PARKS.

Your committee on parks and the city attorney to whom was referred the resolution of Alderman Mann, relating to the old cemetery grounds and suggesting its use for private purposes, beg to report that they have had the matter under consideration and find that such grounds were deeded to the city expressly for highway and public park purposes only.

Your committee are of the opinion in view of such fact that good faith demands that such grounds be used for such or like public purposes only.

If the projectors of the School of Music shall be successful in their very laudable purpose, and cause to be erected an ornamental and suitable building, your committee beg leave to express a hope that a way may be found for its location on or near the center of such grounds, and the balance of such grounds be made into an agreeable park.
