making the Philippines a penal colony for the United States.

Mr. Sawyer prefaced his address by saying that the conclusions which he would advance are derived from actual life and in his experience of 40 years in confronting criminals, both in defense and prosecution, in the courts. He spoke in part as follows:

There is a sentiment of belief, common to many, that the criminal, no matter how far he has advanced in crime, may still be reclaimed and reformed, and become a useful member of society. In my judgment no social error exists which is capable of greater evils to society than this. It is playing with the serpent and toying with the lightning. Nothing but destruction lies in its pathway.

The instances are too numerous where the labors of noble men and women, and the best efforts of the church, have been wasted upon such persons, to engender unlimited belief in a possible reformation, and the fact that there are many criminals who have never been convicted of a second offense does not prove reformation any more than it proves fear of punishment.

But, if it were conceded that the criminal himself might be reformed, what shall be said of his progeny, in which society has much greater interest than in himself.

Is it advisable for society to open its arms and welcome to the family circle any person who is actually guilty of a criminal offense? Will you consent that your son or daughter shall marry a criminal, even a criminal from circumstances. If not, then what will society do with the criminal after he is reformed?

We do not claim that every child of a criminal necessarily inherits criminal traits, but we do claim that in most instances the child inherits the mental formation of his ancestry to a large extent.

Mr. Sawyer then took up the first great crime, that of Adam partaking of the forbidden fruit. He said he was a victim of circumstances and had inherited no criminal trait, yet banishment, utter, complete and forever, was the sentence imposed by God. The speaker then took up the question of criminals by heredity. "Take the best stock of apple," said he, "and graft it into the thorn; plant the seed of the apple and it will produce the criminal."

And yet there be those who seem to feel that they themselves are possessed of such a stock of honesty and Christian spirituality, that their children would be safe if joined in marriage with a hereditary criminal.

It is but simple truth to say that in America, in the vast majority of cases, the marriage contract is entered into with less investigation as to antecedents than is devoted to the breeding of a horse, and so long as this practice shall continue society will be infested with criminals.

The ministerial father of the fistic champion so bears the pugilistic trait of blood that from the pulpit he telegraphs his blessing upon his son, and after the fight telegraphs that the Lord was with his son—just as if the Lord would stand up and help one criminal whip another.

Among the Greeks imprisonment was seldom employed as a legal punishment, they preferred banishment to the expense of keeping prisoners in confinement, and while the Jews do not seem to have favored this class of punishment, because it was believed by them to have a tendency to irreligion, if not to idolatry, still all the other nations of antiquity practiced banishment for all crimes disclosing moral turpitude, and many of the civilized nations of the earth today inflict banishment.

In my judgment the precedent set for us by God himself in banishing Adam after he had committed the crime in the Garden of Eden should be followed, and all the criminals who are found among us should be sent where they can get all the barbarism they want. To Agulnaldo, where the conditions of sensual existences are easy enough for the most indolent, let us send them. To the Philippines they would be an invaluable help. They would become industrial missionaries, better than Christian missionaries, because of being more like the rogues among whom they would be sent. They would better understand each other than either of them now understand the missionaries.

I would like to see the treatment which would apply to missionaries and criminals exactly reversed by sending the criminals to the heathen and placing the missionaries under that great forcing process, the penitentiary, of course with such changes in the institution as would adapt it to its new inmates, but adhering to the principle that righteousness, like crime, is best cultivated by gathering large quantities of it together in one spot. We would intensify piety at home as we

now intensify crime. Our home righteousness would be irresistible.

One reason why the heathen cannot get along better with our missionaries is that the ethics of the missionary, unless he is sent to them baked, is too high for them. They cannot trust a man who does not mean to cheat them, who looks upon the restraints of civilization as too few instead of too many, upon the methods of industry as being too sordid instead of too honest, who take no delight in stealing, does not know what it is to lie, has only one wife and never whips her. They believe he must keep on hand some concealed stock of deeper villainy than they have discovered, and they will not ethically or aesthetically mix with them.

They are like the American Indians in the presence of Puritan and Saxon. Nothing but extermination—no blood fellowship. But in Mexico, the treacherous Spaniards; in Canada, where the easy-going, licentious French; in Brazil, where the mrauding Portuguese taught a lower standard of morals, races blended and made neighbors. The savages were civilized. So if we send our criminals to the Philippines, the full-blood and the half-blood would meet them on the shore with the salutation, "Welcome, we love you for the enemies you have made. You hate the restraints of civilization; so do we. You want more liberties; help yourself. There is no politics here; you want a little license, take twenty. It is the custom of the country. What do we ask in return? Only that if you have any new tricks show them up."

Thus they would mix perfectly, and the Philippines' sunny strand would be Christianized. As fire drives out fire, so crime would destroy crime, and under the doctrine of "survival of the fittest," a better race of men would spring up to bless instead of to curse mankind.

HAS NOT GIVEN UP.

MRS. FILLMORE STILL WANTS HER \$2000.

It is a Fight With the Maccabees—Has Been to Supreme Court once.

Catherine Fillmore has again commenced her suit against the Great Camp, Knights of the Maccabees, and the local lodge claiming a \$2,000 life insurance on the death of her husband ex-Ald. Ariel H. Fillmore.

It will be remembered that Mrs. Fillmore made her claim against the Great Camp and it was disallowed on the ground that her husband was a stockholder in a brewery here and under the rules of the order they were not obliged to pay death claims in this class. She then tried to recover in the circuit court five years ago and was defeated. The case was appealed to the supreme court where a decision was made in favor of the Maccabees.

The present case brings in some elements that are somewhat differently alleged, and the whole trial will be gone over with again.

FELLED THE TREE.

Robert Ogden, the Famous Novelist, Ignores the Edict of the Board of Public Works.

Robert Ogden formerly known as Edward H. Waples, recently dropped his facile quill long enough to promote a little real estate deal by which certain lots not open to the public streets could be opened by a private drive and court. To get out a beautiful elm tree on Jefferson street must be removed. The B. of P. W. could not see why the city's trees should be sacrificed for private gain and refused permission. But it seems that the man of letters took counsel and an axe and the tree is no more. Now the B. of P. W. say it is their inning.

Mr. Keech, of the board, has placed the matter in the hands of the city attorney and he is looking the matter up. It is understood that the property owner claims that he had the right to cut the tree down.

It is possible, however, that trouble may ensue.

Last Wednesday evening about 6 o'clock Fred Kaercher, a farmer living west of the city, was driving out Liberty st. When crossing the Ann Arbor track his horse became frightened and began kicking, after which he made a dash out Liberty st., throwing the driver out and smashing the vehicle to pieces. Mr. Kaercher received a slight flesh wound on the side of the face, but was not seriously injured.

AMONG OUR NEIGHBORS.
THE YPSILANTI SENTINEL.
 You have perhaps noticed more white horses in town than usual. It's all owing to those red headed hydrants. Frank P. Bogardus was at Detroit this week looking after the purchase of five trucks for the coming celebration in Ypsilanti. Whoever furnishes them will send along an expert to touch them off and it will be did up proper. Mr. Bogardus says there is going to be some fine pyrotechnical effects.

THE YPSILANTIAN.
 A brand new boy, weight 10 pounds, at the home of L. C. Mason, 126 Summit St., Sunday morning. Elden and Edith Clay, of this city, are spending the summer with their grandparents, Mr. and Mrs. Thomas Rogers, of Springport. W. H. Talcott, of Ox Bow, an old pioneer of Washtenaw county, spent three days in Ypsilanti last week visiting his aged mother, Mrs. Priscilla S. Talcott, who is in her ninety-second year and in very feeble health. Thomas Whalen, of Superior township was found dead in his bed Wednesday morning, May 31. When he retired for the night he complained of not feeling just right, but nothing serious seemed to be the matter. He was 65 years of age and one of the old residents of the township.

THE YPSILANTI COMMERCIAL.
 Mrs. F. L. Carpenter and little daughter are making an extended visit at Baltimore.

Mrs. Margaret Barnes, widow of George S. Barnes, has been granted a pension of \$8 a month. The New State Telephone Co. now have a line from this city to Jackson. The toll rate has been fixed at 15 cents. Jacob Schmid, keeper of the saloon at 394 E. Congress-st, was arrested and fined \$10 by Justice Childs for keeping his place open on Sunday. Geo. Esslinger of E. Congress street, has sufficiently recovered from the effects of the fall sustained a few weeks ago from the top of an electric light pole, as to be able to again be about the city without the aid of crutches.

The feed-wire of the Saline electric road is being stretched this week. The company receive their power from the D. Y. & A. A. dynamos. The work is being carried on rapidly in spite of the numerous delays caused by the usual system of injunctions. The old Ypsilanti and Ann Arbor car is being remodeled and fitted up with new motors for use on the Saline line. For the present only one car will be used. It will make hourly trips, covering the nine miles between the two towns in 30 minutes.

MANCHESTER ENTERPRISE.
 The streets have been in total darkness the past few nights. That is, all but exchange places. The commencement exercises of the high school will be held at Arbeiter hall on Thursday evening next, June 15. Commission merchants from New York and Philadelphia are anxious to secure the butter made at the Manchester creamery. We learn that Brice & Co.'s egg packing establishment here will cease business, Saturday. Local concerns pay too high prices for butter and eggs to suit them. During the storm on Monday afternoon the wind did a lot of damage to Jas. Lamb's barn, about 3 1/2 miles west of town. The roof was blown off, the side of the building blown in, and in fact the building will have to be rebuilt. It was an old barn, but the loss will be considerable.

THE SALINE OBSERVER.
 Much of the iron and ties for the new road were shipped to Pittsfield for distribution and were from there handled by teams. Mrs. Peter Andress died this morning. She has been in poor health for a long time. Work of grading this end of the electric line will be commenced in a few days. The grade stakes were set Wednesday. One of the teams doing work on the new electric line is the one which drew the heavy load at the world's fair, and they handle the heavy loads with perfect ease. Geo. Beutler of Pittsfield who was trying to chop off a limb Wednesday, mistook the object of his ax and chopped off several of his toes. The body of Lewis Bischoff which was last week recovered from Joslyn lake and buried, was later taken up and sent to his people in New York.

CHELSEA STANDARD.
 Born on Tuesday, June 6, to Mr. and Mrs. Jas. McLaren jr., a daughter. Prof. Isaac N. Demmon of the University of Michigan visited Chelsea schools last Friday and speaks very highly of them. The interest and effort of both pupils and teachers is very satisfactory and commendable.

He spoke very highly of the discipline and expressed entire satisfaction with the work being done by our efficient corps of teachers. There is a scarlet fever scare here. Grace Bacon, daughter of Mr. and Mrs. J. Bacon, is ill with the dread disease. The second grade of the Chelsea schools which is presided over by Miss Marie Bacon has been closed as a consequence. Wirt H. Leek, only son of Mr. and Mrs. Horace Leek, was born at the old home in Lyndon, Oct. 22, 1881 and died at the same place May 31, 1899 at the age of 17 years, 7 months and 9 days, of brain fever and measles.

CHELSEA HERALD.
 The probate commissioners in the estate of Charles Clemens deceased, of Lima, have made their apportionment. By their decision the widow is given 11 1/2 acres of land and the house and barns. Two of our village school teachers will leave at the end of this school year. Miss Carrie McClaskie will go to the University next year and Miss H. Dora Harrington has accepted a position in the Detroit schools. Sarah Cushman, of Minobester, was declared an incompetent last October by order of the probate court. She did not think she was and did not care for a guardian to be placed over her. Consequently she appealed the case to the circuit court. Thursday, upon stipulation signed by her attorney and Lulu Weaver, who signed the original petition, the decree was set aside by Judge Kinne and she is now at liberty to transact her business as she pleases.

COUNCIL CHAMBER, Ann Arbor, June 6, 1899. Regular session. Called to order by President Seabolt, Roll called. Quorum present. Absent, Ald. Weeks.

PETITIONS. STATE OF MICHIGAN, County of Washtenaw, To the Common Council of the City of Ann Arbor:

Gentlemen:—Your petition the Kyer Milling Company, a corporation duly organized under the laws of the State of Michigan and doing business in the City of Ann Arbor, respectively shows that it is the owner of lots number two and three and the Lyman Acre in block eleven of Ormsby and Page's addition to the City of Ann Arbor, and the grist mill and flouring mill thereon and the mill race and mill pond and the embankment, water power and water privileges connected therewith and all the land, rights and privileges mentioned and described in deeds bearing date and record as follows: December 13th, 1845 recorded in liber "C" page 312, deed dated January 16th 1844 and recorded in liber "U" page 329 and 331, deed dated December 13th 1843 and recorded in liber "U" pages 362 and 363, deed dated February 12th 1844 and recorded in liber "U" pages 363 and 364, deed dated February 12th 1844 and recorded in liber "U" pages 364 and 465, deed dated March 4th 1844 and recorded in liber "U" page 418 and deed dated June 24th 1844 and recorded in liber "U" pages 706 and 707, deed dated July 7th 1844 and recorded in liber "U" pages 769 and 761, deed dated November 1st 1850 and recorded in liber 31 page 315 and deed dated December 15th 1845 and recorded in liber 21 page 706, for a more particular description of said premises reference is hereby had to said records.

And your petitioner further shows by said deeds of conveyance that it acquired the right and privilege of digging and constructing across the premises described in said conveyances and using forever such race, canal or aqueduct as might be necessary and proper for safely conducting the water of Allen's creek and its tributary streams and springs across said lands west of said Allen's creek for hydraulic purposes and for the purpose of conveying the water of said creek and tributary streams through said mill race or aqueduct to its said mill and that it has the right and privilege at all times of erecting on the lands along said Allen's creek or any part thereof an embankment of sufficient bulk and strength and capacity to hold water to the height of which water may at any time be used in said race, and of flowing and keeping overflowed with water from said race and occupying and using so much and such part of said land as may be included between such embankment and such mill race as and for a reservoir of water in connection with the running and operating of said grist mill.

And your petitioner further shows that it has the right and privilege of directing, conducting and carrying the water of Allen's creek and its tributaries through its said mill race or aqueduct and also the privilege of making, constructing and forever using its dunes, trunks, mill race or aqueduct for that purpose.

And your petitioner further shows that it is the owner of the water of Allen's creek and its said tributaries in said city and has the right to utilize the same as a power for operating its said mill or other purposes, and that your petitioner and its grantors have constructed and maintained a dam on or along said creek for the purpose of collecting and confining the waters of said creek to its said mill race pond or reservoir so that it may operate its said mill.

Your petitioner further represents that said City of Ann Arbor has constructed and now owns, maintains and operates a system of storm sewers and large drains on William street, Liberty street, Washington street, Huron street, Ann street, Catherine street, Main street, High street, and Miller avenue in said city, for the purpose of conveying the surface water from the streets of the greater portion of said city.

Your petitioner further shows that it is entitled to the use and to enjoy the privileges of the waters of Allen's creek and its appurtenances forever, and that the said city of Ann Arbor by means of the large drains or sewers on the streets above mentioned, wrongfully, negligently and improperly have turned, directed and caused to be emptied into said Allen creek at or near a point on the line of said creek where your petitioner has caused the waters of said creek to be conveyed into its said mill race and at several points along its said race, large quantities of gravel, sand, stones, sediment, dirt and filth and has continued for a long time past and still continues so to do, and that the same has lodged, gathered and accumulated in your petitioner's mill race, thereby making it useless for milling purposes and putting your petitioner to great expense to remove the same to the great injury and damage of your petitioner's rights and privileges in the premises aforesaid.

Your petitioner further shows that said city of Ann Arbor has so wrongfully, improperly and negligently constructed said large drains or storm sewers that it has greatly damaged and injured said mill race by emptying large quantities of filth, dirt, stones, gravel and sediment through said large drains or storm sewers into said mill race, thus destroying the enjoyment of your petitioner's facilities therein and making useless the milling property of your petitioner above described by polluting and rendering useless the water power necessary to operate said mill.

And your petitioner further represents that they have a large and valuable milling property in said city of Ann Arbor, operating in part by water derived from said Allen creek, so conveyed to its said mill through its said

mill race and that the same has been greatly decreased in value and damaged by the said city of Ann Arbor, causing the surface water, sediment, dirt and filth from its said streets to flow as aforesaid through said large drains or storm sewers into said Allen's creek and into said mill race, obstructing and polluting the waters of said race.

And your petitioner further represents that by reason of the construction, maintenance and operation of said storm sewers as aforesaid your petitioner therefore prays that your honorable body will investigate its said claim against said City, and give your petitioner such sum or sums as will reasonably compensate it for the damage it has occasioned your petitioner.

NELSON J. KYER, Treas.

To the Honorable Common Council of the City of Ann Arbor:

Gentlemen:—I respectfully call the attention of your honorable body to the condition of the west end of Moseley street adjoining my property. The city by its officers has removed gravel from the street to the injury of my property, and although I have often requested that the excavation be placed in a condition so as to make good and save me from further injury, received nothing but promises which are not carried out.

Before taking the legal redress to which I am advised that I have, I ask your honorable body to give the matter immediate attention.

I am respectfully yours, F. WURSTER.

Referred to street committee.

To the Common Council: Gentlemen:—The Board of Public Works has had under consideration the matter of the pavement on Huron street, which was referred to them by your honorable body, and after due deliberation make the following recommendations:

1. That the paving east of Main street be put off for one year so that the trenches made by the renewing of all pipes for water, sewer, gas, etc., may be made thoroughly settled before the pavement is put down.
2. That if a majority of the property owners in the block from Ashby street to Main street sign a petition for a brick pavement that the work be included in the Washington street contract.
3. That the storm sewers be extended east from Main street to Ingalls street this present season, the Engineer's estimate for the same being \$4,063.55.

Respectfully submitted, Board of Public Works. Pres. McIntyre, Mr. Keech, Mr. Schleicher.

ESTIMATE FOR GRAVELING FOURTH AVENUE.

Five hundred loads of gravel at 16 cents, hauling 25 cents, spreading and rolling 9 cents—50 cents, \$250.

ESTIMATE FOR GRAVELING FIFTH AVENUE.

Seven hundred and sixty loads at 60 cents, \$456.00.

GEO. F. KEY, City Engineer.

Adopted as follows: Yeas—Ald. Richards, Hamilton, Dieterle, Koeh, Exinger, Rohde, Brown, Vandawarker, Grose, Howell, Coon, Stevens, Bliton, Pres. Seabolt.—15. Nays—None. Adopted in full.

Ann Arbor, Mich., May 18, 1899.

Resolved by Mr. Schleicher: That upon investigation of the condition of the drainage in the vicinity of North Fifth avenue we deem it a necessity to have a water drain placed in that locality and would respectfully ask your honorable body for an appropriation of \$85.00 to complete the same.

Respectfully yours, BOARD OF PUBLIC WORKS. J. E. HARKINS, City Clerk.

Ann Arbor, Mich., May 24, 1899.

To the Common Council: Gentlemen:—The Board of Public Works respectfully ask your honorable body for an appropriation of \$200.00 for the purpose of buying planks for bridges, culverts, etc.

Respectfully, BOARD OF PUBLIC WORKS. J. E. HARKINS, City Clerk.

Ann Arbor, Mich., June 2, 1899.

To the Common Council: Gentlemen:—The Board would respectfully ask your honorable body to have a phone placed in Mr. Schleicher's (member Board of Public Works) residence.

Yours respectfully, BOARD OF PUBLIC WORKS. J. E. HARKINS, City Clerk.

ESTIMATE FOR GRAVELING E. HURON STREET FROM FIFTH AVENUE TO STATE STREET.

Total estimate,	\$540.00

ESTIMATE FOR STORM WATER SEWER ON GOTT STREET.

Recommended to Council by Board. Having looked over the matter of the disposal of storm water on Gott street, would recommend that for a permanent improvement, an extension of the pipe, be made from Hancock street north two blocks to Pearl street, with the necessary inlets and catchbasins. It is impossible to carry the water above the gutters without having a severe washout in the street at every hard storm. The following is the estimated cost of the improvement: 630 lineal ft. 18 in. pipe at 35

THE OLD WAY.

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless one.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words the starvation plan is supposed by many to be the first essential.

The almost certain failure of the starvation cure has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting to a man suffering from dyspepsia, because indigestion itself starves every organ, every nerve and fiber in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome well cooked food, and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words the patient eats plenty of good wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 1,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50 cents for full sized package at all drug stores.

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them do not being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return."

S. S. S. FOR THE BLOOD—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S., nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

STATE OF MICHIGAN, COUNTY OF WASHTENAW, At a session of the Probate Court for the County of Washtenaw, holden at the Probate Office in the City of Ann Arbor on Thursday the 8th day of June, in the year one thousand eight hundred and ninety-nine. Present, H. Wirt Newkirk, Judge of Probate.

In the matter of the estate of Ira Root deceased. On reading and filing the petition, duly verified, of Caroline M. Root, praying that a certain instrument now on file in this Court, purporting to be the last will and testament of said deceased may be admitted to probate and that administration of said estate may be granted to herself or to some other suitable person.

Thereupon it is ordered, That Monday, the 19th day of July next, at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the devisees, legatees, and heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Court in the City of Ann Arbor, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered, that said petitioner give notice to the persons interested in said estate of the pendency of said petition, and the hearing thereof, by causing a copy of this order to be published in The Ann Arbor Register, a newspaper printed and circulated in said county, three successive weeks previous to said day of hearing.

Normal students say they are frequently receiving letters from their homes, in which inquiries are made as to the truth of the trouble between Dr. Boone and the board of education and the faculty. The general verdict is that such affairs should be conducted through other channels than the state press.—Ypsi Cor. Times.

Ten to one the fellow who wrote the above item would be the very first, and those he refers to would be the next, to kick if such affairs were not exploited in public print. How long would a daily paper pay expenses if it refrained from letting the public know all about such affairs.

THE daily papers last Saturday reported that certain U. of M. men were complimenting ex-Boes Judson upon the help he gave the University in persuading Gov. Pingree to sign the One-Fourth Mill bill. Just what could have been their motive in thus indirectly slapping Gov. Pingree just after he had signed the University's pet measure, by intimating that he is handled by such a man as Judson is rather peculiar. The chances are that Judson learned in advance that Pingree would sign the bill and then pulled the wool over people's eyes by making them believe he did it. It is not at all likely that a man who has damned the University and practically every man connected with it from President Angell down to the last janitor appointed laid awake nights planning how he could build it up, or wasted any breath arguing Ping to sign a bill that would add a hundred thousand dollars to the income of the institution each year to be squandered by a lot of fossils and leeches as Judson termed them only a short time ago.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local remedies pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by J. F. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

Dean Scobolt has secured a lease of the opera house for five years and will put a lot of improvements upon it. He has already booked a number of excellent entertainments for next season.

The board of review will be in session next Tuesday, Wednesday and Thursday for all who wish to make complaints about their assessments. The board will set in the council chamber.

Judging from the number of railroad agencies which have been established in this city the past week it is clearly evident that the different roads do not intend that any of the students shall walk home.

Rev. Louis Koelbing, of Dexter, was held up by tramps the first of the week and robbed of everything he had in his possession. The act was done in broad daylight while Rev. Koelbing was driving from Dexter to Chelsea.

Miss E. Cora Depuy has written a communication to the Times attacking the position taken by A. J. Sawyer in his paper before the business men's class last Sunday when he advocated the establishment of a penal colony in the Philippines.

The annual meeting of the Washtenaw County Medical society was held in the Hawkins House, Ypsilanti, last Monday evening. Dr. Geo. Dock was elected president, Dr. Elan Murray vice-president, Dr. J. F. Breakey secretary, and Dr. J. A. Wessinger, treasurer.

The students gave the base ball team a rousing reception upon their return a little after 12 o'clock last Thursday morning. Few people who live near the campus or on the route between the campus and the depot were able to sleep much until a early hour Thursday morning.

From newspaper reports it seems that the Sanitary Milk Co., is having trouble with some of its employees. The company finds that it does not have use for as many men as it first expected and hence has decided to lay off some of them. The men on the other hand claim they had a year's contract and will compel the company to pay whether they work or not.

The lit class of '88 will hold a reunion during the coming commencement. They have adopted a rather novel idea it having been decided to hold their reunion in a tent erected especially for that purpose near the Tappan Oak on the campus. The reunion will be held at 11 o'clock Wednesday forenoon of commencement week. The tent will be the class headquarters during commencement time.

"If any one present knows of any just cause or impediment, why these two persons should not be joined together in holy matrimony, let him now speak."

That is the challenge of the old marriage service. It is the challenge of church and state, and rarely is answered. But if that challenge were offered to Science how often would she forbid the banns, in the interest of woman's health and happiness.

Thousands of happy maidens who have looked to marriage as the consummation of their earthly happiness, have found it a blight to the body, a martyrdom to the mind. The irregular and painful periods of maidenhood were looked upon as a part of the common lot of woman, and so, neglected. Wifehood brought with it debilitating drains, and the trial of motherhood left an inflamed and ulcerated condition of the womanly organs. Then followed the slow decay of body and mind; the one tormented with pain; the other irritable, or despondent.

Science which cannot forbid the banns of marriage, can undo these sad consequences. It makes the trial of motherhood easy and brief. It brings back lost health and beauty. YPSILANTI LOCALS

On account of the illness of Miss Anna Chalmers, the First ward school has been closed since last Wednesday. John Millen who recently died at his home in Wayne, was a former resident of this city. Work is progressing finely on the Saline road. The trolley wire is strung for a considerable distance. Lawrence Riley and nephew of Wattertown, N. Y. are the guests of Mr. and Mrs. Riley, of Chicago ave. It has been suggested that the various fraternal organizations of the city make efforts for a reunion on Fourth of July. Mrs. A. A. Gee, of Dixboro is visiting her sister, Mrs. Caroline Phillips, of the Fair View fruit farm, for a few days. Elden and Edith Clay are making an extended visit with their grand parents Mr. and Mrs. Thomas Rogers, of Springport. Marshal Warner conveyed William Barr to the Pontiac asylum yesterday afternoon. Since being adjudged insane several weeks ago, Barr has been cared for at the county jail. Gen. Cutchon will deliver the alumni or "reunion" address for the anniversary celebration at the high school next week in the Methodist church. The Flint band has been engaged for the Fourth of July celebration. This is one of the finest bands in the state, and is of itself an attraction. Word comes from Webster of the approaching marriage of Miss Vida Pierce and George Alexander. Both of the young people are very well known in this city. P. R. Cleary reports the latest and best mis-spelling of the name of our devoted city. He is in receipt of a letter from the state of Iowa addressed to "Ipatiant."

Fifth ave., who has been spending the past year with her son, Mr. Gilbert Pitkin, in Petrella, Ontario, has returned to her home in this city. Is the Steam Locomotive Doomed? Men who know say that in the next ten years steam locomotives will disappear and electric motors will supplant them. They also say that with the new motive power trains will rush along at a minimum speed of 100 miles an hour. This will prove a blessing to those who wish to go quickly from one point to another, but no more so than Hostetter's Stomach Bitters has proved a blessing to those who wish to go quickly from sickness to health. The Bitters act at once upon stubborn cases of dyspepsia, indigestion, biliousness and liver complaint. They improve the appetite, quiet the nerves and induce sound, refreshing sleep. The trial of a bottle will afford convincing proof. Sold at all drug stores.

Does Your Head Ache?

Are your nerves weak? Can't you sleep well? Pain in your back? Lack energy? Appetite poor? Digestion bad? Sores or pimples? These are sure signs of poisoning. From what poisons? From poisons that are always found in constipated bowels. If the contents of the bowels are not removed from the body each day, as nature intended, these poisonous substances are sure to be absorbed into the blood, always causing suffering and frequently causing severe disease. There is a common sense cure.

AYER'S PILLS

They daily insure an easy and natural movement of the bowels. You will find that the use of Ayer's Sarsaparilla with the pills will hasten recovery. It cleanses the blood from all impurities and is a great tonic to the nerves. Write the Doctor. Our Medical Department has one of the most eminent physicians in the United States. Tell the doctor just how you are suffering. You will receive the best medical advice without cost. Address: Dr. J. C. AYER, Lowell, Mass.

MOTHER'S MISTAKE.

Ann Arbor Mothers Make it, but With a Little Light There Need be None.

How carefully mother guards the secrets of her boys and girls. At night as she carefully tucks the bed clothes around them she chides and warns that mother will be angry if they repeat last night's offense, softly saying to herself, it is only a habit, but I must break them of it. This is mother's mistake. The children cannot help it, and sweet, clean, dry beds can be the resting place of every child when it is understood that the cause is not a habit but a weakness that can be cured. Active life of the little one tends to weakening of the kidneys and weak kidneys means inability to retain the urine. This is a condition, not a habit, and should have the same prompt attention you would give to the marked symptoms of any disease. One of Doan's Kidney Pills taken twice a day and at bed time will strengthen the kidneys of a child and in a short time there will be no cause to scold, for the so-called habit will promptly disappear. Here is a grateful mother who adds her endorsement to our words.

Mrs. Wm. Theisen, of 321 N. Thayer st., says: "Our little boy, five years old, had an extreme weakness of his kidneys and lost control over the secretions from those organs. We doctored and doctored for him and tried numerous remedies without his getting the least benefit. On seeing Doan's Kidney Pills recommended and especially adapted to such cases we procured a box at Eberbach & Son's drug store and began to give them to him. He improved after a few doses and continuing the treatment he was soon cured."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

FINER EQUIPMENT.

Electric Line to Put on Eight Elegant New Cars—Road Also Contemplates Fifteen Minute Service to Wayne.

F. E. Merrell, Manager of the D. Y. & A. A. road was in the city last week and made THE REGISTER a pleasant call. He said that the road had placed an order with a company at Dayton, Ohio, for eight elegant new cars to be ready for service about July 1. He stated that these would be as fine cars as could be built. As soon as they are received they will take the place of those now in use and that then the road would be able to render the very best of service.

He also said that the present cars might be utilized in giving a fifteen minute service between Detroit and Wayne.

THE SURGEON'S KNIFE

ONCE BELIEVED TO BE THE ONLY CURE FOR PILES AND RECTAL DISEASES.

A Better Way Now Discovered Which Cures Every Form of Piles Without Pain or Inconvenience.

Many people suffer the pain, annoyance and other serious results from piles for years and after trying the many lotions, salves, ointments and the many so called cures without cure or relief, give up the hope of final cure, rather than submit to the intense pain and danger which a surgical operation involves.

Happily all this suffering is no longer necessary since the discovery of the Pyramid Pile Cure; a remedy which is approved by medical profession as being absolutely safe free from any trace of opiates, narcotic or mineral poisons and which may be depended upon as a sure cure (not only relief) for any form of piles, whether itching, blind, bleeding or protruding. Some of the hundreds of cures recently made are a little short of marvelous, as a perusal of the following will demonstrate.

Major Dean of Columbus, Ohio, says: "I wish to add to the number of certificates as to the benefit derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectually cured me"

Dr. J. W. Meagan of Leonardville, Kan., writes: "I have used one box of Pyramid Pile Cure and received more benefit and relief than from any remedy I had used in the past twenty years."

James Jamerson, Dubuque, Iowa, says: "I suffered from piles for six years; have just used the Pyramid Pile Cure and am a well man."

Mrs. M. C. Hinky 601 Mississippi st. Indianapolis, Ind., says, I have been a sufferer from the pain and annoyances of piles for fifteen years, the Pyramid Pile Cure and the Pyramid Pills gave me immediate relief and in a short time a complete cure."

The Pyramid Pile Cure may be found at druggists at 50 cents and \$1.00 per package. A book on cause and cure of all forms of piles will be sent by mail by addressing the Pyramid Drug Co., Marshall, Mich.

Seems as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the phonograph, the electric light, all were once impossible, and once it was impossible to cure consumption. That was before the time of Dr. Pierce's Golden Medical Discovery, Taken according to directions, this standard remedy will cure 98 per cent of all cases of consumption. Consumption is caused and fostered by impurity in the blood. It is cured by purity and richness in the blood—surely, certainly it cures by the "Medical Discovery." It builds up solid healthy flesh and vigorous strength.

THE STIRK FAMILY.

Proud Aristocrats in the Realms of the Arena.

The famous Stirk Family, one of the great features of The Wallace Shows does work that borders on the marvelous. In truth some of their attainments are of such complex difficulties that it frequently passes with but little more notice from the public than their simpler displays solely because the audience can follow its intricate and perplexing paradox.

It not infrequently happens that when a particularly hazardous feat is accomplished the strongest and most pronounced applause will come from the entry wherein the other actors of the show may invariably be found ranged as spectators when "the Stirks are on."

This tribute to their genius from their fellow performers is as unusual as it is spontaneous, and testifies to their superiority more eloquently than any eulogy possibly good.

When an act can hold the attention of actors as that of the Stirks does, it may indeed be said to be truly great. At Ann Arbor on Monday June 19.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects I keep them at hand and a single dose dispels any old symptoms."

Resolved, That the sum of thirty-six thousand and two hundred dollars be and the same is hereby appropriated, levied upon and assessed against the taxable property of the City of Ann Arbor for and on account of the several regular funds of the City of Ann Arbor for the fiscal year, 1899 and 1900, and that the same be and is hereby appropriated to the said several funds as follows:

Table showing fund allocations: To the Contingent Fund the sum of \$7,000, To the Fire Dept. Fund the sum of \$8,000, To the Water Fund the sum of \$11,000, etc.

Whereas, it appears and is hereby determined that to enable the City of Ann Arbor during the fiscal year aforesaid to keep and maintain in good order and repair its several bridges, culverts and cross-walks within the city a sum of money in excess of the per centum authorized to be raised under the authority granted to this Common Council by the charter is and will be necessary. Therefore resolved:

Resolved further, That the sum of three thousand dollars be and the same is hereby appropriated, levied and assessed on, upon and against the taxable property aforesaid and for the purpose of maintaining in good order and repair the several bridges, culverts and cross walks in and within the City of Ann Arbor.

Resolved further, That the sum of three thousand dollars be and the same is hereby appropriated, levied and assessed on, upon and against the taxable property aforesaid and by virtue of the act of the legislature of this State, authorizing the same for the purpose of paying the interest on and the installment of principal to become due and payable.

Resolved further, That it is hereby ordered that the said several sums of money aforesaid be and the same is hereby levied and assessed on, upon and against the taxable property of the City of Ann Arbor, Mich., and ordered to be spread on the tax roll of the said city for the year of A. D. 1899, for the said several purposes aforesaid, and it is ordered that all of the said several sums aforesaid be assessed, levied and collected and paid into the city treasury for the several purposes aforesaid and on account of the several funds and purposes aforesaid.

Resolved further, That the City Clerk do certify this resolution of application and assessment to the City Assessor and that when so certified the City Assessor do spread the sum of money aforesaid on and upon the tax roll of the City of Ann Arbor, Mich., for the year 1899, and assess the same against the taxable property of the said City of Ann Arbor as the same has been set down on the said tax roll or shall be fixed and determined by the Board of Review of the said city, and against the respective owners and occupants of the said taxable property pursuant to law.

Referred, adopted and sums ordered spread. Adopted as follows: Yeas - Ald. Richards, Hamilton, Dieterle, Koch, Exinger, Rohde, Brown, Vandawarker, Grose, Howell, Coon, Stevens, Bliton, Pres. Seabolt - 15. Nays - None.

Richards, Exinger, Rohde, Brown, Vandawarker, Weeks, Grose, Howell, Coon, Stevens, Bliton, Pres. Seabolt - 11. Nays - 3.

To the Common Council: Gentlemen: - Your committee on streets would recommend the appropriation of \$35 00 for grading the east end of Wells street. Also that \$100.00 be appropriated for grading Oakland avenue in the Tappan Park addition. The gravel should come out of cellars if possible.

Respectfully submitted, John Koch, Wilhelm H. Rohde, F. M. Hamilton, Frank Vandawarker, Emmett Coon, A. B. Stevens, A. D. Grose.

Adopted as follows: Yeas - Ald. Richards, Hamilton, Dieterle, Koch, Exinger, Rohde, Brown, Vandawarker, Weeks, Grose, Howell, Coon, Stevens, Bliton, Pres. Seabolt - 15. Nays - None.

To the Common Council. Gentlemen: - Your committee on sidewalks would recommend that the petition of David Henning, asking the privilege of extending the grating along the south side of the Henning block be granted, the grating to be strong, uniform, solid grating of the same width as those now in use. Also that a plank cross walk be built across Hill street on the west side of Tlaver street, and that the steps and railing on west side of Henning block be

ordered taken away and the opening be replaced with suitable grating. Respectfully submitted, Frank Vandawarker, Henry Bliton, Henry C. Exinger, Simon Dieterle, C. Howell, Henry Richards.

Adopted as follows: Yeas - Ald. Richards, Hamilton, Dieterle, Koch, Exinger, Rohde, Brown, Vandawarker, Weeks, Grose, Howell, Coon, Stevens, Bliton, Pres. Seabolt - 15. Nays - None.

To the Common Council. Gentlemen: - The committee of the whole Council and the Board of Fire Commissioners has had under consideration the matter of the Sixth Ward Fire Department referred to them, and have thoroughly investigated the building and grounds relative to placing a department therein, request further time for consideration. Respectfully, Alderman Henry Richards, H. E. Exinger, F. Vandawarker, Hamilton, Rohde, Coon, Bliton, Seabolt, Schneider.

No objection. Further time was granted. RESOLUTION. By Alderman Coon. Resolved, That the Water Committee of the Council be instructed to report at our next meeting as to the quantity of the water supply of the city, also as to the sanitary conditions of the several springs and reservoirs from which the water is supplied.

To the Common Council. Gentlemen: - Your Committee on Lighting would respectfully recommend that electric lights be ordered placed as follows: On Yolland street, at the bend near Washtenaw avenue, at such a point as the Electric Light company deem best to give most light to that vicinity. Also on Ann street, between Division and State streets, at such a point as the citizens and Electric Lighting company may deem best for the public benefit.

Respectfully submitted, Emmett Coon, F. Vandawarker, William H. Rohde.

Adopted as follows: Yeas - Ald. Richards, Hamilton, Dieterle, Koch, Exinger, Rohde, Brown, Vandawarker, Weeks, Grose, Howell, Coon, Stevens, Bliton, Pres. Seabolt - 14. Nays - None.

To the Common Council. Gentlemen: - Your committee on bonds had the following bond under consideration and would recommend its approval. J. J. GOODYEAR, Principal. C. G. DARLING, Sureties, J. E. BEAL, H. C. Exinger, John Koch, Henry Richards.

To the Common Council. Gentlemen: - The committee of the whole Council has had under consideration the matter of parks referred to them, and would ask for further time to consider the matter. Respectfully, Alderman Hamilton, Rohde, Coon, Bliton.

Adopted as follows: Yeas - Ald. Richards, Hamilton, Dieterle, Koch, Exinger, Rohde, Brown, Vandawarker, Bilton, Grose, Howell, Coon, Stevens, Bliton, Pres. Seabolt - 15. Nays - None.

SKULL LIKE STEEL. A New York Man Fires Three Bullets in His Head, but All Are Flattened.

A short time ago a man in New York walked out to the end of a pier, drew a revolver from his pocket and began to shoot at his head. At the hospital the doctors dug three bullets out of his scalp, which had been flattened as though shot against steel. It's hard to get anything into the heads of some people - sometimes you can't do it with a 38-caliber revolver. They doubt proof, disbelieve evidence, reject facts, scorn advice. They are widely different from that sensible class of people who take facts on reasonable evidence and profit by them. Frank M. Fillermann, of Watertown, Wis., belongs to this class. When almost at death's door a friend told him that Dr. King's New Discovery for Consumption, Coughs and Colds was a sure cure for all throat, chest and lung troubles, and advised him to use it. Hear what he says: "My heart is overflowing with thankfulness because Dr. King's New Discovery snatched me from the grave. Suffering from consumption in its last stages, I had tried the best doctors in the state and many patent medicines, spending thousands of dollars, all without the slightest benefit. A friend recommended Dr. King's New Discovery. I procured a bottle, and before taking half of it was greatly relieved. I continued using it until cured. I am now strong and healthy. My joy and gratitude know no bounds. I believe this marvelous medicine is worth more to mankind than the riches of the Rothschilds." This royal remedy is the supreme cure for Consumption, Bronchitis, Pneumonia, Pleurisy, Severe Colds, Stubborn Coughs, Asthma, Hay Fever, Croup, Whooping Cough, and all bronchial troubles. Druggists sell large bottles at 50 cents and \$1.00, and refund money if no cures. As it has no equal, never take a substitute. Trial bottles free.

A Creeping Numbness

THE DOCTORS SAID IT WAS LOCOMOTOR ATAXIA OR CREEPING PARALYSIS.

The Sufferer Found a Remedy that Helped Him and Threw all Other Medicines Away.

A Perfect Cure.

From the Journal, Lawrence, Kan.

Perhaps there is no man better known in the city of Lawrence, Kan., than Mr. G. H. Snyder. He came to this city in 1854, six months after the first business house was located here. He now lives at 1310 Louisiana Street, is a well-to-do carpenter and owns a fine farm in Jefferson County, across the river. To a Lawrence Journal reporter Mr. Snyder related a wonderful story. He said: "I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not relish my food. At last I became so bad I was unable to move about. I consulted several distinguished physicians, one telling me that I had locomotor ataxia, another that I had creeping paralysis. I took their medicines but they did me no good and I continued to grow worse."

"One day nearly a year ago, a friend advised me to try Dr. Williams' Pink Pills for Pale People. I immediately commenced their use, throwing all other medicines away. Before I had finished my first box I found that they were benefiting me. I used twelve boxes in all and was perfectly cured. Although it is over six months since I used my last pill there has been no recurrence of the disease. My appetite is now good and my general health is better than it has been for many years."

"Yes, you can say that my cure was effected through the use of Dr. Williams' Pink Pills for Pale People, which I consider the most remarkable medicine on the market. You ask if I have any objection to your publishing this interview. None whatever. I am only too glad to let others know what Dr. Williams' Pink Pills for Pale People have done for me, and I hope my story may be the means of restoring to health others afflicted as I was."

The power of Dr. Williams' Pink Pills for Pale People, in the vast number of diseases due to impure or poisoned blood has been demonstrated in thousands of instances as remarkable as the one related above. These pills build up the blood by supplying its life giving elements, which nourish the various organs, stimulating them to activity in the performance of their functions and thus drive disease from the system. No one who is suffering can rightfully neglect this way to restore health. Physicians and druggists consider Dr. Williams' Pink Pills for Pale People a potent remedy and large quantities of the pills are used.

The Nichols-Shepard Separator

The essential points in a Separator are capacity, thoroughness of separation, and simplicity and durability of construction. On each of these points the Nichols-Shepard Separator has great advantage over all other threshing machines. Any one of the nine sizes will thresh more and save more grain than the corresponding size of any other separator. The Nichols-Shepard Separator is as strongly, simply, yet perfectly made as a separator can be. The work of separation is done without the aid of pickers, raddles, forks, or other complicated parts that in other machines cause continual bother and expense by breaking or wearing out.

Write for large free catalogue that pictures and describes every part of the Nichols-Shepard Separator and the Nichols-Shepard TRACTION ENGINE.

COUNCIL PROCEEDINGS. OFFICIAL. CONTINUED.

To the Honorable Common Council of the city of Ann Arbor: Gentlemen—Owing to a misplacement of one of my quarterly reports I was unable to give my yearly report at the last regular session of the council. The following comprises a summary of the year 1898-9 compared with 1897-8 together with a list of diseases and conditions treated during the two years of my office as city physician:

1897-8—Amer. 31; Afro-Amer. 5; Eng. 1; Welsh 1; Ital. 1. Visits 191; expense \$111.25. 1898-9—Amer. 52; Afro-Amer. 3; Eng. 3; Welsh 1; Irish 1; Can. 1; Ital. 1; Ger. 3. Visits 322; expense \$141.01.

DISEASES AND CONDITIONS TREATED DURING THE TWO YEARS.

Table listing diseases and conditions treated during two years, including Abscess, Bronchitic, Cervix, Constipation, Convulsions, Cystitis, Dislocation, Eczema, Enteritis, Fracture, Furunculosis, Gastritis, Influenza, Melancholia, Neuritis, Rheumatism, Scabies, Syphilis, Typhoid fever, etc.

The cases of typhoid fever are of interest in as much as they developed in the neighborhood where there was a small epidemic of fever. This fever was called by many malaria. The cases that came under my observation were typical cases of typhoid fever. As a matter of fact malaria and the so-called malarial diseases up until the return of the soldiers from the south has been practically unknown in Michigan. Tilling and draining the soil has stamped on one of the greatest enemies of the Michigan pioneer, fever and ague or malaria. The soil in certain sections of the city of Ann Arbor is gravely and is readily permeable by water discharged into it in any manner, and if such water is poisoned by the presence of the germs of dangerous diseases, such germs may be carried along till they bring up in the wells from which people procure water for domestic purposes. This must happen where the excrement of persons afflicted with typhoid fever is carelessly thrown in privies without disinfection. In the older parts of the city privies and wells are in dangerous proximity. The cases of typhoid fever reported above resided on a hillside, the privies in the rear and higher parts of the lot and the well in the front considerably lower than the privies. All including many of those who were afflicted with fever that I had not the privilege of seeing, received their drinking water from this well which may possibly have been the source of the disease. Owing to the expense of bacteriological and chemical examination the water was not examined. It would be well if the city would provide some means whereby such examinations could be made. Typhoid fever is a disease that can be driven from the city by attention to sanitary rules and should be unknown to us. With the perfection of our sewer system and the introduction of a more effective garbage system, typhoid fever like malaria will disappear.

In Washington Street, between Ashley and Fifth Streets except as hereinafter provided; and on and after said date any person, persons, company or corporation owning, controlling, operating or maintaining such poles or wires in said city shall cause said poles and wires within said district to be taken down and permanently removed; provided that said section shall not be construed to prevent the erection and maintenance of the necessary poles within said district for the distribution of wires from the underground conduits to reach the subscribers of such person persons, company or corporation, and provided further that said distributing poles shall be set in alleys where practicable, and in any and all cases in such a manner as to not unreasonably obstruct or interfere with other proper uses of the streets and alleys.

In case of failure on the part of any person, persons, company or corporation so owning, controlling, operating and maintaining such poles and wires, to take down and remove the same within the time above limited, the Board of Public Works or other proper agent of the city, shall have the power and it shall be their duty, under the direction of the legislative authority of the city, to take down and remove said poles and wires; Provided, The actual and necessary expenses of the city or of the Board of Public Works, in the employment of an agent to carry out the provisions of the preceding sections, shall be a proper charge against said person, persons, company or corporation, and such expense shall be paid by said person, persons, company or corporation, on a voucher or bill duly certified by said Board.

The said person, persons, company or corporation shall do no injury to any street, avenue, alley, land, park, or public square, nor in any manner disturb or interfere with any water or gas pipes, nor with any public or private sewer or public sewer, now or hereafter laid or constructed by any authorized person or corporation, and shall fully indemnify and save harmless the City of Ann Arbor from any and all claims or damages for which said city might be made or become liable to pay by reason of the construction, making or operating of said pipes, mains or conductors.

The main pipes or conduits of said person, persons, company or corporation shall be laid in streets and avenues in a line parallel with the curb line thereon, and in all cases to a depth of not less than two feet. At least twenty-four hours before opening any street, alley or public place the said person, persons, company or corporation shall notify the Board of Public Works in writing of such intentions, stating the place where and the objects for which said opening is to be made, and in the opening or refilling of all the openings made as aforesaid, the relaying of pavements and all other work necessary to the complete restoration of the streets, pavements, sidewalks or ground to an equally good condition as when disturbed, the said person, persons, company or corporation or its servants or employees shall be under the supervision of the Board of Public Works or its authorized agent, or of the Common Council in

reference thereto. Nor shall any street, avenue or public place be allowed to remain open or incumbered for a longer period than shall be necessary to execute the work for which the same has been opened. And the Board of Public Works or Common Council may determine the question of such necessity. It is especially provided that in all cases where work requires the exercise of skill, as in the laying or relaying of pavements or sidewalks, the said person, persons, company or corporation shall employ none but skilled workmen, familiar with the execution of such work. It shall be optional with the city authorities to restore the earth and relay the pavements in streets and other public places when so taken up by said person, persons, company or corporation, at the expense of such person, persons, company or corporation, but the expense of such work shall not exceed the actual cost thereof.

The expense of the city or of the Board of Public Works, for the employment of an agent to carry out the provisions of the preceding sections shall be a proper charge against said person, persons, company or corporation, and such expense shall be paid by said person, persons, company or corporation on a voucher or bill duly certified by said Board. Said person, persons, company or corporation shall at all times be subject to the city ordinances now in existence or which may hereafter be passed relative to the use of the public streets or other public places, especially as to the putting up of lights and barriers at and around excavations. Referred to Ordinance committee.

Ald. Weeks moved that the New State Telephone Co. be ordered to place a telephone in Ald. Grose residence, on the north side, at once. Ald. Hamilton moved that the matter of poles be reconsidered. Ald. Brown moved that the whole matter concerning poles, wires, etc. be reconsidered. Adopted. Ald. Brown moved that the matter of poles, etc. be referred to a special committee of five and that the City Attorney be included. Adopted. Pres. Seabolt appointed the following committee: Ald. Brown, Dieterle, Richards, Coon, Grose and City Attorney, Norris.

Alderman Hamilton moved that the Contractors of the Storm Sewers be requested to lay the gravel to one side, and that the City scrape the streets and put such scrapings into the ditch and the gravel be used as a top dressing. Alderman Richards moved that the Board of Public Works make some arrangements with the contractors in regard to placing this gravel on top. Adopted. YOUNG AT SIXTY.

Serene comfort and happiness in ad- vanced years are realized by compar- atively few women.

Their hard lives, their liability to pec- unious troubles on account of their pec- liar organism and their profound igno- rance concerning themselves, all com- bine to shorten the period of usefulness and fill their later years with suffering.

Mrs. Pinkham has done much to make women strong. She has given advice to many that has shown them how to guard against disease and retain vigor- ous health in old age. From every cor- ner of the earth there is constantly com- ing the most convincing statements from women, showing the efficacy of Lydia E. Pinkham's Vegetable Com- pound in overcoming female ills. Here is a letter from Mrs. J. C. Orms, of 230 Horner St., Johnstown, Pa., which is earnest and straight to the point:

"DEAR MRS. PINKHAM:—I feel it my duty to tell all suffering women that I think your remedies are wonderful. I had trouble with my head, dizzy spells and hot flashes. Feet and hands were cold, was very nervous, could not sleep well, had kidney trouble, pain in ovaries and congestion of the womb. Since taking your remedies I am better every way. My head trouble is all gone, have no pain in ovaries, and am cured of womb trouble. I can eat and sleep well and am gaining in flesh. I consider your medicine the best to be had for female troubles."

The present Mrs. Pinkham's experi- ence in treating female ills is unparal- leled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.
