Communications

March 18, 1929.

To the Honorable, the Common Council, Ann Arbor, Mich.

Gentlemen:

Presenting herewith is a option to buy a small parcel of land necessary to the completion of the right of way for the parkway along the River between Broadway and the Wall Street bridge. The purchase price is \$250.00. Your authorization to make this purchase is respectively petitioned.

Yours very truly, E. A. Gallup,
Supt. of Parks.

Moved by Ald. Lutz, that the Mayor and City Clerk be directed to draw warrant for \$250,000 on Park Fund for purchase of property requested by Superintendent of Parks, when deed and abstract are approved by City Attorney.

Adopted by following vote: Yeas, Ald. Slauson, Wuerth, Maulbetsch, Graf, Allmendinger, Harris, Draper, Bradley, Severance, Townley, Lutz, Fisher, Pres. Woodbury, 13. Nays, none.

From Board of Appeals

Mr. Smith presented the following:

In the matter of petition for amendment to the Zoning Ordinance changing the use of certain property on Fifth Avenue between William and Liberty Streets, the Board of Appeals of the Zoning Ordinance, to which the petition was referred by the Council, respectfully reports:

1. That the property in question lies within two blocks of the main

By City Clerk

business street, and about two blocks south of the business center of the city.

2. It is classified as business or "C" area in the Zoning Ordinance, and a small portion of it is now being used for business purposes.

3. Since the passage of the Zoning Ordinance additional frontage on Fifth Avenue, between the Streets above mentioned, has been acquired for business purposes, and plans for such development will be indefinitely postponed if the Ordinance is amended as proposed.

4. There is a difference of opinion as to whether or not the Ordinance should be changed a counter petition having been filed asking that the Ordinance remain as it now stands. In other words, some of the home owners desire to maintain the block for residence purposes only, while others are willing to vacate if and when there is a favorable opportunity to do so.

It is the sense of the Board of Appeals that this property being in the path of business growth between Main and State Streets was properly placed in the business zone in the Ordinance.

It is the further sense of the Board that, in general, changes should not be made in use districts after steps have been taken to develop property as permitted by the Ordinance. Whether, under the circumstances as noted above, a change should now be made in this particular case is a question for the Council to decide after having given all concerned an opportunity to be heard at a public hearing as provided for by the Ordinance. The Board does not feel that it can fairly make a recommendation prejudicing the case one way or the other without having had the benefit of such a hearing.

(Council action)

Referred to Ordinance Committee.

Communications from Governor Fred W. Green, Senator Charles A. Sink and Representative Joseph E. Warren, relative to "Darin Bill" were received and ordered on file.

Communication relative Market sit received and referred to Budget Committee.

Stricklen, et. al, for lateral sewer on all streets in Allmendinger Heights Subdivision south of Pauline Blvd.; and petition of D. E. Seeley, et. al, for lateral sewer on Lafayette Road between Highland Road and Lena-wee Drive, received and referred to Sewer Committee.

Petition of Mrs. Chester All-house, requesting that lot 47, except the west 90 feet, C. H. Cady's Subdivision, be changed from Class B to Class C under the zoning ordinance, received and referred to Board of Appeals.

Protest of E. F. Couper, et al., against changing the property on both sides of Fifth Ave. between Liberty and William Sts., received and referred to Ordinance Committee.
