Adopted.

To the Honorable Common Council of the City of Ann Arbor:

Gentlemen:—The contract in force between the City of Ann Arbor and the Ann Arbor Water Company provides that the Water Company shall furnish water for flushing sewers for One Hundred Dollars per annum. At the time the said contract was executed there was no such thing as an au-

omatic flush tank like or similar to those now being constructed in connection with the sewer system in this city. At that time a sewer was flushed by the injection of a stream of water from a fire hydrant, and that was the method in contemplation of the parties when the contract was made.

There will be, as I am informed, some two hundred flush tanks in the sewer system now being and to be constructed. These tanks each hold 250 gallons of water and may be regulated so as to discharge every twenty minutes. I understand that the intention is to regulated the flow of water so that a discharge will be made every forty-eight hours. At this rate it will cost the Water Company \$3.64 per year per tank to pump the water alone, saying nothing about the wear and tear of the machinery. I do not feel that the contract contemplated any such use of water as will now be demanded for the compensation specified, and I would respectfully request your Honorable Body to refer the matter to proper committee for conference with myself, and to receive a proposal from me looking to an adjustment of the matter.

Very respectfully,

A. K. Hale,

Receiver of the Ann Arbor Water Company.

Referred to the Water Committee.

Ann Arbor, Michigan,

September 7th. 1895.

The Michigan Electric Company, by its President, Joseph E. Lockwood, hereby accepts the Ordinance entitled, "An Ordinance relative to Electric light and lighting and to prescribe the rights of the Company entering into the contract for lighting the streets, alleys and public places of the City of Ann Arbor," passed in Common Council September 16th, 1895,

and approved by the Mayor of the City of Ann Arbor this day.

Jos. E. Lockwood,

President of the Michigan Electric Company.

Received and placed on file.

The City Clerk presented to the Council the summons served upon him in the case of Herman Hutzel vs. The City of Ann Arbor, which was received and placed on file.

A petition signed by E. L. Schneider asking for the grading of a sidewalk on 3rd street was read and referred to the sidewalk committee.

A petition signed by C. A. Ward and 21 others asking for a crosswalk across S. University Avenue on the east side of Thayer was read and referred to the sidewalk committee.

A petition assigned by Mary A. Day and 7 others asking for the relaying of a sidewalk on Washtenaw Avenue was read and referred to the sidewalk committee.

A petition signed by Stephen Pratt asking for permission to construct a private sewer in the alley in the rear of his building was read and referred to the sewer committee.

A petition signed by Rev. Fr. E. D. Kelly and ten others asking for the erection of an electric light on Elizabeth between Kingsley and Fuller was read and referred to the lighting committee.

A petition signed by B. M. Thompson and 52 others asking for the grading of the walk on the south side of Felch Park was read and referred to the sidewalk committee.

A petition signed by John Eiting and 8 others asking for the grading of S. 7th street so that the same will be capable of carrying the surface water was read and referred to the Street Committee.

To the Honorable Common Council of the City of Ann Arbor:

Gentlemen:--We the undersigned, freeholders of the City of Ann Arbor, respectfully ask your honorable body to open lay out and establish a street of suitable width, from the point where Catherine street ends at Division street to the point where Catherine street begins on State street.

The same to be a constination of Catherine street from Division street to State street in the City of Ann Arbor.

We deem it a necessity and a public improvement. The laying out of this street can work no hardship to any one.

The cost of such improvement will be but little as compared to the benefits to be derived.

Your petitioners therefore pray that said street be laid out, opened and established.

Your Committee would further recommend that the Board of Public Works furnish this Council at its next session; and estimate of a steel fence around the town pump on Broadway, at the corner of Wall street.

Committee on Streets.

Adopted as follows:

Yeas—Ald. Moore, Maynard, Allmendinger, Snyder, Laubengayer, Brown, Ferguson, Taylor, Shadford, Prettyman, Coon, Butterfield, Cady, Pres. Hiscock—14.

Nays—None.

To the Common Council:

Your Committee on Streets to whom was referred the petition asking for the widening of South Seventh, have looked over the ground and owing to the large amount of money necessary to do such grading and filling, would recommend that the subject be deferred until next year.

Respectfully submitted,

W. L. Taylor,  
A. P. Ferguson,  
C. J. Snyder,  
D. F. Allmendinger,  
Geo. L. Moore,  
O. E. Butterfield,  
Committee on Streets.

Adopted.

To the Common Council:

Your Committee on Streets beg leave to report that at the last Council meeting, on the recommendation of the street committee, the sum of seventy-five dollars was appropriated by this Council for the purpose of putting Tappan street to the established grade. This sum was considered ample by your committee, as the dirt was according to agreement between the committee and the street commissioner, to be hauled but a short distant, and be used on Tappan street and E. University Avenue near Packard street.

At a meeting of your committee on Friday Oct. 4, the street commissioner informed the committee that a further appropriation would be needed to finish the work on Tappan street.

Your committee visited the spot and found the force of men and teams were completing the last of the fourth day's labor on the job. The money expended at the close of the fourth day was estimated to be \$57, and the work probably a little more than half done. Your committee found that no dirt had been moved to the place heretofore mention but on the contrary during three and one-half days of the four the dirt had been hauled a distance of about one half a mile and dumped on the premises of Mr. Geo. Bullis, for the apparent purpose of filling up a natural hollow or ravine. This is, in the opinion of your committee, an entirely unwarranted proceeding, and a waste of the public money. The only reason apparent to your committee for taking the dirt such a distance and dumping it on private property, is that said property is owned by a member of the Board of Public Works. Your committee further reports that various and sundry loads of dirt hauled by teams in the city's employ

have from time to time, during the past summer, found their way to the before mentioned dumping ground, and so far as your committee can ascertain, no adequate returns have been made to the city treasury.

Your committee would further report that in their opinion it is time to call a halt in this direction. "Public office is a public trust," and if honor is the sole emolument of an office, so be it.

Your committee feel that it is but right to the public that this dirt should be paid for by Mr. Bullis, and would recommend that he be notified by the City Clerk that in their opinion a fair sum should be paid by him toward the work on Tappan street.

Respectfully submitted,

W. L. Taylor,  
O. E. Butterfield,  
A. P. Ferguson,  
C. J. Snyder,  
D. F. Allmendinger,  
Geo. L. Moore,  
H. G. Prettyman,  
Committee on Streets.

Ald. Brown moved that the report be laid upon the table until the next regular session.

Adopted as follows:

Yeas—Ald. Moore, Brown, Shadford, Prettyman, Coon, Butterfield, Cady, Pres. Hiscock—8.

Nays—Ald. Maynard, Allmendinger, Snyder, Laubengayer, Ferguson, Taylor—6.

#### SIDEWALKS.

To the Common Council:

The following to be built of plank next year, Professor Pattingill and Carhart on Monroe.

And further that Mrs. Rentchler be ordered to build a sidewalk on the west side of S. Fourth Ave. along the side of 16 E. Washington street.

And further your Committee would recommend that the walk on the south side of E. Huron in front of the Cook House be ordered repaired.

Respectfully submitted,

Emmett Coon,  
C. H. Cady,  
W. M. Shadford,  
Jacob Laubengayer,  
John Koch,  
C. A. Maynard,  
H. J. Brown.

Committee on Sidewalks.

Adopted as follows.

Yeas—Ald. Moore, Maynard, Allmendinger, Snyder, Laubengayer, Brown, Ferguson, Taylor, Shadford, Prettyman, Coon, Butterfield, Cady, Pres. Hiscock—14.

Nays—None.

To the Common Council:

Your Committee on Sidewalks would recommend that brick crosswalks be ordered:

On the south side of Huron across Fourth Ave.

On the north side of Huron across Fourth Avenue.

On the west side of Fourth Avenue across Huron.

On the west side of Fourth Avenue across Washington.

On the north side of Liberty across Main.

On the north side of Washington across Main.

On the south side of Huron across Main.

And that the Board of Public Works be instructed to lay the same this season.

Respectfully submitted,

Emmett Coon,  
C. H. Cady,  
W. M. Shadford,  
Jacob Laubengayer,  
John Koch,  
C. A. Maynard,  
H. J. Brown,
