

## **Dalgona Coffee with Caramel**

From @cookingwithlynja (as seen in the book As Cooked on Tik Tok)

### **Ingredients**

2 tablespoons sugar

2 tablespoons plain instant coffee crystals

2 to 3 tablespoons caramel sauce, to taste

Ice, if using cold milk

½ cup (or more if you like) any milk, hot or cold

### **Instructions**

1. In a medium bowl, stir together the sugar, coffee crystals, and 2 tablespoons cold water.
2. If using a hand mixer, mix on medium-high speed until light brown in color and doubled in volume, 2 to 4 minutes. If whisking by hand, 8 to 10 minutes.
3. Drizzle the caramel sauce around the inside of the glass or mug. If making a cold drink, fill the glass with ice. Pour the milk into the glass and then spoon the coffee cream on top of the milk. Serve immediately.

Notes: If doubling or tripling the recipe, use a stand mixer.
