| 12. The tavern                    |                  |

*There will be no intermission.*

## Director's Notes

Derived from a historical murder case in early 19th century Germany, "Woyzeck" is a play dealing with the aberrations of mental illness.

The play castigates class oppression as a societal evil; it also sheds light on our human condition. It projects an image of the suffering individual, and that individual's potential for transcendence.

--Simon C.M. Ha
