## COMMUNICATIONS FROM MAYOR.

Mayor's Office.

To the Common Council:

I am compelled to return to your Honorable Body without my approval so much of your proceedings as relate to and authorize the Board of Public Works to return to the persons bidding bids for the construction of the proposed Huron street pavement.

According to my view, when a person delivers a bid for public work, the public acquire one interest in the bid and the bidder is under obligations to enter into a contract according to the terms of his proposal, and while the Board of Public Works would doubtless have no right or authority to retain the bid unopened an unreasonable time, I am of the opinion that a week or thereabouts in view of the circumstances cannot be considered unreasonable.

All of which is respectfully submitted.

GOTTLOB LUICK, Mayor.

On motion of Ald. Coon this communication was laid on the table.

Enter Ald. Bliton.

Mayor's Office.

To the Common Council:

I hereby return to your Honorable Body, without my approval, so much of your proceedings of the meeting of June 18th and the adjourned session thereof as is embodied in the resolution of Alderman Hamilton reading, "That Rule 2 of the Charter be suspended and that Mr. Key be voted his pay for May," together with the vote on this resolution.

The Council has no authority to appoint any person to the office of City Engineer or designate any person to perform the duties of City Engineer at a salary. If George F. Key has performed any work for the city, the Charter imperatively demands his claim should be stated in the form of an itemized account. This last pro-

requirement is one that vision or should be guarded with jealous care for the reason that it affords the Common Council and the Mayor opportunity to determine the reasonableness of the sum charged for the service performed.

In passing such a resolution, the is Council overriding the Charter rough shod. The reading of the resolution indicates that the Council intends doing this. It is scarcely necessary for me to say that no Common Council in Ann Arbor or elsewhere in the State can "suspend" any part of Charter which is a State law passed by the State Legislature and only to be amended or changed in any way by the Legislature itself and with the approval of the Governor of the State

All of which is respectfully submitted.

## GOTTLOB LUICK, Mayor.

The original resolution was passed, the mayor's veto notwithstanding, by the following vote:

Richards, Yeas—Ald. Hamilton, Schlenker, Rohde, Koch. Kearns. Brown, Grose, Coon, Jenney, Bliton, Fischer, Pres. Seabolt.—13.

Nays—None.

Enter Ald. Weeks.

Mayor's Office.

To the Common Council:

I am compelled to return to your Honorable Body without my approval so much of your proceedings which relates to the permission to construct and maintain a set of weighing scales on Fourth ave., in front of the Court House square. The contemplated construction on the street of a costly Y. M. C. A. building and its close proximity to the business center of the city would seem a sufficient reason why this street at this particular point should be kept clear of all obstruction to public travel, also of structures which in any way interfere with the beauty of the street.

Doubtless this part of Fourth ave. will soon be paved, and it will then be necessary to remove all such incumbrances.

Respectfully submitted,

## GOTTLOB LUICK, Mayor.

Petition of John F. Lawrence et al. received and read, asking for granting of Sweet's weigh scales, the mayor's veto notwithstanding.

Office of the Board of Public Works, Ann Arbor, Michigan.

To the Common Council:

The Board of Public Works beg leave to submit and report to your Honorable Body the tenders received for the construction of the Huron st. pavement, and we return herewith all of the bids so received by us.

We advertised for these tenders in Detroit newspapers, and local and caused to be mailed a notice of the letting to all persons known to us to be engaged in pavement construction, and received in all eight tenders for the work of construction.

This Board, believing its duty under the city charter to be to determine the kinds of material of which this pavement should be constructed, did on this day pass a resolution as follows:

By Mr. Schleicher:

Resolved, That, and this Board of Public Works do hereby determine, that the material to be used in the construction of the pavement on Huron st. shall be asphalt block on a gravel foundation, according to the specifications adopted by the Common Council.

Along with which determination we submit for the consideration of the Common Council a request in writing of all the members of the committee of property owners made to this Board of Public Works, which is attached hereto and made a part of this report.

We herewith submit all of the previous proposals received by us for such pavement construction lows:
