REPORTS OF CITY OFFICERS.

To the Common Council of the City of Ann Arbor:

Gentlemen:

I have been requested to state in relative to the opinion writing my power of the Common Council to provide for sprinkling the streets in the city by local assessment upon adjacent

The only section of the charter under | health of the city is exceptionally good which such a power could be claimed, is Section 130. This gives the Common Council power to assess taxes to pay the expense of making, grading, paving, opening, widening and repairing streets, or for constructing drains. sewers and other local improvements, upon the premises benefitted by such local improvement.

In my opinion this section would not authorize the levy of a local assessment to pay for sprinkling streets.

If Section 130 should be so amended by the legislature as to include after the word improvement, the words "and for sprinkling streets," and also after the word improvement, the words "or sprinkling," I believe the authority of the Council woulk be complete.
