24-135 V. CITIZENS' COMMENTS

Jack Stetson & Sarai Koster Stetson

Sarai: We are here because we want to tell you how much that we love the Summer Game and we also want the code. Thank you.

Tiffany & Mike Dellheim

Tiffany: We are also here to say that we love the Summer Game and to get the code for speaking at the podium.

Mike: Beyond the Summer Game, since the pandemic, we've been trying to get out and do more things and I really appreciate it since I don't move around very well. The library's been providing a lot of events and things like that that I can kind of attend and have fun, especially the comic festival that you had like a month ago and such and it's just been a nice time to be able to drive around town and kind of explore, trying to look for codes and things so it's been nice to be able to get out and about.

Tiffany: And if you had more pet-friendly events we could bring our pets. Thank you.

Cathy Chow

Just wanted to say thanks to the board and the staff for creating such a wonderful space. The wide variety of materials that we can borrow and use here at the library is a wonderful thing and I too am here for the code. Thank you so much.

Elizabeth Jewell

I'm also here for the code but I just want to say, I've lived in Ann Arbor since 2008 and when people ask what I like about here, the AADL is high on my list. The books and materials, the author events, and of course the Summer Game. The Summer Game is what had this auntie of three Summer Game fan nephews on a trip for our cousin's wedding going to the Grass Valley, California library to use the printer to get the week three crossword puzzle so that everything could be done in a timely manner and running to Walgreens to print off one of our favorites, the pictures for the chicky badges as we call them. Last week, my boys came

specifically to visit all of the branches and bike through some well-coded neighborhoods. After five branches in less than 24 hours, my middle nephew asked whether we could stop by the Downtown library one more time just in case we could run into Eli. I told them I'd keep my eyes peeled. They couldn't be here tonight but they'll be thrilled to know that I've accomplished one of my goals and gotten some points. We're continually impressed with how involved and expansive the game is and so appreciate all who worked to make it possible. Thanks for organizing and of course, thanks for playing.

Sandra Mocteni

I am also code hunting but I do want to say that I absolutely adore the library and I moved back to Ann Arbor after being away for 10 years and this is a spectacular library and the things that you do and the services you provide are absolutely unparalleled so thank you.

Alex Lowe

I am also here for the code but since I'm here I might as well say a few things. The library is great. I would love to see even more improvements in the library especially with the Summer Game. The one thing that I would suggest for next year is please make the business codes easier to get and make it more obvious. I've been trying to get a couple of businesses to put up the business codes and it took me several weeks to find the for them to fill in. I eventually found it via a friend so that would be much appreciated and then, also more outdoorsy Summer Game stuff that's not things that you just do in your car would be lovely. More parks related, going on some of the trails around the schools would be fantastic. Thank you so much.

Calin Cucu

I wanted to say I really like the graphic novels because they are very easy to read for starters. There are so many, too. I also like all the fun games on the iPads. Thank you to the library.

Samantha Cucu

I grew up going to the library. My mom would drive us 25

minutes just to get to the best one when I was growing up so I am very thankful to have a place to bring my son so he can have joyful experiences too and so I'm just very thankful. I'm always ever impressed by the community engagement and just how we come together during this time and I just want every place to replicate it so that we can have this kind of engagement all the time so thank you.

Theresa Hull & Nikki Kennedy

Nikki: We've been playing the Summer Games for about 10 years now and I just want to say how thankful I am for them. They've really like, helped kind of like bring our family together and bring our community together, just like, that kind of camaraderie. I think somebody said to me once it's like the year of Pokémon Go but just Ann Arbor locals and it's just one of those cool things that you can be a part of and I think that's really special. Our nieces moved away this past September and my niece was saying that, they moved to Washington D.C. and was like, "I love D.C. and there's a lot things to do here but I really miss Ann Arbor library and I really miss the Summer Games" so that should just show you guys how special it really is and how much it means to all of us. Thank you for keeping it going and for all that you do to support it.

24-136 VI. COMMITTEE REPORTS

24-137 A. <u>EXECUTIVE COMMITTEE</u> Molly Kleinman, Chair

At the end of the board meeting, President Kleinman reported that in addition to discussing the exterior and structural issues of the Downtown building, which was reported during discussion in Old Business item B on the agenda, the committee discussed personnel.

24-138 B. <u>BUDGET & FINANCE COMMITTEE</u> Aidan Sova, Chair

Treasurer Sova reported that the Budget & Finance Committee did not meet.

Director Neiburger reported that there would not be a Financial

Report or financial reports at this meeting due to the library still working on the fiscal year-end close. He mentioned that in the past, draft financial reports were produced for the July board meetings. However, since the draft reports were not very helpful and took a great deal of time to prepare, the decision was made to cease their production. Director Neiburger stated that the June check register was in the packet and the June financial report would be presented at the September board meeting.

24-139 C. <u>FACILITIES COMMITTEE</u>

Scott Trudeau, Chair

Trustee Trudeau reported that the Facilities Committee met on July 9. He stated that the committee received an extensive update regarding the construction project at Parkland Plaza, which would be presented later in the meeting. Trustee Trudeau then reported that preparations were being made for the Idle Equipment sale at Parkland Plaza and the committee discussed how they might want to use the Plaza space in the future, such as the potential for installing solar panels and solar panels, and the suitability of the roof as an installation location.

Trustee Trudeau moved on to reporting that the committee had discussed the structural issues of the Downtown library building and that an update would be presented for that later in the meeting as well.

Trustee Trudeau stated that the electric box truck had arrived and expressed his excitement about seeing the new library vehicle.

He then updated the board about the construction at 333 E. William St. and said that the canopy installation in the library staff parking lot would be moving forward as expected.

Trustee Trudeau reported that the committee also discussed known and potential large maintenance expenses for the Downtown library building, such as the masonry/structural issue, leaky roof, and the sewage crocks. He mentioned that the committee discussed some of their options in regards to the issues and expenses. Trustee Campbell added that the committee would like to compile a list of the capital and operational risks facing the Downtown building to get a sense of the scope and scale of the issues. Trustee Trudeau listed the leaky roof, HVAC, and

ANN ARBOR DISTRICT LIBRARY BOARD PROPOSED MINUTES OF THE REGULAR MEETING MONDAY, JULY 22, 2024

problems with the elevators as examples. He also added that emergency repairs on some of the larger issues could result in building shut downs that would last much longer than the library would prefer and spending a lot of money to keep the existing facility operational. Director Neiburger stated that a list would be brought to the September board meeting.

24-140 VII. <u>LIBRARY REPORT</u>

Eli Neiburger, Director

Director Neiburger began his report by giving the Summer Game code for attending or watching the July board meeting, ROOMANDBOARD, worth 100 points.

Stat of the Month was in relation to the Summer Game. As of July 22, the 2024 Summer Game had 12,504 players who had scored 141,618,502 points and had earned 205,800 badges. Director Neiburger presented the top ten badges with the number of players who had earned each of those badges. He also showed the top ten Summer Game Stop codes with their number of redemptions.

Upcoming events included:

- Summer Game Spectacular, July 27 at Veterans Memorial Park
- Summer Game Skate, August 23 at Yost Ice Arena
- Game Over Gala, August 25 at the Downtown library
- Monuments: Living History by Craig Walsh, September 4-8 at three locations around town

Director Neiburger also mentioned the interview that he would be having on August 22 at the Downtown library with Andy Merrill, the voice of Brak from Space Ghost Coast-to-Coast and The Brak Show and was the voice of Oglethorpe on Aqua Teen Hunger Force.

For the Event Report, author Samantha Irby was showcased. Samantha came to the library on July 7 for AADL's Big Gay Read. There were also events associated with the Big Gay Read called, "The Samantha Irby Experience". These events included Zumba, Cat Craft Symposium, Bad Date Cabaret, and Vegan Snack Taste Test.

Director Neiburger began presenting New AADL Releases with The Observer Observed: 45 Years of Pages from the Ann Arbor Observer, an exhibit on the second floor of the Downtown library comprised of 500 covers and pages from a span of 50 years of The Observer. The exhibit would be on display until September 15. Director Neiburger moved on to Bicentennial Blocks, a set of 29 blocks that formed 7 iconic buildings in Ann Arbor. The buildings included: the Glazier Building, First National Bank block/Goodyear's, First National Building, Michigan Central Railroad Depot, YMCA building, Hill Auditorium, and Burton Memorial Tower. Director Neiburger stated that while the library would not be able to give away full-size blocks, patrons could get a packet of pages that, when put together, was a small set of the blocks.

For AADL in the Community, Director Neiburger continued with AA200 releases 080-093.

The Staff Spotlight was shown on Safety Supervisor Weston Johnson.

Mention of the Month, Compliment of the Month, and Complaint of the Month were also reviewed.

At 7:29 p.m., President Kleinman, supported by Trustee Leija, moved to amend the agenda to reopen Citizens' Comments.

AYES: Campbell, Hadley, Kleinman, Leija, Sova, Trudeau

What I enjoy about this part of the library during the summer is the Summer Game and how its open to the public and how everyone can have fun and enjoy and connect through this game so we really wanted to thank the library for what they have done through this game. Thank you.

I-Ying Cheng

I am just a new immigrant here. I have nothing to do because I

can't have a job here so I've just everyday come to the library and learned some English and I find this game helps me a lot and I've already collected a lot of badges. I've learned a lot of English and in the library I can access a lot of resources. I know I can download something from the library and I can watch TV or a DVD. I can rent them and a lot of things I know from the Summer Game, especially the resources. I visited A2Zero and the volunteer for the park and that's my favorite part and I also met an elder lady and she is 76 years old and I told her that I took a picture of the badge points everywhere and I encouraged her to put a badge in front of her house. I think this game is really helpful for me to connect with people and the app to help me to explore the city. I'd never been in Ann Arbor Distilling Company before but when I collected the badge and another street I found there is somewhere I can take a rest so this again is like, really meaningful for me. Thank you.

24-141 VIII. OLD BUSINESS

22-080 A. <u>FINAL PARKLAND PLAZA FACILITY UPGRADE</u> UPDATE

Len Lemorie, Facilities Director

Facilities Director Lemorie stated that since the last board meeting, Archives was almost moved into their new space at Parkland Plaza and they would have everything moved by the end of the week. He stated that FAADL began taking donations on July 10 in their new space Wednesday-Sunday. Facilities Director Lemorie said that almost all of the tasks to complete the project were finished. He mentioned that the parking lot would be closed temporarily for restriping, which was the last big task to be completed. The board congratulated Facilities Director Lemorie on completing the project.

Facilities Director Lemorie then stated that the electric box truck had arrived and Maintenance staff training had begun for driving the vehicle the week before. He also said that the truck would be sent out to have graphics installed on the exterior of the vehicle. Facilities Director Lemorie noted that the truck should be on the road by September.

It was also mentioned that a solar package and an outbuilding for storage of all of the battery-powered equipment would be perused in the future for Parkland Plaza.

President Kleinman asked if the board would have the opportunity to ride in the new truck and she was given an affirmative answer. Trustee Leija suggested the board have a group photo taken with the new truck, to which the rest of the board agreed. President Kleinman asked about the outbuilding not being conditioned and how temperature could affect the batteries. Director Neiburger answered that temperature should not be an issue and the idea was to store the battery-powered equipment in a different building than the archival material. Trustee Campbell added that at a future meeting, she would like to hear more about how solar could be viable at the Plaza since there had been some past concerns.

24-106

B. <u>UPDATE ON THE EXTERIOR AND STRUCTURAL</u> <u>SYSTEM OF THE DOWNTOWN LIBRARY</u>

Len Lemorie, Facilities Director

Facilities Director Lemorie stated that he had received the assessment from Terracon. He reported that it would cost around \$25,000 for Phase One, which was to fix the hole in the side of the Downtown building. The cost would include drawings and assessment from Terracon. Phase Two included coming up with a plan and a full survey of the building at the cost of around \$60,000. During this phase, 4-8 places would be opened up on the exterior the building to see the extent of the work that would need to be done. After Phase Two, the library would be able to make a decision on what to do about the issue and whether they would want to continue further or not.

Trustee Campbell asked for clarification regarding the expense numbers. Facilities Director Lemorie explained that the library had the option to close the hole in Phase One but that would not include drawings or further assessment. Trustee Campbell asked if the library had the option to skip Phase One and move on to Phase Two. Facilities Director Lemorie answered that it was a possibility. Trustee Leija asked how Facilities Director Lemorie was leaning on the matter. Facilities Director Lemorie said that he would definitely close the hole and work our way around. He explained that a spot could be found that would make the library want to pause and take out an even bigger area depending on the extent of the damage. Treasurer Sova commented that it may be unnerving for patrons and staff to see a giant hole in the building.

President Kleinman asked if there was a cheaper option for rebricking and closing the building. Facilities Director Lemorie said that there was not and that it was not possible to get the same brick that was originally installed on the building. President Kleinman then inquired about mesh being installed, as mentioned at a previous meeting. Facilities Director Lemorie said that mesh would be an option at the buckling point in case of failure if an assessment of corner to corner was not conducted. However, the mesh would not get the library around the masonry work. Director Neiburger commented that his concern is that there could be a point in the building that is worse than what had been seen so far that was not on one of the corners. He said that while he was reluctant to spend the money, the library was only aware of where the worst spot was up and down on the building, the middle was unknown without opening up more. Director Neiburger further commented that the library was aware that water was getting into the seams of the building and the building would need to be opened up around the entire seams between the second and third floors to assess whether or not the current waterproofing of the building was functioning. He also added that the cost of closing the opening would increase to well over six figures if the entire seams of the building was opened. Facilities Director agreed with Director Neiburger. Trustee Campbell commented that she agreed with a comment Trustee Leija had made about handling the issue before winter. She also stated that she did not like the idea of jumping to Phase Two and asked if Phase Two could be broken up into smaller pieces. Facilities Director Lemorie responded that Phase Two would begin with an on-site meeting and deciding which areas should be opened up. He added that the areas to open may not be only corners but could also include sections in the middle as well. Trustee Campbell then asked what the risk would be if the areas outside of the section that was currently opened were not addressed immediately. Facilities Director Lemorie responded that what happened in the spring with the issue initially was coming out of a winter and if the issues are not addressed, the same thing could happen in other spots around the seams after the upcoming winter. In addition, Trustee Campbell asked what the protocol would be if another unexpected building issue came up suddenly. Director Neiburger answered that installation of mesh around the seams would be considered for risk management. Trustee Campbell asked what the cost comparison would be for the mesh. Both Director Neiburger and Facilities Director Lemorie answered that mesh for the whole building had not been

ANN ARBOR DISTRICT LIBRARY BOARD PROPOSED MINUTES OF THE REGULAR MEETING MONDAY, JULY 22, 2024

priced. Facilities Director Lemorie added that without a survey and the installation of mesh would likely be much cheaper. Director Neiburger then stated that the next step would be for he and Facilities Director Lemorie to have another conversation with Terracon to assess more options, then to have a Facilities Committee meeting in August to discuss those options. Trustee Trudeau asked about a laser scan of the building that was mentioned in the report from Terracon to get an idea of the spots where the building should be opened up and whether or not it would be worthwhile. Facilities Director Lemorie said that he wanted to have another conversation with Terracon about that since sometimes the scans do not work well.

Trustee Leija commented about how long the Downtown library will be in the same building, how long the library is willing to live with temporary solutions, and how long each solution extends the viability of the building. At this time, President Kleinman reported that the Executive Committee discussed the structural issues with the Downtown building. Director Neiburger added that one thing that was learned after seeing the condition of the steel on the building was that the useful life of the building was much shorter than originally thought. He explained that the hope for a building is to last 50 years, but the area of the building that was compromised was just over 30 years old and would likely not last that long due to the water that had been getting into the building.

Trustee Campbell stated that she would like to have a more substantial discussion at the September board meeting and said that if the board was able to get the list that Trustee Trudeau had mentioned in the Facilities Committee Report, the board would have a better idea of the other capital expenses the library is facing in addition to the masonry work and would help the board decide how they would like to proceed, along with how they can continue being good stewards of the library. Trustee Leija agreed and added that because the board had been such good stewards, the current issues were not as visible outside of the library.

24-142 IX. NEW BUSINESS

24-143

A. RESOLUTION TO ACCEPT THE FIFTH-YEAR OPTION
OF THE CONTRACT FOR HVAC EQUIPMENT
MAINTENANCE AND REPAIR

(Item of action)

Treasurer Sova supported by Trustee Trudeau, moved; to accept the fifth-year option of the contract for HVAC equipment maintenance and repair with Shambaugh & Son L.P. beginning July 1, 2024 through June 30, 2025 for the bid amount of \$104,280.00; that all resolutions that conflict with the provisions of this resolution are rescinded.

Facilities Director Lemorie explained that the cost given was a pre-covid number and when the time came for the library to go out to bid the following year, Shambaugh & Son would not be giving number nearly as low. He predicted that the number would be increased by about \$60,000. Secretary Hadley asked if the library typically bids in five-year increments. Facilities Director Lemorie answered that it is three years with fourth- and fifth-year options. He also mentioned that for mechanical bids, the library requires the contractors who would like to bid come to the buildings and the mechanical rooms.

B. <u>DISCUSSION OF AADL SUPPORT FOR THE NATIONAL</u> SPECIAL DISTRICTS COALITION'S SENATE BILL 4653

(Item of discussion)

Director Neiburger stated that he was contacted the week prior by the National Special District's Coalition. He explained that the coalition had been formed about four years earlier when the CARES Act funding came through and a lot of special districts were not able to access the funding due to the fact that many of the special districts did not meet the federal definition of a special district. This included district libraries. Director Neiburger said that there were about 4,000 special districts in the U.S. and many states have a state special district association. However, Michigan did not. He said that discussions led to Senate Bill 4653 and would be going to the U.S. Senate the same week. It had already passed the House of Representatives. Director Neiburger explained that the bill would establish the definition of special districts as something that would exist within the state law of each

24-144

individual state. He said that as a special district, the library had quite an interest in the bill, especially with what the library planned to do in the future and if the bill were to pass, the library would have a better chance of securing federal funds that they would not normally have access to.

Director Neiburger then asked the board how they felt about adding AADL's name to the list of about 2,000 special districts who support the legislation and said that AADL would be the only special district in Michigan who has added their support. Treasurer Sova stated that he was in favor of supporting the bill because he felt as if AADL could benefit from the potential federal funds since the library had big plans in the future. He also added that the bill has received almost unanimous support not just from legislators, but from the public as well. Trustee Trudeau commented that he couldn't think of any downsides to adding AADL's support to the bill. President Kleinman said that before the meeting, she looked into who had opposed the bill and she could not find that anybody had opposed the bill. Trustee Campbell asked if the library's legal counsel would need to weigh in on the decision to support the bill. Director Neiburger responded that legal advice was not necessary because the bill would not affect the library directly. It would just open doors that had been closed. Secretary Hadley voiced her support for opening the doors for more funding and stated that she believed the bill would pass through the Senate quickly.

C. VOTE TO CANCEL THE AUGUST 26, 2024 REGULAR **BOARD MEETING** (Item of action)

Trustee Campbell, supported by Treasurer Sova, moved to cancel the August 26, 2024 board meeting.

President Kleinman stated that the August board meeting is usually cancelled and a special meeting could be called if further discussion was necessary for the Downtown exterior and structural issues.
