Waterproofing Leather.

The American Artisan gives the following recipes for waterproofing leather:

Melt together beef tallow four ounces, resin one ounce, water-tight, at the same time.

Melt together beef tallow four ounces, resin one ounce, water-tight, at the same time.

It is to be applied with a soft rag both to the soles and to the uppers.

The leather should be warmed meanwhile before being rubbed, and the application well rubbed in. It requires two applications to make the leather thoroughly waterproof.

Another way.—Dissolve three-quarters of an ounce of paraffine in a pint of lard oil. The quality of oil should be such as to rub in easily. It will be necessary to heat the oil in order to dissolve the paraffine. This solution may be rubbed on boots once a month, and it is said to render them perfectly water-tight, at the same time. It does not interfere with the blacking. If the solution is found to make the leather too stiff, the amount of paraffine in proportion to the amount of oil should be reduced.

More September Magazines.

The Electric has a very fine steel portrait of Peter Cooper, accompanied by a biographical sketch. The more noticeable papers are: The Depths of the Sea, Mr. Ruskin's Recent Views, Latent Thoughts, Slavery and the Slave Trade (by Sir Samuel White Baker), Bodwell, The Romance of the Japanese Revolution, John Bunyan (by Dean Stanley), Fiji—by a recent Resident, A Defense of Modern Spiritualism (by Alfred Russell Wallace), and Addison. There are also three more chapters of Thos. Hardy's serial, Far from the Madding Crowd, and notes, copious and readable, on literature, science, and art. E. R. Peitron & Co., 108 Fulton street, New York.

The Catholic World has the following: Master, Antar and Zara, The Veil Withdrawn, Part VI., Asunta Howard, Church Music, A Week in Wordsworth's Haunts, On the Wing, A Discussion with an Infidel, Hymn of the Flowers, Kathleen Waring, with reviews of several new publications. The number completes the XIX. volume of a magazine thoroughly scholarly and as thoroughly controversial. CATHERINE PURIFICATION HOUSE, 9 Warren street, New York.

The Aldine is a model number, both in its art and literary departments, and still keeps up the wonder how so much can be served up for so little. There are eleven illustrations, among them: Little Rose, drawn by John S. Davis and engraved by C. Maurand; a beautiful picture; A Storm in Utah, by Thos. Moran; Coming from the Forge, by John S. Davis, held and spirited; Kingston, New York, by Krossman Van Elten, a charming landscape; and Passing the Palisades, by J. D. Woodward. The contents include story and sketch and verse from the pens of well known authors. The Aldine Company announce an Art Union in connection with the Aldine, similar to the well known Art Union of England. Art premiums to the value of \$2,500 are to be distributed among each 5,000 subscribers. The list for the first class is an attractive one. Subscription tickets \$5, each entitling the holder to the Aldine one year, postage paid, to the new chromo, and to a ticket in the distribution of art premiums. THE ALDINE COMPANY, 68 Maiden Lane, New York.

The Nursery is beautiful in print and picture as ever, and just as full of good things, in prose and verse, as its covers will hold. It has no rival for it in the affections of the four-year-old, boys or girls. John L. Shorey, Boston.

The Alabama Republicans.

MONTGOMERY, Ala., Aug. 22.—The Republican State Convention adjourned today after a three days' session. The resolutions declare unshaken confidence and unalterable devotion to the great principles of human liberty, viz.: The civil and political equality of all men without distinction of race or color. "We have ever claimed, and do now, the social equality of different races, or of individuals of the same race, and we reject the issue of race against race tendered by the Democratic party, and which, if persisted in by that party, will plunge us again into war with the Government of the United States. We neither desire nor seek the invasion of the rights of the white people by the colored, but only ask equal advantages in matters of public and common right. The Republican party does not desire or intend to establish schools or mixed accommodations for colored people, and wants no special equality enforced by law. We recognize the fact that every house is sacred from intrusion, and that in a free country every one is entitled to the quiet enjoyment of his property. We demand a vigorous execution of the laws of this State and the United States for the protection of life, liberty and property, and call on the Governor to take all legal means to discover and bring to trial all persons offending against the laws. Murder by lying in ambush, whether by one or many, must be put an end to; the peace and security of the humblest home be respected and protected.

"Sec. 2. It shall be the duty of the director of every school district, and president of every school board within this State, to cause to be posted three notices of this law in the most public places in such district, or published in one newspaper in the township, for three weeks, during the month of August in each year, the expense of such publication to be paid out of the funds of said district.

"Sec. 3. In case any parent, guardian, or other person shall fail to comply with the provisions of this act, said parent, guardian, or other person shall be liable to a fine not less than five dollars and more than ten dollars for the first offense, not less than ten or more than twenty dollars for the second, and every subsequent offense. Said fine shall be collected by the director of said district, in the name of the district, in an action of debt or on the case, and when collected shall be paid to the assessor of the district in which the defendant resided when the offense was committed, and by him accounted for the same as money raised for school purposes.

"Sec. 4. It shall be the duty of the director or president to prosecute any offense occurring under this act, and any director or president neglecting to prosecute for such fine within ten days after a written notice has been served on him by any tax-payer in said district, unless the person so complained of shall be excused by the district board, shall be liable to a fine not less than twenty or more than fifty dollars, which fine shall be prosecuted for, and in the name of the assessor of said district, and the fine when collected shall be paid to the assessor, to be accounted for as in section three of this act."

Dated, Ann Arbor, August 20, 1874.
