To the Honorable Mayor and Common Council: My Dear Friends—I

mon Council: My Dear Friends—I appreciate more than I can express in words your kind message of encouragement and the beautiful flowers which I received during my recent illness; and I feel very grateful to our former city clerk, Ross Granger, for taking charge of the duties of the office.

On March 1, 1917, I appointed Ross Granger, Deputy City Clerk, and respectfully request your confirmation of my appointment. Miss Marcia Mannis will remain in the office as stenographer.

Sincerely yours, I. G. Reynolds, City

Clerk.

Moved by Ald. Geo. Lutz, that communication be received and recom-

mendation approved.

Adopted by the following vote: Yeas, Ald. Fiegel, Heusel, A. Lutz, Mayer, Heck, Andres, Donnel y, Sherk, Freeman, McGregor, Sink, Geo. Lutz, 12. Nays, none.

President not voting on any ques-

tions except as noted.

(From Health Officer)—

The Honorable Common Council: Gentlemen—I deem it my duty to bring to your attention the situation in Ann Arbor, relative to con agous diseases. Our contagious disease hospital has become very inadequate. It is literally "jammed" with patients, and more seeking admission. Young men and women come to the University and remain at Ann Arbor nine months of the year; 8,000 of them this year; 8,500 next year, 9,500 in two years from now. It is up to us take care of these people. I cannot do efficient public health work without tools to work with. I therefore ask that your honorable body give its most serious consideration to an appropriation of \$25,000.00, as soon as possible, with which to erect an addition to our contagious pavilion. This hospital should have 48 beds, whereas it now only has 24.

Respectfully, John A. Wessinger,

Health Officer.

Moved by Ald. Sherk that the matter be referred to the Finance committee for investigation and recommendation. Adopted.

(From City Assessor)-

To the Honorable the Common Council of the city of Ann Arbor: Gentlemen-In the laying out of the assessment district for the pavement constructed on Miller ave., the whole of lot No. 8, Stocking's Add., which is partly owned by Martin Adamscheck, was included in the assessment district. The pavement on Miller ave. was not constructed in front of the entire lot. As shown by the boundaries of the assessment district, Mr. Adamscheck should be assessed for 66 feet, whereas, in fact, there is only 43 feet of pavement in front of His lot was assessed for the his lot. sum of \$239.58, this being the assessment on 66 feet. The assessment should have been \$156.09. However. since the assessment has been made for the ful amount, the difference between \$239.58 and \$156.09, which is \$83.49, must be taken care of, as the assessment rolls for the whole district have been made up, and T would therefore recommend that this amount of \$83.49 be included in the city's portion of the tax for the construction of said Miller avenue pavement.

Respectfully submitted, H. W. Crippen City Assessor.

Received and referred to Finance committee.

From Charter Commissioners. March 19, 1917.

Common Council of the city of Ann Arbor, Ann Arbor, Mich.: Gentlemen—At your last meeting the Charter Commission, through its chairman, indicated that they desired to present the charter for consideration of the voters of Ann Arbor at the eection to be held April 2nd, and you authorized its presentation at that election.

Since that time it has developed that while waiting for the decision of the Supreme court with reference to the Grand Rapids charter, the time elapsed before which it was necessary to file the charter, in order to secure the approval of the Governor, in time for the charter to be voted upon at this election.

The Commission have therefore decided to submit the charter at an election which we shall ask the Common Council to order for June 12th. This order will not be issued until a later date, however.

City Clerk was notified of that fact. bonds issued for such paving district. Yours respectfully, The Charter Commission, Per D. W. Springer, Springer,

Chairman.

Moved by Ad. Freeman, that the resolution adopted at last meeting of the Council placing the proposition of adopting the proposed charter, be reconsidered.

Adopted by the following vote: Yeas, Ald. Fiegel, Heusel, A. Luiz, Donnel y, Heck, Andres, Mayer. McGregor, Sink, Freeman, Geo. Lutz, 12. Nays, none.

With consent of the support, Ald. Freeman withdrew the resolution. From the Board of Public Works.

By Ald. Fiegel: Resolved, that the Board of Public Works of the city of Ann Arbor be and they are, hereby directed to proceed with the completion of the pavement on Miller ave. to 7th street, under the contract heretofore entered into with Messrs. Barnes & O'Neil, with the understanding, however, that said contracto's shall be paid out of the moneys paid in by the owners of the property assessed for the construction of the pavements on Miller avenue, over the amount of their assessments due at the time of Adopted by Council. said payment. Ann Arbor, Michigan, March 7, 1917.

To the Honorable Board of Public Works, Ann Arbor, Michigan: tlemen—In the matter of the completon of the pavement on Miller avenue. After the Council meeting under date of March 5, 1917, my attention was called to the fact that the assessment district for the Miller avenue pavement terminated at Gott street, and did not run through to Seventh street. In view of this fact, it would be impossible to complete the pavement under the arrangement suggested by the resolution offered in the Common Council under the above date.

This is made impossible by the provision of section 9, of the Ordinance entitled, "Ordinance relating aside in the Bridge, Culvert to Street Pavements," said section be-ing found on page 335 of the ordi-nance of the city of Ann Arbor. This bridge at the Island Park in Ann section compels the City Treasurer to Arbor. The use of this money for any other purpose would be violation of the city's obligation with the bond holders.

to exceed \$200.00, in repairing the
present wooden bridge at the same

wooden foot-bridge at the lower end
