

COUNCIL PROCEEDINGS.

[OFFICIAL]

COUNCIL CHAMBER, {
Ann Arbor, Jan. 25, 1892. }

Adjourned meeting.

Called to order by Deputy-Clerk Bach.

Roll Call.

Present—Ald. Mann, Wines, Allmendinger, O'Hearn, Ferguson, Taylor, Hall.—7.

Ald Hall moved that Ald. O'Hearn be chosen as Chairman pro tem. for the evening. Carried.

Ald. O'Hearn declined the honors and moved that Ald. Taylor be chosen as Chairman pro tem. Carried.

COMMUNICATIONS.

Ann Arbor, Mich., Jan. 25, 1892.

To the Common Council:

It seems to be impossible to get the taxes in during the month of January and I am compelled to ask you for an extension of time for the collection of taxes until the last day of February, as seems to have been customary in the past.

Yours truly,
S. W. BEAKES,
City Treasurer.

Received and placed on file.

Ald. Wines moved that the request of S. W. Beakes, City Treasurer, be granted and that the time of collecting of taxes be extended up to and including Feb. 29th, 1892.

Yeas.—Ald. Mann, Wines, Allmendinger, O'Hearn, Ferguson, Taylor, Hall.—7.

To the Common Council of the City of Ann Arbor:

Gentlemen:—In compliance with the resolutions and reports referred to this Board in regard to a main sewer we herewith submit the following:

These estimates to include thirty-eight or forty man-holes and the use of iron pipes at all railroad crossings and under the Pontiac street embankment. The sewer pipes to be strictly

first-class glazed pipes with hemp and cement joints laid true to line and grade thoroughly embedded and filled below and at sides and the trenches well rammed and settled. The man-holes to have walls eight inches thick of hard burned brick, laid in cement and to be of suitable size for access. Provides junction pipes for future lateral sexers and have the usual cast iron covers and accessories.

From R. R. Bridge to corner of Main and Summit Sts. 6500 ft. of 24 inch sewer pipe laid.....	\$11,259.00
From corner of Main and Summit Sts to Miller Ave. 2600 ft. of 20 inch sewer pipe laid.....	4,442.00
From Miller Ave. to Williams street (partly through private property) 2100 ft. of 18 inch sewer pipe laid....	2,362.00
From Williams st. to Hill st. and the creek 3500 ft. of 15 inch sewer pipe laid.....	2,692.00
	<hr/>
	\$20,755.00
Engineering and Contingencies 10 per. cent.....	2,075.00
	<hr/>
	\$22,830.00

Unless the right of way across private property can be secured at normal cost, we would recommend that the sewer be laid in the street and if the outlet be carried below the R. R. bridge, add \$350 for iron pipe and increase of length.

Respectfully submitted,
BOARD OF PUBLIC WORKS,
Jas. R. Bach Depty. Clerk.

Ald. Wines moved that the report be referred back to the Board of Public Works, to be acted upon at next meeting. Carried.

ORDINANCES.

First reading by title of an ordinance entitled an ordinance relative to Street Railways.

Ald Wines moved that when we adjourn we adjourn to meet Thursday evening, Jan'y 28th, at 7:30 p. m.

Carried.

Council then adjourned.

Jas. R. Bach, Deputy Clerk.
